Mission C-110-S

The mission of the Clinton School District #124 is: Transforming Potential into Performance.

School Board Members G-100-S

Cody Westendorff, President

Ryan Parks, Vice-President

Matt Willings

Marilyn Parratt

Eric Townsend

Dr. Thumper Womack

Scott Bernard

The role of the District's Board is to govern the community's public schools by making the major decisions for the District as a whole. The Board collectively makes these decisions and individual Board members do not have the power to speak or act for the Board. The Board as a whole, by working with the Superintendent to make decisions that will best serve the District's students, will govern the community's schools. Accordingly, complaints or concerns made to Board members will be referred to the appropriate District point of contact for resolution.

## **THE CARDINAL CODE**

### **HISTORY OF OUR SCHOOL**

In 1911, the cornerstone was laid for a high school building at Third and Franklin Streets. Although additions were made, the number of secondary school students continued to climb, until capacity of the building had been reached and passed.

The need for a new high school was recognized, and in 1954 the new senior high school was becoming a project instead of just a dream. The vote for a new senior high was passed in November, 1957. Construction began in June, 1958, and the building was finished in time for the 1959-60 school year. It continues to serve Clinton students to this day.

In the spring of 2007 voters of Clinton passed a levy to build a new high school. Students and faculty occupied the new building in December, 2009.

The real worth of a building is not in bricks and equipment but in the way it serves the youth of the community. Clinton High School is an intangible substance found in the lives of the students who attend its classes and who respect it as their alma mater.

### **RATING AND ACCREDITATION**

Clinton High School carries the highest rating afforded by the Missouri Department of Elementary and Secondary Education, that being Full Accreditation.

### **SCHOOL COLORS**

Clinton High School colors are red, blue, and white.

### **SCHOOL MASCOT**

The Clinton High School mascot is the Cardinal.

## SCHOOL SPIRIT

School spirit may be divided into three categories:

1. **Courtesy** - toward teachers, fellow students, the officials of athletic contests and opposing players.
2. **Pride** - in everything our school endeavors to accomplish and has accomplished.
3. **Sportsmanship** - the ability to win and lose gracefully.

## *A+ Program S-130-S*

### *A+ Program Description*

The District is a proud participant of the Missouri A+ Program. As a designated school, the District graduates are eligible for the A+ designation, which qualifies them to receive A+ monies from the state to be used for tuition to any public community college or public vocational technical school in Missouri. Some private, career/technical schools are also A+ eligible. In addition, more four-year institutions are offering incentives for students who meet the A+ criteria.

### *A+ Program Requirements*

To participate in the A+ program, a student must meet all requirements. The student must be a U.S. citizen or permanent resident and have attended an A+ designated high school for two (2) consecutive years prior to graduation. The student must graduate with a non-weighted GPA of at least 2.5 on a 4.0 scale and have maintained at least a 95% attendance record in grades 9-12. In addition, the student must have performed 50 hours of unpaid mentoring and/or tutoring at a District school under District supervision coordinated through the A+ office. Up to 25% (12.5 hours) may include job shadowing prior to graduation. Good citizenship and the avoidance of unlawful use of alcohol and drugs is required. A score of proficient or advanced on the Algebra I end of course exam or a higher level DESE approved end-of-course mathematics exam must be achieved. A qualifying math score may also be attained by a student by taking the ACT test and earning the required score minimum. Finally, the student must apply for non-payback scholarships by completing a FAFSA (free application for federal student aid) form.

More information about the A+ program may be accessed on the District website here, the high school counselor, and/or the District A+ Coordinator Mrs. Jordan Townsend, [jtownsend@clintoncardinals.org](mailto:jtownsend@clintoncardinals.org).

**ACADEMIC LETTER IS NOT TO BE CONFUSED WITH ACADEMIC EXCELLENCE.**

Administration of Medication S-135-S

All medication is kept in the health office and no medication will be dispensed without written parental permission, including over-the-counter medication. Many medications can be given at home before or after school. When this is not possible, medication should be brought directly to the health office by the parent and must be accompanied by the following information:

*Non-Prescription Medication* – Non-Prescription medication must be sent to school in the original unopened container. A written note from the parent/guardian with the student’s name, reason for the medication, the time the medication is to be given, the dosage prescribed, and the number of days the medication is to be administered at school. These medications include, but are not limited to, allergy medication, decongestants, cough syrup, ibuprofen (Advil), acetaminophen (Tylenol), or others.

*Prescription Medication* – Prescription medication must be sent to school in the original prescription container. The prescription label will serve as the written permission from the physician. If the doctor has given samples of medication, then a written note from the physician is necessary and should include the name of the student, the medication, and the dosage prescribed. The nurse may need to clarify prescription orders with the provider. The nurse will not administer the first dose of a new prescription.

When a student has a health condition which needs accommodation or may necessitate emergency care, it is important that the school nurse be informed. Examples of a health condition that would need to be shared with the school nurse include severe allergies, asthma, diabetes, hearing loss, seizure disorder, etc. This would include situations when a physician recommends a student assume responsibility for self-medication. The nurse may request a release of information from the student’s health care provider and the information may be shared with necessary District staff members on a need-to-know basis. Please contact the school nurse.

Allergy Prevention and Response S-145-S

The District is required to ensure students with allergies are safe at school through planned prevention and response to a student’s allergic reaction. For purposes of District policy and related procedures, an allergic reaction occurs when the immune system overreacts to a typically harmless substance and may be mild to life-threatening. Allergy prevention and response protocols apply to all school locations, including non-academic, school-sponsored activities and transportation provided by the District. The Board authorizes the Superintendent or designee to develop and implement procedures to protect the health and well-being of students with significant allergies.

### *Building-Wide and Classroom Approaches*

Parents/guardians should provide, at the time of enrollment, information on any allergies the student may have. The school nurse may request written permission from the parents/guardians to communicate with a student's health care provider as needed. Staff members are trained annually on risk reduction strategies, symptom recognition, and response procedures. The school nurse has an emergency kit available and accessible in all school buildings containing prefilled auto syringes of epinephrine and asthma-related medications as allowed by District rules. If you do not want these medications administered to your student in an emergency, please notify the school nurse or principal in writing.

The District will provide age-appropriate education for students, consistent with state learning standards, including potential causes of allergic reactions, information on avoiding allergens, symptoms of allergic reactions, and simple steps a student can take to keep classmates safe.

