Attendance Procedures

Attendance and Absence Procedures S-115-S

Expectations for Attendance

Attendance is essential for learning. By law, Section 167.031, RSMo, all children must attend school from the age of 7 until the age of 17. Parents/guardians are accountable for the attendance of their child. The State of Missouri sets a standard that all students will attend school no less than 90% of the time. Our goal for Attendance is 95%. Your child's presence at school is vital for us to be successful in preparing them for their future. We offer many incentives throughout the year to encourage attendance.

Procedures for Reporting an Absence

When a student is absent, we ask that the parent/guardian call the school office by 8:30 a.m. If the parent does not call, the attendance secretary and/or administrator will attempt to make phone contact and may send the School Police Officer to the home to verify the reason for the student being absent. When absences become excessive, administration will call home, and parents/guardians may be required to meet with the administration to resolve the attendance issue. At 10 absences, the Juvenile Office will be notified. Mandatory summer school may also be initiated to avoid possible retention. When the student returns to school after an absence he/she must provide the office with the reason for the absence, either through a parent/guardian phone call or note, or a doctor's or dentist's note.

To avoid absences, each family is given a school calendar for the entire year. Please use the calendar to schedule routine annual well-visit exams, dental appointments, and vacations on days school is not in session. Understandably, students get ill and require doctor appointments that must be scheduled during the school day. We just ask that you please return your child to school after morning appointments and allow your child to attend school the afternoon appointment days, if possible. If your child is ill, please send them back to school as soon as your student has been fever-free without medication for 24 hours.

Parents are required to verify their student's absence from school by contacting the school and providing the reason for absence.

Make-up Work

All work must be made up and successfully completed. If your student is absent and you would like to pick up their schoolwork please call the school office by 10:00 a.m. Please understand that it will take time for teachers to submit the work to the office when work is requested.

Late Arrival/Tardiness

Students arriving after school start time must report to the front office.

Truancy

Truancy is when the student is absent from school without permission of the parents/guardians or school official. Truancy includes, but is not limited to, skipped

classes, falsely informing the school about the reason(s) for the absence, or absences that have not been pre-arranged and pre-approved as verified. In an effort to stop truancy, an automated phone call will go out daily when a student is absent. Families are entitled to appeal assigned consequences to the building principal or designee.

Attendance Requirements of Afterschool Events/Extracurricular Events

It is a privilege to participate and attend extracurricular activities. Students' eligibility to participate and/or attend extracurricular events is dependent upon their attendance at school on the date of the event. Students must be in attendance the full school day in order to be eligible to attend District events that evening.

Transportation Services F-260-S

Bus Information

All resident students are eligible for bus transportation. Any student who has an IEP, which states that the student requires special transportation to and from school, will be provided free transportation between home and the special education program facility.

If you need assistance arranging bus transportation for your child, or have questions or comments, please call Angel Refitt, Durham School Services, at (816)632-2421.

If you desire to pick your child up instead of riding their regularly scheduled bus, please notify the office by 1:00 pm to allow time for a change to be made.

School bus routes shall be based upon the permanent residences of eligible students. However, eligible students desiring transportation services to and from a location other than their permanent residence (alternate address) may be permitted to receive such services on a space-available, first-come, first-served basis. All transportation changes must be made online using the Cameron R-1 Transportation Change Request form at <https://forms.gle/8KFimyekXRN5ugwr9>.

Criteria for Approval:

1. Eligibility will be based on a student's permanent residence.
2. Space availability will be determined and granted to the student's permanent residence first *before* space will be made available for an alternate address.
3. Best practices dictate that bus routes are set up with consistency and student safety in mind. Accordingly, all morning and afternoon assignments must be consistent.
 - a. For example:
 - i. Picked up at parent's house and dropped off at daycare Monday through Friday.
 - ii. Picked up at daycare and dropped off at grandparent's house Monday through Friday.
 - iii. Picked up at mom's house and dropped off at dad's house Monday through Friday.

4. Morning and afternoon must remain the same all five days of the week. Because of the large number of students transported by the District, the days of the week cannot be broken up (i.e. Mon, Tues, Fri to one location and Wed, Thurs to another location). It is safest for all students to utilize consistent routing.
5. Students will be permitted to board assigned school buses only.
6. Any and all variations to the assigned schedule will require the parents to provide transportation.
7. Door-to-door service is required for all Preschool and Kindergarten students, meaning a parent or adult must be present to accept children when they are released from the bus. If no parent or adult is visible, the child will remain on the bus and will be taken back to the bus barn or school building for parent pickup. This policy may be required for other children, pending circumstances involving student safety, and is at the discretion of the school principal and/or Durham General Manager.
8. Children less than 4 years old or less than 40 pounds must be in an appropriate child safety seat. A 5- point harness will be provided by the District for all students meeting this criteria and for students that require a 5-point harness per their IEP.

Annual Re-application:

Parents are required to reapply for ridership for their students each school year. If either the permanent residence or alternate address changes, both school and the transportation office should be notified as soon as possible so appropriate arrangements may be made.

Mid-School Year Changes: If a student moves, or the need for a permanent transportation change occurs, parents/ guardians must make the request using the online form found at: <https://forms.gle/8KFimyekXRN5ugwr9>. The form is also available on the District webpage.

Parents requesting a permanent transportation change must make the request by Wednesday of the current week. The building administrator will approve or deny the request. If approved, the bus barn will contact the parent/guardian. Approved transportation changes will take effect the following Monday.

Temporary transportation changes are not allowed, and the number of transportation change requests will be limited throughout the school year. If you have any questions regarding the form, please reach out to your child's school.

Bus Rules

1. Follow the driver's instructions.
2. Sit in your seat facing the front of the bus with your feet on the floor.
3. No littering, marking on, or damaging the bus in any way.
4. No deliberate defiance or refusal to cooperate with the driver or other school staff member.
5. Keep all body parts and all other objects inside the bus and out of the aisle.

6. No crowding, pushing, fighting, teasing, or disturbing other riders. Keep hands, feet, and objects to yourself.
7. No yelling, screaming, arguing, cursing, using profane language or gestures.
8. No deliberate delay of loading or unloading of the bus.
9. No fighting or scuffling at the bus stops.
10. The use of tobacco or drugs in any form is prohibited.
11. No eating or drinking on the bus.
12. No getting on or off at an unassigned bus stop without written and signed consent from a school official.
13. No sexually explicit remarks, gestures, or contact with another student.
14. Radios, CD players, tape players, live animals, alcohol, glass items or containers, toys, skateboards, sharp objects, weapons, ammunition or any large object or playground items are not permitted on the bus.

A severe incident (fighting, vandalism, and possession of illegal or dangerous materials/items) may require suspension from the bus, ranging from one day to the remainder of the school year. Buses carrying school children will be considered extensions of the school environment. Any student whose conduct on a school bus is improper or jeopardizes the safety of other students may have his or her rights to school bus transportation suspended for such a period of time as deemed proper by the building principal or designee. Uniform rules of conduct and disciplinary measures will be enforced.

