

SMARTSTAGE

Show Component

Smartstage Juniatta

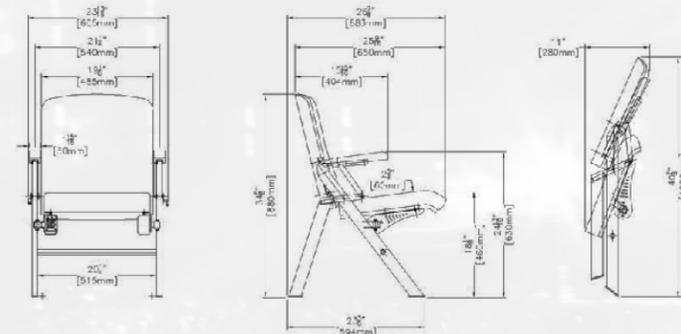

A collapsible theater chair,
clean, simple, ergonomically
engineered...

Applications

Designed for universities, college venues and gathering hall of all sizes. The Smartstage theater chair is perfect for indoor, straight row, or curved configurations, meeting all OSIA and ADA compliance codes

Construction

Built tough with cast steel framework and steel tubular standards, and double powder coated finish of your choice. All hardware is tamper and rust proof. Seat fabric comes in many colors and patterns.

Features

Our slim rigid back and silent flip down seat are formed and finished with a durable formed cushion, featuring many fabric textures and colors. The seat back features the advanced ergonomic design, allowing the user optimum comfort for lengthy durations. Seat raising mechanisms are tough, and built to last a lifetime.

Options Available

Seat numbering, embossed logo, cup holder, flip up armrest, padded back and seat, net holder, decorative bottom panel, acoustic baffle, fabric, air flow to seat and plastic rack.
