LaGrange Park Native Takes Seat on Township Mental Health Commission

HILLSIDE, Illinois – The Proviso Township Mental Health Commission (PTMHC) swore in LaGrange Park resident David Lenti, during their September board meeting. A long time resident of the Township, Lenti raised his family in LaGrange Park and spent many years teaching and coaching at Mt. Carmel High School.

“David has a passion for giving back to the community and investing in people, particularly the youth,” said PTMHC Board President Michael Corrigan. “We all look forward to working with him and to what he can bring to the board.”

Lenti said that he is particularly interested in funding for agencies that work with young people in Proviso Township.

“As someone who has worked with young people, I know that they are not immune to mental health struggles,” said Lenti. “I’m interested in how we can help grow mental health services in our local schools to ensure that our students are healthy and prepared for success.”

The PTMHC supports local agencies that help address behavioral health care services through the distribution of grant dollars. These agencies provide critical services to individuals in need of services that address mental health, substance use disorder, youth services, and more. Lenti said that he looks forward to learning about where he can have the most impact and how he can add value to what the agency is already doing.

“I am honored to serve the people of Proviso Township,” said Lenti. “Giving back and having meaningful impact on people’s lives is part of who I am and serving on the Mental Health Commission is a natural extension of what I have done for much of my life. I look forward to what this chapter will bring.”

David Lenti takes the
Oath of Office, given by

President Michael
Corrigan on
September 16, 2026

After 35 years of teaching and fundraising for Mt. Carmel, David began a second career working for Double Good Popcorn as Head of Partnerships, High Schools, and Youth Sports, where he focuses on helping schools and youth sports organizations raise money. He has also been very active with the Double Good Kids Foundation which provides opportunities for children with special needs to participate in sports and other activities.
