Mission C-110-S

The Roscoe C-1 School District's mission is to work in partnership with parents and community to provide a caring, quality educational environment where students develop academically to a level that will enable them to meet or exceed established standards. We will provide our students with the educational foundation that will enable them to develop the skills necessary to become lifelong learners and prepare them for a successful high school experience.

BELIEFS/VISION

The faculty and staff of Roscoe C-1 School District envision a school in which the following practices are a cultural norm. Relentless pursuit of perfection in the following areas offer the best chance to ensure a quality learning experience for all of our students.

1. To provide a learning program that considers the various backgrounds, capabilities, learning styles, interests, and aspirations of the school's students.
2. To protect and observe the legal rights of each student, and to deal with students in matters of discipline in a just and constructive manner.
3. To provide the opportunity for students to learn personal and civic responsibility for their actions through meaningful experiences as school citizens.
4. To provide for the safety, health, and welfare of students, and to enhance the self-image of each student by helping him or her to feel respected and worthy.
5. To provide an opportunity for the development of self-motivation and pride within each student.

OBJECTIVES

- I. To raise student achievement to a level that meets the yearly expectations of the Every Student Succeeds Act as measured by local monthly assessments and the Adequate Yearly Progress proficiency goals.
- II. To improve instructional climate as measured by 90% of student responses in grades 1-8 being at the Agree or Strongly Agree level on Data Analysis for Comprehensive School Improvement Questionnaire.

The role of the District’s Board is to govern the community’s public schools by making the major decisions for the District as a whole. The Board collectively makes these decisions and individual Board members do not have the power to speak or act for the Board. The Board as a whole, by working with the Superintendent to make decisions that will best serve the District’s students, will govern the community’s schools. Accordingly, complaints or concerns made to Board members will be referred to the appropriate District point of contact for resolution.

Welcome Letter

This handbook is provided to students and their families to acquaint them with the rules, regulations, procedures, and other relevant information necessary for the orderly functioning of school. It has been structured to help promote student progress, as well as the interest of modeling appropriate school government. In addition, this handbook provides for the psychological and physical safety of the students through appropriate rules and regulations.

When breeches of school disciplinary rules and regulations occur, it is the responsibility of involved teachers and the administration to work with the student, his or her parents, and other support personnel to help the student correct the behavior. All disciplinary actions shall be directed toward protecting the welfare of the school community, as well as helping the student develop self-discipline. When determining the response for a specific breach of discipline, school personnel will consider the nature of the act, the student's previous history, his or her age and maturation, and the effect of the student actions on the welfare of the school community.

The Roscoe Student Code of Conduct outlines behavioral expectations with the above criteria in mind and specifies possible consequences. It is extremely important to have the cooperation of our parents. We, therefore, request your support in establishing this Code of Conduct for the educational benefit of all who attend here. We urge you to make it a top priority as we enter the new school year.

Thank you in advance for your cooperation!

The contents of this handbook have been officially endorsed and approved by the Roscoe C-1 Board of Education.

Attendance and Absence Procedures S-115-S

Expectations for Attendance

Attendance is essential for learning. By law, all children must attend school from the age of 7 until the age of 17. Parents/guardians are accountable for the attendance of their child. The District will inform parents/guardians of their student's absence and support families when attendance becomes a concern. It is the responsibility of the student to make up work due to an absence. Students who wish to participate in school-sponsored activities must attend school the entire day on which the activity occurs, unless the principal has pre-approved the absence based upon special circumstances. The administration makes the final determination regarding whether an absence is excused or unexcused.

Procedures for Reporting an Absence

Excused Absences

Parents or students must provide proper notification and documentation to the school showing the absence was unavoidable for an absence to be excused.

Parents must report a student's absence by 9:00 A.M. on the day of the absence. The school will contact parents who do not report a student's absence by the designated time. When a student is released early from school to a parent or guardian, it constitutes an absence. In general, prior notification is required when a student is dismissed early and the student must be checked out through the office. The administration may request documentation to determine whether an absence is excused. Excused absences are allowed for:

- Illness of the student
- Medical appointments that cannot be scheduled outside the school day
- Serious illness or death of a family member
- Religious observances
- School-sponsored activities (e.g., field trips, athletics, competitions, etc.)
- Court appearances or other legal situations beyond the control of the family
- Emergency situations as approved by the principal
- Visits from a parent or guardian on active military duty who is on leave from, will be immediately deployed, or immediately returned with notification and approval of the principal
- Suspensions
- An absence which has been requested and approved in advance by the principal due to exceptional circumstances. In these situations, make-up work should be requested in advance of the absence and any tests, projects, or in-class assignments will be made up at the direction of the teacher.

Unexcused Absences

Absence for reasons other than the categories of excusable reasons, or that does not have the proper documentation for an excused absence as determined by the principal, will be considered unexcused. Excessive, unexcused absences will result in written

notice from the principal to the parents/guardians. The principal may request a parent/guardian conference to discuss attendance concerns and a collaborative plan may be developed to remove barriers to attendance. When attendance remains problematic, the school may contact the appropriate agencies and/or authorities for assistance.

Late Arrival/Tardiness

A late arrival or tardy occurs when a student arrives after the expected class period has begun, as determined by the District. The District will count tardiness as an absence after 8:00 A.M.

