Walk-ins are welcome at all Flu Clinic locations. Appointments may be scheduled by phone only for the Watson Clinic Main and Watson Clinic South locations by calling 863-680-7190. Appointments may also be scheduled through the MyChart patient portal.

Our Flu Clinic locations will also provide the following:

- The High Dose Flu vaccine will be available for patients 65 years of age and older.
- The Flublok vaccine will be administered exclusively at Watson Clinic's Nurse Clinic Main and Highlands locations and is only available by physician referral. This vaccine is intended for adults 18 years and older with severe egg allergies.
- The Pfizer Comirnaty COVID vaccine will be administered to qualified patients who request it. The FDA recommends this vaccine for patients who are 65 years of age and older, or patients under the age of 65 who are immunocompromised or have high-risk health conditions.

Please note that Watson Clinic Pediatric patients who prefer to receive the Flu Mist version of the vaccine may do so during a regularly scheduled appointment with their Pediatrician.

If a patient does not receive their flu vaccine during one of these Flu Clinics, they may do so during a regularly scheduled appointment with their Watson Clinic primary care physician at most locations.

For the latest information on Watson Clinic's flu vaccination protocols and availability, please call our Flu Clinic SHOTline at 863-680-7FLU (7358), visit our website at www.WatsonClinic.com/Flu or consult a Watson Clinic physician.
