Mission C-110-S

The mission of the Galena R-II School District is: to teach each student to stand confidently, participate fully, learn continually and contribute meaningfully to the global community. The Board has a long-range plan for the governance of the District that is guided by the District’s mission, priorities, goals and objectives. The strategic plan will be developed and amended under the direction of the Board and with input from key District stakeholders. School Board Members G-100-S

- Rick Farley - President
- Jeremiah Doak - Vice President
- Angela Foster - Secretary
- Mechelee Lebow - Treasurer
- Jimmie Faucett
- BJ Sartin
- Kent Stephens

The role of the District’s Board is to govern the community’s public schools by making the major decisions for the District as a whole. The Board collectively makes these decisions and individual Board members do not have the power to speak or act for the Board. The Board as a whole, by working with the Superintendent to make decisions that will best serve the District’s students, will govern the community’s schools. Accordingly, complaints or concerns made to Board members will be referred to the appropriate District point of contact for resolution.

Welcome Letter

Parents & Guardians,

It is with great pleasure that I welcome you to the 2023-24 school year! I am excited to see our returning students as well as meet our new families. We are busy preparing classrooms and creating exciting lessons. Please utilize this handbook to guide you and your kiddos through the district procedures, expectations, rules, & policies. Our handbook is a collaboration between the administrative team, faculty, and staff.

We firmly believe that communication is vitally important to the success of each student. Communication between home & school (administration, teachers, bus drivers, etc.) is a vital link in the communication chain. We encourage you to contact your child's teacher with any suggestions, praises, concerns, or comments as a first point of contact.

We look forward to a positive, amazing school year!

Dr. Staci Baker, Principal

Attendance and Absence Procedures S-115-S

Expectations for Attendance

Attendance is essential for learning. By law, all children must attend school from the age of 7 until the age of 17. Parents/guardians are accountable for the attendance of their child. The District will inform parents/guardians of their student's absence and support families when attendance becomes a concern. It is the responsibility of the student to make up work due to an absence. Students who wish to participate in school-sponsored activities must attend school the entire day on which the activity occurs, unless the principal has pre-approved the absence based upon special circumstances. The administration makes the final determination regarding whether an absence is excused or unexcused.

Procedures for Reporting an Absence

If your child is absent, please call the elementary school (417) 357-6377 no later than 9:00 a.m., and let us know that your child will not be in school that day and the reason for the absence. Please call early in the day if you want to pick up assignments for the period of absence or if you want them sent home with another student. Please send a written note or doctor's note with your child upon his/her return to school. The note should include the child's name, date(s) of absence(s), nature of the absence(s) and the parent or the doctor's signature. The school may contact you by phone or letter if your child has been absent for two consecutive days and we have not heard from you or if your child has excessive absences throughout the school semester. Periodically, attendance letters will be sent home after 5 absences, 10 absences, and 15 or more absences within a semester. When a child has been absent for ten days or more, a copy of the attendance letter is sent to the County Prosecutor's office and the Juvenile Officer.

Students who arrive late must report to the office to be admitted into class.

Excused Absences

Parents or students must provide proper notification and documentation to the school showing the absence was unavoidable for an absence to be excused. It is the responsibility of the student to make up work with teacher support when a student's absence is excused. The timelines for turning in make-up work will be determined with the teacher as long as the work is completed within the applicable grading period.

Late Arrival/Tardiness

A late arrival or tardy occurs when a student arrives after the expected class period has begun, as determined by the District. The District will count tardiness as an absence.

Truancy

Truancy is when the student is absent from school without permission or notice from the parents/guardians or school official. Truancy includes, but is not limited to, skipped classes, falsely informing the school about the reason(s) for the absence, or absences

that have not been pre-arranged and pre-approved. The District may assign disciplinary measures for truancy. Students who are truant are encouraged to make-up the work to aid learning. The timelines for turning in make-up work and any impact on grading will be according to the guidelines of the building and at the direction of the teacher.

