

welcome

Dear Middle School Students and Families,

I am looking forward to being your child's homeroom teacher next school year. I'm also excited to be working with your children which gives me the chance to get to know you better, as parents, as we work together to make each of them successful students.

Each child has unique strengths and I hope we can work together to discover and develop the potential of each child. I'm excited to be teaching new and old subjects while including our faith and values at Saint Michael's. I enjoy using a variety of teaching methods to include hands on and project based activities focused on problem solving and discovery learning. I hope to help the children become independent lifelong learners.

Communication between parents, teachers, and students is very important. Please contact me anytime by phone or email with any questions or concerns. I also hope to see you often at school, in the community, and at school activities.

The 2025/2026 school year will be an exciting growth adventure for the children and me, and I am truly looking forward to it.

Sincerely,

Cam White
