The role of the District's Board is to govern the community's public schools by making the major decisions for the District as a whole. The Board collectively makes these decisions and individual Board members do not have the power to speak or act for the Board. The Board as a whole, by working with the Superintendent to make decisions that will best serve the District's students, will govern the community's schools. Accordingly, complaints or concerns made to Board members will be referred to the appropriate District point of contact for resolution.

## Welcome Letter

Dear Bulldog Student and Parent/Guardian,

Welcome to the 2025-2026 academic year in Kearney School District! I hope that you all had a wonderful summer relaxing and enjoying time with your friends and family. Our team of school and district leaders and support staff have been working diligently this summer to make the updates and upgrades that will ensure that every student has an outstanding educational experience.

The Student-Parent Handbook is a guide to our district's practices, guidelines, policies and procedures. It is assessed annually by a committee of administrators from our schools and central office, who are experts in helping to provide the highest quality educational experience for our students. We have set extremely high standards for our district, many of which are included in this handbook and in our Strategic Plan. Please take the time to familiarize yourself with all of the content in this handbook. The commitments and priorities our school district has made to our students are spelled out clearly. Understanding and abiding to expectations helps nurture a climate of excellence where learning thrives.

Our schools are defined by high-quality educational experiences and supported by a community of students, parents, faculty and staff. We work together to ensure that every student makes the growth they need to succeed in the 21st Century global economy. We are excited to partner with you to provide robust and comprehensive educational and extracurricular opportunities for each students.

On behalf of every member of Team KSD, thank you for your support of our schools, staff and - most importantly - our students. This is a truly remarkable community and it is an honor to be a part of this extraordinary public school system. I wish each of you a wonderful and productive school year!

### Enrollment Process

In order to register a resident student, the parent, court-appointed legal guardian, military guardian or the student shall provide proof of residency or proof that a waiver has been requested as outlined below and shall complete all admission requirements as determined by Board policies, rules and procedures. Resident students who cannot provide adequate proof of residence may request a waiver in accordance with state law. Students who do not meet the residence requirements may apply for admission in accordance with state law regarding admission of nonresident students (see District Policy S-100-P). The Kearney School District does not allow tuition to be paid by non-resident students. If you have any questions or concerns, please contact the building secretary, 816-628-2650.

At least one (1) of the following criteria shall be used in determining student residency:

1. The student physically resides and is domiciled in the district. The domicile of a minor child shall be the domicile of a parent, military guardian or court-appointed legal guardian. A “power of attorney” document alone is insufficient to satisfy the “court-appointed legal guardian” requirement.
2. The student is otherwise proved to be legally domiciled within the district.

In order to satisfy the district’s residency requirements, the student, parent, military guardian or court-appointed legal guardian must provide one (1) or more of the following items as proof of residency dated within 60 days upon initiating enrollment process:

1. Utility Bill/Agreement
2. Current Rental/Lease Agreement
3. Real Estate Contract

In addition to proof of residency, there is an enrollment link online at [www.ksdr1.net](http://www.ksdr1.net) under Enrollment. Students may not attend the same day they begin enrollment. Information needed for Enrollment to begin:

- Proof of Residency
- Completed Enrollment

The following is also necessary for enrollment and may be sent from the transferring school if necessary:

- Immunization Record
- Birth Certificate

All students may be required to provide proof of residency before school begins. Proof must be based on documentation issued after June 1 of the current school year and dated within 60 days.

### New Student Orientation

A counselor will schedule students new to Kearney Junior High School after they have completed the enrollment process. A schedule will be planned and assigned on the basis of information obtained from the previous school. Detailed information regarding the operation of KJHS will be provided to each new student.

### Withdrawal from School

Parents of children who are leaving the District should notify the school a few days prior to the last day of attendance. Library materials, texts and other school property should be returned before transfer is complete. Failure to follow these procedures may make it difficult for a student to be enrolled and classified properly in another school. He or she may also be required to pay for outstanding lunch balances, books or other equipment that is lost or damaged.

### Attendance and Absence Procedures S-115-S

KSD exists to improve lives through education. The District seeks to enroll and educate all resident children in the community, as required by law. KSD provides educational programming for all students between the ages of 5 and 21. In addition, students as young as age 3 may qualify for and receive special education services. For more information about these special education services, please contact Director of Special Services

Hannah Iversen at (816) 628-2653 or [iversenh@ksdr1.net](mailto:iversenh@ksdr1.net).

KSD is committed to the philosophy that every child should attend all day every day. Regular attendance and promptness are expected and essential for success in school. Studies show there is a direct connection between good attendance and good grades. Learning lost due to an absence can never be adequately replaced.

Attendance represents a critical component in the overall success of each student. We understand that sometimes it is necessary for a student to be absent, but we also know that absences should be kept to an absolute minimum. It is important that parents/guardians and the professional staff of KSD work together as partners.

### *Expectations for Attendance*

Attendance is essential for learning. By law, all children must attend school from the age of 7 until the age of 17. Parents/guardians are accountable for the attendance of their child. The District will inform parents/guardians of their student's absence and support families when attendance becomes a concern. It is the responsibility of the student to make up work due to an absence. Students who wish to participate in school-sponsored activities must attend school the entire day on which the activity occurs, unless the principal has pre-approved the absence based upon special circumstances. The administration makes the final determination regarding whether an absence is excused or unexcused.

- A letter of communication may be mailed to the address currently on file in the district's SIS system if a student reaches ten days of absences or 70 class periods

at KHS, 80 class periods at KMS/KJH and 60 class periods at Elementary Buildings.

- A letter of communication may be mailed to the address currently on file in the district's SIS system if a student reaches 15 days of absences or 105 class periods at KHS, 120 class periods at KMS/KJH and 90 class periods at Elementary buildings.
- A letter of communication may be mailed to the address currently on file in the district's SIS system if a student reaches 20 days of absences or 140 class periods KHS, 160 class periods at KMS/KJH and 120 class periods at Elementary buildings. In addition, the building administration may call a parent/guardian conference to discuss the student's attendance and well-being.
- A letter of communication may be mailed to the address currently on file in the district's SIS system if a student reaches 30 days of absences or 210 class periods at KHS, 240 class periods at KMS/KJH and 180 class periods at Elementary buildings. In addition, the Children's Division (CD) of the Department of Social Services will also be notified if the student is under the age of 17.
- If the student reaches ten days of absence without satisfactory parental contact, the student may then be dropped from the current attendance center. A student who is under the age of 17 may also be reported to the CD. If the student returns to the Kearney School District, he or she may be asked to provide proof of residence and other enrollment documents as needed.

### *Procedures for Reporting an Absence*

Students who arrive at school after 8:00 a.m. or not at all are considered absent. Students entering school late must sign in at the office upon arrival. When a student is released early from school to a parent or guardian, it constitutes an absence. In general, prior notification is required when a student is dismissed early and the student must be checked out through the office.

Parents must report a student's absence by 8:00 a.m. on the day of the absence via telephone. A message may be left on the school's voice mail at any time. The following information is helpful when reporting an absence:

- Caller's name and relationship to the student
- Student's name and spelling of last name
- Grade of student
- Reason for absence
- Date of absence

Another option is to send a signed written note, stating the student's full name, grade, date of absence, and specific reason for the absence. Students bringing written notes to account for an absence should report to the Kearney Junior High School office immediately upon arrival at school. (Note – If a student brings a note to excuse an absence, the attendance office secretary will call the parent or guardian to verify the note.)

Because of the obvious safety and liability risks, any student forging a parent's name to an excuse note or using a bogus phone call to gain an unauthorized absence faces disciplinary action. (See the Handbook's section on Student Discipline for more information.)

The school will contact parents who do not report a student's absence by the designated time. This may include a call to the parent's place of employment or cell phone. It is the parents'/guardians' responsibility to provide the correct contact information to their child's school. If no telephone or written explanation is provided within 48 hours of the absence, the student may be considered truant and receive disciplinary consequences.

Physician notes and other official documentation may also be requested and turned in to your child's school office. This documentation is a good practice and highly encouraged. We recommend that students provide written documentation following an absence when applicable. This includes a doctor/dentist note(s) stating that the student was seen in the physician's office starting date. The note(s) should be given to the attendance secretary upon the student's return to school. Parents may also wish to contact the KHS health services personnel to discuss any medical issues their student may have.

Parents/guardians are encouraged to create a PowerSchool account to monitor grades and attendance electronically. Your child's school office staff can provide you with the necessary information to set up this account upon request.

Since attendance represents a critical component in the overall success of each student, when a student's absenteeism is excessive, the school will send a letter to the student's parent/guardian that indicates the total number of student absences and the importance of school attendance. If the student's attendance does not improve, the school will take additional steps to ensure the parent is aware of the student's poor attendance. The school may also make a referral for educational neglect to the Missouri Children's Division or the Clay County Juvenile office, in accordance with Missouri law. We know that sometimes it is necessary for a student to be absent, but we also know that absences should be kept to an absolute minimum, and it is important that parents and the professional staff of Kearney Junior High School work together as partners.

### *P rearranged Absences*

If parents are aware in advance of situations requiring student absences, (ex: Doctor's appointment, family vacation, etc.) they should notify the attendance office as far in advance of the absence as possible. If reasonable time permits, students may make arrangements to get assignments from teachers. In cases of prearranged absences, schoolwork, as indicated by the instructors, should be completed prior to the absence of the student. There are special forms in the attendance office for this purpose. Finals may not be given early. Students should make arrangements to complete finals upon return to school.

### *Excused Absences*

Parents or students must provide proper notification and documentation to the school showing the absence was unavoidable for an absence to be excused. (See Procedures for Reporting an Absence above.)

The administration may request documentation to determine whether an absence is excused. Excused absences are allowed for:

- Illness of the student
- Medical appointments that cannot be scheduled outside the school day
- Serious illness or death of a family member
- Religious observances
- School-sponsored activities (e.g., field trips, athletics, competitions, etc.)
- Court appearances or other legal situations beyond the control of the family
- Emergency situations as approved by the principal
- Visits from a parent or guardian on active military duty who is on leave from, will be immediately deployed, or immediately returned with notification and approval of the principal
- Suspensions
- An absence which has been requested and approved in advance by the principal due to exceptional circumstances. In these situations, make-up work should be requested in advance of the absence and any tests, projects, or in-class assignments will be made up at the direction of the teacher.
- Driver's License test (written documentation required and parent call)
- Funeral (parent call required)
- Family Vacations (Must be approved by a principal in advance, see section regarding Prearranged Absences)
- College Visits (See section regarding College Visits)
- History of chronic health problems (provided that appropriate written documentation is filed with the attendance office)
- Parent Communicated Events, such as special occasions

The school administrators will reserve the authority to determine if an absence is excused. Please note that an "Excused" absence is still an absence from school and counts against A+ hours.

### *Unexcused Absences*

Absence for reasons other than the categories of excusable reasons, or that does not have the proper documentation for an excused absence as determined by the principal, will be considered unexcused. Excessive, unexcused absences will result in written notice from the principal to the parents/guardians. The principal may request a parent/guardian conference to discuss attendance concerns and a collaborative plan may be developed to remove barriers to attendance. When attendance remains problematic, the school may contact the appropriate agencies and/or authorities for assistance.

Any unexcused absence results in In-School Suspension.

