

7th Grade WEEKLY Newsletter

WEEK OF:
**August 31-
September 4**

literacy

We began reading a common text, Jason Reynolds's novel *Ghost*. We reviewed different types of point of view, and students applied that knowledge to their individual realistic fiction books.

art

Students began creating the paper loops that will serve as the pixels in their Paper Chain Pixel Art. They worked with their group members to use liquid glue and colored construction paper for this step.

teacher note

- Next week, the seventh grade students will prepare to lead Mass on the following Wednesday, September 16.
- We will participate in a Read-In on Friday, September 11. This experience will give students the opportunity to work toward their September reading goals!
