Mission

The mission of the Cole Camp R-I School District is twofold. We adhere to and support the idea that the primary purposes of the public schools are the maximum intellectual development of each individual, cultivated through successful teaching, and the nurturing of the ability to apply knowledge empowered by successful learning, the outcome of which are based on measurable behaviors. We are committed to the provisions of an excellent program of instruction fostering lifelong learners “aiming for excellence”.

School Board Members

Marty Doogs, Board President
Jordan Kyle, Vice President
Connie Berendzen, Secretary
Rick Grunden, Board Member
Kevin Harms, Board Member
Curtis Oelrichs, Board Member
Darin Harms, Board Member

The role of the District’s Board is to govern the community’s public schools by making the major decisions for the District as a whole. The Board collectively makes these decisions and individual Board members do not have the power to speak or act for the Board. The Board as a whole, by working with the Superintendent to make decisions that will best serve the District’s students, will govern the community’s schools. Accordingly, complaints or concerns made to Board members will be referred to the appropriate District point of contact for resolution.

Attendance and Absence Procedures S-115-S

Expectations for Attendance

Attendance is essential for learning. By law, all children must attend school from the age of 7 until the age of 16. Parents/guardians are accountable for the attendance of their child. The District will inform parents/guardians of their student's absence and support families when attendance becomes a concern. It is the responsibility of the student to make up work due to an absence. Students who wish to participate in school-sponsored activities must attend school the entire day on which the activity occurs, unless the principal has pre-approved the absence based upon special circumstances.

Procedures for Reporting an Absence

Parents must report a student's absence by 9:00 a.m. on the day of the absence. The school will contact parents who do not report a student's absence by the designated time. When a student is released early from school to a parent or guardian, it constitutes an absence. In general, prior notification is required when a student is dismissed early and the student must be checked out through the office. The administration may request documentation to determine the reasons for the absence. For example, documentation indicating the following may be requested:

- Illness of the student
- Medical appointments that cannot be scheduled outside the school day
- Serious illness or death of a family member
- Religious observances
- School-sponsored activities (e.g., field trips, athletics, competitions, etc.)
- Court appearances or other legal situations beyond the control of the family
- Emergency situations as approved by the principal
- Visits from a parent or guardian on active military duty who is on leave from or will be immediately deployed, with notification and approval of the principal
- Suspensions
- An absence which has been requested and approved in advance by the principal due to exceptional circumstances. In these situations, make-up work should be requested in advance of the absence and any tests, projects, or in-class assignments will be made up at the direction of the teacher.

Make-Up Work

Parents or students must provide proper notification and documentation to the school showing the absence was unavoidable. It is the responsibility of the student to make up work with teacher support when a student is absent.

Make-up work relates to assignments, projects or tests that were assigned or administered during a student's absence.

Students will have a maximum of one day longer than the total number of days missed to make up work. A zero will be recorded in each class where work is not made up within the allotted time. Example: A student is absent for two days (Wednesday and Thursday).

He/she will have three days: (Friday, Monday, and Tuesday) to complete make-up work for all classes missed.

On the day of his/her return, it is the student's responsibility to schedule a meeting with the teacher before or after school to discuss assignments and material missed during the absence. If a student takes no action on returning to school and the make-up days elapse, a zero will be recorded.

Absence from class is a serious concern. Students are expected to invest extra time outside of class to make up work. Teachers are not expected to take away instructional time from class to discuss make-up work with a student who was absent.

Assignments with pre-assigned due dates (including early dismissal forms) must be turned in on the assigned day or will be considered late, unless a student is absent. In such cases, the assignments will be due upon the student's return to school.

More extensive, major projects and research papers with pre-assigned due dates must be turned in on or before the assigned day or will be considered late.

Class work done during a suspension will be expected to be completed. The student will receive 100% credit for work done while suspended out of school. Work completed during In-school suspension will be credited 100% of the earned grade. Failure to complete this work may be grounds for further suspension. Work must be turned in on the date of the student's return to school. Unlike other absences, students who are suspended are not given one extra day to complete the work.

Consequences for Excessive Absences - High School

The goal of the attendance policy is to strive for every student to achieve above 90% attendance. The 90% attendance equals 8 absences total in one semester. As your student strives for this attendance goal, we understand that circumstances occur outside of a student's control that could keep a student from remaining under 8 absences. High school students who surpass 8 absences in an individual class or for overall attendance will need to file an attendance appeal to retain credit for that class or classes. The following situations will not be counted towards the 8 total absences:

1. Doctor or dental appointments that cannot be scheduled outside the school day. These absences must be accompanied by a doctor note to not be counted against the eight (8) absences.
2. Participation in school-sponsored functions

The above circumstances will not generate a need to appeal for credit for a high school student if they are properly documented throughout the school year. However, these absences do create a negative effect on student performance. Administration will meet with students exceeding or approaching 8 absences to make sure they are continuing toward academic success regardless of the listed reasons for absences.

1. For grades 9-12, students will receive two excused tardies a quarter to school.
2. For grades 9-12, after two excused tardies a quarter, any tardy will count toward the school tardy policy. Detentions will be issued by the office.
3. Each DAY a student is absent; parents will contact the office at 668-3751 Ext. #107 before 9:00 a.m. to explain the reason for an absence. School personnel will initiate calls to parents who do not call in by 9:00 a.m. Parents have 24 hours or the next day to inform the office of an absence.
4. Students will be expected to make up all assignments from missed classes from an absence.
5. Students absent from school will not be allowed to attend school sponsored activities on that same day or on Saturdays unless permission is given by a school administrator. A student must be in attendance a minimum of 50% of the day to participate in after school activities.
6. Students who cut class periods will be assigned detention or may be suspended from school. Students who repeatedly cut classes may be subject to long-term suspension. Generally, students well enough to meet job commitments will be expected to meet school commitments.
7. Absences for family vacations and other such activities which will extend beyond two days must be arranged for in advance. Arrangements to complete work missed during planned absences must be made at least 3 days in advance of the absence. The following procedure will apply:
 - a. A written statement or phone call from the parents will be presented to the office at least three days in advance of the absence.
 - b. A request to be absent form will be presented to each teacher.
 - c. The form with teacher initials will be returned to the office indicating arrangements have been made to complete work.
8. When excessive absences (more than 8 in a semester) result in a student failing four or more classes, a student may receive a suspension from school.
9. Any student leaving the building during the school day must receive permission from an administrator and sign out in the office. Any student who leaves the building without permission during the school day is subject to disciplinary action.
10. Students who exceed 8 absences in a class period may lose credit. Written notification will be sent home for the opportunity to review and confirm the attendance record. Students may appeal to the principal who may refer to a review committee. An appeal form will be available for this process.

Late Arrival/Tardiness – High School

A late arrival or tardy occurs when a student arrives after the expected class period has begun, as determined by the District.

Punctuality to class is an important requirement for all students. Being punctual allows for a timely, uninterrupted beginning to class. Also, punctuality shows respect for instructors, fellow students, and regulations. Being on time eliminates paperwork for instructors, secretaries, and the principal. If a student is tardy to class, the following procedure will be followed:

1. On the first tardy, the teacher will issue a warning and notify the office of the tardy.
2. The second tardy during this hour will result in one detention period to be served after school (3:20 to 4:25 p.m.). Students will be notified of their detention immediately following the tardy. Notice will be sent to the office.
3. The third tardy will result in two detentions
4. Each additional tardy will result in one day ISS
5. The counting period will start over each quarter

Habitual tardies may be dealt with more severely.

Consequences for Excessive Absences - Students in Grades K-8

Excessive absences will result in written notice from the principal to the parents/guardians. The principal may request a parent/guardian conference to discuss attendance concerns and a collaborative plan may be developed to remove barriers to attendance. When attendance remains problematic, the school may contact the appropriate agencies and/or authorities for assistance.

