

BOB WHITE
QUALITY FEED

20% Chick Starter

A complete, high-protein crumble feed formulated to meet the energy and nutrient requirements of starting replacement pullets and broiler chicks

Benefits & Features:

- Crumble form for easy consumption and encourage early feed intake for a strong start
- Medicated with Amprolium to help prevent coccidiosis
- Lays the foundation to promote long-term health and performance

Feeding Directions:

Replacement Pullets: Feed as the sole ration for the first seven weeks of age, then switch to our 17% Pullet Developer. Consumption in first seven weeks should be about 3.65 lbs. per head.

Broilers: Feed as the sole ration for the first three weeks of age, then switch to our Broiler Withdrawal. Consumption in first three weeks should be about 1.75 lbs. per head.

Feed along with plenty of clean fresh water at all times.

GUARANTEED ANALYSIS:

Medicated: As an aid in the prevention of coccidiosis where immunity to coccidiosis is not desired.

Active Drug Ingredient: Amprolium 0.0125%