All processed foods, including food sold in vending machines, are labeled with a complete list of ingredients on each individual package. Ingredient lists will be created for all food provided through the District's nutrition program, including before- and after-school programs, which are available upon request. This also applies to items sold as part of concessions, fundraisers, and classroom activities.

### *Individual Approaches*

The District will evaluate and determine whether a student's allergies rise to the level of a disability that requires accommodations through the provisions of an Individual Education Plan (IEP) or Section 504 Plan (504). For those students who have allergies that do not rise to the level of disability, a designated team may develop an Individual Health Plan (IHP) and/or Emergency Action Plan (EAP). Staff who have a need to know about a student's allergies and plan will be informed and trained, and all staff members will follow any IEP, 504 Plan, IHP, and/or EAP.

A student's health information and individualized plan will be kept confidential and not shared with those who do not have a need to know unless authorized by the parent/guardian or as allowed by the Family Educational Rights and Privacy Act (FERPA). The District will communicate and collaborate at least annually with parents/guardians regarding the student's allergies, medications, restrictions/precautions, emergency contacts and any other relevant information to keep the student safe.

### *Arrival and Dismissal Procedures S-165-S*

Safety is always our highest priority. Please help us keep our students and school safe by following our drop-off and pick-up procedures to ensure that students enter and exit the building in a safe and organized manner.

### *Assessment Program I-195-S*

All students will participate in the required statewide screening and assessment program or an alternative assessment as determined by a student's Individual Education Plan (IEP). The District will comply with all assessment requirements for students with disabilities. The District has a written assessment plan, which is updated and posted annually on the District's website. The assessment plan is located here.

### Attendance and Absence Procedures S-115-S

#### *Expectations for Attendance*

Attendance is essential for learning. By law, all children must attend school from the age of 7 until the age of 17. Parents/guardians are accountable for the attendance of their child. The District will inform parents/guardians of their student's absence and support families when attendance becomes a concern. It is the responsibility of the student to make up work due to an absence. Students who wish to participate in school-sponsored activities must attend school the entire day on which the activity occurs, unless the principal has pre-approved the absence based upon special circumstances. Furthermore, a student who wishes to participate in a school-sponsored activity scheduled on a weekend date or during an extended school break must attend school the entire day on the most recent school day in session prior to that weekend's or extended break's scheduled activity. For example, if an activity is scheduled for a Saturday or Sunday and the most recent scheduled school day is the Friday before, the student will be required to attend a full day of school on that Friday to be eligible to participate on the subsequently scheduled activity on Saturday or Sunday unless the principal has pre-approved the absence upon special circumstances. The administration makes the final determination regarding whether an absence is excused or unexcused.

In order to receive semester course credit or be considered for promotion to the next grade level, a student must attend at least 90% of the scheduled school days per semester **and** earn a passing grade in the course. Students who do not meet the 90% attendance threshold **will not receive credit for the course** unless an appeal is submitted and approved based on verified, documented absences.

Parents will be notified by letter when a student has accumulated three (3) absences in a semester. Additional notifications will be sent if attendance continues to decline and the student approaches or falls below the 90% attendance requirement. Students who end the school year below the attendance threshold may also be required to attend summer school to regain credit.

#### **Appeal Process for Course Credit Due to Insufficient Attendance:**

1. **Notification:** Parents/guardians will be informed by letter if their student falls below 90% attendance.

2. **Submission of Appeal:** The parent/guardian must submit a written appeal within ten (10) school days of receiving the notification. The appeal must include:
  - Student's name and grade level
  - Course(s) affected
  - Reason(s) for absences
  - Supporting documentation (e.g., medical notes, court documents, bereavement verification, etc.)
3. **Review Committee:** A school-based attendance review committee—including an administrator, counselor, and classroom teacher—will review the appeal.
4. **Decision:** The committee will evaluate the validity of the absences and determine if credit can be granted. A written decision will be provided to the parent/guardian within five (5) school days of the appeal review.
5. **Final Determination:** All decisions made by the review committee are final.

Absences due to school related activities are not included in the cumulative total of days absent.

Students are allowed one excused absence per year related to taking their driver's test.

#### *Procedures for Reporting an Absence*

The District will maintain a comprehensive system of attendance records for each student. Each teacher is responsible for the accurate reporting of daily attendance in the classroom. The building principal is responsible for supplying information to parents/guardians about student absences and for submitting attendance information to the superintendent's office.

#### *Excused Absences*

Parents or students must provide proper notification and documentation to the school showing the absence was unavoidable for an absence to be excused. It is the responsibility of the student to make up work with teacher support when a student's absence is excused. The timelines for turning in make-up work will be determined by the teacher.

Parents must report a student's absence by 9:30 a.m. on the day of the absence. The school will contact parents who do not report a student's absence by the designated time. When a student is released early from school to a parent or guardian, it constitutes an absence. In general, prior notification is required when a student is dismissed early and the student must be checked out through the office.

It is the **student's responsibility** to check with each of his or her teachers to obtain missed assignments. Assignments will be recorded as zeros until the student work is made up in the allotted time allowed. If the parent has failed to call the school, a written excuse from the parent and/or a doctor's note stating the reason for the absence will be necessary for the absence to be verified.

#### *Unexcused Absences*

Absence for reasons other than the categories of excusable reasons, or that does not have the proper documentation for an excused absence as determined by the principal, will be considered unexcused. Students who have an unexcused absence are encouraged to make-up assignments based on the timelines for turning in make-up assignments and any impact on grading will be according to the guidelines of the building and at the discretion of the teacher. Excessive, unexcused absences will result in written notice from the principal to the parents/guardians. The principal may request a parent/guardian conference to discuss attendance concerns and a collaborative plan may be developed to remove barriers to attendance. When attendance remains problematic, the school may contact the appropriate agencies and/or authorities for assistance.

### *Late Arrival/Tardiness*

A late arrival or tardy occurs when a student arrives after the expected class period has begun, as determined by the District. The District will count tardiness as an absence.

### *Truancy*

Truancy is when the student is absent from school without permission of the parents/guardians or school official. Truancy includes, but is not limited to, skipped classes, falsely informing the school about the reason(s) for the absence, or absences that have not been pre-arranged and pre-approved as excused. The District may assign disciplinary measures for truancy. Students who are truant are encouraged to make-up missing assignments to aid learning. The timelines for turning in make-up assignments and any impact on grading will be according to the guidelines of the building and at the discretion of the teacher. Families are entitled to appeal assigned consequences to the Superintendent or designee.

