

BOB WHITE
QUALITY FEED

Cattle Mineral

A medicated mineral blend designed for all types and classes of beef cattle to promote overall herd health and performance

Features & Benefits:

- Rumensin® enhances feed efficiency and promotes consistent weight gain
- Promotes efficient feed utilization, improved gain, and overall herd health
- Contains essential trace minerals and vitamins for immune support, metabolism, and productivity
- Balanced calcium and phosphorus to support strong bones and proper muscle growth

Directions: See feed tag for feeding instructions.

CAUTION: Do not allow horses or other equines access to formulation containing Monensin. Ingestion of Monensin by equines has been fatal. Monensin medicated cattle feed is safe for use in cattle only. Consumption by unapproved species may result in toxic reactions. Do not feed undiluted. Feeding undiluted or mixing errors resulting in high concentrations of Monensin could be fatal to cattle. Must be thoroughly mixed in feeds before use. Do not exceed the levels of Monensin recommended by the feeding directions, as reduced average daily gains may result. A withdrawal time has not been established for pre-ruminating calves. Do not use in calves to be processed for veal.
