RE: Fifth Street Road Closure

Beginning the week of May 11th, Fifth Street Road will be closed between the western most intersection of Westminster Drive and Fifth Street west to Connolley Road. At this point, it is not certain which day the closure will take place. This closure is necessary so contractors can begin pavement removal and preparation for the construction of a new road and curb and gutter.

Connolley Road, between the Sysco entrance and 5th Street Road, will also be closed. Electronic message boards will be in place today.

Traffic west of the closure will need to detour to the west and use County Road 700E back to State Route 10.

If there are any questions or concerns, please contact the Street Department at 217-732-4655.