### *Make-Up Work*

The day a student returns to school, regardless if the absence is excused or unexcused, he or she is responsible for contacting teachers in order to make up missed school work assigned or completed while the student was absent. If a student misses a test but has covered the test material before he/she was absent, he/she is expected to take the test upon returning to class. For other work, upon returning from a short-term absence (5 or fewer school days), the student will generally have 1 school day for every day of absence to turn in missed assignments/projects. However, additional days may be provided in the teacher's discretion. A student appeal may be made to administration to request extended time.

### *Incomplete Coursework*

Only students who have excused absences, as determined by the administration, and require additional time to complete missed work are allowed to finish coursework after the quarter or semester ends. It is the responsibility of the student to contact the teacher for make-up work and complete and turn in the work within the required time period as determined by the teacher and/or building practice. The student's recorded grade will reflect the score earned at the end of the term. Once he or she has completed make up work as specified, the teacher may submit a change of grade that will be recorded in Power School and reflected on the student's transcript. Students may be allowed this opportunity for grade change if:

1. They submit a medical statement from a physician; OR
2. They make arrangements for an extension with the administration.

### *Late Arrival/Tardiness*

A late arrival or tardy occurs when a student arrives after the expected class period has begun, as determined by the District. The District will count tardiness as an absence.

All students are expected to be in class by the school's designated start time (7:30 a.m.). Students who report to class 5 minutes after 7:30 a.m. without a pass are considered tardy to school.

All students should be in their classrooms before scheduled class time. Only in rare instances is tardiness excusable. Students arriving late to school (after 7:30 a.m.) must report to the attendance office and sign in before going to class with an admit slip. Excessive tardiness to school or to classes during the school day may result in ISS or additional disciplinary action, such as loss of privileges.

If a student is more than 5 minutes tardy to class, he/she may be considered truant. The first 4 tardies per class per semester result in no administrative consequences. On the 5th tardy and thereafter, disciplinary consequences may be assigned by an administrator. (See discipline policy section).

### *Truancy*

Truancy is when the student is absent from school without permission of the parents/guardians or school official. Truancy includes, but is not limited to, skipped classes, falsely informing the school about the reason(s) for the absence, or absences that have not been pre-arranged and pre-approved as excused. The District may assign disciplinary measures for truancy. Families are entitled to appeal assigned consequences to the Superintendent or designee.

Upon arrival to school grounds, students should remain on campus. Students must remain in the building during passing time. Any student who leaves school grounds without first signing out or signing out without permission is considered truant. Students who need to leave school grounds must sign out through the high school attendance office. Students, who leave the school building or grounds without authorization, fail to report to a class, or leave a class, may receive disciplinary consequences by an administrator.

### *Attendance Guidelines for Students Who Participate in Extracurricular Activities*

Students participating in extracurricular activities (i.e. sporting events including practices, plays, concerts, rehearsals, drill team practices, et al) are expected to be in school all day to be eligible for practice, contests, or activities. They are expected to be on time (not tardy) both the day of and the day after activities. Any student seeking an excused absence from school on the day of an activity must obtain prior approval from a building principal in order to participate in that activity. Students who arrive at school after (8:00 a.m.) and do not have administrative approval may not be eligible to participate in practices and/or activities.

### *Leaving School Early*

Parents must notify the attendance office should their child need to leave for an appointment. Parents should call as early as possible on that day. Every attempt will be made by office staff to send the student a pass prior to the time the student is approved to leave. Parents or guardians may also come directly to the front office and sign the student out of school. If a student returns before the end of the school day, he/she must sign in before returning to class. Students who leave school without prior parent consent and without signing out through the office may be considered truant and be assigned disciplinary consequences.

### Dress Code S-180-S

The Board of Education expects student dress and grooming to be neat, clean, and in good taste, so that each student may share in promoting a positive, healthy, and safe atmosphere with the District. Student dress and grooming are the responsibility of parents and students. However, when, in the judgment of the building administration, a student's appearance or mode of dress disrupts the educational process, constitutes a threat to health or safety, or is otherwise contrary to the school's objective to maintain a work/school environment which is free of offensive and hostile conduct, the student

may be required to make modifications. Dress that detracts from the learning process or working environment is not permissible.

- Students are expected to wear clothing that covers all undergarments and private parts at all times.
- Bare midriffs, inappropriate tank tops and strapless attire are not to be worn.
- Students are expected to wear appropriate footwear such as tennis shoes, boots, or sandals at all times.
- Clothing and accessories referencing drugs, alcohol, weapons, are prohibited.
- Clothing and accessories depicting images or language that creates a hostile environment are prohibited.
- Clothing and accessories depicting disrespectful, sexually suggestive, or lewd content are prohibited.
- No hats, bandanas, sunglasses, or other items that may be a distraction may be worn or taken to class after the student has entered the building until after the last bell of the day.
- Exceptions to the Dress Code Policy for specified “Spirit Dress Days” (i.e. Homecoming Week) will be announced to students in advance.

Students who wear inappropriate and/or revealing clothing or accessories will be required to make modifications. Failure to comply may result in disciplinary action.

#### Food Service Program F-285-S

##### Meal Charges

##### Students

- Parents/Guardians are expected to prepay for all student meals and ala carte purchases.
- Students may deposit cash or checks with the designated building secretary or make an online payment to pay for school meals.
- Students with a negative balance may not purchase à la carte items.
- Students with a negative balance, who indicate that they do not have money for the day but still want to eat, will be provided with a basic school meal.
- Basic school meals provided to the student will be charged to the student’s meal account.
- Accounts with a negative balance will receive weekly notifications until the debt is remedied.
- When a balance of greater than \$25.00 is reached, escalating measures will be taken.
- Accounts with a deficit greater than \$100.00 may be sent to collections.
- Students will not be identified, singled out, shamed, or punished by the District for the failure of their parents/guardians to pay for or provide meals, and the District will not withhold student records in violation of law.

We encourage all families to complete a free and reduced-price school meal application to determine what level of support is available for their child. For additional information, find this application on our website or the Titan parent portal. Paper applications will be available at school offices upon request.

#### LINQ Online Payment

The Kearney School District provides parents an easy way to make payments for their students. We have established a secure Web Site powered by LINQ at no cost to the School District. Our Web Site offers parents a convenient payment option when adding money to a student's food service account. Online payments can be made using VISA, MasterCard, Discover credit, or debit card. A processing fee will be added to the total purchase. The LINQ website also provides parents an opportunity for managing their student's meal account, such as setting daily purchase limits and/or acceptable purchases. You may access the LINQ system by logging onto [www.ksdr1.net](http://www.ksdr1.net) & click on Quick Links.

#### Lunch Balance Process for Students who Transfer, Drop, or Graduate

Parents/Guardians are responsible for their child's lunch balances throughout the school year. At times those balances may fall negative and staff may send reminders that lunch money is due. Lunch balances also may remain positive as students choose not to eat the school lunches. When a student transfers to another District, drops out or graduates from KSD they are responsible to reconcile their lunch accounts with the building administrative assistants whether that balance is negative or positive. KSD staff will make every effort to inform parents/guardians and students what their lunch activity consists of.

If money is owed to KSD at the time of transferring, dropping or graduating payment is expected.

If the student transferring has a sibling remaining in the District their balance may be transferred to that sibling. A parent/guardian or student may also designate their balance transferred to another student. Requests of this nature should be clearly stated.

If there is a balance remaining on the lunch account greater than ten dollars you may request a refund with the building administrative assistants. Refunds of less than ten dollars may not be issued. The deadline for this request is June 15th following each school year. The refund will commonly be issued by check, if the check is not cashed in 180 days it will become void. Refunds will not be processed automatically, a request from a parent/guardian or student is necessary. Any questions or concerns should be addressed to the building principals.

#### Commons/Kitchen Area

The purpose of the Commons/Kitchen is to provide a pleasant, sanitary dining area for serving and consuming food and a place for social conversation and relaxation. The

Commons is open to students prior to 7:30 a.m. for breakfast and during the fifth hour for lunch. Students should enter the cafeteria through the appropriate doors and not through the exit lines. All students sitting at a table are responsible for cleaning up the area when the breakfast/lunch shift is over. Kearney School District has a computer accounting “debit system,” meaning that students are issued a lunch account number and should deposit money into their account in order to use it. Money may be brought to the office window before school begins in the morning or during the fifth hour, and the secretary will deposit the money into the student’s account. Money should be deposited by the end of 4th hour to be credited to a student’s account the same day. Parents may also deposit money into a lunch account using the LINQ system.

### Closed Lunch Policy

The Kearney School District has a closed lunch policy that prohibits students from leaving the building for lunch. Students who are checked out during lunch time are expected to provide a form of absence documentation including medical or business upon return or have obtained prior administrative approval. Otherwise, their absence may be recorded as unexcused or truant from school and disciplinary consequences may be assigned.

### Lunchroom Expectations

All students are responsible for observing the following regulations during lunch:

- All students on any given lunch shift are required to go directly to the Commons.
- Students are not allowed to use another student’s name or pin number to purchase food.
- Students who leave the building for lunch or do not report to the Commons during their lunch shift may be considered truant.
- Students are to remain in the Commons area until dismissed by a supervisor or the bell.
- Students may purchase lunch, bring their own lunch, or use a combination of both plans.
- Students are to keep the dining area clean and dispose of food wastes, eating utensils, and trays at the disposal tray or window. Tossing any items during lunch is not allowed. Students who do not comply may be assigned clean-up duties or other disciplinary consequences and/or LOP.

### *Free and Reduced Lunch Application*

Students may be eligible for free or reduced price breakfast and lunch based on federal income guidelines. Free/Reduced lunch applications are available during the entire school year in the office any school day or online at [www.ksdr1.net](http://www.ksdr1.net). Applications may be submitted at any time during the school year. In accordance with federal law, these applications, and a student’s receipt of free or reduced price meals shall be kept strictly confidential.

### *Adult Visitors for Lunch*

We do not allow guests to eat lunch with students.

### Allergy Prevention and Response S-145-S

The District is required to ensure students with allergies are safe at school through planned prevention and response to a student's allergic reaction. For purposes of District policy and related procedures, an allergic reaction occurs when the immune system overreacts to a typically harmless substance and may be mild to life-threatening. Allergy prevention and response protocols apply to all school locations, including nonacademic, school-sponsored activities and transportation provided by the District. The Board authorizes the Superintendent or designee to develop and implement procedures to protect the health and well-being of students with significant allergies.

We strive to provide a safe environment for all students, including those with life threatening food allergies, to promote understanding of their needs to the wider school community, and provide guidelines that outline prevention strategies and treatment protocols that allow staff to respond to individual circumstances and provide necessary emergency treatment. Management of student allergies will be through a team approach, (e.g. parent or guardian, building administrator, nurse and classroom teacher).

Parents/guardians should provide, at the time of enrollment, information on any allergies the student may have. The school nurse may request written permission from the parents/guardians to communicate with a student's health care provider as needed. Staff members are trained annually on risk reduction strategies, symptom recognition, and response procedures.

As allowed by District rules, each school is equipped with prefilled epinephrine auto-injectors, more commonly known as an Epi-Pen. In the event of anaphylaxis (a life-threatening allergic reaction that may be triggered by a food allergy, insect bite, or drug allergy), the Epi-Pen will be used by the school nurse, or other trained staff member, and 911 will be notified.

The stock epinephrine is available for students with no prior diagnosis of anaphylaxis or in cases of known anaphylaxis where personal medication on hand is found to be unavailable or flawed. At a minimum, District stock epinephrine remains in the Nurse's Health Room at all times.

The District will provide age-appropriate education for students, consistent with state learning standards, including potential causes of allergic reactions, information on avoiding allergens, symptoms of allergic reactions, and simple steps a student can take to keep classmates safe.