Truancy

Truancy is when the student is absent from school without permission of the parents/guardians or school official. Truancy includes, but is not limited to, skipped classes, falsely informing the school about the reason(s) for the absence, or absences that have not been pre-arranged and pre-approved. The District may assign disciplinary measures for truancy. Students who are truant are encouraged to make-up the work to aid learning. The timelines for turning in make-up work and any impact on grading will be according to the guidelines of the building and at the direction of the teacher. Families are entitled to appeal assigned consequences to the Superintendent or designee.

Dress Code S-180-S

The purpose of a dress code is to contribute to a safe, healthy environment that protects students and maintains a focus on learning. The dress code included in this handbook provides guidance to students and parents as to what constitutes appropriate attire for school and school activities. District administrators have the discretion to determine whether a garment or manner of dress not specifically described below is appropriate attire for school and school activities and/or causes a disruption to the educational environment. Administrators have the authority to take action to address dress code matters as they arise. The following District guidelines should be observed:

Dress Code Expectations

Shirts and shoes must be worn. No house shoes or slippers are allowed. Clothing should be properly fitted (not overly restrictive or loose). Coverage of the body is expected.

Dress Code Prohibitions

Clothing or accessories with any of the following are not permitted:

1. Profane, obscene, or otherwise inappropriate language;
2. Words, symbols or images that promote illegal, sexual, or violent behavior;
3. Advertisements or promotion of alcohol, tobacco, or drugs;
4. Language or symbols that promote gangs.
5. Hats; hoods (hooded sweatshirts worn up); do-rags; handkerchiefs; sunglasses; face paint; overly-dramatic make-up; or other wear that restricts the line of sight of a student's face and/or facial recognition may not be worn, although exceptions will be made by the principal for head coverings that have religious significance, are worn for medical reasons, or are for a specific, school-sponsored event.
6. No blankets shall be carried or worn as coats or wraps while in the building.
7. No heavy or loose chains, or straps that create a safety risk are allowed.
8. The following are examples of clothing that would not meet reasonable student standards of modesty: See-through garments; Tops that are backless, strapless, low-cut, bare-midriff/crop-tops, have overly-large arm openings; or spaghetti straps; Clothing that does not cover undergarments when a student is sitting or standing; Undergarments worn as outerwear; short shorts and/or holes in pants that are above mid-thigh unless patched;

Additional Dress Code Information

Courses and/or class activities that require observance of specific safety requirements may require adjustments of a student's clothing, accessories, or hair style for the duration of the class (e.g., tennis shoes for physical education classes, hair pulled back and/or hair nets for culinary classes or other safety wear, etc.). Other dress code requirements may be articulated for students participating in certain extracurricular activities.

Violations of the District dress code will be addressed with remedial actions and/or consequences.

Food Service Program F-285-S

Cole Camp School District will continue to provide a type A lunch and breakfast for all full time students at a very nominal cost. The price for a type “A” lunch and breakfast for the 2023-2024 school year will be communicated prior to the start of school.

All students in grades PreK-12 will be issued a laminated lunch card that will be scanned in the lunch line.

Teachers of students in PreK-4 will be responsible for the students’ cards and these students will continue to bring their money to their teacher. The school is encouraging all students to prepay for their lunches weekly or monthly if possible. All lunch money should be placed in an envelope with the child’s name and grade on the outside. If you have more than one child in school, please send separate checks for each child. If payment is made in this manner it makes our lunch accounting system, which is done on computer, much simpler and more accurate. Extra lunches will be paid for on a “cash only” basis. There will be an additional charge for extra milk. Lunch charges will not be accepted. Students in grades 1-3 will be given the option of receiving a sack lunch instead of a hot lunch. First graders will need to bring a note from home stating that they may have a sack lunch. Students in grades 2 & 3 will need to give their choice when lunch count is taken in the morning. If students decide to bring a lunch from home, they may purchase a carton of milk. Elementary students will not be using school vending machines without permission from 7:30-3:30.

Students in High School will not be allowed any lunch charges. Students are encouraged to pay weekly or monthly for their charges. Extra lunches will be paid on a “cash only” basis. Any extra milk is 35 cents (subject to change). All students will go to the cafeteria, eating or not, with their class just before lunch. Students will remain in the cafeteria until excused by their instructor.

Free and Reduced Lunch Application

Federal lunch program material will be sent home and is also available in the building office. Be sure to read this information carefully. If your child is eligible, please apply. The applications are completely confidential.

Adult Visitors for Lunch

No visitors will be permitted to bring food to the students during the noon hour. Lunch time will be closed. No one will be allowed to go off school grounds for lunch. Parents who are bringing food to students should contact the building office for procedures.

Allergy Prevention and Response S-145-S

The District is required to ensure students with allergies are safe at school through planned prevention and response to a student’s allergic reaction. For purposes of District policy and related procedures, an allergic reaction occurs when the immune system overreacts to a typically harmless substance and may be mild to life-threatening. Allergy prevention and response protocols apply to all school locations, including nonacademic, school-sponsored activities and transportation provided by the District.

The Board authorizes the Superintendent or designee to develop and implement procedures to protect the health and well-being of students with significant allergies.

Building-Wide and Classroom Approaches

In order for a parent to bring food or snacks into the building, a parent must first contact the building office for procedure and approval.

Parents/guardians should provide, at the time of enrollment, information on any allergies the student may have. The school nurse may request written permission from the parents/guardians to communicate with a student's health care provider as needed. Staff members are trained annually on risk reduction strategies, symptom recognition, and response procedures. The school nurse has an emergency kit available and accessible in the nurse's office containing prefilled auto syringes of epinephrine and asthma-related medications as allowed by District rules.

The District will provide age-appropriate education for students, consistent with state learning standards, including potential causes of allergic reactions, information on avoiding allergens, symptoms of allergic reactions, and simple steps a student can take to keep classmates safe.

All processed foods, including food sold in vending machines, are labeled with a complete list of ingredients on each individual package. Ingredient lists will be created for all food provided through the District's nutrition program, including before- and after-school programs, which are available upon request. This also applies to items sold as part of concessions, fundraisers, and classroom activities.

Individual Approaches

The District will evaluate and determine whether a student's allergies rises to the level of a disability that require accommodations through the provisions of an Individual Education Plan (IEP) or Section 504 Plan (504). For those students who have allergies that do not rise to the level of disability, a designated team may develop an Individual Health Plan (IHP) and/or Emergency Action Plan (EAP). Staff who have a need to know about a student's allergies and plan will be informed and trained, and all staff members will follow any IEP, 504 Plan, IHP, and/or EAP.

A student's health information and individualized plan will be kept confidential and not shared with those who do not have a need to know unless authorized by the parent/guardian or as allowed by the Family Educational Rights and Privacy Act (FERPA). The District will communicate and collaborate at least annually with parents/guardians regarding the student's allergies, medications, restrictions/precautions, emergency contacts and any other relevant information to keep the student safe.

Health Services S-215-S

Health services are provided under the direction of a school nurse. The school nurse for your student's building may provide services in other buildings as well. Although the nurse may be not physically present at all times in a specific building, the nurse is always on call and there are trained employees in the building to provide first aid, dispense medication, and support the needs presented in the health office.

Illnesses/Injuries

Please do not send your child to school unless they have been fever free for 24 hours.

NO NIT POLICY - If live head lice are detected OR nits are found, the parent will be notified and expected to pick up their child from school. If, after three rechecks, lice or nits are still found, the health department or division of family services will be notified to come and help you treat the problem. This policy is being instituted in order to decrease excessive absences and help decrease the chance of spreading lice.

