RE: Road closure on 5Th Street Road

Beginning Wednesday morning on October 28^{th,} the eastbound lane of 5th Street Road will be closed for pavement removal operations. This work will take place between the west entrance of Westminster Dr. to just west of the railroad crossing. The intersection at Memorial Park Road will remain open so traffic can turn west to Connolley Rd to detour the closure. Traffic will only be permitted to travel westbound, no eastbound traffic will be allowed through the closed area.

If you must travel through the area, please drive carefully and obey traffic control signs.

If you have any questions, please contact the Lincoln Street Department at 217-732-4655.