All processed foods, including food sold in vending machines, are labeled with a complete list of ingredients on each individual package. Ingredient lists will be created

for all food provided through the District's nutrition program, including before- and after-school programs, which are available upon request. This also applies to items sold as part of concessions, fundraisers, and classroom activities.

*Building-Wide and Classroom Approaches*

*All foods and beverages the district provides or makes available to students (not sold to) during the school day will meet or exceed the Smart Snacks nutrition standards. This includes, but is not limited to, foods and beverages provided or made available to students for classroom snacks, building-wide incentives, celebrations, holiday parties, etc., regardless of the source of the food.*

*Exemption: Each Secondary building is allowed a maximum of one day per month for NON-Smart Snack food/beverage days.*

*These items will be only provided by the District and/or PTO members.*

*Parents/Guardians will be informed in advance of this type of event.*

**Individual snacks must always be peanut and tree nut-free. In addition, the product cannot be manufactured or processed in a facility that manufactures or processes nut products due to the risk of cross-contamination.**

Please refer to the building nurse with any questions on how to read a nutrition label and how to access the Smart Snack Calculator. A direct link can also be found on our website [www.ksdr1.net](http://www.ksdr1.net).

*Individual Approaches*

The District will evaluate and determine whether a student's allergy rises to the level of a disability that requires accommodations through the provisions of an Individual Education Plan (IEP) or Section 504 Plan (504). For those students who have allergies that do not rise to the level of disability, a designated team may develop an Individual Health Plan (IHP) and/or Emergency Action Plan (EAP). Staff who have a need to know about a student's allergies and plan will be informed and trained, and all staff members will follow any IEP, 504 Plan, IHP, and/or EAP.

A student's health information and individualized plan will be kept confidential and not shared with those who do not have a need to know unless authorized by the parent/guardian or as allowed by the Family Educational Rights and Privacy Act (FERPA). The District will communicate and collaborate at least annually with parents/guardians regarding the student's allergies, medications, restrictions/precautions, emergency contacts and any other relevant information to keep the student safe.

### Health Services S-215-S

Health services are provided under the direction of a school nurse.

#### **Students with Health Conditions**

Health information should be provided by the parent/guardian at time of enrollment. All health information is to be updated annually at the beginning of each school year and/or as needed with any changes during the school year.

Parent/Guardian should notify the school nurse and principal of any health concern that may require emergency services or interventions throughout the day, or interfere with the student's education process.

Students requiring medical accommodations (including, but not limited to, physical restrictions or limitations, dietary restrictions that require meal modifications, class schedule modifications for medical interventions) must submit a statement from their licensed medical provider stating the need for such accommodations.

#### *Illnesses/Injuries*

All of our policies and procedures are developed with the goal of providing a safe, healthy, nurturing, and responsive setting for young children. Providing a safe and healthy environment requires establishing policies and procedures for handling childhood illness. It is unlawful for any child to attend a public school of this state while afflicted with any contagious or infectious disease, or while liable to transmit such disease after having been exposed. We reserve the right by law to require your child to see a physician and be excluded from school so long as there is any liability of such disease being transmitted to other students.

When a child becomes seriously ill or hurt at school, parents are notified as soon as possible. Ill or injured students must be picked up within 30 minutes of notification. If the parent cannot be located, the emergency number is called. Emergency telephone numbers must be available and kept current. In the event of a serious accident or illness where the parent/guardian or other emergency contact individuals cannot be reached, an ambulance will be called, and the student will be transported to the nearest hospital emergency room, unless otherwise specified on the medical health enrollment form. When advisable, the student will be accompanied by a staff member. Additional staff will continue to attempt to reach the student's parent/guardian. Parent(s)/Guardian(s) are held responsible for any costs involved for medical transport and care.

A student should not be in attendance and may be sent home with any of the following:

- Temperature 100.4 degrees or greater
- Vomiting
- Diarrhea
- Difficulty breathing, rapid or slowed breathing that is uncontrolled

- Sore throat and/or trouble swallowing
- Symptoms related to possible communicable diseases:
  - ➔ Suspicious skin rashes
  - ➔ Suspicious open wounds
  - ➔ Redness of eyes or eyelids with intense itching/burning and thick or crusty drainage
  - ➔ Painful, reddened sore throat accompanied by enlarged lymph nodes
  - ➔ Constant cough accompanied by other symptoms
  - ➔ Severe coughing, including, but not limited to, high pitched breathing sounds, “barky-like” sounding cough, turning blue or red in the face
- Excessive drainage from ears, persistent earache, or ears that show symptoms when assessed with an otoscope
- Serious physical injury
- Symptoms of an acute illness/injury making it difficult for student to fully participate in learning:
  - ➔ Exhaustion (can’t stay awake in class)
  - ➔ Pain that is difficult to control in the school environment
  - ➔ Limited mobility related to an injury that has not been evaluated by a physician
- Students with live head lice or nits ¼ of an inch or less from scalp

Nurses assess students’ symptoms and make the decision whether a student needs to be sent home based on current symptoms and the history of the student’s situation. Students may return to school when free of above symptom(s) for 24 hours without any fever-reducing medication or other medication to relieve symptom(s). Children returning with any of the previous symptoms or illness will be excluded from the building immediately. This decision is at the discretion of the building nurse. Any questions regarding when to return to school should be discussed with the building nurse. A physician’s note may be required for return in some cases of illness.

Students returning to school after injury or surgery, and who are thereby temporarily incapacitated (e.g. crutches, casts or slings), should present a physician release to return to school along with a statement of any modifications or accommodations that need to be made.

### Health Screenings

Health screenings are intended to facilitate the identification of children with common problems as early as possible, when treatment is most effective, thus supporting educational achievement and allowing ample time for referral of children for diagnosis and treatment. The Health Services department follows screening guidelines that were developed in a collaborative effort between the Missouri Department of Elementary and

Secondary Education (DESE), the Missouri Department of Health and Senior Services (DHSS), and the Missouri Association of School Nurses (MASN).

Hearing and vision screening will be conducted during the current school year, as time and resources permit. Screenings will be completed as recommended by the above entities all new students to the district, students receiving special services, students referred by a parent or teacher, and all kindergarten, first, third, fifth, and seventh grades. Ninth and eleventh grades may be completed if time allows or upon request.

Re-screenings and follow-ups will be completed when appropriate. Parent/Guardian will receive written notice for those students who failed a screening exam. Parent/Guardian can request screening results.

Parent/Guardian will be notified in advance of scheduled screenings. Parent/Guardian may exclude their child from any screening by notifying the school nurse in writing prior to scheduled screenings.

### *Health Office*

If you have any questions, please contact the building nurse.

### Administration of Medication S-135-S

The building nurse will provide all medication services. All medication is kept in the health office and no medication will be dispensed without written parental permission, including over-the-counter medication. Many medications can be given at home before or after school. When this is not possible, medication should be brought directly to the health office by the parent/guardian and the following procedures will apply:

#### All Medications:

- The Authorization for Medication Administration form must be signed and provided along with each medication (prescription and over-the-counter).
- Medication is kept in the nurse's office at all times with appropriate documentation.
- All medications will be dispensed in the health room, unless authorization to self carry specific medications is obtained and recorded.
- Nurses, using their professional judgment and in consultation with the parent, may allow select students to carry their own inhalers and epinephrine auto-injectors for grades 6-12
  - ➔ a physician will need to provide a written treatment plan and authorization for select students to carry their own inhalers or epinephrine
  - ➔ written parental authorization is required on the Authorization for Medication Administration form

- ➔ an appropriate Individualized Health Plan (IHP) and/or Emergency Action Plan (EAP) must be on file.
- All medications must be delivered to the school nurse or building designee by parent/guardian.
- All medications must be in a properly labeled container from the pharmacy or in the manufacturer's original packaging.
- No medication will be given past the expiration date on the container
- The district will not administer any medication that is not regulated by the U.S. Food and Drug Administration.
- Except for medications that are only used in an emergency situation, the district will not knowingly administer the first dose of any medication due to the potential for unknown reactions.

#### Prescription Medications:

- Written instructions from a physician stating the name of student, current date, medication name, dosage to be given, and the times to be administered, or the medication label provided by the pharmacy with the physician's directions will be sufficient, so long as the prescription has a current date with the student's name.
- Pharmacies can provide an extra bottle with a label for school doses upon parent request.
- The first dose of any medication should be given at home whenever possible.
  - ➔ Nurses can decide not to administer the first dose of a medication if, in their clinical judgment, it may compromise the safety of the student while attending school; in that instance, parents would be notified.
- Antibiotics need to be administered for a complete 24 hours before returning to school.
- Any prescription medications, including inhalers, that don't have a prescription label, need a written note from the prescribing physician with the appropriate instruction, student name, and current date.
- Medication by Injection:

If a student has a known health condition, such as allergies or diabetes that requires prescription medication administered by injection (e.g. epinephrine, glucagon or insulin) an Individual Healthcare Plan (IHP) and/or Emergency Action Plan (EAP) will be developed. The IHP and/or EAP should include the authorized prescriber's orders, parent authorization to administer the medication, report of student's related health history and identification of school personnel trained to administer the medication via injection. It is the parent's responsibility to ensure their student has access to emergency medication at school when it has been prescribed by a licensed physician. If a student exhibits symptoms of

anaphylactic shock, EMS will be called. Epinephrine will be administered as indicated on the IHP or EAP or per district policy/procedure.

#### Non-Prescription Medication:

- Non-prescription medicine must be in the original container with administration guidelines included.
  - ➔ Only the instructions written on the original container will be followed, unless a physician specifically provides a written order with different instructions for administering the medication.
- Ages 12 and older: acetaminophen (generic for Tylenol) and ibuprofen will be made available to students with parent authorization via the Authorization for Medication Administration form.
  - ➔ A student cannot exceed more than 20 doses of any combination of acetaminophen and ibuprofen unless a written order from a physician and a parent/guardian authorizes additional doses. After 20 doses have been given in a single school year, a parent/guardian must provide additional medication to the nurse for the student.
- Ages 12 and older: cough drops/throat lozenges are permitted for self-carry; students are prohibited from sharing cough drops/ throat lozenges with other students.

#### Emergency Medication

- As allowed by District rules, each school is equipped with an epinephrine auto-injector, more commonly known as an Epi-Pen. In the event of anaphylaxis (a life-threatening allergic reaction that may be triggered by a food allergy, insect bite, or drug allergy), the Epi-Pen will be used by the school nurse, or other trained staff member, and 911 will be notified. The stock epinephrine is available for students with no prior diagnosis of anaphylaxis or in cases of known anaphylaxis where personal medication on hand is found to be flawed.
- As allowed by District Rules, each school is equipped with “undesigned” asthma medication: albuterol metered dose inhaler to be used during respiratory emergency distress events.
- As allowed by District rules, all buildings are also equipped with Naloxone (Narcan) nasal spray to be used during a life threatening opioid overdose.
- Stock emergency medications are not a replacement for a student’s prescribed emergency medication. If a student is prescribed an emergency medication for any health condition, it is the parent’s/guardian’s responsibility to ensure the student has access to their medication at school.
- Field Trips: Students’ personal emergency medications must accompany the student on scheduled field trips. In accordance with the Missouri State Board of

Nursing, these medications must be allowable to delegate administration to a non-health provider, such as a teacher. Parents/guardians are responsible for providing emergency medications to the school. If the emergency medication has not been provided or is expired, the student may not attend the field trip.

