OF THE RED RIVER VALLEY

## **Boys & Girls Clubs of the Red River Valley - Monthly Newsletter** **May 2026**

### **YOUTH OF THE MONTH – APRIL**

Youth of the Month is a Club-driven experience that aims to recognize and honor Club members who exemplify strong character and leadership. To achieve this recognition, the Club member will have consistently demonstrated growth and/or skill in the following areas: Character, Leadership, Responsibility, and Group Participation.

Our Centennial Youth of the Month for April were:

Group 1: Eddie N

Group 2: Zoe M

Group 3: Cooper M

### **PROGRAM HIGHLIGHT – SPORTS/RECREATION & FITNESS:**

Sports, Recreation & Fitness is designed to keep Club youth active and engaged through three key components: a warm-up, a structured gym game or physical activity, and a cooldown. This designated time allows youth to move their bodies, release energy, and have fun in a safe, organized environment. Activities such as tag, scrimmages, and relay races promote healthy use of large-muscle movement while also building important life skills, including sportsmanship, teamwork, and communication.

### **OUR CENTENNIAL CLUB IN ACTION**

Clubs provide youth with experiences that build essential social-emotional and subject-specific skills in each of BGCA's four priority outcome areas. In April, our Centennial Club had the following experiences:

- Health & Wellbeing: 2490 experiences with Emote Control; Healthy Habits; Huddle Time; Sports, Rec & Fitness
- Character & Leadership: 51 experiences with Leadership & Service
- Academic Success: 1230 experiences with High Yield; Power Hour
- Life & Workforce Readiness: 79 with STEAM

### **Staff Trainings-**

North Dakota State Licensing requires all childcare workers to complete annual training hours based on the number of hours worked each week. BGCRRV provides our employees with multiple training opportunities each month covering a variety of topics such as trauma-informed care, youth development best practices and building positive relationships. In 2025, 14 courses were offered to employees, along with six First Aid/CPR courses.

### **The Big Help-**

In celebration of Earth Day, youth take action to make a positive impact by cleaning up litter around our schools and youth centers. This activity provides enriching experiences that help youth develop essential social-emotional skills while fostering leadership and the ability to create meaningful change through service-learning.
