

Mt Rose Ski Team Race Teams

**Season Summary and Race Results
2025/2026**

Mt. Rose Race Team Season Summary

- Season 25/26 saw a significant increase in athlete numbers across our race programs particularly in our Junior (U18) programs
- The Introduction to Ski racing program (ages 7-10) initiated in 24/25 has been very successful in building a pipeline to our competitive race programs and introducing younger athletes to racing
- Early season sign-ups for 2026/27 are already looking strong as the reputation of our programs for coaching quality and value has spread in the community.
- Despite a challenging season weatherwise, Mt. Rose Mountain Operations did a great job providing us with training venues, including some new locations such as Badlands, throughout the season
- Across the programs our athletes achieved multiple podiums and overall season top 3 placings
- Mt. Rose successfully hosted 3 Race Series
 - Far West U16+ open series - 130 athletes
 - UNR NCAA FIS Invitational - 120 athletes (First NCAA D1 race in Tahoe since 2009)
 - Far West TRS race series – 440 athletes