Smoking and the use of other drugs or being in possession of a weapon or device used to inflict physical injury to another person is cause for removal from the bus for the remainder of the school year. In addition to possible suspension of bus privileges, students are subject to the applicable discipline consequences for any violation of school policy (see District discipline policies and procedures, including [S-170-S](#)). Cooperation and support between home and school are very important to maintain good behavior and safety on the buses. Please review this information with your child and make your expectations clear. Should bus students misbehave at school and need to be detained after school, parents/guardians will be called immediately, or if possible be given one day's notice to make transportation arrangements.

In accordance with Missouri State Statute 569.155, parents and guardians are never allowed to board a school bus.

Riding Buses to Field Trips

The transportation of students to and from field trips is a very important responsibility of the school. Students on a school bus being transported to an activity remain the responsibility of the school. Based on student safety, the following policy is in effect: Any student utilizing school transportation to an activity will ride the bus to the activity. If the parent or guardian wishes to transport their student home, they must sign their student out via a sign-out sheet provided by a designated district employee. Students riding home with parents or guardians after a field trip will be considered absent upon sign out.

Food Service Program F-285-S

Cameron Schools have recognized the need for helping to meet the nutritional needs of children and to serve well-balanced, nutritious meals. Lunch and breakfast are available to all students each day, and milk can be purchased by the students bringing lunches.

Due to disruption to the school environment, Cameron Schools will not accept food or drink deliveries for students from restaurants, businesses, delivery services, or any persons other than parents. Deliveries will be turned away and non-refundable at the expense of the person who placed the order.

Lunch Accounts

If your child wishes to purchase meals/milk, be sure you have deposited money in your student's account. If your child receives free lunch, they receive breakfast and lunch at no cost.

Cameron uses a prepaid/debit system that requires our families to put money in an account for their child to use for the purchase of meals. Prepayments may be made to the secretary or classroom teacher.

Please observe the following to prepay your child's lunch:

1. Write a check payable to Cameron R-I School for the amount of lunches you wish to purchase.
2. Please write the child's full name on the check's memo line. If you choose to pay for more than one child by check, write each child's first and last name and how much each child should receive on the check memo line. Families with students in more than one building should write a separate check per building.
3. Enclose the check in a sealed envelope and write clearly each child's name and teacher's name if applicable.
4. If you choose to pay by cash, please follow the same procedure. Please note that we are unable to make change. Any cash you send will be fully credited to your child's account.
5. You may also deposit directly in your child's account via their online profile.

Unless meals are provided at no charge, the District expects students and employees to pay for meals prior to or at the time of receipt. The ability to charge meals is a privilege, not a right, and is subject to the limitations established in this procedure.

1. A student may not accumulate more than ten unpaid meal charges.
2. A student with money in-hand will not be denied a meal even if the student has past due charges.
3. Students will not be identified, singled out, shamed, or punished by the District for the failure of their parents/guardians to pay for or provide meals, and the District will not withhold student records in violation of law as a result of overdue accounts.

Account Notifications

Families are encouraged to apply for free and reduced-price meal benefits.

Free and Reduced Lunch Application

This application is available online at: https://drive.google.com/file/d/1Yb-9ryN1CyWk9CDKIqqR4h4YEqdNUdb1/view?usp=drive_link. Applications for free and reduced lunch prices must be completed at the beginning of each school year. Applications are accepted any day of the year when financial situations change.

Adult Visitors for Lunch

Outside visitors are not permitted during breakfast and lunch shifts.

Student Health & Safety

Student health and safety is the District's first priority. Students must feel safe in order to effectively learn. The following information describes the District's policies and procedures on the subject.

Health Services S-215-S

Health services are provided under the direction of a school nurse. The school nurse for your student's building may provide services in other buildings as well. Although the nurse may be not physically present at all times in a specific building, the nurse is

always on call and there are trained employees in the building to provide first aid, dispense medication, and support the needs presented in the health office.

Stacey Robinson, Parkview School Nurse srobinson@cameronschools.org

Caitlin Erdman, CIS School Nurse cerdman@cameronschools.org

Allergy Prevention and Response S-145-S

The District is required to ensure students with allergies are safe at school through planned prevention and response to a student's allergic reaction. For purposes of District policy and related procedures, an allergic reaction occurs when the immune system overreacts to a typically harmless substance and may be mild to life-threatening. Allergy prevention and response protocols apply to all school locations, including nonacademic, school-sponsored activities and transportation provided by the District. The Board authorizes the Superintendent or designee to develop and implement procedures to protect the health and well-being of students with significant allergies.

Building-Wide and Classroom Approaches

Parents/guardians should provide, at the time of enrollment, information on any allergies the student may have. The school nurse may request written permission from the parents/guardians to communicate with a student's health care provider as needed. Staff members are trained annually on risk reduction strategies, symptom recognition, and response procedures. The school nurse has an emergency kit available and accessible in all school buildings containing prefilled auto syringes of epinephrine as allowed by District rules. If you do not want these medications administered to your student in an emergency, please notify the school nurse in writing.

The District will provide age-appropriate education for students, consistent with state learning standards, including potential causes of allergic reactions, information on avoiding allergens, symptoms of allergic reactions, and simple steps a student can take to keep classmates safe.

All processed foods, including food sold in vending machines, are labeled with a complete list of ingredients on each individual package. Ingredient lists will be created for all food provided through the District's nutrition program, including before- and after-school programs, which are available upon request. This also applies to items sold as part of concessions, fundraisers, and classroom activities.

Individual Approaches

The District will evaluate and determine whether a student's allergies rise to the level of a disability that requires accommodations through the provisions of an Individual Education Plan (IEP) or Section 504 Plan (504). For those students who have allergies that do not rise to the level of disability, a designated team

may develop an Individual Health Plan (IHP) and/or Emergency Action Plan (EAP). Staff who have a need to know about a student's allergies and plan will be informed and trained, and all staff members will follow any IEP, 504 Plan, IHP, and/or EAP.

A student's health information and individualized plan will be kept confidential and not shared with those who do not have a need to know unless authorized by the parent/guardian or as allowed by the Family Educational Rights and Privacy Act (FERPA). The District will communicate and collaborate at least annually with parents/guardians regarding the student's allergies, medications, restrictions/precautions, emergency contacts and any other relevant information to keep the student safe.

Illnesses/Injuries

If an emergency situation should arise involving your child, the school nurse, designated school personnel and/or emergency medical personnel will care for the student and the parent will be contacted as soon as possible. PARENTS ARE RESPONSIBLE FOR UPDATING THE SCHOOL WITH CURRENT EMERGENCY CONTACT INFORMATION.

Students who become ill or need medical attention are instructed to obtain permission from their teacher and report to the school nurse. The nurse will determine appropriate treatment per direction from physician standing orders, and if a parent/guardian should be contacted. DO NOT LEAVE CLASS OR SCHOOL GROUNDS WITHOUT PROPERLY CHECKING OUT THROUGH THE PRINCIPAL'S OFFICE.

