Themes and Activities

Theme: Weather
Letter: N n
Number: 19
Shape: Hexagon
Color: White

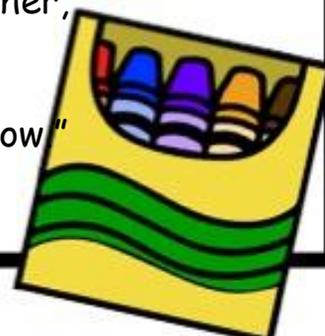

Religion: We continued learning the Stations of the Cross and how Jesus suffered for the love of us.

Science: We studied the different kinds of weather there can be and learned about the water cycle. Also, we discussed how clouds are made and that there are different kinds of clouds.

Math:

We worked as a whole group and in pairs to correctly order numbers 1-20. In centers, students counted out gold coins to fill up a leprechaun's cauldron!

Literacy: We learned the letter N and the sound it makes! Students took turns listening for the first sound in a picture card and matching it with the corresponding letter. We read weather books and watched some weather videos. Some stories were, "Clouds and Weather," "Our Friend the Sun," "Storm is Coming", and "Raindrops to Rainbow"
