

## Mite and Flea Service Preparation Guide

Thank you for choosing **TCB Pest Control Canberra**

To ensure the best possible results from your treatment and to maintain warranty periods.

We kindly request that all preparation details are followed and treatment areas are clean and tidy before our arrival.

---

Please carefully read all the preparation instructions and details below.

- Ensure all pets are treated for mites or fleas before the technician arrives.
- Clean and tidy the property prior to treatment.
- Vacate the property during treatment and remain out for 2 hours while we treat.
- (for internal treatments only).

---

Remember following these preparation steps helps us carry out the treatment safely and effectively.

Your cooperation ensures the best results possible and protection for your property and family

Thank you for your understanding and for helping us give you the best quality service that we can!

Thank you.