Truancy

Truancy is when the student is absent from school without permission of the parents/guardians or school official. Truancy includes, but is not limited to, skipped classes, falsely informing the school about the reason(s) for the absence, or absences that have not been pre-arranged and pre-approved as excused. The District may assign disciplinary measures for truancy. Families are entitled to appeal assigned consequences to the Superintendent or designee.

Make-Up Work

It is the responsibility of the student to make up work with teacher support when a student's absence is excused. For each day missed students will receive two days to complete make-up work.

The Superintendent will call a parent after a student has missed three (3) days, a letter will be sent when a student's attendance rate drops to 90% (in person and/or virtual). These absences are per semester.

The District will maintain a comprehensive system of attendance records for each student. Each teacher is responsible for the accurate reporting of daily attendance in the classroom. The building principal is responsible for supplying information to parents/guardians about student absences and for submitting attendance information to the superintendent's office.

The District will contact the Children's Division (CD) of the Department of Social Services or the local prosecutor in cases where the district has a reasonable suspicion that a student's lack of attendance constitutes educational neglect on the part of the parents/guardians or that parents/guardians are in violation of the compulsory attendance law. No such action will be taken unless other strategies and interventions have been implemented and proven ineffective.

If a student in foster care is absent from school due to a decision by a court or child-placing agency to change the student's placement or due to a verified court appearance or related court-ordered activity, the grades and credit of the student will be calculated as of the date the student left school, and no lowering of the student's grades shall occur as a result of the absence under these circumstances.

Dress Code S-180-S

The purpose of a dress code is to contribute to a safe, healthy environment that protects students and maintains a focus on learning. The dress code included in this handbook provides guidance to students and parents as to what constitutes appropriate attire for school and school activities. District administrators have the discretion to determine whether a garment or manner of dress not specifically described below is appropriate attire for school and school activities and/or causes a disruption to the educational environment. Administrators have the authority to take action to address dress code matters as they arise. The following District guidelines should be observed:

Dress Code Expectations and Prohibitions

Shirts and shoes must be worn. Clothing should be properly fitted (not overly restrictive or loose). Coverage of the body is expected. Therefore, the following garments are not permitted:

1. House shoes or slippers;
2. See-through garments;
3. Tops that are backless, strapless, low-cut, bare-midriff, have overly-large arm openings; or spaghetti straps;
4. Clothing that does not cover undergarments when a student is sitting or standing;
5. Undergarments worn as outer wear;
6. Clothing that does not reach to fingertip length or longer;
7. Holes in pants that are above knee-length unless patched;
8. Leggings and yoga pants unless the student's rear end is covered by a shirt;
9. Clothing with profane, obscene, or otherwise inappropriate language;
10. Clothing with words, symbols or images that promote illegal, sexual, or violent behavior;
11. Clothing with advertisements or promotion of alcohol, tobacco, or drugs;
12. Language or symbols that promote gangs;
13. Hoods (hooded sweatshirts worn up);
14. Do-rags;
15. Handkerchiefs;
16. Sunglasses;
17. Caps and hats;
18. Face paint;
19. Overly-dramatic make-up;
20. Other wear that restricts the line of sight of a student's face and/or facial recognition may not be worn (although exceptions will be made by the principal for head coverings that have religious significance, are worn for medical reasons, or are for a specific, school-sponsored event);
21. Blankets carried or worn as coats or wraps while in the building;
22. Heavy or loose chains, or straps that create a safety risk.

Additional Dress Code Information

Courses and/or class activities that require observance of specific safety requirements may require adjustments of a student's clothing, accessories, or hair style for the duration of the class (e.g., hair pulled back and/or hair nets for culinary classes or other safety wear, etc.). Other dress code requirements may be articulated for students participating in certain extracurricular activities. Students must wear or bring tennis shoes on PE days. For safety purposes, it may be requested that jewelry be removed during physical education and recess activities.

Violations of the District dress code will be addressed with remedial actions and/or consequences.

Food Service Program F-285-S

Soda will not be consumed during lunch or breakfast. Students will not chew gum at school, on school property, or on buses. All meals are to be prepaid; however, students will be provided a modified meal after charging ten meals.

Breakfast will be provided at a cost of \$1.50 per day, which includes milk. Individual Milk \$.40. Breakfast is served 7:40 A.M. to 8:00 A.M.

Lunch

Lunches cost \$1.75 per day. Individual Milk \$.40. Kindergarten – 4th grade lunch is 12:00 P.M. - 12:30 P.M. 5th – 8th grade lunch is 12:30 P.M. - 1:00 P.M.

Free and Reduced Lunch Application

This application is available in the office and mailed out to students in the back-to-school letter.

Adult Visitors for Lunch

Visitors pay \$2.50 per day for breakfast and \$3.00 for lunch.

Allergy Prevention and Response S-145-S

The District is required to ensure students with allergies are safe at school through planned prevention and response to a student's allergic reaction. For purposes of District policy and related procedures, an allergic reaction occurs when the immune system overreacts to a typically harmless substance and may be mild to life-threatening. Allergy prevention and response protocols apply to all school locations, including nonacademic, school-sponsored activities and transportation provided by the District. The Board authorizes the Superintendent or designee to develop and implement procedures to protect the health and well-being of students with significant allergies.