Dress Code S-180-S

The purpose of a dress code is to contribute to a safe, healthy environment that protects students and maintains a focus on learning. The dress code included in this handbook provides guidance to students and parents as to what constitutes appropriate attire for school and school activities. District administrators have the discretion to determine whether a garment or manner of dress not specifically described below is appropriate attire for school and school activities and/or causes a disruption to the educational environment. Administrators have the authority to take action to address dress code matters as they arise. The following District guidelines should be observed:

Dress Code Expectations and Prohibitions

Shirts and shoes must be worn. Clothing should be properly fitted (not overly restrictive or loose). Coverage of the body is expected. Therefore, the following garments are not permitted:

1. House shoes or slippers;
2. See-through garments;
3. Tops that are backless, strapless, low-cut, bare-midriff, have overly-large arm openings; or spaghetti straps;
4. Clothing that does not cover undergarments when a student is sitting or standing;
5. Undergarments worn as outer wear;
6. Clothing with profane, obscene, or otherwise inappropriate language;
7. Clothing with words, symbols or images that promote illegal, sexual, or violent behavior;
8. Clothing with advertisements or promotion of alcohol, tobacco, or drugs;
9. Language or symbols that promote gangs;
10. Hooded sweatshirts worn up;
11. Sunglasses;
12. Face paint;
13. Overly-dramatic make-up;
14. Other wear that restricts the line of sight of a student's face and/or facial recognition may not be worn (although exceptions will be made by the principal for head coverings that have religious significance, are worn for medical reasons, or are for a specific, school-sponsored event);
15. Blankets carried or worn as coats or wraps while in the building;
16. Heavy or loose chains, or straps that create a safety risk.
17. Clothing or fabric worn as a cape.
18. Bedroom clothing or pajamas unless it is a theme day.

Additional Dress Code Information

Courses and/or class activities that require observance of specific safety requirements may require adjustments of a student's clothing, accessories, or hair style for the duration of the class (e.g., hair pulled back and/or hair nets for culinary classes or other safety wear, etc.). Other dress code requirements may be articulated for students participating in certain extracurricular activities.

Violations of the District dress code will be addressed with remedial actions and/or consequences.

cafeteria. No food or drinks, except clear water bottles, shall be allowed outside of the cafeteria.

Students that throw food, litter tables, fail to dispose of food or trays, or fails to follow lunchroom procedures may be subject to discipline.

Allergy Prevention and Response S-145-S

The District is required to ensure students with allergies are safe at school through planned prevention and response to a student's allergic reaction. For purposes of District policy and related procedures, an allergic reaction occurs when the immune system overreacts to a typically harmless substance and may be mild to life-threatening. Allergy prevention and response protocols apply to all school locations, including nonacademic, school-sponsored activities and transportation provided by the District. The Board authorizes the Superintendent or designee to develop and implement procedures to protect the health and well-being of students with significant allergies.

Building-Wide and Classroom Approaches

Snacks.

Snacks served during the school day or in after-school care or enrichment programs will make a positive contribution to children's diets and health, with an emphasis on serving fruits and vegetables as the primary snacks and water as the primary beverage. Schools will assess if and when to offer snacks based on timing of school meals, children's nutritional needs, children's ages, and other considerations. The district will encourage the parents to send healthy food or drink choices. No homemade goods will be accepted as snacks due to food allergy emergencies. All items shall be properly labeled with a list of ingredients.

Celebrations.

Schools should limit celebrations that involve food during the school day to no more than three parties per year (per federal guidelines). Parents will be encouraged to send healthy food and drink options. No homemade goods will be allowed. All food items have to come with a proper label listing ingredients and nutrition value due to severe food allergy students.

Parents/guardians should provide, at the time of enrollment, information on any allergies the student may have. The school nurse may request written permission from the parents/guardians to communicate with a student's health care provider as needed. Staff members are trained annually on risk reduction strategies, symptom recognition, and response procedures. All schools in the district should be equipped with medication to be administered in the event of a severe allergic reaction or asthma emergency. The emergency medication and physician's orders for such medication shall be kept in a locked location but easily accessible to qualified designated personal. These medications include Epi-Pen and albuterol.

The District will provide age-appropriate education for students, consistent with state learning standards, including potential causes of allergic reactions, information on avoiding allergens, symptoms of allergic reactions, and simple steps a student can take to keep classmates safe.

All processed foods, including food sold in vending machines, are labeled with a complete list of ingredients on each individual package. Ingredient lists will be created for all food provided through the District's nutrition program, including before- and after-school programs, which are available upon request. This also applies to items sold as part of concessions, fundraisers, and classroom activities.

Individual Approaches

The District will evaluate and determine whether a student's allergies rises to the level of a disability that require accommodations through the provisions of an Individual Education Plan (IEP) or Section 504 Plan (504). For those students who have allergies that do not rise to the level of disability, a designated team may develop an Individual Health Plan (IHP) and/or Emergency Action Plan (EAP). Staff who have a need to know about a student's allergies and plan will be informed and trained, and all staff members will follow any IEP, 504 Plan, IHP, and/or EAP.

