

BOB WHITE
QUALITY FEED

Chelated Beef Brood Cow Mineral

A well-balanced supplement formulated to meet the demanding nutritional needs of brood cows

Features & Benefits:

- Chelated (organic) trace minerals enhance mineral absorption, and utilization for reproduction efficiency and immune health
- Added potassium and magnesium to help maintain muscle function, and reduce stress during breeding and calving season
- Balanced calcium and Phosphorous to support strong bone development and milk production
- Clarifly (Seasonal): Feed-through fly control that minimizes fly emergence and promotes a cleaner, healthier environment

Feeding Directions: Feed free choice to cattle only. Consumption should be 2 to 4 ounces per head per day. Feed along with good quality forages and plenty of clean fresh water. Do not feed to sheep; contains copper.

Also available with Clarifly®, or with CTC and Clarifly®.