Standing Orders for Over-the-Counter Medications are available for use in the Health Office and approved by Adam Harrold, MD, Kearney School District Consulting Physician.

ALBUTEROL will be administered in the event an individual is thought to be experiencing RESPIRATORY DISTRESS.

NALOXONE (NARCAN) will be administered in the event a student is thought to be experiencing an OPIOID OVERDOSE.

Communicable Diseases F-245-S

Parents/guardians must notify the District if their student has a communicable disease. Parents/guardians will be required to provide written approval from the student's treating physician in order for their student to attend school. The District reserves the right to prevent student attendance until clarification or implementation of precautionary measures are in place. Parents/guardians are required to notify the District if they are enrolling or have a student attending school who is HIV positive.

Medical information of students is highly confidential, and the District will take necessary steps to protect the medical information of students and ensure that such information is released only to those with a need-to-know and/or individuals and entities who are required by law to be notified of certain health and medical information.

Students with a communicable disease who exhibit behaviors that increase the chances of their condition being spread to other individuals, may be subject to discipline and/or remedial action in accordance with the discipline code, and state and federal law.

### *Immunizations and Vaccinations*

It is unlawful for any student to attend school unless the student has been immunized according to Missouri School Immunization Law. Satisfactory evidence of required immunizations must be on file before attending school. Immunization records or proof of a medical or religious exemption on an original Missouri Department of Health and Human Services card must be provided at time of enrollment and with any additional required immunizations as required by state law.

The District will exclude all students from school who are not immunized or exempted as required by law.

### Asbestos F-215-S

The Asbestos Hazard Emergency Response Act of 1986 (referred to as AHERA) was enacted by Congress to determine the extent of, and develop solutions for, any problems schools may have with asbestos.

Asbestos has been used as a building material for many years. It is a naturally occurring mineral that is mined primarily in Canada, South Africa and Russia. Asbestos' properties made it an ideal building material for insulation, sound absorption, decorative plasters, fireproofing and a variety of miscellaneous uses. There have been over 3,000 different products made using asbestos materials. EPA began action to limit uses of asbestos products in 1973, and most uses of asbestos products as building materials were banned in 1978.

Information on KSD facility re-inspections by a certified asbestos inspector (re-inspection by a certified inspector occurs every three years), as required by AHERA, are posted on the District's website. The inspector located, sampled and rated the condition and hazard potential of all material in our facilities suspected of containing asbestos. The inspection and laboratory analysis records were turned over to a certified management plan writer to develop an asbestos management plan.

An asbestos management plan for our facilities has been developed which includes this notification note and a set of plans, procedures, and regular surveillance designed to minimize the disturbance of the asbestos-containing materials. A copy of the asbestos management plan is available for your inspection in our administrative offices during regular office hours. Inquiries regarding the plan should be directed to Director of Operations, 425 W. Washington Street, Kearney, MO 64060, (816) 628-4116.

KSD is implementing the asbestos management plan to ensure that your children and our employees have a healthy, safe environment in which to learn and work.

The Director of Operations will work with an accredited professional to create, maintain and update the district's asbestos management plans to keep them current with ongoing operations and maintenance, periodic surveillance, inspection, reinspection, and response action activities, as required by law. All buildings the district owns, leases or otherwise uses must be inspected for asbestos. The asbestos manager will coordinate an inspection for any building prior to use unless it is an emergency situation. In an

emergency, the inspection will occur within 30 days of use. The asbestos manager will coordinate a re-inspection of all friable and non-friable known or assumed ACM in each school building once every three years. All inspections will be done by an accredited inspector and conducted as required by law.

#### Student Insurance S-140-S

The District recommends student accident insurance for the protection of a student and parents/guardians. It is the responsibility of the parents/guardians to arrange insurance coverage as the District does not assume financial responsibility for student injuries. The District does, however, make an optional student accident group plan available for students, for which a carrier is named and rates established annually. Families and/or students must deal directly with the insurance carrier to obtain information about available coverage and policies. It is important that the parent/guardian read and understand the exclusions stated in the program. The District does not provide insurance for theft or student possession or damage to vehicles.

Students participating in interscholastic athletics are required to have insurance coverage. This may be in the form of either family coverage or the coverage offered through the District. Missouri State High School Activities Association (MSHSAA), requires that a student be covered through insurance before being allowed to practice or compete for a school team. The student will not be allowed to participate in interscholastic practices or competitions until proof of insurance is provided.

The District also provides information about MO HealthNet for Kids (MHK), Missouri's Medicaid program, to qualifying families who enroll students in the District. Parents who complete an application for free and reduced-priced meals (FRL), and who indicate on the application form a child does not have insurance, will be notified by the District that the MHK program is available. Forms for MHK may be accessed at: <https://dssmanuals.mo.gov/wp-content/uploads/2020/09/IM-1SSL-Fillable-Secured-6-24-21.pdf>.

#### Student Records S-125-S

##### *Access to and Release of Student Information*

All parents/guardians may inspect and review their student's education records, seek amendments, consent to disclosures except to the extent the law authorizes disclosure without consent, and file complaints regarding the records as allowed by law. Requests to inspect or review education records may be directed to the District's Custodian of Records. Requests to amend education records may be directed to the District's Custodian of Records to obtain the proper form. If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing. The parents'/guardians' rights relating to the education records transfer to the student once the student becomes an eligible student; however, parents/guardians maintain

some rights to inspect student records even after a student turns 18. The District allows access to records to either parent, regardless of divorce, custody or visitation rights, unless the District is provided with legal documents that the parent's rights to inspect records have been modified.

### *Directory Information*

Directory information is information about a student that generally is not considered harmful or an invasion of privacy if disclosed without the consent of a parent or eligible student. The District will designate the types of information included in directory information and may release this information without obtaining consent from a parent or eligible student unless a parent or eligible student notifies the District in writing. Parents and eligible students will be notified annually of the information the District has designated as directory information and the process for notifying the District if they do not want the information released. Even if parents or eligible students notify the District in writing that they do not want directory information disclosed, the District may still disclose the information if required or allowed by law. For example, the District may require students to disclose their names, District email addresses in classes in which they are enrolled, or students may be required to wear or display a student identification card that exhibits information designated as directory information. If you do not want the District to disclose any or all of the types of information designated below as directory information from your child's education records without your prior written consent (with exception of disclosures required by law), you must notify the District in writing by September 1<sup>st</sup> of each school year.

The District designates the following items as directory information:

*General Directory Information:* The following personally identifiable information about a student may be disclosed by the District without first obtaining written consent from a parent or eligible student: Student's name; date and place of birth; parents' names; grade level; enrollment status (e.g., full-time or part-time); participation in District-sponsored or District-recognized activities and sports; weight and height of members of athletic teams; athletic performance data; dates of attendance; degrees, honors, and awards received; artwork or course work displayed by the District; schools or school Districts previously attended; and photographs, videotapes, digital images and recorded sound unless such records would be considered harmful or an invasion of privacy.

*Limited Directory Information:* In addition to general directory information, a student's address, telephone number and email address; and the parents' addresses, telephone numbers and email addresses may be disclosed to: school officials with a legitimate educational interest; parent groups or booster clubs that are recognized by the Board and are created solely to work with the District, its staff, students and parents and to raise funds for District activities; parents of other students enrolled in the same school as the student whose information is

released; students enrolled in the same school as the student whose information is released; governmental entities including, but not limited to, law enforcement, the juvenile office and the Children's Division (CD) of the Department of Social Services.

#### *School Officials with a Legitimate Educational Interest*

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests.

A school official includes a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a Board Member. A school official also may include a volunteer, contractor, or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks.

A school official typically has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

#### *Release of Records to Other Agencies or Institutions*

The District forwards education records to officials of another school, school system, or institution of postsecondary education where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer, subject to the requirements under the law.

#### *Military and Higher Education Access*

The District will disclose the names, addresses and telephone numbers of secondary school students to military recruiters or institutions of higher education as required by law. However, if a parent or a secondary school student who is at least 18 submits a written request, the District will not release the information without first obtaining written consent from the parent of the student/eligible student.

#### *Release*

Parents or guardians may designate additional adult(s) to have access to their student's records by requesting a Family Educational Rights and Privacy Act (FERPA) release form.

#### *Notice*

Parents/Guardians and/or eligible students have the right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

#### Student Discipline S-170-S

##### *Student Code of Conduct*

The District believes students deserve the right to participate and learn in a safe environment which allows teachers to focus on instruction that accelerates achievement. To ensure that school is a quality atmosphere for all students at all times, the code of conduct and discipline policies outline consequences for misconduct that occurs at school, during a school activity whether on- or off-campus, on District transportation, or misconduct that involves the use of District technology. All District personnel are responsible to supervise and hold students accountable for violations of discipline rules.

Failure to obey standards of conduct may result in, yet is not limited to, verbal warning, community service, confiscation of property, principal/student conference, parent contact, loss of credit, grade reduction, course failure, removal from extracurricular activities, revocation of privileges including transportation, parking and technology privileges, detention, in- or out-of-school suspension, expulsion, and report to law enforcement. For offenses involving academic integrity, the student may also be subject to a loss of credit for work, a grade reduction, and/or course failure. The Board authorizes the immediate removal of a student who poses a threat to self or others as determined by the principal, Superintendent, or the Board.

Any student who is suspended for any serious violation of the District's Student Discipline policy shall not be allowed while suspended to be within 1,000 feet of any

school property or any activity of the District, regardless of where the activity takes place, unless:

1. Such student is under the direct supervision of the student's parent, legal guardian, or custodian and the Superintendent or the Superintendent's designee has authorized the student to be on school property;
2. Such student is under the direct supervision of another adult designated by the student's parent, legal guardian, or custodian, in advance, in writing, to the principal of the school which suspended the student and the Superintendent or the Superintendent's designee has authorized the student to be on school property;
3. Such student is enrolled in and attending an alternative school that is located within one thousand feet of a public school in the District where such student attended school; or
4. Such student resides within one thousand feet of any public school in the District where such student attended school in which case such student may be on the property of his or her residence without direct adult supervision.

If a student engages in an act of violence, a school administrator will report the information to teachers and other District employees who are responsible for the student's education or otherwise interact with the student on a professional basis while acting within the scope of their assigned duties.

#### Reporting to Law Enforcement

It is the policy of the Kearney School District to report all crimes occurring on school grounds and/or during school activities to law enforcement, including, but not limited to, the crimes the district is required to report in accordance with the law. Corporal punishment is strictly prohibited as a method of discipline. Reasonable force may be used, when necessary, for the protection of a student or others and property. The District limits the use of seclusion or restraint to situations or conditions in which there is imminent danger of physical harm to self or others.

Students with disabilities will be disciplined in compliance with state and federal laws per the Individuals with Disabilities Act (IDEA), Section 504 of the Rehabilitation Plan, and any regulations and state and local compliance plans, which includes due process rights as afforded to all students. Additionally, a student's Individual Education Plan (IEP), including any portion that is related to past or potentially future violent behavior, will be provided to appropriate staff members with a need to know.

Information regarding a student's misconduct and discipline is confidential and only shared with those who have a need to know. Teachers and other authorized District personnel shall not be civilly liable when acting in conformity with District policies, including the discipline policy, or when reporting acts of school violence to a supervisor or other person as mandated by law.

The District discipline policy and procedures will be provided to every student at the beginning of each year, be published on the District website, and made available in the office of the Superintendent during normal business hours.

