

BOB WHITE
QUALITY FEED

26-20 Milk Replacer

A high-performance, medicated milk replacer formulated to closely mimic whole cow's milk. Designed to support optimal growth, immunity, gut health, and delivers superior digestibility in young calves

Features & Benefits:

- Bovatec® (Lasalocid): Supports feed efficiency and aids in the prevention of coccidiosis
- Safmannan®: A yeast-based prebiotic (MOS) that helps remove pathogens while supporting gut health and a strong immune system
- ClariFly® (Seasonal): Feed-through fly control that minimizes fly emergence and promotes a cleaner, healthier environment
- Formulated with an all-milk protein and unique fatty acid profile to promote muscle development and consistent weight gain

Mixing:

Mix according to dietary instructions.

Contact your Gerber & Sons Representative for feeding recommendations and further consultation.

GUARANTEED ANALYSIS:

Medicated: For the control of coccidiosis caused by *Eimeria Boris* and *Eimeria zuemii* in replacement calves. Feed during periods of coccidiosis exposure or when experience indicates coccidiosis is likely to be a problem.

Active Drug Ingredient:

Lasalocid (as Lasalocid sodium) 60.6 g/ton

Active Ingredient:

Diflubenzuron (CAS #35367-38-5) 9.1 g/ton

Crude Protein (Min)	26.0%
Crude Fat (Min)	20.0%
Crude Fiber (Min)	0.15%
Calcium (Min)	0.75%
Calcium (Max)	1.25%
Phosphorous (Min)	0.70%
Vitamin A (Min)	20,000 I.U./lb.
Vitamin D (Min)	36,000 I.U./lb.
Vitamin E (Min)	200 I.U./lb.

CAUTION: The safety of lasalocid in unapproved species has not been established.

WARNING: Withdrawal period has not been established for lasalocid in pre-ruminating calves. Do not use in calves to be processed for veal. Do not feed to lactating cows. Do not feed to foals, dogs, and cats.
