

# K4 Weekly Newsletter

## Themes and Activities

**Theme:** Winter Animals

**Weekly Focus:**

Letter: Dd Number: 12

Shape: Square Color: Blue

**Religion:** We read from Ephesians and 1 Corinthians to learn that God gives everyone gifts. We are meant to use these talents to build up our church community, like singing in choir, lecturing at mass, being an altar server, etc.

**Science:** What is a state of matter? We conducted a science experiment using water to identify what is a solid, liquid, and gas!

**Math:** Back to shapes! We reviewed the shapes we've already learned. In one game, students felt in a bag of shapes, described the sides and points of the shape, and told the class what it was. In Math centers, we continue to work on comparing numbers and deciding which group of items has more.

**Literacy:** This week we learned about the letter D and the sound it makes. We continue to practice listening for the beginning sounds in words and made silly sentences with alliteration to bring attention to those sounds. We read National Geographic books on Penguins, Owls, and watched videos about Polar bears.

## Announcements and Dates to Remember

Our class loved learning about winter animals. Ask them what they learned about penguins, owls, and polar bears! Also, report cards went home yesterday. Please sign and return the envelope (you keep the report card). If you need to contact me, my email is [mwoytych@sje.school](mailto:mwoytych@sje.school).
