

EXPERT LEARNERS

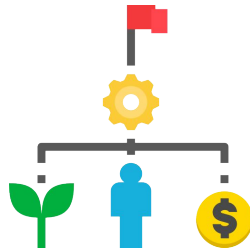

Expert Learning

The goal of Universal Design for Learning is **Expert Learning**.

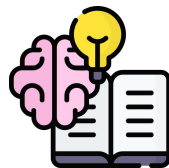

Expert Learners have the 6 strengths in this list.

1. Resourceful

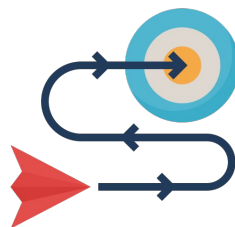

Resourceful learners use their imagination and their memory to solve problems.

2. Knowledgeable

Knowledgeable learners look for information that is helpful and important.

3. Strategic

Strategic learners think about and plan their learning.

EXPERT LEARNERS

4. Goal-Directed

A **goal** is something you want, and work towards.

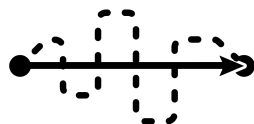

Goal-Directed learners focus on what they are working towards as learners.

5. Motivated

Motivated learners have positive feelings about doing well and working towards goals.

6. Purposeful

Purposeful learners are determined, and keep working towards their goals.
