

## Portable Stage Kit

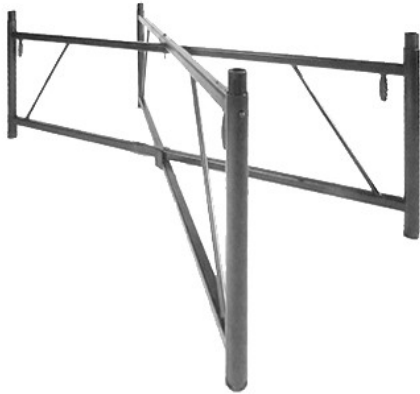

### 12' x 24' x 2'-3' Portable Stage Kit

Since 1974, Smartstage has been setting the standard for stage, truss, and seating components through ongoing innovation and a commitment to the teams that make events come to life. Our Portable Stage Kit has proven especially popular as a ready-to-deploy package. Designed to provide flexibility of configuration, ease of deployment, storage and transportation, this kit is ideal for multipurpose rooms or events.