Health Screenings

Vision and hearing screenings will be conducted during the school year for the designated grade levels and for students who are referred with a concern. Students may be excused from any screening upon a written request from the student's parent/guardian.

Grades preschool through second will receive an annual vision screening. CIS students are screened annually in 3rd and 5th grade. Parents/legal guardians will be notified if their child fails a screening by a written referral letter. This letter must be completed by the student's parent/legal guardian and health care provider and returned to school. Students may be excused from any screening upon a written request from the student's parent/guardian. Hearing screenings are conducted at CIS only upon a teacher or parent referral.

Physical Examinations and Screenings S-146-S

The District will generally obtain parental consent before administering a physical examination or screening on a student. However, the District may forgo obtaining

parental consent if there is an imminent or serious health or safety concern or by court order.

No nonemergency, invasive physical examinations or screenings of student are scheduled or expected to be scheduled at this time.

Parents and guardians will be provided an opportunity to opt out of any nonemergency, invasive physical examination or screening of their student.

This policy does not apply to any physical examination or screening that is permitted or required by state law, including physical examinations or screenings that are permitted without parent notification.

Administration of Medication S-135-S

All medication is kept in the health office. Various OTC medications are available to students. Our nurse's office also stocks epinephrine that can be used in an anaphylactic emergency and Narcan that can be used in an opioid overdose with parent permission. Many medications can be given at home before or after school. When this is not possible, medication should be brought directly to the office by the parent/guardian and must be accompanied by the following information:

Non-Prescription Medication – Non-Prescription Medication – A physician's order with the student's name, reason for the medication, the time the medication is to be given, the dosage prescribed, and the number of days the medication is to be administered at school. These medications include, but are not limited to, allergy medication, decongestants, cough syrup, ibuprofen (Advil), or other.

Prescription Medication – Prescription medication must be sent to school in the original prescription container. Long-term medication must have a school medication form completed with a parent and physician signature. If the doctor has given samples of medication, then a written note from the physician is necessary and should include the name of the student, the medication, and the dosage prescribed. The nurse may need to clarify prescription orders with the provider.

When a student has a health condition which needs accommodation or may necessitate emergency care, it is important that the school nurse be informed. Examples of a health condition that would need to be shared with the school nurse include severe allergies, asthma, diabetes, hearing loss, seizure disorder, etc. This would include situations when a physician recommends a student assume responsibility for self-medication. The nurse may request a release of information from the student's health care provider and the information may be shared with necessary District staff members on a need-to-know basis. Please contact the school nurse.

Communicable Diseases F-245-S

The Cameron R-I School District follows the guidelines of the Missouri Department of Health and Senior Services as outlined in: “Prevention and Control of Communicable Diseases”, for the exclusion of students with a communicable disease.

Parents/guardians must notify the District if their student has a communicable disease. Students should not attend school if they are experiencing a temperature of 100 degrees or above, and should not return until fever-free without medication for 24 hours.

Parents/Guardians may be required to provide written approval from the student’s treating physician in order for their student to attend school. The District reserves the right to prevent student attendance until clarification or implementation of precautionary measures are in place. Parents/guardians are required to notify the District if they have a student attending school who is HIV positive.

Medical information of students is highly confidential, and the District will take necessary steps to protect the medical information of students and ensure that such information is released only to those with a need-to-know and/or individuals and entities who are required by law to be notified of certain health and medical information.

Students with a communicable disease who exhibit behaviors that increase the chances of their condition being spread to other individuals, may be subject to remedial action in accordance with the discipline code, and state and federal law.

The District will consult with local health officials and school nurses prior to making a decision to dismiss school or close a building based on health related concerns. The duration of school dismissals, if any, will be made on a case-by-case basis and will be made using Center for Disease Control and Prevention (CDC) recommendations.

Head Lice

According to the recommendations from the American Academy of Pediatrics, The Harvard School of Medicine, and the National Association of School Nurses, routine schoolwide and classroom head lice screenings will not be conducted. Students demonstrating symptoms will be checked on an individual basis, as well as per parent request. If a student is found to have head lice, s/he will be sent home for treatment. Parents of children in the affected child’s classroom will be notified to check their child at home and treat them before the next school day, if appropriate.

To re-enter school, the student must:

- Have been treated with a medically approved lice and nit killer.
- Have had all live lice removed from the hair shaft.
- Have been checked by the school nurse.

After re-entering school, the student will be checked between five (5) and ten (10) days for re-infestation as needed per severity of the case. The Division of Family Services and the County Health Department will be notified of recurring infestations.

Immunizations and Vaccinations

It is unlawful for any student to attend school unless the student has been immunized according to Missouri School Immunization Law or unless a signed statement of medical or religious exemption is on file at the school, which is described in all enrollment information. Parents/guardians should bring immunization records at the time of enrollment and obtain additional immunizations as required by state law.

Student Insurance S-140-S

The District also provides information about MO HealthNet for Kids (MHK), Missouri's Medicaid program, to qualifying families who enroll students in the District. Parents who complete an application for free and reduced-priced meals (FRL), and who indicate on the application form a child does not have insurance, will be notified by the District that the MHK program is available. Forms for MHK may be accessed at:

<https://dssmanuals.mo.gov/wp-content/uploads/2020/09/IM-1SSL-Fillable-Secured-6-24-21.pdf>

Asbestos F-215-S

The U.S. EPA Asbestos Hazard Emergency Response Act (AHERA) under the Federal Code of Regulations 40 CFR 763.93g(4) requires that building occupants be notified annually of the presence of asbestos in the building and the availability of the Asbestos Management Plan.

The District has performed school building inspections for asbestos-containing building materials and have developed an AHERA Asbestos Management Plan. The EPA requires the District to perform surveillance of the asbestos materials every six (6) months and to conduct re-inspections every three years. No significant changes in the asbestos materials condition were noted during the latest surveillance of this school/facility. All asbestos materials are in satisfactory condition and we shall continue to manage them in place, as recommended by the accredited management planner. A copy of the Management Plan and inspection reports are available for review at the facility's administrative office located at 423 N. Chestnut, Cameron, MO 64429 as well as each school office. Questions regarding asbestos or the management plan may be directed to Central Office.

Registering and providing accurate phone numbers and email addresses ensures you receive automated messages regarding school cancellations and district activities, as well as other important notices regarding illness.

Office Phones

The telephone in the school office is for business purposes only. Students are not to use the phone. Only authorized persons may leave messages for students.

School Cancellations and/or Early Dismissal

A broadcast will be made utilizing the school notification system through text, email and automated call. Announcements will also be made using Facebook, X, television and radio. Please do not call the school or radio/TV stations for this information. If the day is designated an Alternative Method of Instruction (AMI) day, parents and students will be notified through the communication.

At times, school may dismiss early during the day. In the event such a closing should occur, a message will be sent and media notified. Students will be sent home using regular transportation procedures.