There is air conditioning in our classrooms. Students will be able to stay cool in the rooms, and we will take frequent restroom and water breaks during the day especially after recess. If your child takes medication or has a health problem which requires large amounts of water, please send a note and information about the medication and problem to school. Also, please be certain to talk to the school nurse about the situation.

Health Screenings

The District performs routine vision, hearing, and dental screenings. Parents will be provided notice and the ability to opt-out prior to any routine health screening.

Health Office

If you have any questions, please contact (660) 668-4427, ext. 305.

Administration of Medication S-135-S

All medication is kept in the health office and no medication will be dispensed without written parental permission, including over-the-counter medication. Many medications can be given at home before or after school. When this is not possible, medication should be brought directly to the health office and must be accompanied by the following information:

Non-Prescription Medication – A written note from the parent/guardian with the student's name, reason for the medication, the time the medication is to be given, the dosage prescribed, and the number of days the medication is to be administered at school. These medications include, but are not limited to, allergy medication, decongestants, cough syrup, ibuprofen (Advil), acetaminophen (Tylenol), cough drops, or other.

Prescription Medication – Prescription medication must be sent to school in the original prescription container. The prescription label will serve as the written

permission from the physician. If the doctor has given samples of medication, then a written note from the physician is necessary and should include the name of the student, the medication, and the dosage prescribed. The nurse may need to clarify prescription orders with the provider.

When a student has a health condition which needs accommodation or may necessitate emergency care, it is important that the school nurse be informed. Examples of a health condition that would need to be shared with the school nurse include severe allergies, asthma, diabetes, hearing loss, seizure disorder, etc. This would include situations when a physician recommends a student assume responsibility for self-medication. The nurse may request a release of information from the student's health care provider and the information may be shared with necessary District staff members on a need to know basis. Please contact the school nurse.

Communicable Diseases F-245-S

Parents/guardians must notify the District if their student has a communicable disease. Parents/guardians will be required to provide written approval from the student's treating physician in order for their student to attend school. The District reserves the right to prevent student attendance until clarification or implementation of precautionary measures are in place. Parents/guardians are required to notify the District if they are enrolling or have a student attending school who is HIV positive.

Medical information of students is highly confidential, and the District will take necessary steps to protect the medical information of students and ensure that such information is released only to those with a need-to-know and/or individuals and entities who are required by law to be notified of certain health and medical information.

Students with a communicable disease who exhibit behaviors that increase the chances of their condition being spread to other individuals, may be subject to discipline in accordance with the discipline code, and state and federal law.

Immunizations and Vaccinations

It is unlawful for any student to attend school unless the student has been immunized according to Missouri School Immunization Law or unless a signed statement of medical or religious exemption is on file at the school, which is described in all enrollment information. Parents/guardians should bring immunization records at the time of enrollment and obtain additional immunizations as required by state law.

Student Insurance S-140-S

The District recommends student accident insurance for the protection of a student and parents/guardians. It is the responsibility of the parents/guardians to arrange insurance coverage as the District does not assume financial responsibility for student injuries. The District does, however, make an optional student accident group plan available for students, for which a carrier is named and rates established annually. Families and/or students must deal directly with the insurance carrier to obtain information about available coverage and policies.

Specific information regarding the plan may be picked up in the building office.

Students participating in interscholastic athletics are required to have insurance coverage. This may be in the form of either family coverage or the coverage offered through the District. Missouri State High School Activities Association (MSHSAA), requires that a student be covered through insurance before being allowed to practice or compete for a school team. The student will not be allowed to participate in interscholastic practices or competitions until proof of insurance is provided.

The District also provides information about MO HealthNet for Kids (MHK), Missouri's Medicaid program, to qualifying families who enroll students in the District. Parents who complete an application for free and reduced-priced meals (FRL), and who indicate on the application form a child does not have insurance, will be notified by the District that the MHK program is available. Forms for MHK may be accessed at: <https://dssmanuals.mo.gov/wp-content/uploads/2020/09/IM-1SSL-Fillable-Secured-6-24-21.pdf>.

Student Records S-125-S

Access to and Release of Student Information

All parents/guardians may inspect and review their student's education records, seek amendments, consent to disclosures except to the extent the law authorizes disclosure without consent, and file complaints regarding the records as allowed by law. Requests to inspect or review education records may be directed to the building secretary. Requests to amend education records may be directed to the building secretary to obtain the proper form. If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

The parents'/guardians' rights relating to the education records transfer to the student once the student becomes an eligible student; however, parents/guardians maintain some rights to inspect student records even after a student turns 18. The District allows access to records to either parent, regardless of divorce, custody or visitation rights, unless the District is provided with legal documents that the parent's rights to inspect records have been modified.

Directory Information

Directory information is information about a student that generally is not considered harmful or an invasion of privacy if disclosed without the consent of a parent or eligible student. The District will designate the types of information included in directory information and may release this information without obtaining consent from a parent or eligible student unless a parent or eligible student notifies the District in writing. Parents and eligible students will be notified annually of the information the District has designated as directory information and the process for notifying the District if they do

not want the information released. Even if parents or eligible students notify the District in writing that they do not want directory information disclosed, the District may still disclose the information if required or allowed by law. For example, the District may require students to disclose their names, District email addresses in classes in which they are enrolled, or students may be required to wear or display a student identification card that exhibits information designated as directory information. If you do not want the District to disclose any or all of the types of information designated below as directory information from your child's education records without your prior written consent (with exception of disclosures required by law), you must notify the District in writing by September 1st of each school year. The District designates the following items as directory information:

General Directory Information: The following personally identifiable information about a student may be disclosed by the District without first obtaining written consent from a parent or eligible student: Student's name; date and place of birth; parents' names; grade level; enrollment status (e.g., full-time or part-time); participation in District-sponsored or District-recognized activities and sports; weight and height of members of athletic teams; athletic performance data; dates of attendance; degrees, honors and awards received; artwork or course work displayed by the District; schools or school Districts previously attended; and photographs, videotapes, digital images and recorded sound unless such records would be considered harmful or an invasion of privacy.

Limited Directory Information: In addition to general directory information, a student's address, telephone number and email address; and the parents' addresses, telephone numbers and email addresses may be disclosed to: school officials with a legitimate educational interest; parent groups or booster clubs that are recognized by the Board and are created solely to work with the District, its staff, students and parents and to raise funds for District activities; parents of other students enrolled in the same school as the student whose information is released; students enrolled in the same school as the student whose information is released; governmental entities including, but not limited to, law enforcement, the juvenile office and the Children's Division (CD) of the Department of Social Services.

School Officials with a Legitimate Educational Interest

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests.

A school official includes a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a Board Member. A school official also may include a volunteer, contractor, or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own

employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks.

A school official typically has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Release of Records to Other Agencies or Institutions

The District forwards education records to officials of another school, school system, or institution of postsecondary education where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer, subject to the requirements under the law.

Military and Higher Education Access

The District will disclose the names, addresses and telephone numbers of secondary school students to military recruiters or institutions of higher education as required by law. However, if a parent or a secondary school student who is at least 18 submits a written request, the District will not release the information without first obtaining written consent from the parent of the student/eligible student.

Release

Parents or guardians may designate additional adult(s) to have access to their student's records by requesting a Family Educational Rights and Privacy Act (FERPA) release form from the building secretary.

Notice

Parents/Guardians and/or eligible students have the right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education

Parent and Family Involvement and Engagement (Title I, Part A) I-135-S

The District encourages effective involvement by parents, guardians, and families to support the education of their children. In consultation with the State Board, educators, local associations, parent organizations and individual parents/guardians whose children are enrolled in the District, the District will:

1. Promote regular, two-way communication between home and school.
2. Promote and support responsible parenting.
3. Recognize that parents and families play an integral role in assisting their children to learn.
4. Promote a safe and open atmosphere for parents and families to visit the school that their student(s) attend and actively solicit parental/family support and assistance for school programs.
5. Include parents as full partners in decisions affecting their children and families.
6. Avail community resources to strengthen school programs, family practices, and the achievement of students.