A student's health information and individualized plan will be kept confidential and not shared with those who do not have a need to know unless authorized by the parent/guardian or as allowed by the Family Educational Rights and Privacy Act (FERPA). The District will communicate and collaborate at least annually with parents/guardians regarding the student's allergies, medications, restrictions/precautions, emergency contacts and any other relevant information to keep the student safe.

Health Services S-215-S

Health services are provided under the direction of a school nurse. The school nurse for your student's building may provide services in other buildings as well. Although the nurse may be not physically present at all times in a specific building, the nurse is always on call and there are trained employees in the building to provide first aid, dispense medication, and support the needs presented in the health office.

Illnesses/Injuries

In case of illness, a child may be kept in the nurse's room if parents or designated person cannot be reached.

Health Screenings

Students in Kindergarten and Third Grade undergo vision and hearing screenings. Additional screenings may be requested by a student's parent/guardian.

Head Lice Policy

- Lice or Nits (lice eggs) in the hair—Head lice checks will be done if a student is referred to the school nurse for screening. If the student is found to have live bugs, that student will be treated or sent home. The students' homeroom and siblings will be screened on the same day.
- The parent/guardian will be notified by letter if treated at school or if time does not allow the parent/guardian will be called to come pick their child up. Literature will be sent home on appropriate procedures to treat their child and home.
- If the student is sent home without treatment prior to his/her re-admission to school, the student with lice must be re-screened by the school nurse in the presence of a parent or guardian to ensure he/she is lice free.

The parent/guardian will be reminded their child will be re-checked by the school nurse on a weekly basis until they are lice free for two weeks.

Health Office

If you have any questions, please contact Julie Hagler, School Nurse, haglerj@galena.k12.mo.us.

Administration of Medication S-135-S

All medication is kept in the health office and no medication will be dispensed without written parental permission, including over-the-counter medication. Many medications can be given at home before or after school. When this is not possible, medication should be brought directly to the health office and must be accompanied by the following information:

Non-Prescription Medication – A written note from the parent/guardian with the student's name, reason for the medication, the time the medication is to be given, the dosage prescribed, and the number of days the medication is to be administered at school. These medications include, but are not limited to, allergy medication, decongestants, cough syrup, ibuprofen (Advil), acetaminophen (Tylenol), cough drops, or other.

Prescription Medication – Prescription medication must be sent to school in the original prescription container. The prescription label will serve as the written permission from the physician. If the doctor has given samples of medication, then a written note from the physician is necessary and should include the name of the student, the medication, and the dosage prescribed. The nurse may need to clarify prescription orders with the provider.

When a student has a health condition which needs accommodation or may necessitate emergency care, it is important that the school nurse be informed. Examples of a health condition that would need to be shared with the school nurse include severe allergies, asthma, diabetes, hearing loss, seizure disorder, etc. This would include situations when

a physician recommends a student assume responsibility for self-medication. The nurse may request a release of information from the student's health care provider and the information may be shared with necessary District staff members on a need to know basis. Please contact the school nurse.

Communicable Diseases F-245-S

Parents/guardians must notify the District if their student has a communicable disease. Parents/guardians will be required to provide written approval from the student's treating physician in order for their student to attend school. The District reserves the right to prevent student attendance until clarification or implementation of precautionary measures are in place. Parents/guardians are required to notify the District if they are enrolling or have a student attending school who is HIV positive.

Medical information of students is highly confidential, and the District will take necessary steps to protect the medical information of students and ensure that such information is released only to those with a need-to-know and/or individuals and entities who are required by law to be notified of certain health and medical information.

Students with a communicable disease who exhibit behaviors that increase the chances of their condition being spread to other individuals, may be subject to remedial action in accordance with the discipline code, and state and federal law.

Immunizations and Vaccinations

It is unlawful for any student to attend school unless the student has been immunized according to Missouri School Immunization Law or unless a signed statement of medical or religious exemption is on file at the school, which is described in all enrollment information. Parents/guardians should bring immunization records at the time of enrollment and obtain additional immunizations as required by state law.