In case of emergencies or difficult road conditions, the District will utilize alternate snow routes. Access our bus stops and approximate pick-up/drop-off times at: https://docs.google.com/document/d/1m2KgqwR1AK8Ut9QiR1rw1h37UlqqjBFCTiDfiX_F3uw/edit?usp=sharing

Child Custody Guidelines

The District will release a student to either parent unless the District has a valid court order directing otherwise or unless the parent requesting release is only entitled to supervised visitation. If District staff have concerns about releasing the student to a parent, the student may be held while additional precautions are taken, including, but not limited to, verifying custody orders, contacting the other parent, or contacting appropriate authorities. Any questions concerning these actions need to be directed to the principal. Please understand that these policies are in place to keep your child safe and to help us act in accordance with the decisions of the court. Please settle all custodial issues at a location other than school and help us to maintain the school as a custody-issue free zone.

Visitor Procedures C-155-S

All visitors MUST use the main entrance, report to the office, and sign in and out upon arrival and departure. Visitor photo identification will be scanned using Raptor Technologies providing a visitor's identification that must be worn, in plain sight, while visiting the building. No one will be allowed to enter the hallways or classrooms without permission from the office and without a visitor's pass. If you need to pick up your child before the end of the school day, come to the office and your child will be called to the office.

School volunteers should schedule a meeting with the principal to complete a volunteer form and receive training. All volunteers are subject to a criminal background check. We have a policy of no student visits. No students or siblings from other buildings are allowed to visit classes or lunch periods.

Since classroom observations and visits can be disruptive, the District does not permit parents/guardians or other family members to visit for the purpose of observing students.

Visitor Expectations

All visitors to school property or events must demonstrate appropriate behavior as good role models for the District's students.

Disruptive Conduct

Visitors who engage in disruptive conduct or exceed the scope of permission granted may be considered trespassers and subject to arrest and prosecution. The Superintendent or designee may limit or revoke permission to visit school property or parts of school property at any time by mailing a notice by first-class mail and by certified mail with return receipt requested, unless the individual's address is unknown. The Superintendent or designee may inform the visitor that he or she is not welcome back on District property or at District events indefinitely or for a specific period of time. The notice should contain:

1. A description of the inappropriate conduct.
2. The proposed time period for which admission to District events will be denied.
3. Notice of the visitor's right to appeal the restriction to the Board of Education.

A visitor restricted for "disruptive conduct," as outlined in this policy, may appeal the restriction by providing written notice of a desire to appeal to the Board of Education's Secretary. The notice must be received by the Board of Education within ten (10) business days of the restricted visitor's receipt of the restriction letter. The Board of Education will provide the appealing visitor with a hearing notice, delivered or sent by certified mail with return receipt requested, at least ten (10) days before the Board hearing date. The hearing notice must contain:

1. The date, time, and place of the Board hearing.
2. A description of the inappropriate conduct.
3. The proposed time period that admission to school events will be denied.

The appeal shall be heard by the Board of Education within thirty (30) calendar days of receipt of the appeal. The appeal shall be heard by the Board of Education in open session, unless there is an exception listed for closure under the Missouri Sunshine Law. If the restriction relates to the restricted visitor's use of violence or threats of violence, the restricted visitor may only attend the appeal hearing by phone or videoconference. The appealing visitor may speak to the Board for up to ten (10) minutes. The appealing visitor may reserve up to three (3) of their minutes for rebuttal. The District's administration may then speak to the Board for up to ten (10) minutes.

The Board of Education may affirm, overturn, or revise the restriction. The Board of Education will provide notice of its decision in writing to the appealing visitor and the Superintendent within three (3) business days of the Board meeting. The Board of Education's decision shall be final.

During any period of prohibition, the visitor will not be allowed on District property except that no person may be denied the ability to attend open, public meetings of the board and its committees or advisory committees except upon a specific finding by the Superintendent or Board of Education that denial of admission to such meetings is necessary to protect the Board's ability to conduct business at its meetings and is unrelated to any viewpoint expressed by that person. The Superintendent may make exceptions to attend open public meetings of the Board of Education, for parents, guardians or custodians of students enrolled in the District if the person's presence is necessary to transport the student or may benefit the student educationally, or in situations where the parent, guardian or custodian will be supervised at all times.

Firearms and Weapons F-235-S

Possession of weapons, including concealed weapons, is strictly prohibited on District property, on District transportation or at any District function or activity sponsored by the District unless the visitor is an authorized law enforcement official or is specifically authorized by the Board.

Tobacco-Free Policy C-150-S

To promote the health of all individuals, the District prohibits all employees, students and patrons from smoking or using tobacco products, electronic cigarettes or imitation tobacco or cigarette products in all District facilities, on District transportation, on all District grounds at all times and at any District-sponsored event or activity while off campus.

Use of Recording Devices or Drones C-165-S

The District prohibits audio and visual recordings on District property, District transportation or at a District activity unless authorized by the Superintendent. Requests for such authorization must be made within a reasonable period of time prior to the recording. Unless otherwise specified by the Superintendent, the following exceptions to this prohibition apply:

1. The District or designated agents of the District may make audio or visual recordings to provide security, to maintain order, for staff or preservice teacher development use, or for educational purposes.
2. Students may record if required by a District-sponsored class or activity.
3. Individuals may record performances or activities to which the general public is invited such as athletic competitions, concerts and plays.
4. Individuals may record open meetings of the Board or District committees.
5. Outside entities may record an event when using or renting District facilities in accordance with District rules.
6. A parent or legal guardian of a student may audio record any meeting held under the IDEA or Section 504 of the Rehabilitation Act with no less than 24 hours' notice to Mary Crawford, Director of Special Services.

All unmanned aircraft systems (UAS), commonly known as drones, with the potential to capture or produce visual images of District property or District events must be

operated in accordance with applicable Federal Aviation Administration regulations or safety guidelines. All UAS operators must receive authorization from the Superintendent to operate a UAS on or over District property or at a District event.

Alternative assignments in the form of paper/pencil will be provided in such cases.

Technology Devices and Acceptable Use Policy

The District maintains an environment that promotes ethical and responsible conduct in all online network activities by employees and students. All authorized users are expected to acknowledge and comply with the rules and policies of technology usage and the District network.

Acceptable Use

All use of District devices and Internet usage must support educational purposes consistent with the District mission. Network accounts must be accessed only by the authorized user of the assigned account without an expectation of privacy from the District. Parents and, when age-appropriate, students are required to review and sign User Agreements in order to access District technology. (See User Agreement form in this handbook.)

Safety and Cybersecurity

The District monitors the online activities of students and operates a technology protection measure (“filtering/blocking device”) on the network and/or all computers with Internet access, as required by law. The filtering/blocking device will attempt to protect against access to visual depictions that are obscene or harmful to minors or are child pornography, as required by law. Filters/blocking devices are not foolproof, and the District cannot guarantee that users will never be able to access offensive materials using District equipment. Evading or disabling, or attempting to evade or disable, a filtering/blocking device installed by the District is prohibited.