Program for Students who are Homeless, Migrant, English Learners, At-Risk or in Foster Care I-140-S

The District is committed to the provision of a free and appropriate education for all students enrolled in the District. Therefore, the District complies with all provisions, regulations, and administrative rules applicable to state and/or federal requirements in order to serve students who are homeless, migrants, English learners, at-risk, or in foster care.

The District’s liaison for students who are homeless, migrant, English learners, or in foster care is:

Email Address: Silveyn@colecamp.k12.mo.us

Visitor Procedures C-155-S

For student purposes, all visitors MUST use the main entrance, report to the office, and follow visitor procedures. No classroom visitors are allowed. A visitor must come to the building office to contact a student. No one will be allowed to enter the hallways or classrooms without permission from the office. If you need to pick up your child before the end of the school day, come to the office and your child will be called to the office.

Since classroom observations and visits can be disruptive, the District does not permit parents/guardians or other family members to visit classrooms during instructional time for the purpose of observing students unless the principal has approved the visit [] 48 hours in advance.

Transportation Services F-260-S

Bus Rider Policy

Cole Camp School is dedicated to safely transporting your child to and from school. To accomplish this task, the school is implementing a bus policy. We are required by the state to transport eligible children to and from home. Allowing children to ride buses they are not assigned to may cause overcrowding on those buses, preventing the students assigned to them from having a safe and comfortable ride. Consistency of routes is also very important for safety. Therefore, students will NOT be allowed to ride with friends for any reason. However, temporary transportation may be arranged if the parent/guardian is going to be out of town. Parents/guardian must call the Principal's office before 2:00 pm.

Principal's office numbers are as follows, to make prior arrangements: High School- (660)668-3751, Ext. 107, PreK-6- (660)668-3011, Ext. 104.

Transportation will NOT be provided for students to attend parties or sleepovers, please make other arrangements for such situations. Students will be required to ride the one bus to which they have been assigned. This means students will not be able to ride different buses to and from school each day. There will be a few exceptions granted but the guidelines for exceptions will be very limited. Examples of an acceptable exception would be: A student who rides the bus from his/her home each morning but rides a different bus to his/her grandparent's home after school or if a parent's work schedule for Monday, Wednesday, and Friday is different from Tuesday and Thursday-requiring different bus schedules, as long as the schedule does not change weekly. The exception for students riding more than one bus can be made by calling your child's principal's office. The bus drivers will not accept notes from home, it needs to go through the office. Parents will no longer be able to call the school, or email the teacher or office, after 2:00 pm and have a message sent to their child to ride a different bus if they have not been granted an exception by the Transportation Department and their Principal. The school

is implementing this bus policy for the safety and security of the students. Frequent bus changes make it difficult for bus drivers to monitor riders and to know where each student disembarks each day. Students riding buses to destinations outside their normal routine has become a major issue in the School District. Cole Camp School understands that this policy could place a hardship on some families; however, we feel we must establish a procedure to insure the safety and security of our students. Thank you for your understanding and cooperation.

Busses

It will take a few days to establish the bus route time schedule, so please be patient. If your child is planning on riding the bus, there are a few things to remember:

1. For a child to make any changes in their normal bus route home, they must bring a note stating this change.
2. Generally, a child will not be able to ride another bus some place other than home. In an emergency situation where this may be necessary, please contact the office.
3. Telephone calls from parents instead of notes will be accepted, but we would prefer notes. It is much easier for us to keep track of a note.
4. Bus rules will be posted on the bus and discussed with the students. Please take time to discuss these rules with your child.

Bus Rules and Regulations

1. For the safety and welfare of the students, all buses will adhere to the policies of the Missouri Transportation handbook. In addition, the following rules have been established by the School District and will be posted in the buses:
 - a. All students should remain in their seats while the bus is in motion.
 - b. Students must not stand in aisles or put arms or heads out of bus windows.
 - c. Excessive noise or profanity is prohibited.
 - d. Riders are not to engage in harassing or rowdy activities with other riders.
 - e. Riders are not permitted to transport animals or pets on bus.
 - f. Dangerous weapons are not permitted on the bus.
 - g. Riders are not permitted to occupy driver's seat or disturb instrument panel, steering wheel, brakes, or controls on the bus.
 - h. Glass containers are not permitted on the bus.
 - i. All riders are to demonstrate respect for the driver and obey his instructions. The riders are the responsibility of the bus drivers, and the Board of Education grants them the authority to transport, discipline, and protect the riders.
 - j. Only authorized riders will be allowed to board the bus. The driver is not authorized to overload the rated capacity of the bus.
2. Bus accommodations for your children will be made according to your listed home address unless you indicate otherwise. Please keep any changes to their pickup/delivery location to a minimum or for emergencies only as most of our

busses are very near or at capacity. Riding with others as overnight guests for birthdays and parties on the weekend should be avoided. All necessary changes to daily bus accommodations must be cleared through your building-level office with a signed note from all involved parties including an office signature.

3. The school system will deliver passenger to baby-sitters only if they are on a regular established route and on a regular basis. The bus must be able to accommodate the passenger and not overload the regular load. Requests to deliver on a day by day basis are considered problems of control, discipline, and safety, and should not be permitted.
4. Parents are requested to keep the bus drivers informed if their children do not plan to ride the bus. The bus garage phone number is 668-4631. School closings will be announced through district social media and notification network.

Bus Discipline

The District's Student Code of Conduct applies to District transportation. Students may be suspended or removed from District transportation for violations of the District's Student Code of Conduct.

Student Discipline S-170-S

Student Code of Conduct

The District believes students deserve the right to participate and learn in a safe environment which allows teachers to focus on instruction that accelerates achievement. To ensure that school is a quality atmosphere for all students at all times, the code of conduct and discipline policies outline consequences for misconduct that occurs at school, during a school activity whether on- or off-campus, on District transportation, or misconduct that involves the use of District technology. All District personnel are responsible to supervise and hold students accountable for violations of discipline rules.

Failure to obey standards of conduct may result in, yet is not limited to, verbal warning, community service, confiscation of property, principal/student conference, parent contact, loss of credit, grade reduction, course failure, removal from extracurricular activities, revocation of privileges including transportation, parking and technology privileges, detention, in- or out-of-school suspension, expulsion, and report to law enforcement. For offenses involving academic integrity, the student may also be subject to a loss of credit for work, a grade reduction, and/or course failure. The Board authorizes the immediate removal of a student who poses a threat to self or others as determined by the principal, Superintendent, or the Board.

Any student who is suspended for any serious violation of the District's Student Discipline policy shall not be allowed while suspended to be within 1,000 feet of any school property or any activity of the District, regardless of where the activity takes place, unless:

- (1)** Such student is under the direct supervision of the student's parent, legal guardian, or custodian and the Superintendent or the Superintendent's designee has authorized the student to be on school property;
- (2)** Such student is under the direct supervision of another adult designated by the student's parent, legal guardian, or custodian, in advance, in writing, to the principal of the school which suspended the student and the Superintendent or the Superintendent's designee has authorized the student to be on school property;
- (3)** Such student is enrolled in and attending an alternative school that is located within one thousand feet of a public school in the District where such student attended school; or
- (4)** Such student resides within one thousand feet of any public school in the District where such student attended school in which case such student may be on the property of his or her residence without direct adult supervision.

If a student engages in an act of violence, a school administrator will report the information to teachers and other District employees who are responsible for the student's education or otherwise interact with the student on a professional basis while acting within the scope of their assigned duties. Additionally, school administrators will report to the appropriate law enforcement agencies any crimes as required by law.