Student Insurance S-140-S

The District recommends student accident insurance for the protection of a student and parents/guardians. It is the responsibility of the parents/guardians to arrange insurance coverage as the District does not assume financial responsibility for student injuries. The District does, however, make an optional student accident group plan available for students, for which a carrier is named and rates established annually. Families and/or students must deal directly with the insurance carrier to obtain information about available coverage and policies. The insurance forms are distributed at registration or sent home at the beginning of school. If you desire to have your child take the insurance, you must sign the proper forms; return them to the school along with the insurance fee. The school, in turn, gives the forms and fees to the insurance company.

Students participating in interscholastic athletics are required to have insurance coverage. This may be in the form of either family coverage or the coverage offered through the District. Missouri State High School Activities Association (MSHSAA),

requires that a student be covered through insurance before being allowed to practice or compete for a school team. The student will not be allowed to participate in interscholastic practices or competitions until proof of insurance is provided.

The District also provides information about MO HealthNet for Kids (MHK), Missouri's Medicaid program, to qualifying families who enroll students in the District. Parents who complete an application for free and reduced-priced meals (FRL), and who indicate on the application form a child does not have insurance, will be notified by the District that the MHK program is available. Forms for MHK may be accessed at: <https://dese.mo.gov/media/pdf/attachment-1-does-your-child-need-health-care-coverage> or <https://dssmanuals.mo.gov/wp-content/uploads/2020/09/IM-1SSL-Fillable-Secured-6-24-21.pdf>.

Student Records S-125-S

Access to and Release of Student Information

All parents/guardians may inspect and review their student's education records, seek amendments, consent to disclosures and file complaints regarding the records as allowed by law. The parents'/guardians' rights relating to the education records transfer to the student once the student becomes an eligible student; however, parents/guardians maintain some rights to inspect student records even after a student turns 18. The District allows access to records to either parent, regardless of divorce, custody or visitation rights, unless the District is provided with legal documents that the parent's rights to inspect records have been modified.

Directory Information

Directory information is information about a student that generally is not considered harmful or an invasion of privacy if disclosed without the consent of a parent or eligible student. The District will designate the types of information included in directory information and may release this information without obtaining consent from a parent or eligible student unless a parent or eligible student notifies the District in writing. Parents and eligible students will be notified annually of the information the District has designated as directory information and the process for notifying the District if they do not want the information released. Parents/guardians or eligible students may indicate in writing to the office within ten days of the start of the school year that they do not wish the information to be released. Even if parents or eligible students notify the District in writing that they do not want directory information disclosed, the District may still disclose the information if required or allowed by law. For example, the District may require students to disclose their names, District email addresses in classes in which they are enrolled, or students may be required to wear or display a student identification card that exhibits information designated as directory information. The District designates the following items as directory information:

General Directory Information: The following personally identifiable information about a student may be disclosed by the District without first obtaining written consent from a parent or eligible student: Student's name; date

of birth; parents' names; grade level; enrollment status (e.g., full-time or part-time); participation in District-sponsored or District-recognized activities and sports; weight and height of members of athletic teams; dates of attendance; degrees, honors and awards received; artwork or course work displayed by the District; schools or school Districts previously attended; and photographs, videotapes, digital images and recorded sound unless such records would be considered harmful or an invasion of privacy.

Limited Directory Information: In addition to general directory information, a student's address, telephone number and email address; and the parents' addresses, telephone numbers and email addresses may be disclosed to: school officials with a legitimate educational interest; governmental entities including, but not limited to, law enforcement, the juvenile office and the Children's Division (CD) of the Department of Social Services. The email address of high school students may be shared with booster clubs or parent organizations recognized by the Board of Education.

Military and Higher Education Access

The District will disclose the names, addresses and telephone numbers of secondary school students to military recruiters or institutions of higher education as required by law. However, if a parent or a secondary school student who is at least 18 submits a written request, the District will not release the information without first obtaining written consent from the parent of the student/eligible student.

Release

Parents or guardians may designate additional adult(s) to have access to their student's records by requesting a Family Educational Rights and Privacy Act (FERPA) release form from building principals.

Notice

Parents/Guardians and/or eligible students have the right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

Personnel Records E-190-S

The District is required to inform you that, according to Every Student Succeeds Act of 2015 (Public Law 114-95), upon your request, the District is required to provide you in a timely manner, the following information:

- Whether your student's teacher has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction.
- Whether your student's teacher is teaching under emergency or other provisional statute through which State qualification or licensing criteria have been waived.
- Whether your student's teacher is teaching in the field of discipline of the certification of the teacher.
- Whether your student is provided services by paraprofessionals and if so, their qualifications.