Building-Wide and Classroom Approaches

Food brought to school to share with other students must be pre-packaged.

Parents/guardians should provide, at the time of enrollment, information on any allergies the student may have. The school nurse may request written permission

from the parents/guardians to communicate with a student's health care provider as needed. Staff members are trained annually on risk reduction strategies, symptom recognition, and response procedures. The school nurse has an emergency kit available and accessible in all school buildings containing prefilled auto syringes of epinephrine as allowed by District rules.

The District will provide age-appropriate education for students, consistent with state learning standards, including potential causes of allergic reactions, information on avoiding allergens, symptoms of allergic reactions, and simple steps a student can take to keep classmates safe.

All processed foods, including food sold in vending machines, are labeled with a complete list of ingredients on each individual package. Ingredient lists will be created for all food provided through the District's nutrition program, including before- and after-school programs, which are available upon request. This also applies to items sold as part of concessions, fundraisers, and classroom activities.

Individual Approaches

The District will evaluate and determine whether a student's allergies rises to the level of a disability that require accommodations through the provisions of an Individual Education Plan (IEP) or Section 504 Plan (504). For those students who have allergies that do not rise to the level of disability, a designated team may develop an Individual Health Plan (IHP) and/or Emergency Action Plan (EAP). Staff who have a need to know about a student's allergies and plan will be informed and trained, and all staff members will follow any IEP, 504 Plan, IHP, and/or EAP.

A student's health information and individualized plan will be kept confidential and not shared with those who do not have a need to know unless authorized by the parent/guardian or as allowed by the Family Educational Rights and Privacy Act (FERPA). The District will communicate and collaborate at least annually with parents/guardians regarding the student's allergies, medications, restrictions/precautions, emergency contacts and any other relevant information to keep the student safe.

Health Services S-215-S

Health services are provided under the direction of a school nurse. The school nurse for your student's building may provide services in other buildings as well. Although the nurse may be not physically present at all times in a specific building, the nurse is always on call and there are trained employees in the building to provide first aid, dispense medication, and support the needs presented in the health office.

Illnesses/Injuries

A student's temperature must be 100 degrees and/or vomiting before the child is sent home. Students will wait in the nurse's office until the parent arrives.

Health Screenings

At the beginning of the school year, all students receive a hearing and vision screening unless the parent opts out. Information will be provided and an opportunity to opt out prior to the screenings.

Head Lice Policy - It shall be the policy of the Roscoe C-1 School District to protect their students, faculty, staff and families from infestations of head lice as much as possible through effective screening procedures, removal from school those found to be infested by lice or nits (unhatched lice), as well as effective follow-up determining effective measures of treatment and prevention of recurrence.

Head Lice Procedure:

1. Upon identifying lice or nits, exclusion from school shall be in accordance with the following procedure:
 - A. Nits - The child will not remain in school the day of nit identification and will not be able to return to school until screened by qualified school personnel to assure the hair is free of nits.
 - B. Lice - the child will be sent home upon identification of lice. The child will not be able to return to school until screened by qualified school personnel to assure the hair is free of lice.
 - C. Head lice fact sheets will be sent home as well as a notification of identification of lice or nits.
2. After every regular check, if head lice or nits are found, notes will be sent home with all children stating that cases of head lice or nits have been found in the school.
3. A record of all identified cases will be kept by the health nurse.
4. Any faculty or staff suspecting lice or nit infestation shall immediately notify the administrator. The administrator shall take appropriate action to refer and monitor for follow-up treatment and document same.

Health Office

If you have any questions, please contact the Superintendent.

Administration of Medication S-135-S

All medication is kept in the health office and no medication will be dispensed without written parental permission, including over-the-counter medication. Many medications can be given at home before or after school. When this is not possible, medication

should be brought directly to the health office and must be accompanied by the following information:

Non-Prescription Medication – A written note from the parent/guardian with a list of medications of the medication their student can and cannot have at school. These medications include, but are not limited to, allergy medication, decongestants, cough syrup, ibuprofen (Advil), acetaminophen (Tylenol), cough drops, or other.

Prescription Medication – Prescription medication must be sent to school in the original prescription container. The prescription label will serve as the written permission from the physician. If the doctor has given samples of medication, then a written note from the physician is necessary and should include the name of the student, the medication, and the dosage prescribed. The nurse may need to clarify prescription orders with the provider. The District will not dispense the first dose of a new prescription.

When a student has a health condition which needs accommodation or may necessitate emergency care, it is important that the school nurse be informed. Examples of a health condition that would need to be shared with the school nurse include severe allergies, asthma, diabetes, hearing loss, seizure disorder, etc. This would include situations when a physician recommends a student assume responsibility for self-medication. The nurse may request a release of information from the student's health care provider and the information may be shared with necessary District staff members on a need to know basis. Please contact the school office.

Communicable Diseases F-245-S

Parents/guardians must notify the District if their student has a communicable disease. Parents/guardians will be required to provide written approval from the student's treating physician in order for their student to attend school. The District reserves the right to prevent student attendance until clarification or implementation of precautionary measures are in place. Parents/guardians are required to notify the District if they are enrolling or have a student attending school who is HIV positive.