Code of Conduct & Student Expectations

Discipline S-170-S

Student Code of Conduct

The District believes students deserve the right to participate and learn in a safe environment which allows teachers to focus on instruction that accelerates achievement. To ensure that school is a quality atmosphere for all students at all times, the code of conduct and discipline policies outline consequences for misconduct that occurs at school, during a school activity whether on- or off-campus, on District transportation, or misconduct that involves the use of District technology. Additionally, the District may use its authority to address behavior that occurs off-campus if it interferes with the operation of the school or endangers the safety of students or staff.

Failure to obey standards of conduct may result in, yet is not limited to, verbal warning, community service, confiscation of property, principal/student conference, parent contact, loss of credit, grade reduction, course failure, removal from extracurricular activities, revocation of privileges including transportation, parking and technology privileges, detention, in- or out-of-school suspension, expulsion, and report to law enforcement. The Board authorizes the immediate removal of a student who poses a threat to self or others as determined by the principal, Superintendent, or the Board.

Any student who is suspended for any serious violation of the District’s Student Discipline policy shall not be allowed while suspended to be within 1,000 feet of any school property or any activity of the District, regardless of where the activity takes place, unless:

1. Such student is under the direct supervision of the student’s parent, legal guardian, or custodian and the Superintendent or the Superintendent’s designee has authorized the student to be on school property;

2. Such student is under the direct supervision of another adult designated by the student's parent, legal guardian, or custodian, in advance, in writing, to the principal of the school which suspended the student and the Superintendent or the Superintendent's designee has authorized the student to be on school property;
3. Such student is enrolled in and attending an alternative school that is located within one thousand feet of a public school in the District where such student attended school; or
4. Such student resides within one thousand feet of any public school in the District where such student attended school in which case such student may be on the property of his or her residence without direct adult supervision.

If a student engages in an act of violence, a school administrator will report the information to teachers and other District employees who are responsible for the student's education or otherwise interact with the student on a professional basis while acting within the scope of their assigned duties. Additionally, school administrators will report to the appropriate law enforcement agencies any crimes as required by law.

Corporal punishment is strictly prohibited as a method of discipline. Reasonable force may be used, when necessary, for the protection of a student or others and property. The District limits the use of seclusion or restraint to situations or conditions in which there is imminent danger of physical harm to self or others.

Students with disabilities will be disciplined in compliance with state and federal laws per the Individuals with Disabilities Act (IDEA), Section 504 of the Rehabilitation Plan, and any regulations and state and local compliance plans, which includes due process rights as afforded to all students. Additionally, a student's Individual Education Plan (IEP), including any portion that is related to past or potentially future violent behavior, will be provided to appropriate staff members with a need to know.

Information regarding a student's misconduct and discipline is confidential and only shared with those who have a need to know. Teachers and other authorized District personnel shall not be civilly liable when acting in conformity with District policies, including the discipline policy, or when reporting acts of school violence to a supervisor or other person as mandated by law.

The District discipline policy and procedures will be provided to every student at the beginning of each year, be published on the District website, and made available in the office of the Superintendent during normal business hours.

Standards of Conduct and Consequences

No document can identify every possible offense that could potentially result in disciplinary action. This code identifies most offenses constituting a failure to obey the standards of conduct set by the Board. However, when circumstances warrant, the principal, Superintendent, and/or Board may impose consequences for misconduct not specifically outlined in this document.

Definitions

Bullying – Intimidation, unwanted aggressive behavior or harassment that is repetitive or is substantially likely to be repeated and causes a reasonable student to fear for his or her physical safety or property; substantially interferes with the educational performance, opportunities, or benefits of any student without exception; or substantially disrupts the orderly operation of the school. Bullying may consist of physical actions, including gestures, or oral, cyberbullying, electronic, or written communication, and any threat of retaliation for reporting such acts.

Cyberbullying – Bullying as defined above through the transmission of a communication including, but not limited to a telephone, wireless telephone, or other wireless communication device, computer, or pager. The District has jurisdiction to prohibit cyberbullying that originates on a school campus, or at a District activity if the communication was made using District technological resources, if there is sufficient nexus to the educational environment, or if the electronic communication was made on the school's campus or at a District activity using the student's own person technological resource.

Anti-bullying Coordinator – The Superintendent will ensure an individual at each school is designated to serve as the anti-bullying coordinator. All anti-bullying coordinators will be teacher-level or above and a list of coordinators will be kept on

file at the District administration office and updated annually. Additionally, a District anti-bullying coordinator will be designated.

The building anti-bullying coordinator is: Building Counselor

School Day – A day on the District calendar when students are required to attend school.

Reporting Bullying or Cyberbullying

District employees are required to report any instance of bullying of which the employee has firsthand knowledge. Any employee, substitute, or volunteer who witnesses an incident of bullying must report the incident to the building anti-bullying coordinator within two (2) school days of witnessing the incident. If the anti-bullying coordinator is unavailable or is the subject of the report, the employee should contact the District's Compliance Officer. In addition, all District employees, substitutes, or volunteers must direct all persons seeking to report an incident of bullying to the building anti-bullying coordinator.

Any individual making a verbal report of bullying will be asked to submit a written complaint to the anti-bullying coordinator. If the person refuses or is unable to submit a written complaint, the anti-bullying coordinator will summarize the verbal complaint in writing.

When an anti-bullying coordinator is informed about a possible bullying or cyberbullying incident, verbal, written, or otherwise, the District will conduct a prompt, impartial, and thorough investigation to determine whether misconduct, including unlawful conduct, occurred. The District will implement interim measures as necessary. When it is determined that bullying or cyberbullying occurred, the District will take appropriate action for violations of District expectations and rules.

Investigation

Within two (2) school days of receipt of a report of bullying or cyberbullying, the anti-bullying coordinator or designee will initiate an investigation of the incident. The school principal may appoint other school staff to assist with the investigation. The investigation will be completed within ten (10) school days from the date of the written report unless good cause exists to extend the investigation. A copy of the written report of the investigation and results will be sent to the District anti-bullying coordinator and included in the files of the victim and the alleged or actual perpetrator of bullying or cyberbullying. All reports are confidential in accordance with law and District rules.

Retaliation

The District prohibits reprisal or retaliation against any person who reports an act of bullying or cyberbullying, testifies, or participates in any manner with an investigation proceeding, or hearing. The District will take appropriate remedial action for any student, teacher, administrator, or other school personnel who retaliates.

Consequences of Bullying, Cyberbullying, or Retaliation

When the District receives a report of bullying, cyberbullying, or retaliation, interim measures to protect the victim(s) will be taken. If an investigation determines that bullying, cyberbullying, or retaliation occurred, the District will act to end the bullying, cyberbullying or retaliation.

Students who are determined to have participated in bullying, cyberbullying, or retaliation will be disciplined in accordance with the District discipline policy. Consequences may include, but are not limited to, loss of privileges, detention, in- or out-of-school suspension, expulsion, and referral to law enforcement. Any determination of consequences will consider factors such as the age of the student(s), developmental level of the student(s), degree of harm, severity of behavior, disciplinary history, and other educationally relevant factors.

