

Pest Control Service Preparation Guide

Thank you for choosing our pest control services.

To ensure the best possible results and to maintain warranty periods, we kindly request that all properties are **clean and tidy before we attend**.

Please carefully read the preparation instructions and vacate times below relevant to your service.

Carpet/Clothes Moth Treatments

- Remove and hot wash any affected clothing at **60°C for at least 30 minutes**.
- Clear wardrobe areas and around the edges of carpets so the technician can access and treat these spaces.
- Tidy rooms and put away belongings. The clearer the space, the more effective the treatment.
- Vacate the property during treatment and remain out for **2 hours after completion**.
- A professional carpet or steam clean is strongly recommended **within two weeks** prior to the second visit.

Important Reminder

Following these preparation steps helps us carry out the treatment safely and effectively.

Your cooperation ensures the best results and protection for your property.

Thank you for your understanding and for helping us deliver a quality service.