Medical information of students is highly confidential, and the District will take necessary steps to protect the medical information of students and ensure that such information is released only to those with a need-to-know and/or individuals and entities who are required by law to be notified of certain health and medical information.

Students with a communicable disease who exhibit behaviors that increase the chances of their condition being spread to other individuals, may be subject to discipline and/or remedial action in accordance with the discipline code, and state and federal law.

Immunizations and Vaccinations

It is unlawful for any student to attend school unless the student has been immunized according to Missouri School Immunization Law or unless a signed statement of medical or religious exemption is on file at the school, which is described in all enrollment information. Parents/guardians should bring immunization records at the time of enrollment and obtain additional immunizations as required by state law.

Student Insurance S-140-S

The District recommends student accident insurance for the protection of a student and parents/guardians. It is the responsibility of the parents/guardians to arrange insurance coverage as the District does not assume financial responsibility for student injuries.

Students participating in interscholastic athletics are required to have insurance coverage. This may be in the form of either family coverage or the coverage offered through the District. Missouri State High School Activities Association (MSHSAA), requires that a student be covered through insurance before being allowed to practice or compete for a school team. The student will not be allowed to participate in interscholastic practices or competitions until proof of insurance is provided.

The District also provides information about MO HealthNet for Kids (MHK), Missouri's Medicaid program, to qualifying families who enroll students in the District. Parents who complete an application for free and reduced-priced meals (FRL), and who indicate on the application form a child does not have insurance, will be notified by the District that the MHK program is available. Forms for MHK may be accessed at:

<https://dssmanuals.mo.gov/wp-content/uploads/2020/09/IM-1SSL-Fillable-Secured-6-24-21.pdf>.

Student Records S-125-S

Access to and Release of Student Information

All parents/guardians may inspect and review their student's education records, seek amendments, consent to disclosures except to the extent the law authorizes disclosure without consent, and file complaints regarding the records as allowed by law. Requests to inspect or review education records may be directed to the Superintendent or School Secretary. Requests to amend education records may be directed to the Superintendent or School Secretary to obtain the proper form. If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

The parents'/guardians' rights relating to the education records transfer to the student once the student becomes an eligible student; however, parents/guardians maintain some rights to inspect student records even after a student turns 18. The District allows access to records to either parent, regardless of divorce, custody or visitation rights,

unless the District is provided with legal documents that the parent's rights to inspect records have been modified.

Directory Information

Directory information is information about a student that generally is not considered harmful or an invasion of privacy if disclosed without the consent of a parent or eligible student. The District will designate the types of information included in directory information and may release this information without obtaining consent from a parent or eligible student unless a parent or eligible student notifies the District in writing. Parents and eligible students will be notified annually of the information the District has designated as directory information and the process for notifying the District if they do not want the information released. Even if parents or eligible students notify the District in writing that they do not want directory information disclosed, the District may still disclose the information if required or allowed by law. For example, the District may require students to disclose their names, District email addresses in classes in which they are enrolled, or students may be required to wear or display a student identification card that exhibits information designated as directory information. If you do not want the District to disclose any or all of the types of information designated below as directory information from your child's education records without your prior written consent (with exception of disclosures required by law), you must notify the District in writing by September 1st of each school year.

The District designates the following items as directory information:

General Directory Information: The following personally identifiable information about a student may be disclosed by the District without first obtaining written consent from a parent or eligible student: Student's name; grade level; participation in District-sponsored or District-recognized activities and sports; weight and height of members of athletic teams; athletic performance data; honors and awards received; artwork or course work displayed by the District; and photographs, videotapes, digital images and recorded sound unless such records would be considered harmful or an invasion of privacy.

Limited Directory Information: In addition to general directory information, a student's address, telephone number and email address; and the parents' addresses, telephone numbers and email addresses may be disclosed to: school officials with a legitimate educational interest; parent groups or booster clubs that are recognized by the Board and are created solely to work with the District, its staff, students and parents and to raise funds for District activities; parents of other students enrolled in the same school as the student whose information is released; students enrolled in the same school as the student whose information is released; governmental entities including, but not limited to, law enforcement, the juvenile office and the Children's Division (CD) of the Department of Social Services.

School Officials with a Legitimate Educational Interest

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests.

A school official includes a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a Board Member. A school official also may include a volunteer, contractor, or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks.

A school official typically has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Release of Records to Other Agencies or Institutions

The District forwards education records to officials of another school, school system, or institution of postsecondary education where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer, subject to the requirements under the law.

Military and Higher Education Access

The District will disclose the names, addresses and telephone numbers of secondary school students to military recruiters or institutions of higher education as required by law. However, if a parent or a secondary school student who is at least 18 submits a written request, the District will not release the information without first obtaining written consent from the parent of the student/eligible student.

Release

Parents or guardians may designate additional adult(s) to have access to their student's records by requesting a Family Educational Rights and Privacy Act (FERPA) release form. This form is available in the office.

Notice

Parents/Guardians and/or eligible students have the right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

A responsible student will:

1. Be on time at the scheduled stop.

4. Refrain from talking to the driver while the bus is in motion.
5. Load and unload in an orderly fashion.

11. There will be no transfer of students from bus to private vehicle or vice-versa, except for those whose parents have made prior arrangements that have been cleared through the office.