In addition to the information that parents may request, a building receiving Title I.A funds must provide to each individual parent:

- Information on the level of achievement and academic growth of your student, if applicable and available, on each of the State academic assessments required under Title I.A.
- Timely notice that your student has been assigned, or have taught for 4 or more consecutive weeks by, a teacher who has not met applicable State certification or licensure requirements at the grade level and subject area in which the teacher has been assigned.

Visitor Procedures C-155-S

For student purposes, all visitors MUST use the main entrance, report to the office, and sign in and out upon arrival and departure. No one will be allowed to enter the hallways or classrooms without permission from the office and without a visitor's pass. If you need to pick up your child before the end of the school day, come to the office and your child will be called to the office.

Transportation Services F-260-S

Transportation to and from school is provided for most Galena Elementary students by the school district. Riding the school bus is a privilege and can be taken away if abused. Students are expected to follow the bus rules as any other set of rules. The safety of all depends on the students' cooperation. If problems arise, contact the elementary principal or transportation supervisor. The District administration is responsible for recommending bus routes for approval to the Board of Education.

BUS INFORMATION

Changing Usual Bus Transportation

If a student is to go to a place other than their home in the afternoon, he/she must have a signed note from the parent. **If we do not receive a written note in the OFFICE from the parent/guardian, the student will be placed on their usual bus and sent home.** If an emergency occurs during the day requiring your child to go somewhere different, you may **fax your request** to the school (417) 357-8807 **before 3:00 p.m.** **Students at the elementary are to give notes to their teacher, not the bus driver.** The office will get the note back to the child to give to the driver in the afternoon.

- **Any student staying for a special activity after school, who is not to ride the bus home, must have a note from parent/guardian.**

Bus Discipline

It is to be remembered that driving a bus is a large responsibility. It takes the cooperation of everyone on a bus to ensure maximum safety. The administration supports bus drivers on matters that involve the general safety of our bus students. Students reported to the building principal for misconduct are jeopardizing their privileges of transportation to and from school.

*Disciplinary action to be taken for minor to moderate misconduct on the school bus will be as follows:

- **FIRST OFFENSE**—Bus driver and student meeting, with explanation of offense to the student. A report of such meeting shall be filed with the respective building principal. The principal shall notify parents with a misconduct report, which is to be filled out by the driver. This form should be signed and returned to school.
- **ADDITIONAL OFFENSES**—May result in a conference with parent, suspension from the bus for a period of time determined by the administration, or complete revocation of bus riding privileges.

***It is up to the administration if a student needs additional days of suspension based on the severity of the offense while riding on the school bus.**

*Preschool, Kindergarten, First, and Second grade students will be dealt with on an individual basis by the building principal.

Students are reminded that they are under school supervision from the time they board the bus in the morning until they step off the bus in the afternoon. They are under all school rules while riding the bus.

Students suspended from riding the bus **are not suspended from school.** The parent must provide transportation to and from school.

Some student behavior may be so severe that an immediate suspension is warranted.

General Bus Rules

The bus driver is in complete charge of the bus and the students are expected to comply with his/her requests at all times. Drivers are authorized to assign seats at their discretion.

- Obey the driver
- Sit with back against seat back
- Sit with your bottom on the seat's bottom
- Sit in assigned seat and do not switch seats

- Candy, food, and drinks are not allowed to be consumed on school buses because of the possibility of choking
- Talk quietly
- Stay seated until the bus is stopped
- No hitting, pushing, slapping, tripping, etc.
- No profanity or unacceptable language
- No unfriendly gestures or gang signs
- Keep head and hands inside the bus
- No pencils, scissors, or any other sharp object out on the bus
- No open glue, fingernail polish, or strong smelling materials open on the bus
- Do not be destructive by writing on or cutting bus seats. The student or the parent/guardian will be responsible for paying for any destruction
- Objects are not to be thrown from the bus windows
- No harassment of any kind, intimidation or threat of other students

Changing Usual Bus Transportation

If a student is to go to a place other than their home in the afternoon, he/she must have a signed note from the parent. **If we do not receive a written note in the OFFICE from the parent/guardian, the student will be placed on their usual bus and sent home.** If an emergency occurs during the day requiring your child to go somewhere different, you may **fax your request** to the school (417) 357-8807 **before 3:00 p.m.** **Students at the elementary are to give notes to their teacher, not the bus driver.** The office will get the note back to the child to give to the driver in the afternoon.

