

Carpet and Clothe Moth Preparation Guide

Thank you for choosing **TCB Pest Control Canberra**

To ensure the best possible results from your treatment and to maintain warranty periods.

We kindly request that all preparation details are followed and treatment areas are clean and tidy before our arrival.

Please carefully read all the preparation instructions and details below.

- Remove and hot wash any affected clothing at 60°C for at least 30 minutes.
- Clear wardrobe areas and around the edges of carpets so the technician can access and treat these spaces.
- Please move any furniture off carpet areas if possible.
- Tidy rooms and put away belongings. The clearer the space, the more effective the treatment.
- Vacate the property during treatment and remain out for 4 hours while we complete your treatment.
- A professional carpet or steam clean is strongly recommended within two weeks prior to the second visit if required.

Remember following these preparation steps helps us carry out the treatment safely and effectively.

Your cooperation ensures the best results possible and protection for your property and family

Thank you for your understanding and for helping us give you the best quality service that we can!

Thank you.