### *Seniors (Class of 2026)*

Seniors who miss more than **eight (8) days or class periods (below 90% for the semester)** in any course during the 2<sup>nd</sup> semester of senior year will be required to complete academic recovery time in order to receive credit for the course. This applies even if the student is otherwise on track to graduate. If a senior exceeds the 90% attendance threshold they will be required to make up the missed time after graduation during summer school hours under the supervision of the principal or designee. The awarding of a diploma and the distribution of the student's transcript will be withheld until all required academic recovery time has been completed and verified by the principal or designee.

**Parents and students have access to attendance records through PowerSchool and are encouraged to monitor attendance regularly throughout the semester and school year.** This helps ensure they are aware of any attendance concerns before reaching the recovery threshold.

This policy is intended to reinforce the importance of consistent attendance and ensure that all students meet the instructional requirements for course credit. Seniors and their families will be notified in writing when the student approaches or exceeds the eight-day/class period limit.

Seniors are allowed two college visitation days during the school year; Juniors are allowed one. A pre-approved college day form granting permission is required. This form may be obtained from the high school office. When the student returns, he or she must present a note to the office from the college indicating that the student had visited the school. The note must have the students name, the date of the visit and be signed by a college representative.

- o If properly verified, this absence will not count against the student. Students may not use a college day the day of or the day prior to the Junior/Senior Prom.
- o Visits scheduled by the rootEd College & Career Advisor will not be included in the number of visits allowed for juniors/seniors.

The Clinton School District does not recognize any organized skip days other than Senior Skip2Serve, which is required for all seniors to attend. If the administration becomes aware of any organized skip days, it may require a doctor's note to excuse the absence.

#### Bullying, Hazing, and Cyberbullying S-185-S

The District strictly prohibits bullying, including hazing, and cyberbullying on school grounds, at any school function, or on District transportation.

##### *Definitions*

*Bullying* – Intimidation, unwanted aggressive behavior or harassment that is repetitive or is substantially likely to be repeated and causes a reasonable student to fear for his or her physical safety or property; substantially interferes with the educational performance, opportunities, or benefits of any student without exception; or substantially disrupts the orderly operation of the school. Bullying may consist of physical actions, including gestures, or oral, cyberbullying, electronic, or written communication, and any threat of retaliation for reporting such acts.

*Cyberbullying* – Bullying as defined above through the transmission of a communication including, but not limited to a telephone, wireless telephone, or other wireless communication device, computer, or pager. The District has jurisdiction to prohibit cyberbullying that originates on a school campus, or at a District activity if the communication was made using District technological resources, if there is sufficient nexus to the educational environment, or if the electronic communication was made on the school's campus or at a District activity using the student's own person technological resource.

*Anti-bullying Coordinator* – The Superintendent will ensure an individual at each school is designated to serve as the anti-bullying coordinator. All anti-bullying coordinators will be teacher-level or above and a list of coordinators will be kept on file at the District administration office and updated annually. Additionally, a District anti-bullying coordinator will be designated. The building anti-bullying coordinator is: Dr. Rob Anthony and can be reached at 660-885-2247 ext. 7305.

*School Day* – A day on the District calendar when students are required to attend school.

### *Reporting Bullying or Cyberbullying*

District employees are required to report any instance of bullying of which the employee has firsthand knowledge. Any employee, substitute, or volunteer who witnesses an incident of bullying must report the incident to the building anti-bullying coordinator within two (2) school days of witnessing the incident. If the anti-bullying coordinator is unavailable or is the subject of the report, the employee should contact the District's Compliance Officer. In addition, all District employees, substitutes, or volunteers must direct all persons seeking to report an incident of bullying to the building anti-bullying coordinator.

Any individual making a verbal report of bullying will be asked to submit a written complaint to the anti-bullying coordinator. If the person refuses or is unable to submit a written complaint, the anti-bullying coordinator will summarize the verbal complaint in writing.

When an anti-bullying coordinator is informed about a possible bullying or cyberbullying incident, verbal, written, or otherwise, the District will conduct a prompt, impartial, and thorough investigation to determine whether misconduct, including unlawful conduct, occurred. The District will implement interim measures as necessary. When it is determined that bullying or cyberbullying occurred, the District will take appropriate action for violations of District expectations and rules.

### *Investigation*

Within two (2) school days of receipt of a report of bullying or cyberbullying, the anti-bullying coordinator or designee will initiate an investigation of the incident. The school principal may appoint other school staff to assist with the investigation. The investigation will be completed within ten (10) school days from the date of the written report unless good cause exists to extend the investigation. A copy of the written report of the investigation and results will be sent to the District anti-bullying coordinator and included in the files of the victim and the alleged or actual perpetrator of bullying or cyberbullying. All reports are confidential in accordance with law and District rules.

### *Retaliation*

The District prohibits reprisal or retaliation against any person who reports an act of bullying or cyberbullying, testifies, or participates in any manner with an investigation

proceeding, or hearing. The District will take appropriate remedial action for any student, teacher, administrator, or other school personnel who retaliates.

### *Consequences of Bullying, Cyberbullying, or Retaliation*

When the District receives a report of bullying, cyberbullying, or retaliation, interim measures to protect the victim(s) will be taken. If an investigation determines that bullying, cyberbullying, or retaliation occurred, the District will act to end the bullying, cyberbullying or retaliation.

Students who are determined to have participated in bullying, cyberbullying, or retaliation will be disciplined in accordance with the District discipline policy. Consequences may include, but are not limited to, loss of privileges, detention, in- or out-of-school suspension, expulsion, and referral to law enforcement. Any determination of consequences will consider factors such as the age of the student(s), developmental level of the student(s), degree of harm, severity of behavior, disciplinary history, and other educationally relevant factors.

District employees and substitutes who violate this policy will be disciplined, up to and including termination. Volunteers, visitors, patrons, or others who violate this policy may be prohibited from District property or activities, or other remedial action.

### *Public Notice*

The District will:

1. Provide information and appropriate training to District staff who have significant contact with students regarding the policy.
2. Provide education and information to students regarding bullying, including information regarding the District policy prohibiting bullying, the harmful effects of bullying, and applicable initiatives to address bullying, including student peer-to-peer initiatives to provide accountability and policy enforcement for those found to have engaged in bullying, cyberbullying, and/or retaliation against any person who reports an act of bullying.
3. Instruct school counselors, school and licensed social workers, mental health professionals, and school psychologists to educate students who are victims of bullying on techniques for overcoming bullying's negative effects. Techniques will include, but are not limited to, cultivating the student's self-worth and self-esteem; teaching the student to defend himself/herself assertively and effectively; helping the student develop social skills; and/or encouraging the student to develop an internal locus of control.
4. Implement programs and other initiatives to address and respond to bullying in a manner that does not stigmatize the victim and makes resources or referrals available to victims of bullying.

