Patrick E. Larkin, Managing Funeral Director

Basic Funerals is a fully licensed funeral home providing professional and affordable cremation services. All our funeral directors are licensed, caring and highly skilled professionals.

What sets us apart is our commitment to simplicity and transparency. We specialize in direct cremation, focusing on a streamlined approach rather than traditional multi-day funerals. By minimizing complexity and overhead costs, we are able to offer honest, affordable pricing for every family we serve.

Our staff is trained to listen to the needs of families and provide guidance without sales pressure. We help you understand your options and support whatever choices feel right. Whether we meet in person, converse through email, or speak over the phone, we provide clear communication every step of the way.

For families seeking burial or traditional funeral services with extended viewings, receptions, church ceremonies, or shipments, we'll gladly connect you with our partner funeral homes who excel in those areas.
