

Northeast Polk Leadership Class XVI (2025-2026)

Program Overview

The Leadership Northeast Polk program brings together current and emerging leaders from Northeast Polk, with the charge of developing a network of informed, proactive, talented and resourceful leaders to constantly improve our community's quality of life.

Program Objectives

- To support and develop current and future leaders from all segments of the Northeast Polk community
- To familiarize participants with government, private and not for profit organizations in the community

Participant Selection

- Participants have senior leadership positions or have demonstrated the potential to assume leadership positions within their business/organizations
- Participants have demonstrated a commitment and interest to serve their community and/or a potential to play a significant role in the community's future
- Participants commit to the program's attendance requirements and rules of conduct

Attendance

- Leadership Northeast Polk requires a serious commitment of time and energy. Day-long leadership sessions are held once monthly beginning in October 2024. Only one excused absence is allowed. Missing any part of the day is considered a full day's absence.