Complaints alleging unlawful discrimination, harassment, or retaliation in violation of District policy will be referred for investigation to the District Compliance Officer.

### Communicable Diseases F-245-S

Parents/guardians must notify the District if their student has a communicable disease. Parents/guardians may be required to provide written approval from the student's treating physician in order for their student to attend school. The District reserves the right to prevent student attendance until clarification or implementation of precautionary measures are in place. Parents/guardians are required to notify the District if they are enrolling or have a student attending school who is HIV positive.

Medical information of students is highly confidential, and the District will take necessary steps to protect the medical information of students and ensure that such information is released only to those with a need-to-know and/or individuals and

entities who are required by law to be notified of certain health and medical information.

Students with a communicable disease who exhibit behaviors that increase the chances of their condition being spread to other individuals, may be subject to discipline and/or remedial action in accordance with the discipline code, and state and federal law.

### *Immunizations and Vaccinations*

It is unlawful for any student to attend school unless the student has been immunized according to Missouri School Immunization Law or unless a signed statement of medical or religious exemption is on file at the school, which is described in all enrollment information. Parents/guardians should bring immunization records at the time of enrollment and obtain additional immunizations as required by state law.

### Complaints or Concerns C-120-S

Effective communication helps avoid and resolve many complaints, concerns, misunderstandings and disagreements. Individuals who have a complaint or concern should discuss their concerns with the school personnel involved in the issue at hand in an effort to resolve problems. This step will usually involve communicating directly with the person or persons with whom the complainant has a concern. This step may be skipped when the complainant in good faith believes that speaking directly to the person would subject the complainant to discrimination, harassment or retaliation.

This step may also be skipped if the complainant in good faith believes that any law or a District policy or written rule has been violated. The District has adopted specific procedures for investigation and resolution for complaints or concerns as required by specific and varying laws that are applicable to the District. The District's Compliance Officer should be contacted with any complaints or concerns that any law or District written rule has been violated, including but not limited to, laws relating to: civil rights, including discrimination, harassment, and retaliation; special education matters including the IEP and 504 processes and services; federal programs and related services; bullying; and The Family Educational Rights and Privacy Act, including student records and confidentiality.

When communicating directly with the school personnel involved in the issue does not resolve matters satisfactorily, or if it is appropriate to skip the first step as described above, a complainant should consult with the District's Compliance Officer who will direct the complainant to the appropriate process for resolution of the complaint. The District designates the following individual to act as the District's Compliance Officer:

Name: Dr. Christian Meier, Assistant Superintendent

Phone #: 660-885-2237

Email Address: [cmeier@clintoncardinals.org](mailto:cmeier@clintoncardinals.org)

In the event the District's Compliance Officer is unavailable or is the subject of a report that would otherwise be made to the Compliance Officer, reports should instead be directed to the alternative Compliance Officer:

Name: Mr. Daniel Brungardt, Superintendent  
Phone #: 660-885-2237  
Email Address: [dbrungardt@clintoncardinals.org](mailto:dbrungardt@clintoncardinals.org)

All complaints of violation of any law or a District policy or written rule will be promptly investigated by the District, and appropriate action will be taken. Complainants are strongly encouraged to provide their concerns in writing.

### Dances

Winter Formal, sponsored by the Senior class, features the presentation of members of the Senior Class who have been elected to the Senior Ballot. The Homecoming Dance and Junior-Senior Prom are also important dances during the year as well as the Court-Mat Dance. These dances are closed to all but Clinton High School students and their approved dates, in high school or the under the age of 21.

The Junior-Senior Prom is open to Clinton High School Juniors and Seniors and their dates. A date to the Prom has to be a Junior, Senior or older, but less than 21 years of age.

All guests who are not currently attending Clinton High School must have a pre-approved guest form on file at least two (3) days prior to the event before they will be allowed to attend the dances. These forms are available in the office.

**None of the high school dances are open to middle school students even as a date of a high school student.**

### *District Sponsored Extra-curricular Activities and Clubs I-210-S*

Students must remain in good academic standing, no failing (F) grades, in order to maintain the privilege of participating in extracurricular activities. Academic standing will be determined by mid-term grades, quarterly grades, and semester grades.

If a student is not in good academic standing as reported on a mid-term progress report or quarterly grade card, he/she will lose extracurricular eligibility during the week after grades have been sent/emailed home. During this week the student should strive to improve the failing grade. After the initial week of ineligibility, the student's grade will be checked weekly. If the grade has been raised from an "F", the student will be declared eligible. If the student's grade is still an "F", he/she will continue to remain ineligible. Students receiving a failing grade, an "F" on a semester grade will not be permitted to participate in extracurricular activities the following semester, but may regain eligibility based on academic progress at administrator discretion. Students must also meet the Missouri State High School Activities Association requirements for activities that are governed by their rules. Eligibility is determined by the day that grades go home.

### Dress Code S-180-S

The purpose of a dress code is to contribute to a safe, healthy environment that protects students and maintains a focus on learning. The dress code included in this handbook provides guidance to students and parents as to what constitutes appropriate attire for school and school activities. District administrators have the discretion to determine whether a garment or manner of dress not specifically described below is appropriate attire for school and school activities and/or causes a disruption to the educational environment. Administrators have the authority to take action to address dress code matters as they arise. The following District guidelines should be observed:

#### *Dress Code Expectations and Prohibitions*

Tops, bottoms, and shoes must be worn. Clothing should be properly fitted (not overly restrictive or loose). Coverage of the body is expected. Therefore, the following garments are not permitted:

1. House shoes or slippers;
2. See-through garments;
3. Tops that are backless, strapless, low-cut, bare-midriff, have overly-large arm openings; or spaghetti straps;
4. Clothing that does not cover undergarments when a student is sitting or standing;
5. Undergarments worn as outerwear;
6. Spandex shorts (some would consider volleyball shorts);
7. Clothing that does not fit reasonably and does not cover the chest area and buttocks area in an appropriate manner;
8. Holes in pants that are above mid-thigh unless patched;
9. Clothing with profane, obscene, or otherwise inappropriate language;
10. Clothing with words, symbols or images that promote illegal, sexual, or violent behavior;
11. Clothing with advertisements or promotion of alcohol, tobacco, or drugs;
12. Language or symbols that promote gangs;
13. Hoods (hooded sweatshirts worn up, covering any part of the head);
14. Do-rags;
15. Handkerchiefs;
16. Sunglasses, except on designated spirit days;
17. Face paint;
18. Other wear that restricts the line of sight of a student's face and/or facial recognition may not be worn (although exceptions will be made by the principal for head coverings that have religious significance, are worn for medical reasons, or are for a specific, school-sponsored event);
19. Blankets carried or worn as coats or wraps while in the building, except on designated spirit days;
20. Heavy or loose chains, or straps that create a safety risk.
21. Costumes of any kind, including ears, tails, masks, pajama onesies, etc., unless deemed appropriate for school spirit days.