This code applies to all misbehavior committed by a student on District property, at any school-sponsored activity or event whether on- or off-campus, and District transportation. Additionally, the District may use its authority to address behavior that occurs off-campus if it interferes with the operation of the school or endangers the safety of students or staff.

#### *Standards of Conduct and Consequences*

No document can identify every possible offense that could potentially result in disciplinary action. This code identifies most offenses constituting a failure to obey the standards of conduct set by the Board. However, when circumstances warrant, the principal, Superintendent, and/or Board may impose consequences for misconduct not specifically outlined in this document.

# KEARNEY R-1 SCHOOL DISTRICT DISCIPLINE GUIDE 2025-2026

The Kearney R-1 School District's primary goal is to educate, not to discipline. However, when the behavior of an individual student comes in conflict with the rights of others, corrective actions are necessary for the benefit of the individual and of the school. The school district will not tolerate any student stopping a teacher from teaching or another student from learning.

To maintain an atmosphere where teaching and learning is possible, the establishment of standards for acceptable behavior is imperative. That discipline is fair, impartial, and consistently applied is important in educating young people as to those behaviors that are acceptable. The standards of behavior promote the objectives of the school in ways appropriate to individuals' respective roles while at all times, recognizing and defending the rights of others. This code can be a part of the dual commitment of educational excellence that has come to characterize our concern for students.

Guidelines for consequences have been set forth as a result of a violation of the Student Discipline Policy. The "level" of the offense (e.g. first, second or third) will generally be based upon the total number of discipline referrals accumulated by a student for a particular type of conduct during the current school year. ***Offenses including but not limited to drugs, alcohol, pranks, weapons, vandalism, or acts of physical violence will accumulate through secondary school (grades 6-12).***

This is in keeping with the Kearney R-1 School District's aims: 1) Education is both a right and privilege; 2) This opportunity to education is guaranteed unless a student infringes on the rights or privileges of others; 3) An integral part of the educational process is recognition that one's liberties must be correlated with the rights of others. (Kearney R-1 Ed. Philosophy – File AD) The discipline policy is designed for the orderly operations of the Kearney Schools. It is the purpose of this code to list offenses, which, if committed by a student, will result in the imposition of Loss of Privilege(s) and/or the maximum penalties listed. The following guidelines are published for your information and may be modified at the discretion of the building principal or assistant principals after review of all of the circumstances on a case-by-case basis. The principal or assistant principal has the authority to impose more discipline consequences than set forth in the guidelines if, in his/her judgment, the totality of the circumstances warrants such action. In addition, if appropriate under the circumstances, the principal or assistant principal may impose more severe disciplinary action if, in a short period of time or in a single event, a student engages in multiple conducts which violate the discipline rules. Finally, the principal or assistant principal may use discretion in the imposition of discipline when a student engages in a pattern of unacceptable conduct or otherwise displays a persistent refusal to comply with school rules. The Superintendent or his/her designee has the discretion to modify these guidelines if deemed necessary under all of the circumstances.

It should be noted that it is impossible to list every disciplinary situation that may arise. Therefore, the administration reserves the right to accelerate and/or modify the discipline guide listings and consequences based on the infraction(s) and/or intent of the student.

Students who engage in other misconduct not expressly covered by the foregoing standards but which is disruptive to school operations and detrimental to positive order and discipline may be subject to disciplinary action up to and including suspension and/or expulsion.

The Kearney R-1 School District complies with all aspects of **The Safe Schools Act of 1996** (section 8.1)

## TERMS

**Detention** – Specified time period assigned by teacher/administrator to be served by student under supervision of professional staff.

**Loss of Privileges (LOP)** -- An administrative assigned consequence. The student may lose the privilege of participating/attending activities including but not limited athletic events, concerts, theatrical performances, programs, ceremonies, dances, assemblies, intramurals, computer/Internet access, driving/parking vehicle on school grounds, etc. The time period for LOP will be determined by administration.

**In-School Suspension (ISS)** -- An administrative assigned disciplinary consequence where the student is removed from the student's daily class schedule but detained within a school setting during school hours. ISS assignment may go into effect as soon as the administrator has made a disciplinary decision based upon the policy. The student will not attend regular classes. Instead, the student will spend the school day in the designated ISS room on campus supervised by professional staff to complete assignments, quizzes, and tests. All work completed and turned in will receive full credit. A student who is assigned ISS may be held from participating in extracurricular practices, meetings, games, contests, or rehearsals as indicated by the Activities/Sponsor Handbook. If a student leaves school during the ISS assignment, he/she will be expected to make up the time missed the next day upon return. ISS is determined by hours of attendance. **A student may serve a cumulative of 10 days of ISS during a school year. Any infractions after that may result in OSS assignment(s).**

Any student who is referred to the office for violation of ISS rules may be suspended from school for a minimum of the remainder of that day and the next day. Any student who refuses to serve an ISS assignment may be assigned out of school suspension consequences. On both occasions, the student may receive zero credit on all tests, quizzes, projects and homework due during the time period he/she is suspended.

**Out of School Suspension (OSS) Short-Term** – An Administrative assigned disciplinary consequence where a student is removed from school or class by the principal or the assistant principal not to exceed ten (10) school days. The suspension will go into effect as soon as the administrator has made a disciplinary decision based upon the policy. A student serving an out of school suspension will not be allowed on school property or to attend school activities during the suspension unless prior administrative approval has been obtained. Additional consequences may be added for trespassing. A student suspended on Friday may not take part in weekend school activities. Makeup work during OSS is allowed, but is the responsibility of the student to secure. When a student is assigned OSS, the student is responsible for contacting the classroom teachers by telephone or email if necessary to access assignments as needed. Assignments are due the day the student returns to school. The student should also be prepared to take any missed or assigned tests on the day he/she is eligible to return to school. Students who have major assignments (i.e. final projects, research papers) due on the day of an OSS should make arrangements for those assignments to be turned in on that day. Incidents of OSS may require a re-entry meeting with administration, counselor, and/or School Resource Officer.

**Long-Term Suspension/Expulsion** – Referred by the administration and executed by the Superintendent/his/her Designee/Board of Education, this suspension includes a period of time a student is removed from school exceeding ten (10) school days, but not to exceed one hundred and eighty (180) school days. After a hearing before the Board, or the committee of the Board, the student may be removed from school by the Board for a period of time exceeding one hundred and eighty (180) school days. A student serving long-term suspension/expulsion will not be allowed on school property or to attend school activities. Additional consequences may be added for trespassing.

**Expulsion** – A student is removed from school by the Board of Education and is not eligible for further enrollment.

**Due Process --** All students will be afforded due process as guaranteed by constitutional provisions. The process will be in accordance with state law and with the provisions outlined in the Board of Education policies and regulations on student suspension and student expulsion.

**For In-School suspensions, should school be canceled for any reason or a day(s) of missed ISS, any unserved suspension day(s) will automatically be re-assigned to the first day school is in session. For Out of School Suspension, if school is canceled, return dates of Out of School suspension will not be extended.**

### Bullying, Hazing, and Cyberbullying S-185-S

The District strictly prohibits bullying, including hazing, and cyberbullying on school grounds, at any school function, or on District transportation.

#### *Definitions*

*Bullying* – Intimidation, unwanted aggressive behavior or harassment that is repetitive or is substantially likely to be repeated and causes a reasonable student to fear for his or her physical safety or property; substantially interferes with the educational performance, opportunities, or benefits of any student without exception; or substantially disrupts the orderly operation of the school. Bullying may consist of physical actions, including gestures, or oral, cyberbullying, electronic, or written communication, and any threat of retaliation for reporting such acts.

*Cyberbullying* – Bullying as defined above through the transmission of a communication including, but not limited to a telephone, wireless telephone, or other wireless communication device, computer, or pager. The District has jurisdiction to prohibit cyberbullying that originates on a school campus, or at a District activity if the communication was made using District technological resources, if there is sufficient nexus to the educational environment, or if the electronic communication was made on the school's campus or at a District activity using the student's own person technological resource.

*Anti-bullying Coordinator* – The Superintendent will ensure an individual at each school is designated to serve as the anti-bullying coordinator. All anti-bullying coordinators will be teacher-level or above and a list of coordinators will be kept on file at the District administration office and updated annually. Additionally, a District anti-bullying coordinator will be designated. The District Anti-Bullying Coordinator is the District Compliance Officer, which is Assistant Superintendent of Human Resources. The building anti-bullying coordinator is as follows:

Junior High –                      Principal  
    Phone: 816-628-2650

*School Day* – A day on the District calendar when students are required to attend school.

### *Reporting Bullying or Cyberbullying*

District employees are required to report any instance of bullying of which the employee has firsthand knowledge. Any employee, substitute, or volunteer who witnesses an incident of bullying must report the incident to the building anti-bullying coordinator within two (2) school days of witnessing the incident. If the anti-bullying coordinator is unavailable or is the subject of the report, the employee should contact the District's Compliance Officer. In addition, all District employees, substitutes, or volunteers must direct all persons seeking to report an incident of bullying to the building anti-bullying coordinator.

Any individual making a verbal report of bullying will be asked to submit a written complaint to the anti-bullying coordinator. If the person refuses or is unable to submit a written complaint, the anti-bullying coordinator will summarize the verbal complaint in writing.

When an anti-bullying coordinator is informed about a possible bullying or cyberbullying incident, verbal, written, or otherwise, the District will conduct a prompt, impartial, and thorough investigation to determine whether misconduct, including unlawful conduct, occurred. The District will implement interim measures as necessary. When it is determined that bullying or cyberbullying occurred, the District will take appropriate action for violations of District expectations and rules.

### *Investigation*

Within two (2) school days of receipt of a report of bullying or cyberbullying, the anti-bullying coordinator or designee will initiate an investigation of the incident. The school principal may appoint other school staff to assist with the investigation. The investigation will be completed within ten (10) school days from the date of the written report unless good cause exists to extend the investigation. A copy of the written report of the investigation and results will be sent to the District anti-bullying coordinator and included in the files of the victim and the alleged or actual perpetrator of bullying or cyberbullying. All reports are confidential in accordance with law and District rules.

### *Retaliation*

The District prohibits reprisal or retaliation against any person who reports an act of bullying or cyberbullying, testifies, or participates in any manner with an investigation proceeding, or hearing. The District will take appropriate remedial action for any student, teacher, administrator, or other school personnel who retaliates.

### *Consequences of Bullying, Cyberbullying, or Retaliation*

When the District receives a report of bullying, cyberbullying, or retaliation, interim measures to protect the victim(s) will be taken. If an investigation determines that bullying, cyberbullying, or retaliation occurred, the District will act to end the bullying, cyberbullying or retaliation.

Students who are determined to have participated in bullying, cyberbullying, or retaliation will be disciplined in accordance with the District discipline policy. Consequences may include, but are not limited to, loss of privileges, detention, in- or out-of-school suspension, expulsion, and referral to law enforcement. Any determination of consequences will consider factors such as the age of the student(s), developmental level of the student(s), degree of harm, severity of behavior, disciplinary history, and other educationally relevant factors.

District employees and substitutes who violate this policy will be disciplined, up to and including termination. Volunteers, visitors, patrons, or others who violate this policy may be prohibited from District property or activities, or other remedial action.

