Wyoming Healthcare Policy Summit

A partner event with Wyoming's leading healthcare organizations to bring together health policy leaders, patients and lawmakers for thoughtful, solutions-focused conversation on the health policy issues shaping care across our state.

We're excited to invite you to something entirely new for our organization - the Health Care Policy Summit taking place June 12, 2026 in Laramie, WY. We are bringing together a coalition of healthcare leaders and policymakers in one room to focus specifically on the future of healthcare policy in Wyoming.

To ensure this conversation is as impactful as possible, the Wyoming Medical Society, Wyoming Hospital Association (WHA), Wyoming Nurses Association (WNA), and Wyoming Primary Care Association (WYPCA) have all partnered to help co-host this event.

Together, we are intentionally creating a space for collaboration across organizations that don't always have the opportunity to engage at this level.

We are also extending invitations to:

- State legislators
- Gubernatorial candidates
- Hospital and clinic leadership
- Key healthcare and industry partners across Wyoming

Healthcare in Wyoming is at a pivotal moment. Workforce shortages, access challenges, regulatory pressures, and sustainability concerns are all converging and the policy decisions being made now will shape care delivery for years to come.

While the full agenda is still in development, the focus is clear:

- Direct engagement with policymakers and candidates
- Discussion of key legislative interim topics to help inform and shape policy development ahead of upcoming sessions
- Dialogue on the most pressing issues facing our state
- Cross-sector collaboration with hospitals, nurses, and primary care leaders
- Forward-looking strategy to help guide Wyoming's healthcare policy direction

[More information on the Summit can be found here](#)

Public Health Collaborative Lunch and Learn!

Wyoming Institute for Disabilities ([WIND](#)) strives to help build community in healthcare fields.

We are happy to announce a collaboration with the Wyoming Public Health Association (WPHA) and Cheyenne Regional Medical Center (CRMC) on a Public Health Collaborative Lunch and Learn!

This event series is designed to strengthen Wyoming's public health community by advancing knowledge in public health communication and fostering meaningful professional connections across the state. Through collaborative learning and networking opportunities, the series supports the continued development of a strong and connected public health workforce. These events provide an inclusive space for public health professionals across Wyoming to connect, share experiences, and build lasting professional relationships, while expanding and elevating expertise in public health communication. Participants will gain practical insights, strategies, and tools to strengthen communication efforts and enhance the overall impact of public health work across the state.

I am beyond excited to announce this collaborative event! The [Public Health Communication Lunch & Learn](#) will be hosted every Friday from noon to 1 MT, April 24th to May 22nd. Join us to collaborate with other public health professionals and learn more about public health.

MIDWEST
QIN-QIO

**Join the Midwest QIN-QIO
Network**

You may have previously partnered with us as the Mountain Pacific Quality Innovation Network–Quality Improvement Organization (QIN-QIO). Building on that work, the Centers for Medicare & Medicaid Services (CMS) has awarded Telligen as the Midwest QIN-QIO, in partnership with Mountain Pacific. Together, we continue to support providers in addressing critical quality challenges, now across an expanded regional footprint.

We invite you to engage with the Midwest QIN-QIO Network:

- **Collaborate across settings**

- **Join a network of hospitals, nursing homes, outpatient practices, and partner organizations working together to advance shared quality goals and improve patient outcomes.**
- **Access no-cost technical assistance**
- **Receive individualized support aligned with key focus areas, including:**
- **Prevention and Chronic Disease Management, Patient Safety, Behavioral Health, and Care Coordination.**
- **Address your most pressing challenges**
- **Tailored technical assistance is also available to support:**
- **Quality management infrastructure, workforce planning, supply chain resilience, drug shortages, cybersecurity, emergency preparedness, and advancing healthcare quality through technology.**

To learn more, request a personalized presentation for your team, or schedule time to connect, please contact: **Callie Perkins**, cperkins@mpqhf.org

We look forward to partnering with you and welcoming you to the Midwest QIN-QIO Network.

Executive Director (ED) Partner Series

This is a webinar series hosted by the Executive Director (ED) of WYPCA and Executive Directors of Partner organizations.

This is a webinar series will be hosted on the third Wednesday over every month at 10:00amMST. Full schedules will be coming soon. The first is an informational webinar regarding tips and tricks for infant feeding. Registration can be found below.

INFANT FEEDING

Join us for an informational webinar regarding tips and tricks for infant feeding. Information will include deciding to breast or bottle feed, positioning, identifying risk for feeding difficulties, and how to identify resources for feeding.

This can be a very stressful event for new families. Join us to learn some tips and tricks to making feeding time a positive bonding experience.

April 15, 2026; 10:00am

Featured Speakers:

Lori Boussuge-CRMC

Jen Davis-WYPCA

Register at the link below for the Executive Director Partner Training Series offered by the Wyoming Primary Care Association in partnership with communities around Wyoming.