District employees and substitutes who violate this policy will be disciplined, up to and including termination. Volunteers, visitors, patrons, or others who violate this policy may be prohibited from District property or activities, or other remedial action.

Public Notice on Anti-Bullying Policy:

The District will:

1. Provide information and appropriate training to District staff who have significant contact with students regarding the policy.
2. Provide education and information to students regarding bullying, including information regarding the District policy prohibiting bullying, the harmful effects of bullying, and applicable initiatives to address bullying, including student peer-to-peer initiatives to provide accountability and policy enforcement for those found to have engaged in bullying, cyberbullying, and/or retaliation against any person who reports an act of bullying.
3. Instruct school counselors, school and licensed social workers, mental health professionals, and school psychologists to educate students who are victims of bullying on techniques for overcoming bullying's negative effects. Techniques will include, but are not limited to, cultivating the student's self-worth and self-esteem; teaching the student to defend himself/herself assertively and effectively; helping the student develop social skills; and/or encouraging the student to develop an internal locus of control.
4. Implement programs and other initiatives to address and respond to bullying in a manner that does not stigmatize the victim and makes resources or referrals available to victims of bullying.

Complaints alleging unlawful discrimination, harassment, or retaliation in violation of District policy will be referred for investigation to the District Compliance Officer.

Drug dogs may be used to indicate the presence of alcohol, drugs, and other prohibited substances on campus including the parking lots. Detecting wands may also be used to indicate the presence of prohibited items.

Student property may be searched based upon reasonable suspicion of a violation of school rules or law and an examination of facts, credible information, or reasonable inferences based upon the facts and circumstances. Searches of bags, purses, coats, electronic devices and other personal possessions and cars will be conducted in the presence of an adult witness and in accordance with the law.

Law enforcement will be contacted if a search produces a controlled substance, drug paraphernalia, weapons, stolen goods, or evidence of a crime.

Student Alcohol/Drug Abuse S-195-S

The District takes measures to foster a safe and drug-free learning environment that supports student engagement and development. Therefore, educational programs are provided to help students cultivate healthy lifestyles and age-appropriate drug awareness. Suspected or known violations of the District policy should be immediately reported to school authorities. Any incidents that violate this policy are subject to disciplinary action and notification to law enforcement. Any confiscated substances will be turned over to law enforcement.

In cases where it is necessary for a student to take prescription or over-the-counter medications during the school day, the medication must be documented by the nurse's office in accordance with written label directions and physician's permission in compliance with District rules. (See the Handbook's section on Administration of Medication for more information.)

Any drug/alcohol offense may result in one or more of the following:

Administrator/Student conference, detention, in-school suspension, 1-180 days out-of-school suspension or expulsion, restitution if appropriate, loss of privileges including, but not limited to: confiscation of the contraband item, loss of parking privileges, loss of technology privileges, and referral to law enforcement. (See the Handbook's section on Student Discipline for more information.)

The possession or use of medical marijuana at school is prohibited. Students under the influence of medical marijuana may result in discipline.

Reasonable Suspicion Testing

A drug or alcohol test is not necessary to discipline a student when there is evidence that the student is under the influence of or has recently consumed alcohol or any drug prohibited by District policy. In accordance with law, District administrators may, at their discretion, utilize drug and alcohol testing to assist with student discipline when there is reasonable suspicion that a student has consumed drugs or alcohol and is on District property or at a District activity.

Reasonable Suspicion

Staff members will share any reports, evidence, or observations that a student may be under the influence of drugs or alcohol with the building administrator or designee as soon as possible. The building administrator or designee will determine whether reasonable suspicion exists and may consult the District's attorney to assist in the determination.

If the building administrator or designee determines that reasonable suspicion exists, the District will notify the student's parents/guardians.

Dress Code S-180-S

The purpose of a dress code is to contribute to a safe, healthy environment that protects students and maintains a focus on learning. The dress code included in this handbook provides guidance to students and parents as to what constitutes appropriate attire for school and school activities. District administrators have the discretion to determine whether a garment or manner of dress not specifically described below is appropriate attire for school and school activities and/or causes a disruption to the educational environment. Administrators have the authority to take action to address dress code matters as they arise.

Dress Code Expectations/Prohibitions

Instructional Program Information & Resources

Grading and Reporting System

The District provides an online portal, TeacherEase, to permit direct access to your school from any Internet connection. Information regarding the portal can be found on the District's website or by contacting your student's school office.

The online portal allows parents to:

- access their student's performance;
- have better communication with teachers;
- track assignments, tardies and attendance;

The use of standards-based grading allows all students to achieve success. The process is quite simple:

- Teachers teach the Missouri Learning Standards and assess the standards that are considered a priority for mastery.

- Once a standard is assessed, teachers evaluate the data from the assessment and determine which students are proficient and those who need further instruction.

The following grading system will be used:

P= Proficient

A= Approaching

N= Needs Improvement

Parent-Teacher Conferences

Parent-teacher conferences are scheduled in the fall and again in the spring as needed.

Parent attendance at conferences is extremely important and expected.

Assessment Program I-195-S

All students will participate in the required, statewide screening and assessment program or an alternative assessment as determined by a student's Individual Education Plan (IEP). The District will comply with all assessment requirements for students with disabilities. The District has a written assessment plan, which is updated and posted annually on the District's website. The Parkview and CIS Assessment Plans are located on each schools website under the Menu tab, under Parent Resources.

The District will use assessments as one indication of the success and quality of the District's education program. Further, the Board recognizes its obligation to provide for and administer assessments as required by law. The Board directs the superintendent or designee to create procedures governing assessments consistent with law and Board policy. In cooperation with the administrative and instructional staff, the Board will regularly review student performance data and use this information to evaluate the effectiveness of the district's instructional programs, making adjustments as necessary. The District will comply with all assessment requirements for students with disabilities mandated by federal and state law, including the Individuals with Disabilities Education Act (IDEA).

Retention and Promotion

Students will normally progress annually from grade to grade; however, retention may be considered when, in the judgment of the professional staff, it is in the best educational interest of the students involved. Parents/Guardians will receive prior notification and explanation concerning the retention. In evaluating student achievement, each teacher will make use of all available information, including attendance, results of teacher-made tests, standardized test results, and teacher observation of student performance. If a child has not met the standards for promotion, the administrator may require remediation, which could include mandatory tutoring and summer school.

If the teacher and administrator conclude that retention is in the best interest of the student, the following notification calendar will be followed:

- October-March: Teachers notify parents of concern via phone calls, notes, signature sheets, conferences, and grade cards.
- January-March: Teacher/Parent conferences scheduled to discuss the possibility of retention.
- End of Third Quarter: Letters of concern sent with report cards regarding possibility of retention.
- Fourth Quarter Midterm: A final notification of the decision to retain will be sent home.

The principal shall be notified of all students who are being considered for retention. Teachers shall maintain documentation of all parent contacts, including the content of phone calls, conferences, notes, progress reports and grade cards. The school shall have the authority to make the final determination on promotion or retention of a student.

