COMMERCIAL

Arbor Drive, Christiansburg, Virginia

MLS: 403500

One of our recent sales at 360 Arbor Drive involved a multi-building property in Christiansburg's main retail district. This site featured over 20,000 square feet of retail space and 14,500 square feet for a private daycare, all on 3.34 acres zoned B-3. After being on the market for 164 days, the property closed in August 2019 for \$3.7 million, exceeding its tax assessment value of \$2.95 million.

The transaction faced challenges due to the proximity of a redeveloping shopping center and the unique layout of multiple buildings. There was uncertainty about adjacent properties, which created opportunities for flexible pricing. The owner's desire for a timely sale facilitated aggressive negotiations with potential buyers.

The differing uses of the existing structures also posed challenges, as retail and daycare typically attract different buyers. However, the owner preferred a quicker decision-making process. Ultimately, a local group of investors, who were previous clients of Lyons Team Realtors, purchased the property, planning to maintain both uses and enhance the buildings' curb appeal.

REPRESENTATION

Real estate agent representation refers to the role an agent plays when helping clients buy or sell property. Agents can represent the buyer, the seller, or both (known as dual agency). A buyer's agent helps find properties, negotiate offers, and guides buyers through the purchase process. A seller's agent markets the property, negotiates with buyers, and works to get the best price for the seller. Representation defines the agent's duties, responsibilities, and loyalty to their client.

01

SELLERS REPRESENTATIVE

Selling a property on your own can be overwhelming with tasks like advertising, showings, negotiations, and paperwork. Let us make it easier for you with our expertise in marketing properties. We'll start with a market analysis to price your property right, offer staging and landscaping tips, and advertise through local and online channels to attract buyers.

02

BUYERS REPRESENTATIVE

As your Buyer's Representative, we simplify property hunting by helping with financing, guiding you through neighborhoods, setting your budget, and identifying must-have features. We'll find and show you properties that fit your needs, saving you time. When you find one you like, we'll analyze similar properties to craft a strong offer and negotiate the best terms for you.
