“Live a life that reflects God’s love!”

Dear Parents and Students:

JOG presentations are on Monday and Tuesday. Students should “Dress Up” but may bring their uniforms / SJE sweatshirts to change into when they are finished.

Garden Coordinator Needed

Our school garden has been a wonderful space for hands-on learning, stewardship, and community building, and we are looking for a volunteer to serve as our school garden coordinator.

This role would include helping organize seasonal planting and harvesting, coordinating maintenance schedules, and working with teachers and students to keep the garden thriving. Whether you have a green thumb or simply a love for helping children learn and grow, your time and talents would make a meaningful difference.

If you are interested in serving in this role or would like more information, please contact the school office 414-321-8540. Thank you for helping us continue to cultivate both our garden and our community!

What we are learning: In science we are learning about the properties of light. The students have a test on Friday, and I hope they share their results with you. In religion we are learning about the communion of saints. We continue preparing for our JOG presentations.