Corporal punishment shall only be used as a method of discipline with the consent of a parent/guardian, when other disciplinary methods have failed to improve student behavior and self-control, and when the District administration believes it will assist in maintaining an atmosphere where orderly learning is possible and encouraged. Corporal punishment shall only be administered by a building administrator and only in the presence of at least one other adult employed by the District.

Reasonable force may be used, when necessary, for the protection of a student or others and property. The District limits the use of seclusion or restraint to situations or conditions in which there is imminent danger of physical harm to self or others.

Students with disabilities will be disciplined in compliance with state and federal laws per the Individuals with Disabilities Act (IDEA), Section 504 of the Rehabilitation Plan, and any regulations and state and local compliance plans, which includes due process rights as afforded to all students. Additionally, a student's Individual Education Plan (IEP), including any portion that is related to past or potentially future violent behavior, will be provided to appropriate staff members with a need to know.

Information regarding a student's misconduct and discipline is confidential and only shared with those who have a need to know. Teachers and other authorized District personnel shall not be civilly liable when acting in conformity with District policies, including the discipline policy, or when reporting acts of school violence to a supervisor or other person as mandated by law.

The District discipline policy and procedures will be provided to every student at the beginning of each year, be published on the District website, and made available in the office of the Superintendent during normal business hours.

This code applies to all misbehavior committed by a student on District property, at any school-sponsored activity or event whether on- or off-campus, and District transportation. Additionally, the District may use its authority to address behavior that occurs off-campus if it interferes with the operation of the school or endangers the safety of students or staff.

Standards of Conduct and Consequences

No document can identify every possible offense that could potentially result in disciplinary action. This code identifies most offenses constituting a failure to obey the standards of conduct set by the Board. However, when circumstances warrant, the principal, Superintendent, and/or Board may impose consequences for misconduct not specifically outlined in this document.

Detention Rules

1. Athletic practice, games, rehearsals and other extracurricular events DO NOT excuse you from detention. NO detention will be rescheduled for any other time for these reasons. If you don't want to miss practice or a game, DON'T GET A DETENTION.
2. Detentions will only be rescheduled for the following reasons:
 - a. **Excused absence**--If and only if your name is on the excused list, your detention date will be moved to the NEXT detention date. Plan on serving it then. If your absence is unexcused, you will be assigned an additional detention and will have two to make-up.
 - b. **Conflicting work schedule**

Rescheduling a detention requires a handwritten, signed explanation from a parent /legal guardian. You should make every effort to turn in your note the day **before** detention. The latest the note can be turned in is by 8:15 on the morning of your scheduled detention. Do NOT go to the supervisor at 3:00 on the day you are supposed to serve a detention and expect to be excused from it. You will not be. **IF YOU DON'T HAVE A NOTE OR THE NOTE IS LATE, THE DETENTION WILL NOT BE RESCHEDULED!**

Bullying, Hazing, and Cyberbullying S-185-S

The District strictly prohibits bullying, including hazing, and cyberbullying on school grounds, at any school function, or on District transportation.

Definitions

Bullying – Intimidation, unwanted aggressive behavior or harassment that is repetitive or is substantially likely to be repeated and causes a reasonable student to fear for his or her physical safety or property; substantially interferes with the educational performance, opportunities, or benefits of any student without exception; or substantially disrupts the orderly operation of the school. Bullying may consist of physical actions, including gestures, or oral, cyberbullying, electronic, or written communication, and any threat of retaliation for reporting such acts.

Cyberbullying – Bullying as defined above through the transmission of a communication including, but not limited to a telephone, wireless telephone, or

other wireless communication device, computer, or pager. The District has jurisdiction to prohibit cyberbullying that originates on a school campus, or at a District activity if the communication was made using District technological resources, if there is sufficient nexus to the educational environment, or if the electronic communication was made on the school's campus or at a District activity using the student's own person technological resource.

Anti-bullying Coordinator – The Superintendent will ensure an individual at each school is designated to serve as the anti-bullying coordinator. All anti-bullying coordinators will be teacher-level or above and a list of coordinators will be kept on file at the District administration office and updated annually. Additionally, a District anti-bullying coordinator will be designated. The building anti-bullying coordinator is Mr. Kevin Shearer, Student Services Coordinator, (660) 668-4427, ShearerK@colecamp.k12.mo.us.

School Day – A day on the District calendar when students are required to attend school.

Reporting Bullying or Cyberbullying

District employees are required to report any instance of bullying of which the employee has firsthand knowledge. Any employee, substitute, or volunteer who witnesses an incident of bullying must report the incident to the building anti-bullying coordinator within two (2) school days of witnessing the incident. If the anti-bullying coordinator is unavailable or is the subject of the report, the employee should contact the District's Compliance Officer. In addition, all District employees, substitutes, or volunteers must direct all persons seeking to report an incident of bullying to the building anti-bullying coordinator.

Any individual making a verbal report of bullying will be asked to submit a written complaint to the anti-bullying coordinator. If the person refuses or is unable to submit a written complaint, the anti-bullying coordinator will summarize the verbal complaint in writing.

When an anti-bullying coordinator is informed about a possible bullying or cyberbullying incident, verbal, written, or otherwise, the District will conduct a prompt, impartial, and thorough investigation to determine whether misconduct, including unlawful conduct, occurred. The District will implement interim measures as necessary. When it is determined that bullying or cyberbullying occurred, the District will take appropriate action for violations of District expectations and rules.

Investigation

Within two (2) school days of receipt of a report of bullying or cyberbullying, the anti-bullying coordinator or designee will initiate an investigation of the incident. The school principal may appoint other school staff to assist with the investigation. The

investigation will be completed within ten (10) school days from the date of the written report unless good cause exists to extend the investigation. A copy of the written report of the investigation and results will be sent to the District anti-bullying coordinator and included in the files of the victim and the alleged or actual perpetrator of bullying or cyberbullying. All reports are confidential in accordance with law and District rules.

Retaliation

The District prohibits reprisal or retaliation against any person who reports an act of bullying or cyberbullying, testifies, or participates in any manner with an investigation proceeding, or hearing. The District will take appropriate remedial action for any student, teacher, administrator, or other school personnel who retaliates.

Consequences of Bullying, Cyberbullying, or Retaliation

When the District receives a report of bullying, cyberbullying, or retaliation, interim measures to protect the victim(s) will be taken. If an investigation determines that bullying, cyberbullying, or retaliation occurred, the District will act to end the bullying, cyberbullying or retaliation.

Students who are determined to have participated in bullying, cyberbullying, or retaliation will be disciplined in accordance with the District discipline policy. Consequences may include, but are not limited to, loss of privileges, detention, in- or out-of-school suspension, expulsion, and referral to law enforcement. Any determination of consequences will consider factors such as the age of the student(s), developmental level of the student(s), degree of harm, severity of behavior, disciplinary history, and other educationally relevant factors.

District employees and substitutes who violate this policy will be disciplined, up to and including termination. Volunteers, visitors, patrons, or others who violate this policy may be prohibited from District property or activities, or other remedial action.

Public Notice

The District will:

1. Provide information and appropriate training to District staff who have significant contact with students regarding the policy.
2. Provide education and information to students regarding bullying, including information regarding the District policy prohibiting bullying, the harmful effects of bullying, and applicable initiatives to address bullying, including student peer-to-peer initiatives to provide accountability and policy enforcement for those found to have engaged in bullying, cyberbullying, and/or retaliation against any person who reports an act of bullying.
3. Instruct school counselors, school and licensed social workers, mental health professionals, and school psychologists to educate students who are victims of bullying on techniques for overcoming bullying's negative

effects. Techniques will include, but are not limited to, cultivating the student's self-worth and self-esteem; teaching the student to defend himself/herself assertively and effectively; helping the student develop social skills; and/or encouraging the student to develop an internal locus of control.

