RE: Tremont Street Reconstruction Project to get underway

Beginning Thursday, August 13, 2026, traffic control devices will begin to be placed along Tremont Street and adjacent streets from Union Street to Logan Street.

The first phase of the project will be tree removal and will begin on Monday, August 17, 2026. There will be temporary no parking signs placed and daily street closures will take place as needed to allow for the tree removal. Soon after this work, contractors will begin removing storm sewers along with curb, sidewalk and pavement.

If you have any questions, please contact the Lincoln Street Department at 217-732-4655.
