

Northwoods Forest History Experience

More than a Museum

Naming Opportunities

In conjunction with the development of the NFHE, we have extended the opportunity to our donors to have their names attached to various elements of the project.

Many of these opportunities have been spoken for, but several remain. Donor names will be recognized on an individual plaque near the exhibit or element you sponsor.

Your donation helps sustain the NFHE, to keep our doors open to all, and to help spread the word of the importance of sustainably managing our precious Northwoods forests.