2. Instill in their children habits of punctuality and correct behavior.
3. Know about transportation regulations and teach them to their children.
4. Accompany small children to the bus in the morning and meet them in the afternoon if at all possible.

Bus Driver Responsibilities

1. Be consistent in pick-up and return times. (May vary 1 to 2 minutes or more, depending on traffic and road conditions.)
2. Have a safe, clean bus for transporting children.
3. Demand proper behavior and respect from riders.
4. Observe all rules for the safe operation of the bus.
5. An emergency drill will be held once each semester.

WE NEED TWO NOTES – ONE FROM EACH PARENT FOR STUDENTS WHO ARE GOING HOME WITH ANOTHER STUDENT.

BUS RULES AND REGULATIONS

1. Stay off the road at all times when waiting for the bus.
2. Be on time so there will be no delay. The bus will not wait for students.

12. Under no circumstances shall a student throw anything at the bus while it is standing or moving.
13. Do not ask the driver to stop at places other than the regular bus stop. He/she is not permitted to do this except by proper authorization by the school administrator.
14. The same bus rules and regulations apply on trips under school sponsorship as you observe between home and school.
15. Animals are not permitted on the bus.
16. Upon leaving the bus, students who cross the highway should cross the road in front of the bus and not behind it.
17. If you are not coming to school, you are not permitted to ride the bus.
18. Students riding a different bus than usual must bring a note each time they will be riding.
19. No food or drinks are to be consumed on the bus. No glass containers will be allowed on the bus.

RULES FOR BUS SAFETY

1. In case of road emergency, remain in the bus until instructions are given by the driver.

3. If a child lives on the same side of the street as the bus stop, he/she must immediately get a safe distance away from the bus so as not to be injured when the bus pulls away.
4. Be alert to a danger signal from the bus driver.

Bus Rules and Regulations and Rules for Bus Safety were adopted to assure safety of all bus students. In order that the bus driver may give his/her full attention to driving the bus, each student must remain sitting quietly in a seat during the entire time he/she is on the bus. Each student will be assigned a specific seat on the bus for safety. We ask parents to discuss the reason and need for students to follow the safety rules.

TRANSPORTATION DISCIPLINE PROCEDURE

This section could more appropriately be entitled Safety Procedures. These rules should be enforced in a positive manner by the parent as well as the driver and teacher.

Whenever one of these rules is violated, the driver is distracted from safely operating the school bus, and thus the student has caused lives to be endangered. Students may be filmed at any time while riding school owned buses. These videos will only be used for behavior management purposes.

The seven (7) basic rules that students need to follow are:

1. Obey the driver
2. Remain seated
3. No loud noise
4. No food, gum, drinks, or tobacco products
5. No horseplay
6. No verbal abuse (statements that are made to intimidate or injure another person)

One very important safety rule is “Anything that distracts the driver is a safety violation.”

BUS TRANSPORTATION PROCEDURES

The bus driver will warn students who commit minor violations and will attempt to avoid problems before they develop.

1st written notice – If a student violates a major rule or fails to respect a warning from the bus driver, a Bus Conduct Report will be issued to the student and he/she will be reported to the administrator for discipline. A copy of the Report will be sent home to the parents for signature and returned to the administrator.

2nd written notice – Copy of Bus Conduct Report sent to parents for signature and returned to the administrator. The school administrator and bus driver will hold a conference with the student. The parents will be contacted by the administrator and a one (1) day suspension from bus transportation may occur.

3rd written notice – Copy of Bus Conduct Report sent to parents for signature and returned to administrator. The parents will be contacted by the administrator and a three (3) days suspension from bus transportation may occur.

4th written notice – Copy of Bus Conduct Report sent to parents for signature and returned to administrator. The parents will be contacted by the administrator and a ten (10) day suspension from bus transportation may occur.

5th written notice – Copy of Bus Conduct Report sent to parents for signature and returned to administrator. The parents will be contacted by the administrator and a thirty (30) day suspension from bus transportation may occur.

The Board of Education may remove a student’s bus riding privileges permanently.

It is possible that the first violation could be of a very serious nature such that the student would be suspended from riding the bus. The warning system established

should eliminate 99% of the problems. Losing the privilege of riding the bus may seem harsh, but such measures are necessary to ensure the safety of all the children. The driver must be in a position to give his/her full attention to driving the bus and every measure must be taken to assure that an accident does not occur.

All violations, except removal from the bus for the rest of the year, WILL NOT be erased after the first semester, but will be for the remainder of the school year.

If a student has been suspended from riding the bus which takes him/her to and from school, during this time period the student will not be permitted to ride the bus for any activity. This includes field trips, etc.

Student Discipline S-170-S

Student Code of Conduct

The District believes students deserve the right to participate and learn in a safe environment which allows teachers to focus on instruction that accelerates achievement. To ensure that school is a quality atmosphere for all students at all times, the code of conduct and discipline policies outline consequences for misconduct that occurs at school, during a school activity whether on- or off-campus, on District transportation, or misconduct that involves the use of District technology. All District personnel are responsible to supervise and hold students accountable for violations of discipline rules.