### *Additional Dress Code Information*

Courses and/or class activities that require observance of specific safety requirements may require adjustments of a student's clothing, accessories, or hair style for the duration of the class (e.g., hair pulled back and/or hair nets for culinary classes or other safety wear, etc.). Other dress code requirements may be articulated for students participating in certain extracurricular activities.

Violations of the District dress code will be addressed with remedial actions and/or consequences.

Clinton High School takes great pride in creating an environment that is conducive to learning. A student's appearance should not attract undue attention and thus become a disruptive factor. Teachers are encouraged to counsel students and parents when problems arise. The administration may use their discretion in applying these rules to articles of clothing that may be determined disruptive to a good school climate. Students may be sent home to change into appropriate clothing. In the event this is not possible and depending on the severity of the dress, the student may remain in the in-school suspension room for the day and assignments will be sent to the student.

**Building administrators have the final decision as to the appropriateness of all clothing and attire.**

### English Language Learners I-150-S

The District provides programs and support for students in order to provide equal educational opportunities for students with limited English proficiency (LEP).

Free language interpreting and translation is available for parents/guardians and students who require it. If you require an interpreter, please inform your student's teacher or school, and the District will arrange for an interpreter to assist at no cost to you. If we do not have an interpreter for your language, we will work to find someone who can help.

Information on District programs such as Gifted Education, AP classes, Special Education, extracurricular activities, and others can be found on the District website. The website features the ability to translate information into 10 languages. You can receive text messages and emails from the schools in the languages that are available.

For more information about the programs for students with LEP or assistance for families, please contact:

### Enrollment for Classes

Enrollment for classes is held in the spring for the following school year. The counselor and parents must approve each student's schedule. Changes in the schedule necessitated by conflicts are corrected in cooperation with the school counselor, student, and parent. Late enrollments and transfer students should report to the counselor's office for enrollment.

It is hoped that each student will be able to enroll for all the courses he or she desires each semester, however, scheduling may sometimes be a factor and the student may have to select alternates. Students must be enrolled in seven classes.

### Equal Opportunity and Prohibition against Harassment, Discrimination, and Retaliation C-130-S

The District is committed to providing equal opportunity in all areas of admission, recruiting, hiring, employment, retention, promotion, contracted services, and access to programs, services, activities, and facilities. The District strictly prohibits any unlawful discrimination or harassment against any person because of race, color, religion, disability, age, sex, gender, national origin, or any other characteristic protected by law. The District also prohibits retaliatory action, harassment, or discrimination against individuals who make complaints of, report, or otherwise participate in the investigation of any such unlawful discrimination, harassment, or retaliation. The District is an equal opportunity employer.

Anyone who believes that they have been discriminated, harassed, and/or retaliated against in violation of this policy should report the alleged discrimination, harassment and/or retaliation to the District's Compliance Officer. The District designates the following individual to act as the District's Compliance Officer:

Name: Dr. Christian Meier, Assistant Superintendent  
Phone #: 660-885-2237  
Email: [emeier@clintoncardinals.org](mailto:emeier@clintoncardinals.org)

In the event the Compliance Officer is unavailable or is the subject of a report that would otherwise be made to the Compliance Officer, reports should instead be directed to the alternative Compliance Officer:

Name: Mr. Daniel Brungardt, Superintendent  
Phone #: 660-882-2237  
Email: [dbrungardt@clintoncardinals.org](mailto:dbrungardt@clintoncardinals.org)

All employees, students, and visitors who have witnessed any incident or behavior that could constitute discrimination, harassment, or retaliation under this policy must immediately report such incident or behavior to the District's Compliance Officer for investigation.

All complaints of violation of this policy will be promptly investigated by the District, and appropriate action will be taken.

**1. What is a complaint?**

**2. Who may file a complaint?**

Any individual or organization may file a complaint.

Complaints filed with the LEA are to be investigated and attempted to be resolved according to the locally developed and adopted procedures.

**5. What happens if a complaint is not resolved at the local level (LEA)?**

A complaint not resolved at the local level may be appealed to the Department.

**6. How can a complaint be filed with the Department?**

A complaint filed with the Department must be a written, signed statement that include:

- A statement that a requirement that applies to an ESSA program has been violated by the LEA or the Department, and
- The facts on which the statement is based on the specific requirements allegedly violated.

**7. How will a complaint filed with the Department be investigated?**

The investigation and complaint resolution proceedings will be completed within a time limit of forty-five calendar days. That time limit can be extended by the agreement of all parties.

The following activities will occur in the investigation:

- **Record.** A written record of the investigation will be kept.
- **Notification of LEA.** The LEA will be notified of the complaint within five days of the complaint being filed.

- **Report by LEA.** Within thirty-five days of the complaint being filed, the LEA will submit a written summary of the LEA investigation and complaint resolution. This report is considered public record and may be made available to parents, teachers, and other members of the general public.
- **Verification.** Within five days of receiving the written summary of a complaint resolution, the Department will verify the resolution of the complaint through an on-site visit, letter, or telephone call(s).
- **Appeal.** The complainant or the LEA may appeal the decision of the Department to the U.S. Department of Education.

**8. How are complaints related to equitable services to nonpublic school children handled differently?**

In addition to the procedures listed in number 7 above, complaints related to equitable services will also be filed with the U.S. Department of Education, and they will receive all information related to the investigation and resolution of the complaint. Also, appeals to the United States Department of Education must be filed no longer than thirty days following the Department's resolution of the complaint (or its failure to resolve the complaint).