Complaints alleging unlawful discrimination, harassment, or retaliation in violation of District policy will be referred for investigation to the District Compliance Officer.

Report Form

A bullying report form may be obtained by contacting a teacher, counselor, or principal, or by contacting the building office. Bullying report forms are also available outside the counselor's office.

Complaints or Concerns C-120-S

Effective communication helps avoid and resolve many complaints, concerns, misunderstandings and disagreements. Individuals who have a complaint or concern should discuss their concerns with the school personnel involved in the issue at hand in an effort to resolve problems. This step will usually involve communicating directly with the person or persons with whom the complainant has a concern. This step may be skipped when the complainant in good faith believes that speaking directly to the person would subject the complainant to discrimination, harassment or retaliation.

This step may also be skipped if the complainant in good faith believes that any law or a District policy or written rule has been violated. The District has adopted specific procedures for investigation and resolution for complaints or concerns as required by specific and varying laws that are applicable to the District. The District's Compliance Officer should be contacted with any complaints or concerns that any law or District written rule has been violated, including but not limited to, laws relating to: civil rights, including discrimination, harassment, and retaliation; special education matters including the IEP and 504 processes and services; federal programs and related services; bullying; and The Family Educational Rights and Privacy Act, including student records and confidentiality.

When communicating directly with the school personnel involved in the issue does not resolve matters satisfactorily, or if it is appropriate to skip the first step as described above, a complainant should consult with the District's Compliance Officer who will direct the complainant to the appropriate process for resolution of the complaint. The District designates the following individual to act as the District's Compliance Officer:

Name:	Mr. Kevin Shearer, Student Services Coordinator
Phone #:	(660) 668-4427
Email Address:	ShearerK@colcamp.k12.mo.us

In the event the District’s Compliance Officer is unavailable or is the subject of a report that would otherwise be made to the Compliance Officer, reports should instead be directed to the alternative Compliance Officer:

Name: Christina Hess, Superintendent
 Phone #: (660) 668-4427
 Email Address: Hessc@colecamp.k12.mo.us

All complaints of violation of any law or a District policy or written rule will be promptly investigated by the District, and appropriate action will be taken. Complainants are strongly encouraged to provide their concerns in writing.

Students whose educational interests are best served through on-line options may take up to six credits per semester.

For more information regarding online courses, consult the secondary course catalog and/or speak with your school counselor. Additional information about resources and processes may be accessed on the District's website at colecamp.k12.mo.us and District Policy.

Cell Phone Guidelines for Elementary students

Parents are encouraged to have their children leave all cell phones, video-games, or any other electronic devices at home. Any calls that need to be made during the day can be made through the elementary office. If a parent feels that a student must have a cell phone, it will be turned off during the day and kept in their backpack. If students have any of these devices on during the school day, they will be confiscated and returned at the end of the day and parent notification. The school will not be responsible for any such item that is lost or stolen on school grounds.

Cell Phone Guidelines for Middle School Students

Students should not have any cell phones or other electronic devices in their possession during the school day unless an administrator has provided permission. If students have any of these devices in their possession, the devices may be confiscated and the following scale applied. The school will not be responsible for any such item that is lost or stolen on school grounds.

Cell Phone Guidelines for High School Students

Cell phones will not be used during the entire duration of the class period. This includes if a student is in the classroom, hallway, restroom, office etc. A student may use these devices during passing times and lunch. Students that disrupt class with a cell phone or leave class to use their cell phone will be subject to discipline, as outlined below. **CELL PHONES ARE NOT TO BE USED IN ANY SCHOOL-WIDE EMERGENCY SITUATION DUE TO THE LIKELIHOOD OF INTERFERENCE WITH OFFICIAL ACTIONS.** The school will not be responsible for lost, damaged, or stolen electronic devices or cell phones.

Cell Phone Violations- using a cell phone in any location during class time will result in the following consequences:

- First Offense: Student directed to place cell phone on teacher’s desk until the end of the hour.
- Second Offense: Student directed to place cell phone on teacher’s desk and must be picked up at the end of the day in the principal’s office. A detention will be assigned upon picking up the phone in the office.
- Third Offense: Student directed to place cell phone on the teacher’s desk and may be picked up at the end of the day in the principal’s office. ISS will be assigned for the following day upon pick up

Technology Devices and Acceptable Use Policy

The District maintains an environment that promotes ethical and responsible conduct in all online network activities by employees and students. All authorized users are expected to acknowledge and comply with the rules and policies of technology usage and the District network.

Acceptable Use

All use of District devices and Internet usage must support educational purposes consistent with the District mission. Network accounts must be accessed only by the authorized user of the assigned account without an expectation of privacy from the District. Employee and student subscriptions to mailing lists and bulletin boards require prior approval by the system administrator. All online activity will be respectful and align with the code of conduct, discipline, and other related policies of the District. All technology of students will be monitored in compliance with the Children’s Internet Protection Act (CIPA).

Unacceptable Use

Any use of the network for commercial, for-profit, political purposes or advertisement is prohibited. Excessive use of the network for personal business may be cause for disciplinary action. No use of the network may be used to disrupt the use of the network by others or to destroy, modify, or abuse the system in any manner. District resources may not be used to download software or other files unrelated to its mission. Use of the network to access or process pornographic, dangerous, or inappropriate files as determined by the administrator is prohibited. The network may not be used to download, duplicate, or distribute copyrighted materials. The network shall not be used for any unlawful purposes. Use of profanity, harassing, or other offensive or discriminatory language is prohibited.

User Agreements

Parents and, when age-appropriate, students are required to review and sign User Agreements in order to access District technology. (*See User Agreement form in this handbook.*)

Safety and Cybersecurity

The District monitors the online activities of students and operates a technology protection measure (“filtering/blocking device”) on the network and/or all computers with Internet access, as required by law. The filtering/blocking device will attempt to

protect against access to visual depictions that are obscene or harmful to minors or are child pornography, as required by law. Filters/blocking devices are not foolproof, and the District cannot guarantee that users will never be able to access offensive materials using District equipment. Evading or disabling, or attempting to evade or disable, a filtering/blocking device installed by the District is prohibited.

Building Information

Grading and Reporting System

Kindergarten and first graders have objectives to be mastered in language arts and math. They will also have behavior skills listed to keep you informed of important objectives when necessary. They are graded with:

- 4 – Exceeds mastery of objectives
- 3 - Mastery of objective
- 2 - Progressing toward mastery
- 1 – Minimal mastery of objective

Music, art and P.E will use the following grading scale:

- S – Satisfactory
- N – Needs improvement
- U – Unsatisfactory

You will note on the grade card what quarter the objective is taught and what quarter it is mastered. If it is not mastered with 80%-100% (depending on the skill) it will be re-taught and retested each quarter until it is mastered. Please check your child's papers, tests, and assignment sheets as they come home in order to monitor your child's progress.

Students make an exciting change when they enter second grade as this is the first year they receive letter grades for their performance throughout the year. We will explain to the students how their work is averaged together to determine their grade. This is often a difficult change for students to understand. Parents are also sometimes surprised to see the difference in their child's grades when compared to objectives mastered in lower elementary. The objectives measure one skill the student has learned where a grade will often combine several skills in different areas to determine the grade. Please check your child's papers, tests, and assignment sheets as they come home in order to monitor your child's progress. The following grading scale will be used in second, third, and fourth grades:

96-100%	A	74-76%	C
90-95%	A-	70-73%	C-
87-89%	B+	67-69%	D+
83-86%	B	64-66%	D
80-82%	B-	60-63%	D-
77-79%	C+	0-59%	F

Progress Reports

We will report grades to parents at the end of each quarter. Students in grades 2-4 will also receive midterm grades. A parent-teacher conference is scheduled at the end of the first quarter. Parents and teachers may request a conference any time during the year. Grades are available online as well on Tyler SIS.