Failure to obey standards of conduct may result in, yet is not limited to, verbal warning, community service, confiscation of property, principal/student conference, parent contact, loss of credit, grade reduction, course failure, removal from extracurricular activities, revocation of privileges including transportation, parking and technology privileges, detention, in- or out-of-school suspension, expulsion, and report to law enforcement. For offenses involving academic integrity, the student may also be subject to a loss of credit for work, a grade reduction, and/or course failure. The Board authorizes the immediate removal of a student who poses a threat to self or others as determined by the principal, Superintendent, or the Board.

Any student who is suspended for any serious violation of the District's Student Discipline policy shall not be allowed while suspended to be within 1,000 feet of any school property or any activity of the District, regardless of where the activity takes place, unless:

1. Such student is under the direct supervision of the student's parent, legal guardian, or custodian and the Superintendent or the Superintendent's designee has authorized the student to be on school property;
2. Such student is under the direct supervision of another adult designated by the student's parent, legal guardian, or custodian, in advance, in writing, to the principal of the school which suspended the student and the Superintendent or the Superintendent's designee has authorized the student to be on school property;

3. Such student is enrolled in and attending an alternative school that is located within one thousand feet of a public school in the District where such student attended school; or
4. Such student resides within one thousand feet of any public school in the District where such student attended school in which case such student may be on the property of his or her residence without direct adult supervision.

If a student engages in an act of violence, a school administrator will report the information to teachers and other District employees who are responsible for the student's education or otherwise interact with the student on a professional basis while acting within the scope of their assigned duties. Additionally, school administrators will report to the appropriate law enforcement agencies any crimes as required by law.

Corporal punishment shall only be used as a method of discipline with the parent being notified and written permission of a parent/guardian for corporal punishment, when other disciplinary methods have failed to improve student behavior and self-control, and when the District administration believes it will assist in maintaining an atmosphere where orderly learning is possible and encouraged. Corporal punishment shall only be administered by a building administrator and only in the presence of at least one other adult employed by the District.

Reasonable force may be used, when necessary, for the protection of a student or others and property. The District limits the use of seclusion or restraint to situations or conditions in which there is imminent danger of physical harm to self or others.

Students with disabilities will be disciplined in compliance with state and federal laws per the Individuals with Disabilities Act (IDEA), Section 504 of the Rehabilitation Plan, and any regulations and state and local compliance plans, which includes due process rights as afforded to all students. Additionally, a student's Individual Education Plan (IEP), including any portion that is related to past or potentially future violent behavior, will be provided to appropriate staff members with a need to know.

Information regarding a student's misconduct and discipline is confidential and only shared with those who have a need to know. Teachers and other authorized District personnel shall not be civilly liable when acting in conformity with District policies, including the discipline policy, or when reporting acts of school violence to a supervisor or other person as mandated by law.

The District discipline policy and procedures will be provided to every student at the beginning of each year, be published on the District website, and made available in the office of the Superintendent during normal business hours.

This code applies to all misbehavior committed by a student on District property, at any school-sponsored activity or event whether on- or off-campus, and District transportation. Additionally, the District may use its authority to address behavior that

occurs off-campus if it interferes with the operation of the school or endangers the safety of students or staff.

Standards of Conduct and Consequences

No document can identify every possible offense that could potentially result in disciplinary action. This code identifies most offenses constituting a failure to obey the standards of conduct set by the Board. However, when circumstances warrant, the principal, Superintendent, and/or Board may impose consequences for misconduct not specifically outlined in this document.

Bullying, Hazing, and Cyberbullying S-185-S

The District strictly prohibits bullying, including hazing, and cyberbullying on school grounds, at any school function, or on District transportation.

Definitions

Bullying – Intimidation, unwanted aggressive behavior or harassment that is repetitive or is substantially likely to be repeated and causes a reasonable student to fear for his or her physical safety or property; substantially interferes with the educational performance, opportunities, or benefits of any student without exception; or substantially disrupts the orderly operation of the school. Bullying may consist of physical actions, including gestures, or oral, cyberbullying, electronic, or written communication, and any threat of retaliation for reporting such acts.

Cyberbullying – Bullying as defined above through the transmission of a communication including, but not limited to a telephone, wireless telephone, or other wireless communication device, computer, or pager. The District has jurisdiction to prohibit cyberbullying that originates on a school campus, or at a District activity if the communication was made using District technological

resources, if there is sufficient nexus to the educational environment, or if the electronic communication was made on the school's campus or at a District activity using the student's own person technological resource.

Anti-bullying Coordinator – The Superintendent will ensure an individual at each school is designated to serve as the anti-bullying coordinator. All anti-bullying coordinators will be teacher-level or above and a list of coordinators will be kept on file at the District administration office and updated annually. Additionally, a District anti-bullying coordinator will be designated. The building anti-bullying coordinator is: the School Counselor and can be reached at 417-646-2376.

School Day – A day on the District calendar when students are required to attend school.

Reporting Bullying or Cyberbullying

District employees are required to report any instance of bullying of which the employee has firsthand knowledge. Any employee, substitute, or volunteer who witnesses an incident of bullying must report the incident to the building anti-bullying coordinator within two (2) school days of witnessing the incident. If the anti-bullying coordinator is unavailable or is the subject of the report, the employee should contact the District's Compliance Officer. In addition, all District employees, substitutes, or volunteers must direct all persons seeking to report an incident of bullying to the building anti-bullying coordinator.