### **9. How will appeals to the Department be investigated?**

The Department will initiate within ten days, which will be concluded within thirty days from the day of the appeal. This investigation may be continued beyond the thirty day limit at the discretion of the Department. At the conclusion of the investigation, the Department will communicate the decision and reasons for the decision to the complainant and the LEA. Recommendations and details of the decision are to be implemented within fifteen days of the decision being delivered to the LEA.

### **10. What happens if a complaint is not resolved at the state level (the Department)?**

The complainant or the LEA may appeal the decision of the Department to the United States Department of Education.

Students whose families are eligible for free or reduced price breakfast or lunch will be able to access meals this school year at no cost or a discounted rate. **To determine eligibility, all families are asked to complete a Free and Reduced Meal Application.**

You can access breakfast and lunch menus on the district website under the "For Parents" tab or using the "menu" quick link under the scrolling pictures on the home page (August/September menus will be added soon). These menus can also easily be accessed through the district's mobile app. Click [here](#) to access the menus.

### *Early Graduation*

Students who wish to graduate early will be required to meet with a school counselor and submit written notification to the principal. If the student is a dependent, the school counselor will notify the student's parents or guardians of the student's decision. The student who chooses early graduation will be allowed to participate in spring graduation ceremonies but will be considered alumni for all other activities.

### *Clinton Alternative Diploma Program*

The Clinton School District offers the Missouri Options and Missouri School Flex programs to prevent dropouts of students who have fallen behind in credits in comparison to their kindergarten peers or classmates. These students will have the opportunity to "catch-up" with these peers by taking courses virtually or the HiSet exam. Alternative programs provide students with a half-day of individual instruction in a classroom with a certified teacher. The curriculum is based on the student credit-needs and is individualized for that student. The students are also encouraged to take credit recovery courses offered two evenings a week. All students in the alternative program are expected to be gainfully employed and working as a part of this program.

Alternative program students meeting the following requirements will be awarded a Clinton High School Alternative Diploma:

1. The student passes the state mandated 24 units of credit.
2. The student must be accepted into the program based on criteria established, which includes being behind in credits compared to their cohort group of students.
3. The student must be age 17 or older.
4. The student must be enrolled in the program and successfully complete the appropriate coursework and other program requirements.

Students wishing to pursue this program option should speak with their counselor for further guidance and to review the Alternative program handbook. Students meeting the requirements of the Alternative program may participate in the graduation ceremony at the end of the school year. The Alternative School Handbook can be found [HERE](#).

For Seniors at Graduation, cumulative weighted high school GPA will be used to determine honors. This will be noted in the graduation program along with graduates wearing honor cords for their respective level of honor. With this honor system CHS will not recognize a valedictorian or salutatorian. The Graduation Speaker will be determined by the process outlined below.

#### *Students Eligible for Services under the IDEA*

The student and the student's parent/guardian will be provided written notice of this policy at the annual IEP meeting prior to or during the student's fourth year of high school.

#### Health Services S-215-S

Health services are provided under the direction of a school nurse. The school nurse for your student's building may provide services in other buildings as well. ### Student Discipline S-170-S

#### *Student Code of Conduct*

The District believes students deserve the right to participate and learn in a safe environment which allows teachers to focus on instruction that accelerates achievement. To ensure that school is a quality atmosphere for all students at all times, the code of conduct and discipline policies outline consequences for misconduct that occurs at school, during a school activity whether on- or off-campus, on District transportation, or misconduct that involves the use of District technology. All District personnel are responsible to supervise and hold students accountable for violations of discipline rules.

Failure to obey standards of conduct may result in, yet is not limited to, verbal warning, community service, confiscation of property, principal/student conference, parent contact, loss of credit, grade reduction, course failure, removal from extracurricular activities, revocation of privileges including transportation, parking and technology privileges, detention, in- or out-of-school suspension, expulsion, and report to law enforcement. For offenses involving academic integrity, the student may also be subject to a loss of credit for work, a grade reduction, and/or course failure. The Board authorizes the immediate removal of a student who poses a threat to self or others as determined by the principal, Superintendent, or the Board.

Any student who is suspended for any serious violation of the District's Student Discipline policy shall not be allowed while suspended to be within 1,000 feet of any school property or any activity of the District, regardless of where the activity takes place, unless:

1. Such student is under the direct supervision of the student's parent, legal guardian, or custodian and the Superintendent or the Superintendent's designee has authorized the student to be on school property;
2. Such student is under the direct supervision of another adult designated by the student's parent, legal guardian, or custodian, in advance, in

- writing, to the principal of the school which suspended the student and the Superintendent or the Superintendent's designee has authorized the student to be on school property;
3. Such student is enrolled in and attending an alternative school that is located within one thousand feet of a public school in the District where such student attended school; or
  4. Such student resides within one thousand feet of any public school in the District where such student attended school in which case such student may be on the property of his or her residence without direct adult supervision.

If a student engages in an act of violence, a school administrator will report the information to teachers and other District employees who are responsible for the student's education or otherwise interact with the student on a professional basis while acting within the scope of their assigned duties. Additionally, school administrators will report to the appropriate law enforcement agencies any crimes as required by law.

Corporal punishment is strictly prohibited as a method of discipline. Reasonable force may be used, when necessary, for the protection of a student, other students, and property. The District limits the use of seclusion or restraint to situations or conditions in which there is imminent danger of physical harm to self or others.

Students with disabilities will be disciplined in compliance with state and federal laws per the Individuals with Disabilities Act (IDEA), Section 504 of the Rehabilitation Plan, and any regulations and state and local compliance plans, which includes due process rights as afforded to all students. Additionally, a student's Individual Education Plan (IEP), including any portion that is related to past or potentially future violent behavior, will be provided to appropriate staff members with a need to know.

Information regarding a student's misconduct and discipline is confidential and only shared with those who have a need to know. Teachers and other authorized District personnel shall not be civilly liable when acting in conformity with District policies, including the discipline policy, or when reporting acts of school violence to a supervisor or other person as mandated by law.

The District discipline policy and procedures will be provided to every student at the beginning of each year, be published on the District website, and made available in the office of the Superintendent during normal business hours.

This code applies to all misbehavior committed by a student on District property, at any school-sponsored activity or event whether on- or off-campus, and District transportation. Additionally, the District may use its authority to address behavior that occurs off-campus if it interferes with the operation of the school or endangers the safety of students or staff.

