

BOB WHITE
QUALITY FEED

20-20 Milk Replacer

A premium medicated milk replacer formulated to support early calf growth, immune function, and gut health. Enhanced with feed additives to improve overall health and feed efficiency

Features & Benefits:

- Bovatec® (Lasalocid): Supports feed efficiency and aids in the prevention of coccidiosis
- Safmannan®: A yeast-based prebiotic (MOS) that helps remove pathogens while supporting gut health and a strong immune system
- ClariFly® (Seasonal): Feed-through fly control that minimizes fly emergence and promotes a cleaner, healthier environment
- Formulated with animal plasma protein and a unique fatty acid profile to support lean muscle growth and energy needed during the crucial early stages

Mixing:

Mix according to dietary instructions.

Contact your Gerber & Sons Representative for feeding recommendations and further consultation.

GUARANTEED ANALYSIS:

Medicated: For the control of coccidiosis caused by *Eimeria Boris* and *Eimeria zuemii* in replacement calves. Feed during periods of coccidiosis exposure or when experience indicates coccidiosis is likely to be a problem.

Active Drug Ingredient:

Lasalocid (as Lasalocid sodium) 72.6 g/ton

Active Ingredient:

Diflubenzuron (CAS #35367-38-5) 13.6 g/ton

Crude Protein	(Min)	20.0%
Crude Fat	(Min)	20.0%
Crude Fiber	(Min)	0.15%
Calcium	(Min)	0.75%
Calcium	(Max)	1.25%
Phosphorous	(Min)	0.70%
Vitamin A	(Min)	30,000 I.U./lb.
Vitamin D	(Min)	10,000 I.U./lb.
Vitamin E	(Min)	200 I.U./lb.

CAUTION: The safety of lasalocid in unapproved species has not been established.

WARNING: Withdrawal period has not been established for lasalocid in pe-ruminating calves. Do not use in calves to be processed for veal. Do not feed to lactating cows. Do not feed to foals, dogs, and cats.