Reading Improvement Plan

The District is committed to providing intensive intervention for students with persistent reading difficulties (Tier 2 and Tier 3, tutoring, etc.) and will develop a reading success plan (RSP) according to state statute.

The District will follow the District literacy plan that correlates with our District dyslexia plan, as well as the Reading Success Plan which serves as a detailed plan for individual students that follow them through their remaining years of education as long as they are more than one year behind grade level.

The classroom teacher and Title I reading teacher will both attend a meeting at the Fall Parent-Teacher Conferences with parents of students who have been assigned a Reading Success Plan. The plan will be updated throughout the school year to track interventions and document each student's progress. The reading specialist will work to support the goals and maintain the data in the reading success plan and will communicate progress to parents quarterly.

Summer School Requirements

For any student that shows an average daily attendance below 90%, for the current school year, may be required to attend summer school based upon reasons pertaining to the excessive absences. For absences documented as medical reasons for absence, consideration will be given by the administration in regard to mandatory summer school attendance. Administrator's discretion will be used in evaluating the need for mandatory summer school based upon concern with a student's attendance.

Students not performing at grade level in the four core areas (math, language arts, science and social studies), may be required to attend mandatory tutoring sessions to ensure academic achievement gaps are being addressed. Specific skills and knowledge targets will be addressed during the tutoring sessions. If the student is not able to attend before or after school tutoring sessions, mandatory summer school may go into effect.

Mandatory summer school may also be initiated for the reason of promotion if the student has shown low levels of performance on building wide, comprehensive assessments. This would include students scoring below the proficiency targets expected at their grade level.

Supply Lists

Supply lists are sent to Walmart and posted on the District website. Information is also provided at Open House prior to the start of the school year.

Virtual/Online Courses I-160-S

The District offers online classes for students for acceleration, credit recovery, and options for students who need flexible schedules. The District may offer instruction through District-sponsored virtual courses and will approve students to take virtual courses through the Missouri Course Access Program (MOCAP) in accordance with policy I-160-P and the law. The requirements for enrollment and approval process are outlined in District Policy. For more information regarding online courses, consult with your school counselor. Additional information about resources and processes may be accessed on the District's website.

Alternative Methods of Instruction (AMI)

The Cameron R-1 District will utilize an Alternative Methods of Instruction (AMI) Plan in the 2025-2026 school year. The AMI Plan may be utilized on days school is closed due to inclement weather, exceptional emergency circumstances, natural disasters or an outbreak of a communicable disease.

The AMI plan will allow the District to be forgiven attendance for up to 36 hours of designated AMI days. To consider an AMI day as a day of attendance, students will be required to complete and submit assigned work. Students who do not complete and submit assignments when returning to school, will be marked absent for that class/subject, and will receive consequences for missing classwork or homework.

AMI resources include both packets and on-line and will be offered at the start of the school year. Families will be notified using the alert system that the day is designated as an AMI day. Extended building closures could change due dates and grading policies of AMI instruction. If this happens, students and parents will be notified of the change.

Teaching About Human Sexuality I-120-S

Students will be provided instruction regarding human sexuality that is appropriate for students' ages and genders, however, the District does not provide "human sexuality" to students at Parkview or CIS. Students in 5th grade are provided health instruction, and elementary students are provided with body-safety guidance via the guidance curriculum. Curriculum via our computer courses will be offered to Parkview and CIS students regarding the characteristics of, and ways to identify, sexual predators; the safe and responsible use of the Internet including the dangers of online sexual predators; the potential consequences of inappropriate texting and the importance of open communication with responsible adults regarding any inappropriate situation, activity, or abuse.

Library Media Center

The Media Center is open on a continuous basis throughout the school day with staff available to assist students and teachers. Teachers often utilize the facility before classes begin to integrate into their curriculum. Students are able to receive help and check out materials. Students assume responsibility for Media Center materials at the time of borrowing them. Students are expected to pay replacement cost for lost or damaged materials.

The school media center specialist is responsible for maintaining an atmosphere that is conducive to learning and which utilizes the resources of the media center most effectively.

To use the Internet in the Media Center a student must have a Technology Usage Agreement Form signed and on file in the office and must use his/her own log-in number. Absolutely NO chats, games, E-mail, or browsing is allowed. The Internet is for doing research. Students with overdue books are required to return them before additional materials may be checked out.

If a parent or guardian wishes to restrict library media center material for their student, they may complete the form available on the District's website located here:

Parents as Teachers (PAT)

Parkview is home to the Parents as Teachers program. The PAT mission is to provide the information, support and encouragement parents need to help their children develop optimally during the crucial early years of life. Parents as Teachers are specially trained to help parents identify stages of child development, share great activities and resources, and support families in ensuring their child is healthy, happy, and developing appropriately.

Parents as Teachers provide services from prenatal care through age five. Please contact our PAT staff at 816-882-1062 for more information on this valuable program.

Preschool

Early Childhood screening services are offered throughout the year for students who are at least 3 years of age prior to August 1st of the screening year. Screening results are used to determine placement in our preschool classrooms by taking into consideration the following:

- Need for special services (deficiencies noted in development; Early Childhood Special Education)

- Need for additional academic support or socialization (Title)
- Child/grandchild of Cameron R-1 Schools employee

There are no half-day classes on days of preschool screenings.

Pre-K Attendance

Students attending preschool classes are expected to maintain positive attendance. All preschool students are expected to meet the state's attendance goal of 90% attendance. If your child misses more than eight days of school, you will be asked to sign and follow an attendance contract. If your child is ill and sees a doctor, please provide us with a doctor's note so we can document the absence was due to medical issues. With the exception of students with an Individual Education Plan or 504, students falling below 80% cumulative attendance and not compliant with the attendance contract, will be removed from the program in order for us to provide services to another child. If your child has medical issues out of your control, those will be taken into consideration along with absences accompanied by a doctor's note.

Pre-K Tuition for Full-Day Program

The fee for tuition is based on the following:

- Students who qualify for free lunch OR reduced lunch will receive FREE TUITION
- Students who do not qualify for free or reduced lunch will be charged \$15.00 per day.

Fees will be assessed based on the number of days of school attendance per week. If your child misses a day of school, you will be charged for that day even though your child did not attend. Fees will not be reduced in the event of absences or illness. If school is not in session, you will not be charged. If school is closed due to weather conditions, payment for that day will be credited to the last month of the school year. Payments should be made in the form of a check, money order or through TeacherEase by the 1st of the month, in advance of services. Please place your payment in a sealed envelope with your child's full name on the outside of the envelope. Each family will be assigned a Google Sheet to serve as ongoing receipt of payment. You may also call 816-882-1035 with any questions regarding your account.

Pre-K Late Tuition for Full Day Program

Those who fail to make payments or make arrangements for payments may result in withdrawal from the program. If payments fall behind by two weeks (10 school days) the child will not be permitted admittance to school until the balance is paid in full. Persistent failure to pay tuition in a timely manner may result in the child being permanently released from the program. Parents will receive notification in writing of student dismissal. If tuition from the previous school year is not fully paid by June 1st, the child's spot will be given to another student.

