A Note From The Teacher

The students worked well together during our time at Feeding America. Along with the eighth grade students, we sorted about 6,700 pounds of food for local families in need. See below for a picture. To enter your child into a drawing for a free book, reply to the "7th Grade News" email with your child's answer to this question: What foods did we see a lot of during our sorting at Feeding America?

What We Are Learning

We started the week with a prayer pod focused on the seven principles of Catholic Social Teaching.

We finished our poetry unit this week then did a mini-unit on Style in Photography. After learning some photography-specific vocabulary, students analyzed the work of two photographers, Ferdinando Scianna and Robert Doisneau
