## Being Admitted to the Hospital? Please Let Us Know

When one of our parishioners is admitted to the hospital, it can be an anxious and vulnerable time—not only for the individual, but also for family and loved ones. As a parish community, we deeply desire to walk with you during these moments through prayer, presence, and pastoral care.

Due to privacy regulations, **the hospital cannot notify the parish unless you specifically request it.**

If you are admitted to the hospital, please inform the admitting staff that you are a member of our parish **and that you would like the parish to be notified.** This simple request allows the hospital chaplain team to contact us so that a priest or deacon may reach out, offer prayer, provide the sacraments if desired, and ensure that you do not face illness or hospitalization alone.

Many people are surprised to learn that parish notification does **not** happen automatically—even in emergencies. By clearly stating your wish during admission, you open the door to spiritual support, encouragement, and the loving care of your faith community.

We also encourage family members to advocate on behalf of their loved ones if they are unable to speak for themselves.

Our parish stands ready to support you in times of need. **Please help us help you** by asking the hospital to notify your parish. Together, we remain connected—especially when it matters most.