### *Standards of Conduct and Consequences*

No document can identify every possible offense that could potentially result in disciplinary action. This code identifies most offenses constituting a failure to obey the standards of conduct set by the Board. However, when circumstances warrant, the principal, Superintendent, and/or Board may impose consequences for misconduct not specifically outlined in this document.

### Student Insurance S-140-S

The District recommends student accident insurance for the protection of a student and parents/guardians. It is the responsibility of the parents/guardians to arrange insurance coverage as the District does not assume financial responsibility for student injuries.

Students participating in interscholastic athletics are required to have insurance coverage. This may be in the form of either family coverage or the coverage offered through the District. Missouri State High School Activities Association (MSHSAA), requires that a student be covered through insurance before being allowed to practice or compete for a school team. The student will not be allowed to participate in interscholastic practices or competitions until proof of insurance is provided.

The District also provides information about MO HealthNet for Kids (MHK), Missouri's Medicaid program, to qualifying families who enroll students in the District. Parents who complete an application for free and reduced-priced meals (FRL), and who indicate on the application form a child does not have insurance, will be notified by the District that the MHK program is available. Forms for MHK may be accessed [here](#).

### *Student Parking*

In order to park in the Clinton High School parking lot, students must fill out an application online during the online enrollment process. If a student begins driving during the school year, the student will need to obtain a driving application in the CHS office. Students must be able to provide their driver's license, vehicle insurance and license plate number upon request.

Students must enter and exit the school parking lot from 2nd Street and must know and obey the following rules:

- 1.

### Student Records S-125-S

#### *Access to and Release of Student Information*

All parents/guardians may inspect and review their student's education records, seek amendments, consent to disclosures except to the extent the law authorizes disclosure without consent, and file complaints regarding the records as allowed by law. Requests to inspect or review education records may be directed to the building secretary. Requests to amend education records may be directed to the building secretary to obtain the proper form. If the District decides not to amend the record as requested by the

parent or eligible student, the District will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

The parents'/guardians' rights relating to the education records transfer to the student once the student becomes an eligible student; however, parents/guardians maintain some rights to inspect student records even after a student turns 18. The District allows access to records to either parent, regardless of divorce, custody or visitation rights, unless the District is provided with legal documents that the parent's rights to inspect records have been modified.

### *Directory Information*

Directory information is information about a student that generally is not considered harmful or an invasion of privacy if disclosed without the consent of a parent or eligible student. The District will designate the types of information included in directory information and may release this information without obtaining consent from a parent or eligible student unless a parent or eligible student notifies the District in writing. Parents and eligible students will be notified annually of the information the District has designated as directory information and the process for notifying the District if they do not want the information released. Even if parents or eligible students notify the District in writing that they do not want directory information disclosed, the District may still disclose the information if required or allowed by law. For example, the District may require students to disclose their names, District email addresses in classes in which they are enrolled, or students may be required to wear or display a student identification card that exhibits information designated as directory information. If you do not want the District to disclose any or all of the types of information designated below as directory information from your child's education records without your prior written consent (with exception of disclosures required by law), you must notify the District in writing by September 1<sup>st</sup> of each school year or within 10 days of receiving the Student Parent Handbook when enrolling after school starts.

The District designates the following items as directory information:

*General Directory Information:* The following personally identifiable information about a student may be disclosed by the District without first obtaining written consent from a parent or eligible student: Student's name; date and place of birth; parents' names; grade level; enrollment status (e.g., full-time or part-time); student identification number; user identification used by the student for the purposes of accessing or communicating in electronic systems as long as that information alone cannot be used to access protected educational records; participation in District-sponsored or District-recognized activities and sports; weight and height of members of athletic teams; athletic performance data; dates of attendance; degrees, honors and awards received; artwork or

course work displayed by the District; schools or school Districts previously attended; and photographs, videotapes, digital images and recorded sound unless such records would be considered harmful or an invasion of privacy.

*Limited Directory Information:* In addition to general directory information, a student's address, telephone number and email address; and the parents' addresses, telephone numbers and email addresses may be disclosed to: school officials with a legitimate educational interest; parent groups or booster clubs that are recognized by the Board and are created solely to work with the District, its staff, students and parents and to raise funds for District activities; parents of other students enrolled in the same school as the student whose information is released; students enrolled in the same school as the student whose information is released; governmental entities including, but not limited to, law enforcement, the juvenile office and the Children's Division (CD) of the Department of Social Services.

#### *School Officials with a Legitimate Educational Interest*

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests.

A school official includes a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a Board Member. A school official also may include a volunteer, contractor, or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks.

A school official typically has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

#### *Release of Records to Other Agencies or Institutions*

The District forwards education records to officials of another school, school system, or institution of postsecondary education where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer, subject to the requirements under the law.

#### *Military and Higher Education Access*

The District will disclose the names, addresses and telephone numbers of secondary school students to military recruiters or institutions of higher education as required by law. However, if a parent or a secondary school student who is at least 18 submits a

written request, the District will not release the information without first obtaining written consent from the parent of the student/eligible student.

### *Release*

Parents or guardians may designate additional adult(s) to have access to their student's records by requesting a Family Educational Rights and Privacy Act (FERPA) release form. This form is provided with the enrollment paperwork.

### *Notice*

Parents/Guardians and/or eligible students have the right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Students are allowed the privilege of parking on school premises. The District has the authority to monitor vehicles and the parking lots of its campuses. The interior and exterior of a student's vehicle may be searched if the administration has reasonable suspicion that the search will reveal evidence that the student has or is violating school rules and/or the law.

Law enforcement will be contacted if a search produces a controlled substance, drug paraphernalia, weapons, stolen goods, or evidence of a crime.

The District may use drug dogs on campus. Drug dogs will not come into direct contact with students.

### *Student Transfers S-120-S*

The District will enroll students in the school associated with the attendance area in which the student resides. The Superintendent or designee may consider exceptions to this policy under the following conditions:

1. Students who are homeless or in foster care may attend their school of origin if it is in the student's best interest. The District may assign District students with

disabilities (served under the provisions of an Individual Education Plan (IEP) or Section 504 Plan (504)) to a school outside the student's attendance area as determined by the IEP or 504 team. In special circumstances, and at the mutual discretion of the participating school Districts, Districts may contract for necessary services for students with disabilities.

2. The District will consider students placed into programs by the Missouri Department of Mental Health (DMH), the Department of Social Services (DSS), or by a court order a resident of the District in which the program is housed. All District policies can be located [here](#).

