Southern Indiana Works is an equal opportunity employer/program. Auxiliary aids and services are available upon request to individuals with disabilities. The TDD/TTY number is 1-800-743-3333.
Background and General Information
Southern Indiana Works (SIW) is a non-profit community-based organization that is a customer-focused, high performing leader in the implementation of talent development solutions for both individuals and employers. SIW’s mission is to lead a robust talent development system and cultivate a skilled workforce that advances our community, economy, and quality of life. SIW’s Board of Directors (Board) serves as the Local Workforce Development Board (LWDB) and is certified by the Governor of Indiana under the Workforce Innovation and Opportunity Act (WIOA). State and LWDBs serve as connectors between the U.S. Department of Labor (USDOL) and local American Job Centers (AJC) that deliver services to job seekers and employers. For more details see www.soinworks.com.

The Board is comprised of representatives of business and industry, organized labor, community based organizations, and economic development and educational agencies. More than 50 percent of each LWDB’s membership must be comprised of the business community. In addition, LWDBs are required to have representation from local community colleges and other training providers, as well as elected officials and workforce program leaders. This ensures that current skill needs of local businesses are communicated to relevant training programs. Board meetings are subject to Open Door Laws and are open to the public to attend.

The purpose of this Request for Proposal (RFP) is to solicit competitive proposals for the delivery of services under WIOA for Adult, Dislocated Worker, and Youth programs in the six-county region comprised of Clark, Crawford, Floyd, Harrison, Scott and Washington Counties in Indiana. The award will be made for a two-year contract with an option at the Board’s discretion to extend an additional year. In addition, SIW represents a larger geographic footprint representative of 13 Kentucky/Indiana counties, in collaboration with KentuckianaWorks (Louisville, KY LWDB) to form one of the nation’s first Bi-State Planning Regions under the USDOL.

A snapshot of the regional labor market and employment data is reflected in the chart as follows:
SIW has four strategic priorities for the region’s talent development system that align with WIOA:

**Talent Development** - Increase in-demand skills through career and training services including work-based-learning, credentialing, and/or degree attainment that meet the current and future needs of business and industries. We provide a path for family-sustaining employment and career opportunities.

**Economic Development** – Through connectivity with local economic development organizations and targeted business and industry sector partnerships, SIW supports area business attraction, expansion, and retention. SIW contributes to solutions that generate community development through economic prosperity.

**Next-Gen Talent** – Through a career pathways approach, we assist young adults in attainment of a High School diploma or equivalent, post-secondary education or training, career exploration and education, work-based learning, and other skills development to prepare the next generation of talent.

**Customer Centric System** – To operate a customer-focused, market responsive, high-performing talent development system. SIW oversees and operates our local area’s American Job Center – Southern Indiana Works WorkOne delivering career and training services. SIW provides business services to data driven targeted sectors though a customized solutions-based design.

Additional information on the SIW Strategic Organizational Plan and Regional WIOA Local Plan can be reviewed at https://www.soinworks.com/policies-and-governance

The scope of work outlined in this RFP supports SIW’s mission and strategic priorities as follows:

- Intensive assessment and coordination of needs of jobseeker and business customers through the SIW’s WorkOne Career Centers and Talent Development System.
- Focus on innovative services for economically disadvantaged youth (age 16-24) with barriers and provide education, training, and work-based learning opportunities to assist them in achieving career success.
- Coordinate and integrate with a consortium of partner organizations responsible for maintaining a comprehensive workforce development system to support and enhance talent development activities.
- Provide employment and training activities and services to adults and dislocated workers (age 18+) through SIW’s WorkOne Career Centers as defined in WIOA Regulations that align with in-demand occupation needs to ensure customers can attain self-sufficiency and meet employment and career goals. The target sectors of the region are construction, healthcare, manufacturing, business and technology, transportation and logistics.
Bidders may submit proposals for any of the following under this RFP for all six counties of the workforce region:
A. Adult and Dislocated Worker services
B. Youth services
C. Adult, Dislocated Worker and Youth services collectively.

The Board reserves the right to award either performance-based or cost reimbursement contracts to any of the selected bidders. SIW reserves the right to renegotiate the terms and conditions of any contract under this RFP.

JAG Specialists deliver an array of counseling, employability skills development, career association, job development, and job placement services that will result in either a quality job leading to a career after graduation or enrollment in a postsecondary education and training program.