Any individual making a verbal report of bullying will be asked to submit a written complaint to the anti-bullying coordinator. If the person refuses or is unable to submit a written complaint, the anti-bullying coordinator will summarize the verbal complaint in writing.

When an anti-bullying coordinator is informed about a possible bullying or cyberbullying incident, verbal, written, or otherwise, the District will conduct a prompt, impartial, and thorough investigation to determine whether misconduct, including unlawful conduct, occurred. The District will implement interim measures as necessary. When it is determined that bullying or cyberbullying occurred, the District will take appropriate action for violations of District expectations and rules.

Investigation

Within two (2) school days of receipt of a report of bullying or cyberbullying, the anti-bullying coordinator or designee will initiate an investigation of the incident. The school principal may appoint other school staff to assist with the investigation. The investigation will be completed within ten (10) school days from the date of the written report unless good cause exists to extend the investigation. Complaints or Concerns C-120-S

Effective communication helps avoid and resolve many complaints, concerns, misunderstandings and disagreements. Individuals who have a complaint or concern should discuss their concerns with the school personnel involved in the issue at hand in an effort to resolve problems. This step will usually involve communicating directly with the person or persons with whom the complainant has a concern. This step may be skipped when the complainant in good faith believes that speaking directly to the person would subject the complainant to discrimination, harassment or retaliation.

This step may also be skipped if the complainant in good faith believes that any law or a District policy or written rule has been violated. The District has adopted specific procedures for investigation and resolution for complaints or concerns as required by specific and varying laws that are applicable to the District. The District's Compliance Officer should be contacted with any complaints or concerns that any law or District written rule has been violated, including but not limited to, laws relating to: civil rights, including discrimination, harassment, and retaliation; special education matters including the IEP and 504 processes and services; federal programs and related services; bullying; and The Family Educational Rights and Privacy Act, including student records and confidentiality.

When communicating directly with the school personnel involved in the issue does not resolve matters satisfactorily, or if it is appropriate to skip the first step as described above, a complainant should consult with the District's Compliance Officer who will direct the complainant to the appropriate process for resolution of the complaint. The District designates the following individual to act as the District's Compliance Officer:

Name: Guidance Counselor
Phone #: 417-646-2376
Email Address: roscoecounselor@gmail.com

In the event the District's Compliance Officer is unavailable or is the subject of a report that would otherwise be made to the Compliance Officer, reports should instead be directed to the alternative Compliance Officer:

Name: Secretary/Bookkeeper
Phone #: 417-646-2376
Email Address: roscoeoffice@gmail.com

All complaints of violation of any law or a District policy or written rule will be promptly investigated by the District, and appropriate action will be taken. Complainants are strongly encouraged to provide their concerns in writing.

Grading and Reporting System

Roscoe School is on a semester basis. Grading periods cover approximate 9 weeks each.

Progress reports are sent out at the end of 5 weeks and 14 weeks of each semester.

Work not made up will be averaged into the grades as a failing score on the incomplete work.

Performance and effort are reported in letters which have the following meaning:

96 - 100 = A Superior	O = Outstanding
90 - 95 = A- Superior	S = Superior
87 - 89 = B+ Above Average	U = Unsatisfactory
83 - 86 = B Above Average	F = Failure
80 - 82 = B- Above Average	I = Incomplete
77 - 79 = C+ Average	
73 - 76 = C Average	
70 - 72 = C- Average	
67 - 69 = D+ Poor	
63 - 66 = D Poor	
60 - 62 = D- Poor	
0 - 59 = F Failure	

During the fall, parent-teacher conferences will be scheduled each school year. All parents will meet with their son's/daughter's teacher to review their academic progress. If it is necessary to schedule additional conferences, we will be more than happy to accommodate parents and their schedules.

Students that have an F at Field Trip time will not be eligible to attend. Students that have had ISS or OSS anytime during that quarter will not be eligible to attend. Students that have less than 90% attendance (in person and/or virtual) for the school year will not be eligible to attend.

HONOR ROLL

The honor roll is based on grades in subjects where letter grades are used (i.e., A, B, C, D, and F). The honor roll is divided into two (2) classes: "A" honor roll and "B" honor roll and designates those who do not make a C- or below in any core subject. Pluses and minuses should be figured in determining grade point average. Grade points are computed as follows:

A = 11	B = 8	C = 5	D = 2
A- = 10	B- = 7	C- = 4	D- = 1
B+ = 9	C+ = 6	D+ = 3	F = 0

Honor roll will be published after grading periods. Recognition will be given to those students in grades 3-8 who are on the honor roll for any quarter in a school year. Except

in the case of illness, any student with incomplete work at the time of computation will not be eligible for honor roll.

Missouri State High School Activities Association (MSHSAA) Activities

Students may play sports through the Osceola cooperative. Students must adhere to Osceola activities requirements.