To be promoted to the next higher grade, a middle school student must receive passing grades on 60% of the eight semester grades given in the core areas. Core areas consist of English, Mathematics, Science, and Social Studies. One option which may be offered to avoid retention is mandatory summer school (a student can make up three semester credits in summer school by maintaining at least a 60% in all core areas during the summer school session).

1st Semester

English
Math
Science
Social Studies

2nd Semester

English
Math
Science
Social Studies

A student must pass at least 2 of the semester classes before summer school can even be an option (Pass 2 credits+3 credits made up in summer school=5 credits).

To be allowed to make up credit in summer school for any class, the student must have had at least a 45% in that class.

Identification Cards/Badges

All students are issued an ID card which the student will use for a variety of purposes. If an ID card is lost or misplaced, please contact the office regarding replacement procedures.

Missouri State High School Activities Association (MSHSAA) Activities

Academic work is important to each student. Participation in activities/athletics shall be governed by the following standards:

1. Any student passing all classes for the semester will be eligible for the following semester.
2. Any student failing two or more semester classes will be ineligible for the following semester.
3. Student Eligibility will also follow the MSHSAA minimum guidelines.

Students will be ineligible on the first school day following distribution of grade cards.

The District complies with all MSHSAA guidelines. The most up-to-date version of the MSHSAA handbook is located at <https://www.mshsaa.org>.

Extra-curricular Activities and Clubs

Extracurricular activities sponsored by the District are part of the educational experience and opportunities for students. Clubs, sports, and other groups seek a diverse range of students and provide fair access under the law. Students are encouraged to identify activities matched to their interests and ability levels and participate in those activities. Participation in extracurricular activities is voluntary and a privilege. Therefore, students must meet certain academic standards, demonstrate acceptable citizenship and behavior, and maintain appropriate attendance in order to be eligible to participate. Unless special arrangements have been made with the principal, a student is required to attend school on the day of an activity in order to participate. All extracurricular activities are supervised by District employees and the expected code of conduct for students remains the same as during the standard school day. Additional guidelines for specific groups, including activities sanctioned by the Missouri State High School Activities Association (MSHSAA), may be outlined at the beginning of the year and/or season. Competitive, interscholastic activities may have evaluation procedures that eliminate some students from participation. When students are not selected for participation, communication will occur in a personal and respectful way.

Academic work is important to each student. Pursuant to MSHSAA guidelines, participation in activities/athletics is governed by the following standards:

1. A student must have been promoted to a higher grade at the close of the previous year to be academically eligible.
2. Any student who fails two or more subjects shall be ineligible during the entire following quarter regardless of promotion to a higher grade.

School Cancellations and/or Early Dismissal

School will be closed when weather conditions are such that buses are unable to run safely. A announcement to notify students and parents/guardians will be made via phone call over our School Messenger system as well as the following TV stations; Springfield KYTV 3, Columbia KOMU 8 and ABC-17, and Jefferson City KRCG 13. Please do not call the administration or TV stations for this information.

At times, school may dismiss early during the day. In the event such a closing should occur, a broadcast will be made and media notified. Information should be given to your child as to what s/he should do if this situation arises. Please keep a watch on the weather, especially in the winter months. If the school needs to send your student to another destination or phone someone to pick her/him, please have this information on file in the office. Time is short in emergency situations and every effort will be made to keep students safe.

Arrival and Dismissal Procedures

Elementary: The building principal or his/her designee shall not excuse a student before the end of the school day without a request for early dismissal by the student's parent or guardian. Please send a dated note or email your child's teacher before 2:00 p.m. if your child needs to leave school early or will be going home in a different way than usual. If

you must call to make a change, the call must be made before 7 2:00 p.m. and the call will only be honored if the caller can be positively identified as the student's parent or guardian. Please call only as a last resort. Children of single parent families will be released only upon request of the custodial parent, i.e., the parent whom the court holds directly responsible for the child and who is identified as such on the school record. School personnel will release students to either natural parent or guardian unless there is a court order which grants custody to one parent or the other. In custody cases, proper credentials will be required. Students will be released only to parent or guardian unless a note is sent to the office. Please inform the office and teacher of any unusual cases. Additional precautions may be taken by the school administration appropriate to the age of the students and as needs arise. Please follow these procedures for the safety of your child.

To ensure safety, those students in grades PreK-4 who do not ride the bus home after school are required to remain in the school cafeteria until after the busses have left the school grounds. Parents should pick their child up at the North parking lot by the cafeteria/gym entrance, parking in the designated places. Please see that your child has been picked up by 3:20 p.m. In the event we have to relocate due to fire, bomb threat, etc., you will be allowed to check your child out after we have organized at the new location.

High School: The building principal or his designee shall not excuse a student before the end of the school day without a request for early dismissal by the student's parent or guardian. Parents may NOT excuse a student who leaves during the school day after the absence has occurred. All excuses must be cleared through the office PRIOR to the student leaving campus. Telephone requests for early dismissal of a student shall be honored only if the caller can be positively identified as the student's parents or guardian. Only students with permission from the office shall be allowed off the school grounds during school hours and must sign out in the office. Any student who leaves school without permission of an administrator will be considered truant. Disciplinary action will be taken upon the student returning to school.

Prior to each school day, please make sure your children know whether they are to ride the bus, be picked up, stay for a supervised activity, or walk home. Notify the respective office of any necessary changes to the typical daily plan prior to 2:00 P.M., as communication becomes more difficult and disruptive during the final hour of the day.

After School Care Program

After school supervision is not offered by the District due to after school responsibilities the staff may have. Boys & Girls Club is available on-site for students in grade K-12. Please contact Boys & Girls club directly to arrange care. Information is available in the elementary office.

Parties/Celebrations

There will be three parties during the school year for elementary students: Fall Party, Christmas Party, and Spring Party. All parties will be held at 1:30 p.m. If you don't want your child to participate, please send a note to the teacher, and your child will be dismissed from school when the parties begin or go to the library to read. If you would like to bring a treat to your child's class for his/her birthday, please check with the classroom teacher for the best time to do so. All treats for all occasions must be store bought. This rule is to protect your child from contagious diseases such as hepatitis. Private party invitations (example - birthday parties): A student may not bring and distribute party invitation to specific students during the school day unless all students in the class are to receive the invitation.

Grade Placement

Students will be assigned to a grade level at the time of enrollment. Home school student's placement will be determined by an administrative evaluation of records from the home school setting, assessment of student's age, total educational experience, achievement tests administered at the time of registration, and consultation with parents/guardians. Records from the home school setting must include the following:

1. A plan book, diary, daily log, or other written record indicating the subjects taught and the activities engaged in with the student;
2. A portfolio containing samples of the student's academic work;
3. A record of evaluation of the student's academic progress; and
4. Other written or credible evidence equivalent to A, B, and C above.

(If placement will be in 9th grade at the beginning of the current school year, home school students will be required to meet all state and local graduation requirements. If placement will be in 10th grade or higher upon evaluation of home school records, an

individualized program of studies will be developed which school officials, parents/guardians, and home school students agree will prepare them for their post-high school goals.)

Student Parking

Students must restrict their parking to the designated parking areas. Vehicles must be parked properly. Those in violation will be responsible for a towing charge to retrieve their vehicle. Students are not permitted to sit in or return to parked vehicles during the school day without having obtained specific permission to do so. Students are not allowed to drive or ride in a motor vehicle during their lunch period. Vehicles parked on school property are subject to search by school officials and/or law officers with reasonable suspicion.

Volunteers

Anyone interested in volunteering, please contact the building office. A background check is required.