### *Public Notice*

The District will:

1. Provide information and appropriate training to District staff who have significant contact with students regarding the policy.
2. Provide education and information to students regarding bullying, including information regarding the District policy prohibiting bullying, the harmful effects of bullying, and applicable initiatives to address bullying, including student peer-to-peer initiatives to provide accountability and policy enforcement for those found to have engaged in bullying, cyberbullying, and/or retaliation against any person who reports an act of bullying.
3. Instruct school counselors, school and licensed social workers, mental health professionals, and school psychologists to educate students who are victims of bullying on techniques for overcoming bullying's negative effects. ### Complaints or Concerns C-120-S

Effective communication helps avoid and resolve many complaints, concerns, misunderstandings and disagreements. Individuals who have a complaint or concern should discuss their concerns with the school personnel involved in the issue at hand in an effort to resolve problems. This step will usually involve communicating directly with the person or persons with whom the complainant has a concern. This step may be skipped when the complainant in good faith believes that speaking directly to the person would subject the complainant to discrimination, harassment or retaliation.

This step may also be skipped if the complainant in good faith believes that any law or a District policy or written rule has been violated. The District has adopted specific procedures for investigation and resolution for complaints or concerns as required by specific and varying laws that are applicable to the District. The District's Compliance Officer should be contacted with any complaints or concerns that any law or District written rule has been violated, including but not limited to, laws relating to: civil rights, including discrimination, harassment, and retaliation; special education matters including the IEP and 504 processes and services; federal programs and related services; bullying; and The Family Educational Rights and Privacy Act, including student records and confidentiality.

When communicating directly with the school personnel involved in the issue does not resolve matters satisfactorily, or if it is appropriate to skip the first step as described above, a complainant should consult with the District's Compliance Officer who will direct the complainant to the appropriate process for resolution of the complaint. The District designates the following individual to act as the District's Compliance Officer:

Role/Title:	Assistant Superintendent of Human Resources
Phone #:	816-628-4116
Email Address:	<a href="mailto:compliance@ksdr1.net">compliance@ksdr1.net</a>

In the event the District's Compliance Officer is unavailable or is the subject of a report that would otherwise be made to the Compliance Officer, reports should instead be directed to the alternative Compliance Officer:

Role/Title:	Superintendent
Phone #:	816-628-4116
Email Address:	<a href="mailto:millere@ksdr1.net">millere@ksdr1.net</a>

All complaints of violation of any law or a District policy or written rule will be promptly investigated by the District, and appropriate action will be taken. Complainants are strongly encouraged to provide their concerns in writing.

To participate in graduation, a student must meet all requirements, be in good standing and participate in the graduation practice. Although the ceremony is an important event, participation or nonparticipation does not alter the significance or value of the diploma. The graduation ceremony is like any other extracurricular activity to which school rules and board policies regarding student conduct apply. Graduation is the time to show respect toward family and toward the ceremony. Any misconduct related to the graduation ceremony may result in removal from the ceremony, loss of the privilege to participate in the graduation exercises, and further disciplinary consequences prior to receipt of the diploma. A standard of dress appropriate for graduation attire will be enforced, and students may be prohibited to take part in the ceremony if they violate the standard of dress. The cap and gown must be worn and their appearance may not be altered.

### *Students Eligible for Services under the IDEA*

Students eligible for services under the Individuals with Disabilities Education Act (IDEA) who will have completed four years of high school at the end of a school year may participate in the graduation ceremony and all related activities of the student's graduating class if:

1. The student's Individualized Education Program (IEP) prescribes special education, transition planning, transition services or related services beyond the student's four years of high school, and
2. The student's IEP team determines the student is making progress toward the completion of the IEP and that participation in the graduation ceremony is appropriate.

The student and the student's parent/guardian will be provided written notice of this policy at the annual IEP meeting prior to or during the student's fourth year of high school.

### *Early Graduation*

A student intending to complete high school education in less than four years is expected to meet with school counseling personnel to develop a graduation plan. The student's intention to accomplish this shall be stated in writing by completing the

Early Graduation form that may be obtained in the Counseling office. Upon its completion, it should be turned into the building Principal by December 1 of the current school year. A student who intends to graduate early must complete all graduation requirements as approved by the Kearney Board of Education. Students who intend to graduate early may not attend part-time the first semester of their senior year. Deadline extension is on a case by case basis. If a student graduates early he/she will be removed from class rank. If A student attends part time second semester, they will not be

included in class rank. These students are expected to complete all academic and attendance requirements for graduation. They are also expected to participate in the appropriate meetings and rehearsals for the commencement exercise including attending the required graduation rehearsal to participate in the graduation ceremony.

### *Missouri Option Program*

Kearney High School offers the Missouri Option Program for students as outlined by the Missouri Department of Elementary and Secondary Education. The program is designed for students who are 17 years of age or older, at least one year's credit behind their cohort group, and starting the fourth year of high school; or who, for other significant reasons as approved by the principal, will be unable to complete their diploma with their cohort group (class). For specific details, contact the Missouri Option coordinator at KHS.

### *Section 504 I-125-S*

The District is required to undertake measures to identify and locate every qualified disabled person residing in the District who is not receiving a public education; and take appropriate steps to notify disabled persons and their parent or guardians of the District's duty.

The District will provide free appropriate public education (FAPE) to each qualified disabled person in the District's jurisdiction regardless of the nature or severity of the person's disability. For purposes of Section 504 of the Rehabilitation Act of 1973, the provision of an appropriate education is the provision of regular or special and related aids and services that are designed to meet individual educational needs of disabled persons as adequately as the needs of nondisabled persons are met and are based on adherence to procedures that satisfy the requirements of the Section 504 federal regulations.

The District has developed a 504 Procedures Manual for the implementation of federal regulations for Section 504 of the Rehabilitation Act, Subpart D. This Procedures Manual may be reviewed Monday – Friday (7:30 am – 3:30 pm) in the office of the Director of Special Programs at 425 W. Washington, Kearney, Missouri 64060, 816-628-2653. Alternative times are available by request.

This notice will be provided in native languages as appropriate.

The District assures that it will provide a free,

appropriate public education (FAPE) to all eligible children with disabilities between the ages of 3 and 21 under its jurisdiction. Disabilities include autism, deaf/blindness, emotional disorders, hearing impairment and deafness, intellectual disability, multiple disabilities, orthopedic impairment, other health impairments, specific learning disabilities, speech or language impairment, traumatic brain injury, visual impairment/blindness and young child with a developmental delay.

The District assures that it will provide information and referral services necessary to assist the State of Missouri in the implementation of early intervention services for infants and toddlers eligible for the Missouri First Steps program.

The District assures that personally identifiable information collected, used, or maintained by the District for the purposes of identification, evaluation, placement or provision of FAPE of children with disabilities may be inspected and/or reviewed by their parents/guardians. Parents/guardians may request amendment to the educational record if the parent/guardian believes the record is inaccurate, misleading, or violates the privacy or other rights of their child. Parents have the right to file complaints with the U.S. Department of Education or the Missouri Department of Elementary and Secondary Education concerning alleged failures by the District to meet the requirements of the Family Educational Rights and Privacy Act (FERPA).

The District has developed a Local Compliance Plan for the implementation of State Regulations for the Individuals with Disabilities Education Act (IDEA). This plan contains the agency's policies and procedures regarding storage, disclosure to third parties, retention and destruction of personally identifiable information and the agency's assurances that services are provided in compliance with the General Education Provision Act (GEPA).

This plan may be reviewed Monday – Friday (7:30 am – 3:30 pm) in the office of the Director of Special Programs at 425 W. Washington Street, Kearney, Missouri 64060, 816-628-2653. Alternative times are available by request.

#### *Technology Devices and Acceptable Use Policy*

The District maintains an environment that promotes ethical and responsible conduct in all online network activities by employees and students. All authorized users are expected to acknowledge and comply with the rules and policies of technology usage and the District network.

#### *Technology Devices*

### District Chromebooks

Every student Grades 8-9 may receive a Chromebook. This is part of the district's technology plan to increase the computer-to-student ratio, allowing more opportunities for students to work with digital devices. Students will receive the device, a protective case and one charger. These items will need to be turned back in at the end of the school year or when a student withdraws from the district. The enrollment fee for insurance on the mobile device is required and online registration is also required at [One2OneRisk.com](http://One2OneRisk.com). If a parent or guardian chooses not to purchase the mobile device fee, the student will be required to check the device out each morning and check the device in before leaving school everyday. Parents/guardians will be financially responsible for any damage occurring to the device throughout the school day. Please file a police report as soon as possible, and let your school know. If the device is not turned in at the end of the school year or upon a student leaving the district, a phone call to the home will be made by building staff. A certified letter will be sent to the home if not returned the next working day after the call. If still not returned after 5 days of the letter being delivered, a police report may be filed.

### Earphones, Earbuds, Listening Devices

Students may not wear or display earphones, earbuds or any other listening devices during the school day unless the device is being used as a prescribed assistive listening device or class assignment authorized by the instructor.

### *Acceptable Use*

All use of District devices and Internet usage must support educational purposes consistent with the District mission. Network accounts must be accessed only by the authorized user of the assigned account without an expectation of privacy from the District. Employee and student subscriptions to mailing lists and bulletin boards require prior approval by the system administrator. All online activity will be respectful and align with the code of conduct, discipline, and other related policies of the District. All technology of students will be monitored in compliance with the Children's Internet Protection Act (CIPA).

### *Unacceptable Use*

Any use of the network for commercial, for-profit, political purposes or advertisement is prohibited. Excessive use of the network for personal business may be cause for disciplinary action. No use of the network may be used to disrupt the use of the network by others or to destroy, modify, or abuse the system in any manner. District resources may not be used to download software or other files unrelated to its mission. Use of the network to access or process pornographic, dangerous, or inappropriate files as determined by the administrator is prohibited. The network may not be used to download, duplicate, or distribute copyrighted materials. The network shall not be used for any unlawful purposes. Use of profanity, harassing, or other offensive or discriminatory language is prohibited.

### *User Agreements*

Parents and, when age-appropriate, students are required to review and sign User Agreements annual during registration in order to access District technology.

### *Safety and Cybersecurity*

The District monitors the online activities of students and operates a technology protection measure (“filtering/blocking device”) on the network and/or all computers with Internet access, as required by law. The filtering/blocking device will attempt to protect against access to visual depictions that are obscene or harmful to minors or are child pornography, as required by law. Filters/blocking devices are not foolproof, and the District cannot guarantee that users will never be able to access offensive materials using District equipment. Evading or disabling, or attempting to evade or disable, a filtering/blocking device installed by the District is prohibited.

### Building Information

#### *Care of School Buildings*

The school buildings are public property. They are here for your use, and we will try to keep them clean and in good repair. Your help and cooperation is needed to accomplish this. Repairs are expensive and any damage done to the building or to furnishings through carelessness or neglect must be paid for by the student. Remember, it is your building, so please take care of it for your friends that will follow you.

#### *Grading and Reporting System*

##### *PowerSchool*

Parents may access their student’s grades and attendance by logging onto PowerSchool through the Single Sign On (SSO) option. SSO provides real-time access for parents and students to grades, attendance, assignments, and more. This access increases parent knowledge and enables them to help encourage their student and to contact teachers in a timely manner. Please go to [www.ksdr1.net](http://www.ksdr1.net) and parent information to link to directions for how to initiate your SSO. PowerSchool SSO sign on is considered the first line of communication regarding student grades/performance. However, if a student owes an obligation, access may be denied until it is paid in full in the junior high school office.

#### *Semester Examinations*

Kearney Junior High School’s chapter, unit and final exams are scheduled in classes at the end of each semester. A testing schedule is set by the administration. Finals/Tests may not be taken early without administrative approval.