District Sponsored Extra-curricular Activities and Clubs I-210-S

Extracurricular activities sponsored by the District are part of the educational experience and opportunities for students. Clubs, sports, and other groups seek a diverse range of students and provide fair access under the law. Students are encouraged to identify activities matched to their interests and ability levels and participate in those activities. Participation in extracurricular activities is voluntary and a privilege. Therefore, students must meet certain academic standards, demonstrate acceptable citizenship and behavior, and maintain appropriate attendance in order to be eligible to participate. Unless special arrangements have been made with the principal, a student is required to attend school on the day of an activity in order to participate. All extracurricular activities are supervised by District employees and the expected code of conduct for students remains the same as during the standard school day. Additional guidelines for specific groups, including activities sanctioned by the Missouri State High School Activities Association (MSHSAA), may be outlined at the beginning of the year and/or season. Competitive, interscholastic activities may have evaluation procedures that eliminate some students from participation. When students are not selected for participation, communication will occur in a personal and respectful way.

School Cancellations and/or Early Dismissal

School will be closed when weather conditions are such that buses are unable to run safely. A broadcast will be made utilizing the School Messenger to notify students and parents/guardians. Announcements will also be made on Facebook, and most Springfield television stations. Please do not call the administration or radio/TV stations for this information.

At times, school may dismiss early during the day. In the event such a closing should occur, a broadcast will be made and media notified. Information should be given to your child as to what s/he should do if this situation arises. Please keep a watch on the weather, especially in the winter months. If the school needs to send your student to another destination or phone someone to pick her/him, please have this information on file in the office. Time is short in emergency situations and every effort will be made to keep students safe.

Arrival and Dismissal Procedures S-165-S

The school day will run from 7:40 a.m. until 3:52 p.m. Students should arrive at school no earlier than 7:30 a.m. We request that you drop off students only on Main Street. Do not attempt to drop off students in the circle driveway. Students are required to stay on the sidewalk until they reach the school building. This is a safety requirement.

Students will not be released to anyone or permitted to leave the building or the grounds at any time during school hours without permission from the office.

Teachers may not release students from school at other than the regular dismissal times without prior approval of the office. No student will be released from school to any adult other than the custodial parent or guardian without the written or oral permission of parent or guardian. Parent(s) or authorized adult(s) must sign students out who are leaving the building during the school day.

All parents will be requested to supply the office the name of any person(s) other than themselves who shall be permitted to pick up their son or daughter. Students must bring a note signed by the parent/guardian if they are to ride a different bus home or be transported by someone other than the parent/guardian.

WE NEED TWO NOTES – ONE FROM EACH PARENT FOR STUDENTS WHO ARE GOING HOME WITH ANOTHER STUDENT.

Parties/Celebrations

Student Transfers S-120-S

The District will enroll students in the school associated with the attendance area in which the student resides. If a student's residence changes to a different attendance area within the District, the student must transfer to the associated school. The Superintendent or designee may consider exceptions to this policy under the following conditions:

1. The District will not generally grant requests for transfers but the District will make limited exceptions based upon educational needs of the student. Resident parents/guardians may request a transfer to another school within the District by completing the transfer request form available on the website. All transfer requests will consider a school's space and class sizes. The District may rescind a transfer for any reason, including but not limited to, disciplinary issues and absenteeism. Any student who transfers to a school outside the student's attendance area based upon residence will be subject to all eligibility rules of the Missouri State High School Activities Association (MSHSAA). The final decision regarding a student transfer rests with the District administration. The District will not provide transportation outside the student's attendance area unless required by law. The Board authorizes the Superintendent to establish student transfer procedures.
2. The Superintendent or designee may transfer students between schools if a transfer is necessary for the student's safety, health, or welfare, or to address overcrowding in a school. The decision of the Superintendent regarding a student transfer will be final.
3. Students who are homeless or in foster care may attend their school of origin if it is in the student's best interest. The District may assign District students with

disabilities (served under the provisions of an Individual Education Plan (IEP) or Section 504 Plan (504)) to a school outside the student’s attendance area as determined by the IEP or 504 team. In special circumstances, and at the mutual discretion of the participating school Districts, Districts may contract for necessary services for students with disabilities.

4. The District will consider students placed into programs by the Missouri Department of Mental Health (DMH), the Department of Social Services (DSS), or by a court order a resident of the District in which the program is housed. The District will allow a student to attend another school within the District if that student is enrolled in a persistently dangerous school or becomes a victim of a violent criminal offense on school property as mandated by state regulations.

The faculty of the District strives to communicate and work together with the parents and guardians of our students. Email is one tool that promotes convenient, two-way communication between families and teachers. Though the District network is secure, we cannot guarantee that an email sent from the District server will remain secure once it leaves our system. When teachers or administrators receive email from outside sources, the identity of the person cannot always be easily discerned.

Therefore, permission must be granted by the parent/guardian to allow teachers or administrators to use email for communication. To remain compliant with the Family Educational Rights and Privacy Act (FERPA), email will not be used to send grading, attendance, discipline information of students, or other personally identifiable information without permission to do so. The District also encourages parents to access the District’s parent portal, a secure measure, to check your child’s school information and progress.

I, Parent/Guardian of (please print) _____, provide to my child’s school and to the District permission to email academic, attendance, discipline, or other personally identifiable information to the email address(es) listed below. I understand that by giving this permission, there is no guarantee that the information will be fully secure and do not hold the District liable for any inappropriate release of student information that may violate the FERPA regulations as a result of any email communication.