### Teaching About Computer Science I-123-S

If a student chooses to take a computer science course to fulfill a unit of academic credit in math, the parent/guardian who signs the Acknowledgement Form for this Student Parent Handbook acknowledges taking a computer science course to fulfill a unit of academic credit in math may have an adverse effect on college admission decisions for their student.

Students in 6th grade through 12th grade will be provided training regarding sexual abuse that is trauma-informed and developmentally appropriate. ### *User Agreements*

Parents and, when age-appropriate, students are required to review and sign User Agreements in order to access District technology. (See User Agreement form in this handbook.)

### *Safety and Cybersecurity*

The District monitors the online activities of students and operates a technology protection measure (“filtering/blocking device”) on the network and/or all computers with Internet access, as required by law. The filtering/blocking device will attempt to protect against access to visual depictions that are obscene or harmful to minors or are child pornography, as required by law. Filters/blocking devices are not foolproof, and the District cannot guarantee that users will never be able to access offensive materials using District equipment. Evading or disabling, or attempting to evade or disable, a filtering/blocking device installed by the District is prohibited.

### Title IX C-131-S

The District does not discriminate on the basis of sex in the education program or activity that it operates and is required by Title IX not to discriminate in such a manner. The requirement not to discriminate in the education program or activity extends to admissions and employment. Inquiries about the application of Title IX to the District may be referred to the Title IX Coordinator or Assistant Secretary for Civil Rights of the Department of Education, or both.

The District designates the following individual to serve as the District’s Title IX Coordinator:

Name or Title: Dr. Christian Meier, Assistant Superintendent  
Address: 701 S. 8<sup>th</sup> Street, Clinton, Missouri 64735  
Email Address: [cmeier@clintoncardinals.org](mailto:cmeier@clintoncardinals.org)  
Phone #: 660-885-2237

Any person may report sex discrimination, including sexual harassment (whether or not the person reporting is the person alleged to be the victim of conduct that could

constitute sex discrimination or sexual harassment), in person, by mail, by telephone, or by electronic mail, using the contact information listed for the Title IX Coordinator, or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report. Such a report may be made at any time (including during non-business hours) by using the telephone number or electronic mail address, or by mail to the office address listed for the Title IX Coordinator.

All employees, students, and visitors who have witnessed, heard about, or received a report about any incident or behavior that could constitute sexual harassment under this policy must immediately report such incident or behavior to the District's Title IX Coordinator for investigation. If the allegations are against the District's Title IX Coordinator, it must be immediately reported to the Superintendent, unless the Superintendent is also the Title IX Coordinator, then to the President of the Board of Education.

All complaints of violation of this policy will be promptly investigated by the District, and appropriate action will be taken.

#### *Tobacco-Free Policy C-150-S*

To promote the health of all individuals, the District prohibits all employees, students and patrons from smoking or using tobacco products, electronic cigarettes or imitation tobacco or cigarette products in all District facilities, on District transportation, on all District grounds at all times and at any District-sponsored event or activity while off campus.

#### Transportation Services F-260-S

School buses are operated for one purpose, transporting students to and from school. The driver is in charge of the students and the bus. Students must obey the driver promptly at all times. Concerns regarding bus transportation should be referred to First Student Bus Company. Please call First Student Bus Company Manager, Ashley Kuhns at (660) 885-2644. Concerns regarding bus behaviors should be directed to Ashley Kuhns at First Student.

#### *Trauma-Informed Schools Initiative*

The Missouri Department of Elementary and Secondary Education (DESE) has established the "Trauma-Informed Schools Initiative" and created a website with more information about this initiative. In accordance with Missouri law, the District is providing notice of the address for this website here.

#### *Use of Recording Devices or Drones C-165-S*

The District prohibits audio and visual recordings on District property, District transportation or at a District activity unless authorized by the Superintendent. Requests for such authorization must be made within a reasonable period of time prior to the recording. Unless otherwise specified by the Superintendent, exceptions in Policy C-165-P apply to this prohibition.

All unmanned aircraft systems (UAS), commonly known as “drones,” with the potential to capture or produce visual images of District property or District events must be operated in accordance with applicable Federal Aviation Administration regulations or safety guidelines and must receive authorization from the Superintendent to operate a UAS on or over District property or at a District event.

#### *Virtual/Online Courses I-160-S*

The District offers online classes for students for acceleration, credit recovery, and options for students who need flexible schedules. The courses are taught by Missouri teachers, are aligned with the Missouri State Learning Standards, and follow the same semester calendar as face-to-face classes. The requirements for the enrollment and approval process are outlined in District Policy. Students whose educational interests are best served through on-line options may take up to six credits per semester.

For more information regarding online courses, consult the secondary course catalog and/or speak with your school counselor. Additional information about resources and processes may be accessed on the District’s website [here](#) and District Policy.

#### Visitor Procedures C-155-S

For student purposes, all visitors MUST use the main entrance, report to the office, and sign in and out upon arrival and departure. No one will be allowed to enter the hallways or classrooms without permission from the office and without a visitor’s pass. If you need to pick up your child before the end of the school day, come to the office and your child will be called to the office.

Since classroom observations and visits can be disruptive, the District does not permit parents/guardians or other family members to visit classrooms during instructional time for the purpose of observing students unless the principal has approved the visit 3 days in advance.

The school policy is to accept only those visitors who have legitimate business to attend to at the school.

#### Weapons in School S-200-S

The District strictly prohibits unauthorized possession or use of weapons on District property, at District-sponsored activities, either on- or off-campus, and District transportation. Weapons will be confiscated and reported to law enforcement authorities.

Examples of prohibited weapons may include, but are not limited to, blackjack, concealable firearm, explosive weapon, firearm, firearm silencer, gas gun, knife, machine gun, knuckles, projectile weapon, rifle, shotgun, spring gun, switchblade or any knife, mace spray, or any other items customarily used, or which can be used, to inflict injury upon another person or property.

By law, a student who brings a weapon prohibited by law on school property will be expelled or suspended from school for not less than one calendar year and referred to

law enforcement. The expulsion or suspension may be modified on a case-by-case basis upon the recommendation of the Superintendent to the Board. Other provisions of the discipline code related to the offense may be applied in addition to the consequences required by law. Students with disabilities who violate this policy will be reviewed under the provisions of the Individuals with Disabilities Act (IDEA) and/or Section 504 of the Rehabilitation Act.
