

Eco Church lead(s)

Putnoe Heights is currently a Bronze level Eco Church.

<https://www.putnoechurch.org.uk/eco>

Eco Church is a project run by A Rocha UK which challenges churches to look at five key areas of church life:

- Worship and teaching
- Management of church buildings
- Management of church land
- Community and global engagement
- Lifestyle

Churches complete the online Eco Survey about how they are caring for God's earth in different areas of their life and work.

We need a person or group of people who can help with tasks like managing the online survey tool for tracking progress, suggesting next steps as we look to gain a Silver award and sharing information with church members.

Essential

- Enthusiasm for creation care and environmental issues.
- Good written and / or oral communication skills.

Desirable

- Understanding of the Biblical principles behind creation care and environmental action.
- Willingness to work with other churches in the Circuit, District and local area to share ideas and resources.

What's involved?

- Managing the online account and keeping the surveys up to date.
- Providing progress reports to Church Council.
- Sharing information and news via website, social media and newsletters.

If you are interested or have any questions please speak to a member of the leadership team.
