Break** **Navigating the Boardroom — Jerry Pogue**

Join nationally recognized healthcare leadership expert Jerry Pogue for an intensive governance workshop based on Dennis D. Pointer's acclaimed book, *Navigating the Boardroom: 40 Maxims — Things You Must Know and Do to Be a Great Director*. This interactive session will equip both new and experienced board members with practical wisdom for effective trusteeship in today's complex healthcare environment.

Noon Lunch

**1:00 p.m. Creating Generative Discussion in the Boardroom
Jason Spring**

Effective governance depends on more than reporting and oversight. It requires meaningful dialogue. This session will explore how boards can move beyond updates and into generative conversations that shape strategy, clarify risk, and strengthen decision making. Participants will learn practical approaches to framing questions, structuring agendas, and creating the conditions for thoughtful discussion that leads to better governance outcomes. The session will also feature a conversation with Tim Thornell, CEO of Cheyenne Regional, who will share how his organization's board is creating space for generative discussion in the boardroom.

2:00 p.m. Legislative Open Forum

Join us for an open forum with your elected legislators for a candid conversation about the issues shaping our community. This is your opportunity to ask questions, share concerns, and engage directly with the officials who represent you. Come prepared to participate in a meaningful dialogue on the topics that matter most to you.