Extracurricular/Field Trip Transportation:

Galena R-II District provides bus transportation for all qualified students to and from school and to extracurricular functions. Student Discipline S-170-S

Student Code of Conduct

The District believes students deserve the right to participate and learn in a safe environment which allows teachers to focus on instruction that accelerates achievement. To ensure that school is a quality atmosphere for all students at all times, the code of conduct and discipline policies outline consequences for misconduct that occurs at school, during a school activity whether on- or off-campus, on District transportation, or misconduct that involves the use of District technology. All District personnel are responsible to supervise and hold students accountable for violations of discipline rules.

Failure to obey standards of conduct may result in, yet is not limited to, verbal warning, community service, confiscation of property, principal/student conference, parent contact, loss of credit, grade reduction, course failure, removal from extracurricular activities, revocation of privileges including transportation, parking and technology privileges, lunchroom detention, in- or out-of-school suspension, expulsion, and report to law enforcement. For offenses involving academic integrity, the student may also be subject to a loss of credit for work, a grade reduction, and/or course failure. The Board authorizes the immediate removal of a student who poses a threat to self or others as determined by the principal, Superintendent, or the Board.

Any student who is suspended for any serious violation of the District's Student Discipline policy shall not be allowed while suspended to be within 1,000 feet of any school property or any activity of the District, regardless of where the activity takes place, unless:

1. Such student is under the direct supervision of the student's parent, legal guardian, or custodian and the Superintendent or the Superintendent's designee has authorized the student to be on school property;
2. Such student is under the direct supervision of another adult designated by the student's parent, legal guardian, or custodian, in advance, in writing, to the principal of the school which suspended the student and the Superintendent or the Superintendent's designee has authorized the student to be on school property;
3. Such student is enrolled in and attending an alternative school that is located within one thousand feet of a public school in the District where such student attended school; or
4. Such student resides within one thousand feet of any public school in the District where such student attended school in which case such student may be on the property of his or her residence without direct adult supervision.

If a student engages in an act of violence, a school administrator will report the information to teachers and other District employees who are responsible for the student's education or otherwise interact with the student on a professional basis while acting within the scope of their assigned duties. Additionally, school administrators will report to the appropriate law enforcement agencies any crimes as required by law.

Corporal punishment is strictly prohibited as a method of discipline. Reasonable force may be used, when necessary, for the protection of a student or others and property. The District limits the use of seclusion or restraint to situations or conditions in which there is imminent danger of physical harm to self or others.

Students with disabilities will be disciplined in compliance with state and federal laws per the Individuals with Disabilities Act (IDEA), Section 504 of the Rehabilitation Plan, and any regulations and state and local compliance plans, which includes due process rights as afforded to all students. Additionally, a student's Individual Education Plan

(IEP), including any portion that is related to past or potentially future violent behavior, will be provided to appropriate staff members with a need to know.

Information regarding a student's misconduct and discipline is confidential and only shared with those who have a need to know. Teachers and other authorized District personnel shall not be civilly liable when acting in conformity with District policies, including the discipline policy, or when reporting acts of school violence to a supervisor or other person as mandated by law.

The District discipline policy and procedures will be provided to every student at the beginning of each year, be published on the District website, and made available in the office of the Superintendent during normal business hours.

This code applies to all misbehavior committed by a student on District property, at any school-sponsored activity or event whether on- or off-campus, and District transportation. Additionally, the District may use its authority to address behavior that occurs off-campus if it interferes with the operation of the school or endangers the safety of students or staff.

Standards of Conduct and Consequences

No document can identify every possible offense that could potentially result in disciplinary action. This code identifies most offenses constituting a failure to obey the standards of conduct set by the Board. However, when circumstances warrant, the principal, Superintendent, and/or Board may impose consequences for misconduct not specifically outlined in this document.

Complaints or Concerns C-120-S

Effective communication helps avoid and resolve many complaints, concerns, misunderstandings and disagreements. Individuals who have a complaint or concern should discuss their concerns with the school personnel involved in the issue at hand in an effort to resolve problems. This step will usually involve communicating directly with the person or persons with whom the complainant has a concern. This step may be skipped when the complainant in good faith believes that speaking directly to the person would subject the complainant to discrimination, harassment or retaliation.

