

BOB WHITE
QUALITY FEED

34% Beef Boost Pellet

A high-protein, medicated base mix, perfect for young calves and integrates well into any feeding program

Features & Benefits:

- Pellet form to reduce waste, improves intake consistency, and simplifies mixing into rations
- Medicated with Bovatec® to improve feed efficiency and help control coccidiosis
- Natural protein source, safe for young calves and flexible for various feeding programs

Feeding Directions: Feed 3.3 lb per head per day with ad libitum whole shelled corn. Limit roughage to 15% of the diet. Feed continuously, do not let the animals run out of ad libitum whole shelled corn.
