

BOB WHITE
QUALITY FEED

Select-Calf Starter 18 Tex

A high-quality textured starter feed designed to encourage early intake, support digestive development, and steady growth in young calves

KEY INGREDIENTS: 31% Calf Pellet, Whole Corn, Oats, Molasses

Features & Benefits:

- Delivers a highly digestible source of energy to support optimal growth and overall calf performance
- ClariFly® (Seasonal): An insect growth regulator that helps control fly populations by interrupting the development of larvae in manure
- Palatable formula designed to drive early and consistent feed intake

Feeding Directions:

Feed free-choice to calves from 3 days of age through post-weaning transition. Clean, fresh water should be available at all times.

Also available with ClariFly®.

GUARANTEED ANALYSIS:

Medicated: Replacement calves: For control of coccidiosis caused by *Eimeria bovis* and *Eimeria zuernii*.

Active Drug Ingredient:

Lasalocid 71.0 g/ton

WARNING: A withdrawal period has not been established for Lasalocid in pre-ruminating calves. Do not use in calves to be processed for veal. Do not allow horses or other equines access to Type A or Type B feeds containing Lasalocid as ingestion may be fatal. Keep out of reach of children. Discard empty containers according to local regulations. Never reuse empty containers.
