Introduction

The Workforce Innovation & Opportunity Act

The Workforce Innovation and Opportunity Act (WIOA) was signed into law by President Barack Obama on July 22, 2014 and went into effect on July 1, 2015. The WIOA supersedes the Workforce Investment Act of 1998 (WIA) and amends the Adult Education and Family Literacy Act, the Wagner-Peyser Act, and the Rehabilitation Act of 1973. The federal regulations drafted by the U.S. Department of Labor have can be found in §678.300 - §678.900; §463.300 - §463.900; and §361.300 - §361.900. The general description of the One-Stop Delivery System by the federal regulations is a “seamless customer-focused service delivery network.”

In passing WIOA, the first legislative reform of the public workforce system in more than 15 years, this bipartisan piece of legislation reaffirms the roles of the Workforce Development Boards and the One-Stop career center system. WIOA will help jobseekers and workers access employment, education, training, and supportive services to succeed in the labor market and match employers with the skilled workers they need to compete in the global economy. WIOA funding, which is distributed to states, and subsequently, local workforce development boards (WDBs), is used to serve two primary customers – businesses and jobseekers.

At the State level, WIOA establishes a unified strategic planning process across core programs such as Wagner-Peyser Employment Service and Title I of the Rehabilitation Act programs. WIOA also streamlines the membership of business-led, state, and local workforce development boards, and emphasizes the role of boards in coordinating and aligning workforce programs to meet the needs of both jobseekers and employers. At the local level, WIOA provides flexibility in providing incumbent worker training and transitional jobs as allowable activities and promotes work-based training such as apprenticeships and on-the-job training with reimbursement. The idea is that by promoting work-based training activities, jobseekers will earn industry recognized credentials and be aligned onto a career pathway.

Proposers are strongly encouraged to read the Department of Labor’s WIOA resource page for WIOA information and the latest updates: https://www.doleta.gov/wioa/.

Attachment 2: Conflict of Interest Form

By submitting a proposal, the authorized signatory authority of the bidding entity certifies to his/her knowledge and belief that there is no conflict of interest (real or apparent) inherent in the bid or in delivering the scope of work if the NPWDB awards a contract. A conflict of interest would arise if any individual involved in the preparation of this proposal and delivery of services has a financial or other interest or would be likely to gain financially or personally from the award of a contract. The same would hold true for any member of the individual’s family, partner, or an organization employing or about to employ any of the above as a direct result of the successful award of a contract under the RFP. The NPWDB reserves the right to disqualify a bidding entity should a conflict of interest be discovered during the solicitation process.
