

Boys & Girls Clubs of the Red River Valley - Monthly Newsletter September 2026

BGCRRV YOUTH OF THE MONTH

Youth of the Month is a Club-driven experience that aims to recognize and honor Club members who exemplify strong character and leadership. To achieve this recognition, the Club member will have consistently demonstrated growth and/or skill in the following areas: Character, Leadership, Responsibility, and Group Participation.

Our Club programs have resumed this recognition program for the school year and will announce the winners for September next month!

PROGRAM HIGHLIGHT – Group Agreements:

At the start of each school year, Group Agreements are made with the Club members at each site. Group Agreements are a shared vision that a group creates in order to build an emotionally supportive environment. It is a tool that can bridge the gap between how Club members are feeling and how they want to feel. It's important for youth who work together within a program area to complete the Group Agreements as a way to build a safe, positive emotional climate and bolster group connection within the program.

OUR SUMMER CLUBS IN ACTION

Clubs provide youth with experiences that build essential social-emotional and subject-specific skills in each of BGCA's four priority outcome areas. This August, youth in BGC Club programs had the following experiences:

- Health & Wellbeing: 11,331 experiences with Emote Control; Healthy Habits; Huddle Time; Sports, Rec & Fitness
- Character & Leadership: 368 experiences with Leadership & Service
- Academic Success: 10,867 experiences with High Yield; Power Hour
- Life & Workforce Readiness: 647 experiences with STEAM

BGCRRV Staff Trainings:

North Dakota State Licensing requires all childcare workers to complete annual training hours based on the number of hours worked each week. BGCRRV provides our employees with multiple training opportunities each month covering a variety of topics such as trauma-informed care, youth development best practices and building positive relationships. In 2026, 19 courses have been or will be offered to employees, along with six First Aid/CPR courses.
