

Termite Inspection Preparation Guide

Thank you for choosing **TCB Pest Control Canberra**

To ensure the best possible results from your inspection We kindly request that all preparation details are followed and treatment areas are clean and tidy before our arrival.

Please carefully read all the preparation instructions and details below.

- Ensure we have full access to all areas of the property, including the roof void and subfloor.
 - Please note: your power may need to be switched off during roof inspections.
 - Tidy away belongings provide clear access throughout the property. More open space allows for a more detailed and efficient inspection.
 - Move all items away from internal and external walls. This includes furniture, stored items, and outdoor objects positioned against the house.
 - Prepare any documentation, reports, or paperwork from previous termite inspections or treatments. This helps us better understand past activity or history
-

Remember following these preparation steps helps us carry out the inspection safely and effectively.

Your cooperation ensures the best results possible and protection for your property and family

Thank you for your understanding and for helping us give you the best quality service that we can!

Thank you.