Pre-K Meals

Students will be charged for breakfast and lunch through the Food Service program. Parents can opt out by serving their child breakfast prior to the start of the school day or by sending lunch. All families are encouraged to fill out a Free and Reduced Lunch Application. Please see the Food Service section of the handbook for more information.

Pre-K Toileting

Students enrolled in our full-day and Title preschool programs should be potty trained prior to enrollment. All efforts should be made by parents to support potty training of children enrolled in Parkview's Early Childhood Special Education classrooms as well to the best of the child's ability. For students who are not potty trained or who have frequent accidents, parents must provide a supply of diapers or pull-ups and wipes for their child's use. Each child's supply will be labeled and stored in our changing room for the child's use only. At least a two-week supply of diapers and wipes should be provided as well as two-three changes of clothing for each season. This ensures that we are able to provide your child with the level of comfort and care that they need to be successful at preschool. Failing to provide potty training materials or supply the school with clean clothes to replace those that are sent home soiled, may result in removal from the program.

Pre-K Discipline

If a child is removed from the group or an activity to regain control, it will be for a short period of time. Generally a child having difficulty in one area will be redirected to another area to play or directed to the safe seat. The child must exhibit a safe, calm body to return to play. If a child's behavior is uncontrollable, extremely disruptive and/or harmful to him/herself or others, a parent may be asked to remove the child from the classroom for the rest of the day. If warranted, the teacher may request a meeting to develop a plan to support the needs of the child. A child or family member who causes a threat to the safety of staff and/or other program participants will no longer be allowed to participate in the program.

Pre-K Discontinued Services

We reserve the right to discontinue services for:

- The child's inability to adjust to the preschool setting
- The child's inability to care for bathroom needs with minimal assistance
- Failure of parent to pay fees as outlined in the handbook
- Failure on the part of the parents to keep communication lines open with the provider
- The child is constantly disruptive to the class, keeping other children from learning and participating in a safe environment
- Other reasons as defined by district policy

Student Information Services

Student Records S-125-S

Access to and Release of Student Information

All parents/guardians may inspect and review their student's education records, seek amendments, consent to disclosures except to the extent the law authorizes disclosure without consent, and file complaints regarding the records as allowed by law. Requests to inspect or review education records may be directed to the Counseling Department. Requests to amend education records may be directed to the Counseling Department to obtain the proper form. If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

The parents'/guardians' rights relating to the education records transfer to the student once the student becomes an eligible student; however, parents/guardians maintain some rights to inspect student records even after a student turns 18. The District allows access to records to either parent, regardless of divorce, custody or visitation rights, unless the District is provided with legal documents that the parent's rights to inspect records have been modified.

Directory Information

Directory information is information about a student that generally is not considered harmful or an invasion of privacy if disclosed without the consent of a parent or eligible student. The District will designate the types of information included in directory information and may release this information without obtaining consent from a parent or eligible student unless a parent or eligible student notifies the District in writing. Parents and eligible students will be notified annually of the information the District has designated as directory information and the process for notifying the District if they do not want the information released. Even if parents or eligible students notify the District in writing that they do not want directory information disclosed, the District may still disclose the information if required or allowed by law. If you do not want the District to disclose any or all of the types of information designated below as directory information from your child's education records without your prior written consent (with exception of disclosures required by law), you must notify the District in during the online enrollment process each school year.

The District designates the following items as directory information:

General Directory Information: The following personally identifiable information about a student may be disclosed by the District without first obtaining written consent from a parent or eligible student: Student's name; date and place of birth; parents' names; grade level; enrollment status (e.g., full-time or part-time); student identification number; user identification used by the

student for the purposes of accessing or communicating in electronic systems as long as that information alone cannot be used to access protected educational records; participation in District-sponsored or District-recognized activities and sports; weight and height of members of athletic teams; athletic performance data; dates of attendance; degrees, honors and awards received; artwork or course work displayed by the District; schools or school Districts previously attended; and photographs, videotapes, digital images and recorded sound unless such records would be considered harmful or an invasion of privacy.

Limited Directory Information: In addition to general directory information, a student's address, telephone number and email address; and the parents' addresses, telephone numbers and email addresses may be disclosed to: school officials with a legitimate educational interest; governmental entities including, but not limited to, law enforcement, the juvenile office and the Children's Division (CD) of the Department of Social Services.

School Officials with a Legitimate Educational Interest

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests.

A school official includes a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a Board Member. A school official also may include a volunteer, contractor, or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of personally identifiable information from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks.

A school official typically has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Release of Records to Other Agencies or Institutions

The District forwards education records to officials of another school, school system, or institution of postsecondary education where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer, subject to the requirements under the law.

Release

Parents or guardians may designate additional adult(s) to have access to their student's records by requesting a Family Educational Rights and Privacy Act (FERPA) release form. The building's main office has these forms upon request.

Notice

Complaints and Concerns

It is the goal of the Board of Education and the administration to efficiently and effectively resolve concerns of students, parents, staff members, and other stakeholders by directing matters to the individual within the District who is in the best position to do so. Included below are various methods for conveying concerns.

Complaints or Concerns C-120-S

Effective communication helps avoid and resolve many complaints, concerns, misunderstandings and disagreements. Individuals who have a complaint or concern should discuss their concerns with the school personnel involved in the issue at hand in an effort to resolve problems. This step will usually involve communicating directly with the person or persons with whom the complainant has a concern. This step may be skipped when the complainant in good faith believes that speaking directly to the person would subject the complainant to discrimination, harassment or retaliation.

This step may also be skipped if the complainant in good faith believes that any law or a District policy or written rule has been violated. The District has adopted specific procedures for investigation and resolution for complaints or concerns as required by specific and varying laws that are applicable to the District. The District’s Compliance Officer should be contacted with any complaints or concerns that any law or District written rule has been violated, including but not limited to, laws relating to: civil rights, including discrimination, harassment, and retaliation; special education matters including the IEP and 504 processes and services; federal programs and related services; bullying; and The Family Educational Rights and Privacy Act, including student records and confidentiality.

When communicating directly with the school personnel involved in the issue does not resolve matters satisfactorily, or if it is appropriate to skip the first step as described above, a complainant should consult with the District’s Compliance Officer who will direct the complainant to the appropriate process for resolution of the complaint. The District designates the following individual to act as the District’s Compliance Officer:

Name:	Assistant Superintendent, Dr. Angie Ormsby
Phone #:	816-882-1031
Email Address:	complianceofficer@cameronschools.org

In the event the District's Compliance Officer is unavailable or is the subject of a report that would otherwise be made to the Compliance Officer, reports should instead be directed to the alternative Compliance Officer:

Name: Superintendent, Dr. Matt Robinson
 Phone #: 816-882-1031
 Email Address: mattrobinson@cameronschools.org

All complaints of violation of any law or a District policy or written rule will be promptly investigated by the District, and appropriate action will be taken. Complainants are strongly encouraged to provide their concerns in writing.