Communications

A weekly newsletter is sent home every Friday to keep parents informed of PreK-12 activities. Classroom teachers also send weekly or monthly correspondence. Information is also placed on the school's website at <http://colecamp.schoolwires.net> If you need to contact your child's teacher, we ask that you use their school email address that can be found on the school website. We do not recommend using other forms of social media to contact the teacher(s).

Time for Conferences

If there are any questions or concerns through the year, please call the office and the secretary will relay the message to the teacher. Please remember that teachers are busy with their students during the school day and it is impossible to have a lengthy conference concerning your child's progress when they have twenty other students requiring their attention. We are always willing to schedule an appointment prior to 7:50 A.M. or after 3:25 P.M. We do have faculty meetings and other commitments; therefore, we ask that you make an appointment to make sure that we are available to meet with you. We appreciate hearing from you. Any information or procedures not listed will follow District Policies and Rules which may be found on the Cole Camp website and the Superintendent's office.

Textbooks and School Property

Your tax money helps support the school building, materials, and textbooks. Please encourage your child to show respect and take care of them. Any student who damages or loses school property is responsible for payment. This also includes library books. If you prefer your child not bring the library book(s) home, please send a note to inform your child's teacher.

Library Media Center

The library media center is available for faculty and student use. Research and leisure-time reading materials are available. Computers with CD-ROM, periodical indexing, and Internet capabilities may be accessed. The library is open each morning at 7:50. Students are encouraged to use the library resources for free-reading, research, or last minute homework. The computers are also available at this time. The library is open and staffed during lunch time and after school until 3:30. Evening hours are sometimes offered. Students may use the library either as a class when their teacher has reserved time, or individually. If a student comes to the library during class time, he/she is to have either a hall pass or library pass from their classroom teacher. Students without a pass will be asked to return to their teacher to get one.

Circulation Procedures

Library books and magazines are checked out for two weeks with one renewal. Students in grades PK-1 may check out one book at a time. Students in grades 2-4 are limited to two books and two magazines unless special permission is granted by the librarian to check out more. All other students are limited to three books and two magazines unless special permission is granted by the librarian to check out more. Library materials are checked out on computer. Each student has been assigned a permanent library number. Materials are to be returned on or before the date due. Students who do not return items in a timely manner will be assessed overdue fines. Fines must be paid before cards are issued. Items which are lost or damaged will be replaced at cost of the borrower.

Elementary Specific Building Information

Awards Program

Honor Roll: Grades K & 1 For students reaching 100% or 90% of goals each quarter will qualify for 100% Mastery or 90% Mastery. Grades 2-4 Students who achieve a grade point average of; 3.5 to 4.0 will be on the Principal's List, a grade point average of 3.25 to 3.499 will be on the Honor Roll list, and a grade point average of 3.0 to 3.2499 will be on the Honorable Mention list. Students will have their name put in the Cole Camp & Sedalia newspapers if they meet the award requirements for Honor Roll.

Homework

Students will have some type of homework each evening. The homework should not take more than twenty-five to thirty minutes. The homework will either be a review, additional practice over some skill already covered during the day, or a reading assignment. Students may also have work that was not finished during the day. We encourage each student to spend a minimum of twenty minutes reading each day for their AR goal. Students are expected to turn in the homework by 8:15 each morning. The following homework policy will be used regarding missing homework:

First offense each quarter - Warning - Credit will be given if the homework is turned in by the next day.

Second offense - Student will have to give up recess and assignment must be turned in by the next day.

Third offense – The student will have a note written in the agenda book which must be signed by parents and returned to school the next day.

Fourth offense or more - Student may go to Principal for disciplinary action. All of this requires extra paperwork but keeps parents informed of the student's progress. We hope this homework policy will eliminate any "surprises" at the end of each quarter.

Recesses

We know that students work best when they have had time to burn-off extra energy. Recess is an important time for talking to their classmates in other rooms and for exercising. We will take the students outside if the temperature is above freezing and the weather and playground equipment is dry. Please be sure that your child dresses in the correct clothing for the weather and has the needed hats, coats, and mittens. We expect all of the children to go outside with the class unless they have a doctor's or parent's note stating that the child needs to stay indoors.

High School Specific Building Information

Students ranking 3.25 to 3.50 will be considered Honor Roll students, and their names are to be added to the Honor Roll listing. Students receiving 3.50 to 4.00 average will be named to the Principal's List and receive special recognition if they are on the Principal's List 3 quarters out of 4. Only full time students will be eligible for these honors.

Academic Letter

A student who receives full honor roll recognition for 8 grading periods commencing at the senior high level will be entitled to receive academic lettering recognition. The letter may be worn on an official letter jacket and the bearer is entitled to all of the recognition of a lettering program.

1. Cumulative Test covering specific objectives of the semester
2. Portfolio Assessment due on the last day of the semester
3. Average of all unit or Chapter tests for the semester.
4. End of Course Exams

Students with an absence will be responsible to make up the exam. The semester exam will account for 10% of the semester grade.

Student Transfers S-120-S

The District will enroll students in the school associated with the attendance area in which the student resides. If a student's residence changes to a different attendance area within the District, the student must transfer to the associated school. The Superintendent or designee may consider exceptions to this policy under the following conditions:

1. The District will not generally grant requests for transfers but the District will make limited exceptions based upon educational needs of the student. Resident parents/guardians may request a transfer to another school within the District by completing the transfer request form available on the website. All transfer requests will consider a school's space and class sizes. The District may rescind a transfer for any reason, including but not limited to, disciplinary issues and absenteeism. Any student who transfers to a school outside the student's attendance area based upon residence will be subject to all eligibility rules of the Missouri State High School Activities Association (MSHSAA). The final decision regarding a student transfer rests with the District administration. The District will not provide transportation outside the student's attendance area unless required by law. The Board authorizes the Superintendent to establish student transfer procedures.
2. The Superintendent or designee may transfer students between schools if a transfer is necessary for the student's safety, health, or welfare, or to address overcrowding in a school. The decision of the Superintendent regarding a student transfer will be final.
3. Students who are homeless or in foster care may attend their school of origin if it is in the student's best interest. The District may assign District students with disabilities (served under the provisions of an Individual Education Plan (IEP) or Section 504 Plan (504)) to a school outside the student's attendance area as determined by the IEP or 504 team. In special circumstances, and at the mutual discretion of the participating school Districts, Districts may contract for necessary services for students with disabilities.
4. The District will consider students placed into programs by the Missouri Department of Mental Health (DMH), the Department of Social Services (DSS), or by a court order a resident of the District in which the program is housed. The District will allow a student to attend another school within the District if that student is enrolled in a persistently dangerous school or becomes a victim of a violent criminal offense on school property as mandated by state regulations.

Trauma-Informed Schools Initiative

The faculty of the District strives to communicate and work together with the parents and guardians of our students. Email is one tool that promotes convenient, two-way communication between families and teachers. Though the District network is secure, we cannot guarantee that an email sent from the District server will remain secure once it leaves our system. When teachers or administrators receive email from outside sources, the identity of the person cannot always be easily discerned.

Therefore, permission must be granted by the parent/guardian to allow teachers or administrators to use email for communication. To remain compliant with the Family Educational Rights and Privacy Act (FERPA), email will not be used to send grading, attendance, discipline information of students, or other personally identifiable information without permission to do so. The District also encourages parents to access the District's parent portal, a secure measure, to check your child's school information and progress.

I, Parent/Guardian of (please print) _____, provide to my child's school and to the District permission to email academic, attendance, discipline, or other personally identifiable information to the email address(es) listed below. I understand that by giving this permission, there is no guarantee that the information will be fully secure and do not hold the District liable for any inappropriate release of student information that may violate the FERPA regulations as a result of any email communication. Should your email address change, please contact the District.