This step may also be skipped if the complainant in good faith believes that any law or a District policy or written rule has been violated. The District has adopted specific procedures for investigation and resolution for complaints or concerns as required by specific and varying laws that are applicable to the District. The District's Compliance Officer should be contacted with any complaints or concerns that any law or District written rule has been violated, including but not limited to, laws relating to: civil rights, including discrimination, harassment, and retaliation; special education matters including the IEP and 504 processes and services; federal programs and related services; bullying; and The Family Educational Rights and Privacy Act, including student records and confidentiality.

When communicating directly with the school personnel involved in the issue does not resolve matters satisfactorily, or if it is appropriate to skip the first step as described above, a complainant should consult with the District's Compliance Officer who will direct the complainant to the appropriate process for resolution of the complaint. The District designates the following individual to act as the District's Compliance Officer:

Name: Special Education Director
Phone #: 417-357-6027

Name: Elementary Principal
Phone #: 417-357-6027
Email Address: bakers@galena.k12.mo.us

All complaints of violation of any law or a District policy or written rule will be promptly investigated by the District, and appropriate action will be taken. Complainants are strongly encouraged to provide their concerns in writing.

Name: Elementary Principal
Phone #: 417-357-6027

Technology Devices and Acceptable Use Policy

The District maintains an environment that promotes ethical and responsible conduct in all online network activities by employees and students. All authorized users are expected to acknowledge and comply with the rules and policies of technology usage and the District network.

Acceptable Use

All use of District devices and Internet usage must support educational purposes consistent with the District mission. Network accounts must be accessed only by the authorized user of the assigned account without an expectation of privacy from the District. Employee and student subscriptions to mailing lists and bulletin boards require prior approval by the system administrator. All online activity will be respectful and align with the code of conduct, discipline, and other related policies of the District. All technology of students will be monitored in compliance with the Children's Internet Protection Act (CIPA).

Unacceptable Use

Any use of the network for commercial, for-profit, political purposes or advertisement is prohibited. Excessive use of the network for personal business may be cause for disciplinary action. No use of the network may be used to disrupt the use of the network by others or to destroy, modify, or abuse the system in any manner. District resources may not be used to download software or other files unrelated to its mission. Use of the network to access or process pornographic, dangerous, or inappropriate files as determined by the administrator is prohibited. The network may not be used to download, duplicate, or distribute copyrighted materials. The network shall not be used for any unlawful purposes. User Agreements

Parents and, when age-appropriate, students are required to review and sign User Agreements in order to access District technology. (See User Agreement form in this handbook.)

Safety and Cybersecurity

The District monitors the online activities of students and operates a technology protection measure ("filtering/blocking device") on the network and/or all computers with Internet access, as required by law. The filtering/blocking device will attempt to protect against access to visual depictions that are obscene or harmful to minors or are child pornography, as required by law. Filters/blocking devices are not foolproof, and the District cannot guarantee that users will never be able to access offensive materials using District equipment. Evading or disabling, or attempting to evade or disable, a filtering/blocking device installed by the District is prohibited. The District uses a program called Securly to monitor student activity on District networks and devices.

District Sponsored Extra-Curricular Activities and Clubs I-210-S

Extracurricular activities sponsored by the District are part of the educational experience and opportunities for students. Clubs, sports, and other groups seek a diverse range of students and provide fair access under the law. Students are encouraged to identify activities matched to their interests and ability levels and participate in those activities. Participation in extracurricular activities is voluntary and a privilege. Other benefits, such as riding buses to and from home are also privileges, not rights. Any or all of these privileges may be revoked. Action taken and results are recorded in the administrative log. Therefore, students must meet certain academic standards, demonstrate acceptable citizenship and behavior, and maintain appropriate attendance in order to be eligible to participate. Unless special arrangements have been made with the principal, a student is required to attend school on the day of an activity in order to participate. All extracurricular activities are supervised by District employees and the expected code of conduct for students remains the same as during the standard school day. Additional guidelines for specific groups, including activities sanctioned by the Missouri State High School Activities Association (MSHSAA), may be outlined at the beginning of the year and/or season. Competitive, interscholastic activities may have evaluation procedures that eliminate some students from participation. When students are not selected for participation, communication will occur in a personal and respectful way.

School Cancellations and/or Early Dismissal

School will be closed when weather conditions are such that buses are unable to run safely. A broadcast will be made utilizing the District's automated calling system to notify students and parents/guardians. Announcements will also be made on local radio and television stations, as well as the District's social media pages. Please do not call the administration or radio/TV stations for this information.

