

## Guardrails

### 3' / 4' / 8' Stage Guardrails

Since 1974, Smartstage has been setting the standard for stage, truss, and seating components through ongoing innovation and a commitment to the teams that make events come to life. Our stage guardrails help keep performers and guests safe at stage edges, while providing a sleek and comfortable-to-grip design. Our guardrails easily adjust to all Smartstage decks as well as most other decks. They're stocked and ready for your next event.