#### *End of Course Exams*

According to Kearney Board Policy I-195-P and the District’s Assessment Plan, End-of-Course (EOC) assessments will be administered in accordance with law and the rules of the Department of Elementary and Secondary Education (DESE). In courses where EOC assessments are given, Administration may determine what percent of the course grade will be decided by performance on EOC assessments. The Missouri Department of Elementary and Secondary Education has mandated that students in high school take End of Course exams. It is important to note that the state is requiring that students take the tests, but the District has determined the actual test score may count as 10

percent of the semester grade in which the test is taken. Adjusted score will be used. All students enrolled in a course that requires an End of Course exam will be required to take the EOC assessment for that course.

Before a student graduates from Kearney High School, he/she must take the following End of Course exams unless he/she has a state-recognized exemption: Algebra I, American Government, Biology, and English II.

#### Grade Cards

Parents can access student grades and attendance through the online PowerSchool student information system. If parents experience difficulties accessing PowerSchool, they may contact the main office at 816-628-2650.

#### Parent-Teacher Conferences

Parent/Teacher Conferences will be held each fall as listed in the District calendar. Counselors are available during this time to confer with parents regarding cumulative student progress. Parents may also schedule a conference with a teacher any time during the school year by calling or emailing the teacher at the high school to arrange a time.

#### Obtaining Class Credit

Students in grade 9-12 may earn additional credit on-line at parent expense. The high school counselors have information about this option. Students/Parents should contact the Counseling Office to make sure selected courses are approved for high school credit before enrollment takes place.

#### Credit Recovery

Students may recover credit for a course in which an F was earned by enrolling in the Credit Recovery Program through Summer School or in the after-school program. Students must have earned at least 44% to be eligible for credit recovery. Credit Recovery classes will be transcribed as a P for Pass and does not replace the F on the student's transcript. Please note the current Credit Recovery courses do not meet the NCAA guidelines. Students who need to recover credit but are concerned about NCAA eligibility are advised to repeat the course. Please contact a counselor for further questions.

#### Placement and Educational Planning

Students are encouraged to take classes according to their ability as shown by tests, by past performance as indicated by grades, and by teacher recommendations. Schedules are made out in the spring for the following year. Each student is assisted in developing his/her schedule by his/her counselor in accordance with the student's tentative plans for the future. The final choice of schedule is left to the student and his/her parents provided he/she meets course prerequisites. Students may not be able to include desired classes in their schedules due to availability.

#### Schedule Changes

If a student has an unscheduled class hour or is scheduled into a class for which credit has already been received (except for choir, band, physical education classes, drama,

publications, broadcast journalism, sports and entertainment arts, debate/argumentation, competitive drama, child development lab, Kearney Internship, Teacher Internship, or NCAPS), he or she may see the counselors as soon as possible to complete the class schedule or change. If a student wishes to change a class for other reasons, he or she must attend classes as assigned in the class schedule for the first three days of the semester and submit a class change form. Dropping a class that includes distinction points requires a parent signature form that is available with the class change form. Students may request to change one class per semester. Request for class change may be denied for the following reasons:

1. A change in student interest;
2. A negative effect of course grade on GPA/Class Rank;
3. Not needing the course for graduation.\*

The forms are available online and in the counseling office and can be submitted and/or returned to the counseling office during the first five days of class. Class change sheets turned in after the first 5 days of the semester may be denied consideration. Class schedule changes will be done according to the change request forms turned into the counseling office and will start with seniors. Class change request forms turned in after the first 5 days of classes will require approval of the building principal for the requested change to be considered. There are four exceptions to this drop/add period:

1. A student may not add another section of the same class or just switch class hours;
2. A student may not add a class that has already reached a maximum number for enrollment;
3. A student may not change a teacher unless an administrator makes the recommendation to do so;
4. An administrator signs his/her approval for course change outside this 5-day window.

#### College Credit Transfer Grades and Distinction Points

Distinction points will not be awarded for college/AP classes taken outside the school day with one exception:

1. Students transferring in from out-of-district may be awarded distinction points for completed transfer AP and college classes if a distinction point equivalent is also offered at Kearney High School (ex. -- AP Psychology taken junior or senior year could be awarded a distinction point as Kearney High School offers College Psychology junior or senior year).

Students are encouraged to take college classes off-campus to meet their own academic goals and plans, but all classes should be pre-approved by administration and/or counselors. Classes will not earn a distinction point with the exceptions listed above.

#### *Vocational Educational Information*

Information on post high school opportunities is available in the Counseling Office. This includes information about various types of jobs, colleges, trades, business schools,

advanced professional studies, and armed services. The counselors and career readiness coordinator are available to assist students with planning for future schooling and/or jobs.

### *College Visits*

All college visits should be arranged through the counselor's office and approved by a building principal. NOTE – Students with excessive absences may be denied an excused college visit.

### *Identification Cards/Badges*

An ID card is provided to students at no cost at the beginning of the school year provided they have their pictures taken by the school-appointed photographer. Students are to have their student ID card in their possession at all school functions, including athletic events and school dances. A fee may be charged to replace lost ID cards.

### *Security Cameras*

There are video cameras in use in a number of locations throughout KJHS. The cameras are intended to be used for security purposes. However, information obtained via a security camera may also be used in the course of disciplinary procedures.

### *National Junior Honor Society*

National Junior Honor Society is an organization that recognizes students for their character, leadership, scholastic ability and service to the school and community. Students are selected for the National Junior Honor Society during the second semester of 8th grade year. To be eligible for NJHS, a student must have at least a cumulative 3.75 grade point average. Each student must fill out an information sheet which addresses character, leadership, scholarship, and service. This information is reviewed by teachers and by the faculty council that makes the decision on who will be inducted into NJHS. Induction is held in the spring. Once inducted into NJHS, students are expected to maintain the ideals of character, leadership, scholarship and service that enabled them to be selected for this honor. Students who fail to do so will not be allowed to actively participate in the organization.

#### Grade Point Average

Students' cumulative grade point averages (GPA) are computed at the end of each semester. A GPA is a numerical evaluation of a student's overall academic achievement. Numerical points represent academic achievement for each course. The grade point average is determined by dividing the number of grade points earned by the number of classes attempted. Grades of F are computed in the grade point average, but they do not count for credit toward graduation.

### Incomplete Grades

Only students who have been excusably absent, as determined by a school administrator, and require additional time to complete missed work, are given an incomplete grade. It is then the responsibility of the student to contact the teacher for make-up work and complete it within the required time period. Incomplete grades are to be made up by two (2) weeks after a grading period ends. Students who have been unable to complete make-up work in the two week time allotted due to a family or medical emergency may be given additional time to complete the work. Students who are granted this waiver must:

1. Submit a medical statement from their physician.
2. Make arrangements for an extension with the principal.

### Grade Placements

Eighth grade – A student is assigned to grade eight upon passing the majority of required semesters from the seventh grade.

Ninth grade – A student is assigned to grade nine upon passing the majority of required semesters from the eighth grade.

### Honor Roll

Each school has an academic recognition program. Three honor roll lists are printed for each quarter and each semester. Their criteria follow:

Principal's Honor Roll requires a 4.00 grade point average (all A's)

"A" Honor Roll is an average of 4.00 to 3.51 (no grade below B).

"B" Honor Roll is an average from 3.50 to 2.51 (no grade below C+)

### *School Cancellations and/or Early Dismissal*

School will be closed when weather conditions are such that buses are unable to run safely. A broadcast will be made utilizing the ParentSquare system to notify students and parents/guardians. Announcements will also be made on the Kearney School District and KSD school websites, on the KSD Facebook page (@KSDBulldogs) and Twitter account (@KearneyMOEdu), and the following local news media outlets: 41 Action News, KMBC, Fox 4 and KCTV-5. Please do not call the administration or radio/TV stations for this information.

At times, school may dismiss early during the day. In the event such a closing should occur, a broadcast will be made via ParentSquare and media notified. Information should be given to your child as to what s/he should do if this situation arises. Please keep a watch on the weather, especially in the winter months. If the school needs to send your student to another destination or phone someone to pick her/him, please have this information on file in the office. Time is short in emergency situations and every effort will be made to keep students safe.

To leave an emergency message, contact the junior high school office at 816-628-2650. A student may use the designated office phone for outgoing, local calls.

### *Junior High PTO*

The volunteer support group at Kearney Junior High is Parent–Teacher Organization (PTO). Students are encouraged to join and participate in the business meetings and decision–making process. Activities supported by the PTO include funding and organization of the incentive activities, volunteer staffing of the health room, sponsoring both educational and recreational student activities and recognizing teacher birthdays. The PTO board meets once a month; there are usually three or four general meetings per year. Contact the junior high office for additional information on this organization to volunteer for one of its committees.

### *School-Sponsored Activities*

Students who attend school-sponsored activities during the school day are not considered absent as these activities will be taken as extensions of classroom learning activities. Supervision is the responsibility of certified staff member(s) sponsoring the activity. Considerations regarding participation will be given to students with disabilities. No students will be denied the privilege of participating due to limited financial circumstances. The disciplinary rules pertaining to students on the school campus also pertain to students during school field trips. Students who engage in inappropriate behavior on field trips may be required to be escorted by a parent/guardian for future field trips or may be subject to loss of field trip privileges.

### *Lockers*

Every student is assigned a hallway locker.

The Kearney School District is not responsible for recovery, reimbursement or replacement of lost, stolen or damaged personal property brought to school by students. Personal property should never be left unattended and where provided, should be secured in a locker at all times. This includes but is not limited to: purses, wallets, watches, jewelry, band instruments, electronic devices, credit cards, cash, checks, books, notebooks and book bags. Students should notify the Administrative Office personnel to report lockers that may need repair. Lockers sustaining damage may be treated as vandalism.

Students should store all backpacks, book bags, duffel bags, gym bags, purses and/or coats in their vehicles or assigned lockers. These items should not be carried to classes as this is a safety concern.

Each student is assigned a hall locker, and these are not to be shared with other students. Students are encouraged to bring a padlock from home and lock their lockers at all times. Students should never leave money or valuables unattended in lockers. The person to whom the locker is registered may be responsible for contents. Students in P.E. classes and/or involved in extracurricular sports are also assigned locks and lockers. Each student is responsible for cleaning the assigned locker at the end of the school year.

The following guidelines will help students effectively use their hall lockers:

1. Upon registering, each student is assigned a locker to be used specifically by that individual.
2. Students are responsible for the condition of the locker assigned to them. Students are not to mark, write or paste anything in or on a locker. Tape or any form of adhesive stickers including contact paper is not to be placed in or on lockers.
3. Any damage or vandalism to or writing on a locker may result in a monetary maintenance charge and/or disciplinary consequence assigned.
4. Magnets may be used to secure items to the locker.
5. Gum should not be stuck to any part of the locker. Inappropriate posters, signs, pictures and photos are not permitted in or on the locker. Always keep the locker door shut.
6. Students are responsible for the condition and all contents of their locker at all times. As lockers are the school district's property, they are subject to inspection by school personnel at any time. Non-school locks on lockers may be removed at the Administrator's discretion. Building administration has permission to break/cut a lock, if necessary. Anything found in lockers that may be detrimental to the well-being of the student body (i.e. firearms, drugs, alcohol, etc.) or that is otherwise in violation of Board Policy, may result in disciplinary action.
7. Students should not keep money or any valuable items in lockers at any time.
8. Kearney Junior High School is not responsible for textbooks/articles lost or stolen from a student's locker.
9. If a student wishes to change locker location, he/she should make the request in the office before doing so or risk disciplinary consequences
10. Students should report to the office or custodians immediately any locker that is not working properly.