At times, school may dismiss early during the day. In the event such a closing should occur, a broadcast will be made and media notified. Information should be given to your child as to what s/he should do if this situation arises. Please keep a watch on the weather, especially in the winter months. If the school needs to send your student to another destination or phone someone to pick her/him, please have this information on file in the office. Time is short in emergency situations and every effort will be made to keep students safe.

Heat Index and Wind Chill

If the actual temperature or the heat index is above 100 degrees, teachers may choose to take students outside for 10 minutes, but the rest of the recess will be indoors. If the actual temperature or the wind chill is below 32 degrees, teachers may choose to take students outside for 10 minutes, but the rest of the recess will be indoors.

Parties/Celebrations

Schools should limit celebrations that involve food during the school day to no more than three parties per year (per federal guidelines). Parents will be encouraged to send healthy food and drink options. No homemade goods will be allowed. All food items have to come with a proper label listing ingredients and nutrition value due to severe food allergy students.

GALENA PARENT INVOLVEMENT PLAN

The school district and parents will work together in the major areas of parenting, communication, volunteering, learning at home, decision making, and collaborating with the community. The means for achieving each of these is detailed in the following plan:

- ◆ **Parenting** Through preschool visits and the accessibility to the professional staff at school, and through meetings designed to address identified needs, the school will endeavor to help all families establish home environments to support children as students. Working with programs such as Parents as Teachers, parents will learn of resources on parenting and child development issues.
- ◆ **Communication** Communication begins at Meet the Teacher Night, which is scheduled before school starts. Open House is held during the first month of school, and throughout the year several different group meetings are scheduled. The PTSO provides a variety of opportunities for interaction. Separate Title I meetings are held, usually in the fall and in spring, at which time the next year's plan is considered. Parents fill out questionnaires, receive student work weekly, attend parent conferences, and receive test scores. School personnel will be educated to value parent contributions and will work to build ties between home and school.
- ◆ **Volunteering** The elementary school has an active parent volunteer program. Title I parents are encouraged to participate.
- ◆ **Learning at home** In meetings and in written information, the school will provide assistance to understand how to monitor their child's progress and work to improve his or her performance. The school will provide information and ideas to families about how to help students at home with homework and other curriculum related activities. Some materials will be purchased, and other items might be techniques used in current curriculum, study hints, and suggestions for further reading.
- ◆ **Decision making** Parents will be helped to understand provisions and requirements of state and federal educational policies. Title I parents will be encouraged to participate in the Parent Involvement Committee, with the understanding that they will be available for collaborating on the development of plans and policies.
- ◆ **Collaborating with community** Parents will provide leadership in identifying and integrating resources and services from community to strengthen school programs, family practices, and student learning and development.

COMPLAINT RESOLUTION PROCEDURE FOR CONSOLIDATED FEDERAL PROGRAMS

The Galena R-II School District receives funding from the following consolidated federal programs: Title I.A-Programs for Educationally Disadvantaged Students; Title II.A-Teacher and Principal Training and Recruiting and Class-Size Reduction Program; Title II.D-Enhancing Education Through Technology; Title IV-Safe and Drug-Free Schools and Communities; Title V-Innovative Education Program.

This **Complaint Resolution Procedure** applies to all programs administered by the Department of Elementary and Secondary Education under the Every Student Succeeds Act (ESSA).

A complaint is a formal allegation that a specific federal or state law or regulation has been violated, misapplied, or misinterpreted by school district personnel or by the Department of Education personnel.

Any parent or guardian, surrogate parent, teacher, administrator, school board member, or other person directly involved with an activity, program, or project operated under the general supervision of the Department may file a complaint. Such a complaint must be in writing and signed; it will provide specific details of the situation and indicate the law or regulation that is allegedly being violated, misapplied, or misinterpreted.

The written, signed complaint must be filed and the resolution pursued in accordance with local district policy: The written complaint must be filed initially with the teacher, principal and superintendent and every effort will be made to investigate and resolve the complaint within ten days of filing. If the issue cannot be resolved at the local level, the complainant may file a complaint with the Missouri Department of Education. If there is no evidence that the parties have attempted in good faith to resolve the complaint at the local level, the Department may require the parties to do so and may provide technical assistance to facilitate such resolution. Any persons directly affected by the actions of the Department may file a similarly written complaint if they believe state or federal laws or regulations have been violated, misapplied, or misinterpreted by the Department itself.

Anyone wishing more information about this procedure or how complaints are resolved may contact local district or Department personnel.