Students should store all backpacks, book bags, duffel bags, gym bags, purses and/or coats in their assigned lockers. These items should not be carried to classes as this is a safety concern.

#### *Lost and Found*

Found items should be brought to the office. Any items left at the end of each semester may be donated to charity.

#### *Care of School Property*

Students will be held responsible for the proper care of all books, supplies or equipment furnished by the district. Students who deface, damage, or lose school property may be required to pay for the damage or loss. All textbooks and instructional resources are furnished by the school and are the student's responsibility. The school is not responsible for textbooks or resources which are either lost or stolen from a student. If a student does not return a textbook or resource, the student who was issued the resource is responsible for its replacement cost. The teacher and student will note the condition

of books before checking them out. Students are then responsible for the condition of the books until they are returned to the teacher. If a book is damaged, the student will be assessed the cost of repair or replacement of the text. Students with outstanding fines may incur consequences in the form of loss of privileges as determined by school officials on a case-by-case basis.

#### *Fines for Lost or Damaged Textbooks*

Students are responsible for District provided textbooks or other instructional materials. Fines (Obligation, s) may be assessed for textbooks/materials that are either lost or damaged. The school is not responsible for textbooks or articles lost or stolen from a student's locker.

#### *Obligations*

Obligations may be paid in the high school office at any time. Loss of Power School access and/or LOP may be assigned pending full payment of all school obligations.

#### *Student Aides*

#### *Suicide Awareness and Prevention S-190-S*

Suicide is a leading cause of death among youths in Missouri and is a public health concern impacting all Missouri citizens. The Kearney School District is committed to maintaining a safe environment to protect the health, safety, and welfare of students.

Policy S-190-P outlines protocols and procedures the district will use to educate employees and students on the resources and actions necessary to promote suicide awareness and prevent suicide. The goal of the district is to help students who may be at risk of suicide without stigmatizing or excluding students from school. No student will be excluded from school based solely on the district's belief that the student is at risk of suicide.

Employees are required to share with the Crisis Response Team and administrators or their designees any information that may be relevant in determining whether a student is at risk of suicide, is having a suicide crisis or is otherwise at risk of harm. Employees are prohibited from promising students that information shared by the student will be kept secret when the information is relevant to the student's safety or the safety of another person.

#### *District Wellness Plan F-290-S*

KSD is invested in the health and wellbeing of our students and staff. Through our school wellness committee, we provide information to teachers, staff, students and families that is useful in improving the health and academic success of our students. The purpose of the committee is to bring together representatives from the school and community who can help address issues facing the health and well-being of our children and youth. The school wellness committee is also a way to show how the District's wellness policies are implemented at the building level enabling the health priorities and activities put in place to truly reflect the needs and interests of our community. We believe our schools can be powerful places to make behavioral and lifestyle changes to affect students and staff for life.

To aid our community in supporting a healthy lifestyle in our schools, we strongly encourage healthier options and activities for school celebrations, snacks, fundraisers, recognitions, and parties rather than rewarding with food items. Some suggestions:

Additionally, we discourage withholding physical activity or recess as a form of student discipline or punishment.

## *Student Transfers S-120-S*

1. Students who are homeless or in foster care may attend their school of origin if it is in the student's best interest. The District may assign District students with disabilities (served under the provisions of an Individual Education Plan (IEP) or Section 504 Plan (504)) to a school outside the student's attendance area as determined by the IEP or 504 team. In special circumstances, and at the mutual discretion of the participating school Districts, Districts may contract for necessary services for students with disabilities.
2. The District will consider students placed into programs by the Missouri Department of Mental Health (DMH), the Department of Social Services (DSS), or by a court order a resident of the District in which the program is housed. The District will allow a student to attend another school within the District if that student is enrolled in a persistently dangerous school or becomes a victim of a violent criminal offense on school property as mandated by state regulations.

### *Transfer from Accredited and Unaccredited Schools*

For the purposes of this practice, "unaccredited school" is any public, private or homeschool that does not meet the state's requirements. A transfer student will be provisionally enrolled based on transcripts from an accredited school provided by parents/guardians of students. If no transcripts are available, students will be granted credit based on various comprehensive tests/exams showing mastery of course. A Pass for the credit will be given for mastery. In addition, the student will be enrolled in the next level course at Kearney Junior High School. In general, if a student transfers to the Kearney School District from an accredited school, the junior high school will accept the units of credit completed in the previous school or school district and rely on the grade-level placement in the previous school to the extent that it coincides with the district's program. Certified home school programs recognized by a state department of education or the North Central Association of Colleges and Schools will be strongly considered if proof of academic achievement can be verified through the accrediting organization.

If a student transfers to Kearney Junior High School from an unaccredited school, the principal or designee will examine a number of criteria to determine credits awarded and grade-level and/or class placement. The Junior High School will attempt to award credit for classes completed if there is sufficient evidence of achievement. This can include but is not limited to passing finals of courses completed, completion of a project that showcases knowledge of content, etc. If proof of achievement is not provided or is not acceptable to Kearney School District, then credits awarded as well as level of placement will be based on various comprehensive tests/exams or other methods deemed appropriate, by principal or designee, to assess mastery of course.

### *Trauma-Informed Schools Initiative*

The Missouri Department of Elementary and Secondary Education (DESE) has established the “Trauma-Informed Schools Initiative” and created a website with more information about this initiative. In accordance with Missouri law, the District is providing notice of the address for this website: <https://dese.mo.gov/college-career-readiness/school-counseling/traumainformed>.

### *Tobacco-Free Policy C-150-S*

To promote the health of all individuals, the District prohibits all employees, students and patrons from smoking or using tobacco products, electronic cigarettes, vape products, or imitation tobacco or cigarette products in all District facilities, on District transportation, on all District grounds at all times and at any District-sponsored event or activity while off campus.

### *Safety F-225-S*

#### Emergency Response Guide for Parents/Guardians

Statistics consistently show that schools are among the safest places to be due to the strong commitment of educators, families, and our community to our students and schools. We strive to be proactive rather than reactive. This guide outlines the key elements of the state of preparedness in Kearney School District. We hope it will answer questions you have concerning our actions and intentions in the event of an emergency.

For consistency, we have developed the following terms to use:

- **Drill:** An activity that covers a specific safety circumstance and is designed to prepare your student to act quickly and minimize questions and fears should an emergency take place. State law requires fire, tornado, and other emergency drills, including an unannounced lockdown.
- **SRO:** School Resource Officer, a trained, certified and uniformed law enforcement officer assigned to schools to help build and maintain relationships between police, students, families, and employees.
- **Lock and Teach:** Lock and Teach is the term used when a non-threatening situation is in or around the building. Students remain in the classroom and class can go on as planned.
- **Lockdown:** Lockdown is the term used when there is a dangerous threat in close proximity of the building but is not inside the building. Occupants are kept in rooms or areas that are secured. There is no movement within the building. Lockdown procedures are followed.
- **A.L.I.C.E.:** Alert, Lockdown, Inform, Counter, Evacuate (A.L.I.C.E.) is the safety training staff and students undergo in their buildings. A.L.I.C.E. is the term used in the event of an intruder in a building.

- **Shelter-In-Place:** All occupants remain in the classroom/building. Movement within the building is at the building administrator's discretion.
- **Evacuation:** Evacuation is the term used when a dangerous threat is in the building. Students and staff need to get out of the building.
- **Rally Point:** Area where students and employees are transported.
- **Reunification Point:** Location designated at a school or reunification site where families may pick up students. This location will be communicated to you at the time of an emergency.

As soon as possible, please **ensure your contact information in PowerSchool is current and accurate**, including who is authorized to pick up your student. We will use this information and multiple communication channels (phone calls, emails, text messages) to provide accurate and timely information in the event of an emergency.

If necessary, we may also use our district and school website, social media accounts and local news outlets to share important and timely information.

Explain to your student that **cell phones should not be used during an emergency unless directed by an adult**. Your student must pay attention to instructions from trained personnel.

*What you can expect if an emergency occurs:*

- The emergency plan will be implemented and the district/school emergency teams will respond.
- All appropriate emergency response agencies will be dispatched to the school.
- Depending on the situation, students and employees will be secured within the building or relocated to a Rally Point and Reunification Point.
- Families will be kept informed on the situation with as much detail as possible. The first and official way for us to contact you in an emergency is using our automated ParentSquare system. Please only rely on these official communications.
- In an emergency, phones are needed to manage the situation and lines must remain open. Calling could also put students and employees at risk in an intruder situation. For example, if they did not have time to turn down their ring volume, your call could potentially give away their hiding spot.
- You will not be allowed on school grounds during an emergency. Emergency personnel responding to the situation need the area clear to do their job. After emergency responders determine that a safe student release is possible, arrangements will be made to reunite students with their families. This will occur at a reunification site.

- Students will not be allowed to take their property (coat, backpack, etc.) with them in an emergency.

*After an Emergency:*

- You will be directed to the Reunification Point, and you will need photo identification.
- Students will only be released to a parent, guardian, or other adult listed on the student's PowerSchool account. The individual picking up the student will be asked to sign a Student Release Form. This procedure is designed for your student's protection and your peace of mind.
- Please be aware that reunification can be very time-consuming, and we appreciate your patience.
- It is important to remain calm as students are greatly influenced by their family's sense of well-being. At the same time, families need to be compassionate listeners when their student speaks of an emergency. Please seek help from the school, district, or community resources if you/your student have concerns.

*Press Pause*

Families should be aware that Kearney School District will ask students and employees to "Press Pause," or wait five minutes before communicating (calling, texting, posting, tweeting) in an emergency to give authorities sufficient time to assess the situation and communicate accurate information. This helps to avoid an environment that shares misinformation, which may escalate a situation. Teachers and/or administrators will give students the "green light" to utilize their devices.

Additionally, all Kearney School District employees, students, families, and community members are encouraged to report anything they see, hear, or are made aware of that may impact a school. If you see or hear something, say something. All KSD staff are trained to respond appropriately when they hear about potentially concerning situations. Anonymous tips can be shared using the Scholastic Crime Stoppers program by calling (816) 474-TIPS or visiting [KCCrimeStoppers.com](http://KCCrimeStoppers.com). KSD SPO Adam Kirkland can be reached at [kirklanda@ksdr1.net](mailto:kirklanda@ksdr1.net). Call 911 if there is an immediate threat.

When providing information, please be as detailed as possible. Include the name of the school(s), person(s) involved, type of alleged activities, and when they occurred/may occur.

All threats are taken seriously. Police are notified, and officers and school administrators work together to thoroughly investigate any threat, whether it is made verbally, in writing, email, text message, or online. The earlier we know about a potential threat, the earlier an investigation can begin.

Anyone who makes a threat against a school could face criminal charges. If a student is involved in making a threat, the school/district will respond as outlined in the student handbook.

**WARNING:** it is forbidden to impersonate an official Kearney School District social media account or post false information about or from the school system under an anonymous account or alias. Depending on the nature of the post, such action may result in notification to local law enforcement. If made by an employee or student, it could result in disciplinary action.

The way in which we respond to an emergency is greatly influenced by the specifics of an incident. Our plans do not replace the authority of emergency personnel. Our employees work in full cooperation with these agencies.

For security reasons, components of our emergency plans are not publicly available.

#### *Firearms and Weapons F-235-S*

Possession of weapons, including concealed weapons, is strictly prohibited on District property, on District transportation or at any District function or activity sponsored by the District unless the visitor is an authorized law enforcement official or is specifically authorized by the Board.
