Mission and Vision C-110-S

In partnership with its parents and communities, the mission of the Odessa R-VII School District is: to educate and empower all students in a safe, diverse, and innovative learning environment.

ODESSA HIGH SCHOOL VISION STATEMENT

In Pursuit of Excellence...

The Odessa R-VII High School is committed to quality education and is dedicated to guiding students to their highest potential. In our pursuit of excellence, the school has collectively developed a vision statement to help transform its ideals into reality. By creating this blueprint document, we set in motion the development of criteria for setting standards and a focus for improvement efforts, as well as benchmarks by which we will evaluate our progress along the way.

STUDENTS

The conduct, character, and achievement of students are the baseline of evaluating excellence in education. At Odessa High School, students:

Value education, set challenging goals, and make learning a top priority.

Work with, serve, and teach others in their school and community.

Think critically and creatively to solve problems.

Direct and accept responsibility for their learning.

LEADERSHIP

Building the bridge between the present and the future requires effective leaders. Odessa High School recruits, employs, and retains leaders who:

Demonstrate a daily commitment to the OHS vision and values by establishing priorities and focusing on school improvement.

Model the importance of lifelong learning with personal and collaborative professional development to improve student achievement.

Hold high expectations for students.

Work together to create conditions that empower students and promote and celebrate success.

Cultivate supportive relationships among students, staff, and community partners to ensure no student falls through the cracks.

PARTNERSHIPS

Effective partnerships and communication among the school, community, parents and business/educational agencies are crucial to school improvement. Odessa High School's partnerships:

Unite to strengthen schools.

Communicate needs and share resources.

Encourage parent involvement in student achievement and emphasize the importance of the home/school/community/service connection.

Reinforce the relevance of academic and co-curricular programs and help provide appropriate links between the school and the workplace.

CURRICULUM

An excellent curriculum provides students with the tools for creating the future. Building a balanced curriculum requires learning tasks that mirror real-world problems in the home and in the workplaces of today and tomorrow. The academic coursework and co-curricular activities at OHS:

Implement the state and district commitment to continuous data-driven/results-oriented improvement.

Capture the interests of each student and cultivate student diversity.

Require active, rigorous, and relevant work that integrates essential life skills and supports the ever-changing use of technology.

CLIMATE

To create a sense of community in a school that seeks an essential, vital way of life, the climate must foster certain fundamental human needs. School climate embraces a united school family where students feel valued and can excel in a safe, challenging, aesthetically pleasing environment. The climate at OHS is one that:

Governs itself on fundamental principles and clear guidelines for behavior.

Promotes belonging, tolerance, respect, and good citizenship.

Honors students and staff, bringing the school community closer together.

The role of the District's Board is to govern the community's public schools by making the major decisions for the District as a whole. The Board collectively makes these decisions and individual Board members do not have the power to speak or act for the Board. The Board as a whole, by working with the Superintendent to make decisions that will best serve the District's students, will govern the community's schools. Accordingly, complaints or concerns made to Board members will be referred to the appropriate District point of contact for resolution.

COMMUNICATION WITH SCHOOL

In order to meet the needs of our students, it is necessary that the lines of communication between home and school are open and frequent. At the school, we will try to meet this need through our reporting procedures and formal parent-teacher communication. It is of equal importance that parents keep teachers informed of any developments that might influence the student's performance at school. If you have any questions, please contact us by telephone (816) 633-5533, or visit our website www.odessar7.net

Attendance and Absence Procedures S-115-S

Expectations for Attendance

Attendance is essential for learning. By law, all children must attend school from the age of 7 until the age of 17. Parents/guardians are accountable for the attendance of their child. The District will inform parents/guardians of their student's absence and support families when attendance becomes a concern. It is the responsibility of the student to make up work due to an absence. Students who wish to participate in school-sponsored activities must attend school the entire day on which the activity occurs, unless the principal has pre-approved the absence based upon special circumstances. The administration makes the final determination regarding whether an absence is excused or unexcused. All calls and inquiries regarding a student's absence will be directed to the high school Attendance Office at (816) 633-8367.

Students' must maintain 90% attendance to be eligible to attend school-sponsored dances, including prom.

Pre-Arranged Absences

Students who know they will be absent from school for more than one full day (i.e. vacation, college visit, hospitalization), should obtain an Advanced Notice of Absence form from the Attendance Office, have signed by a parent/guardian, have teachers list student's assignments and return to the Attendance office. The office will make a copy for the student and the original will serve as the student's note concerning the absence.

Early Dismissal

Once a student has arrived on school grounds, he/she may not leave without checking out at the Attendance Office. If a student returns to school during the same day, or arrives at school after the first hour begins, they must first report to the Attendance Office to sign in. Students may not sign out to eat lunch.

Procedures for Reporting an Absence

We ask that all students who have been absent from school have a parent/guardian call or the student must bring a note signed by the parent/guardian with the student's first and last name, date(s) of absence, and reason for their absence to the Attendance Office upon their return to school. If an absence is due to a doctor/dentist appointment, a note from the doctor/dentist should be given to the Attendance Office.

Excused Absences

Parents or students must provide proper notification and documentation to the school showing the absence was unavoidable for an absence to be excused. It is the responsibility of the student to make up work with teacher support when a student's absence is excused.

When a student is released early from school to a parent or guardian, it constitutes an absence. In general, prior notification is required when a student is dismissed early and the student must be checked out through the Attendance Office.

The administration may request documentation to determine whether an absence is excused. Excused absences are allowed for:

- Illness of the student with a doctor's note
- Medical appointments that cannot be scheduled outside the school day
- Serious illness or death of a family member
- Religious observances
- School-sponsored activities (e.g., field trips, athletics, competitions, etc.)
- Court appearances or other legal situations beyond the control of the family
- Emergency situations as approved by the principal
- Visits from a parent or guardian on active military duty who is on leave from, will be immediately deployed, or immediately returned with notification and approval of the principal
- Suspensions
- An absence which has been requested and approved in advance by the principal due to exceptional circumstances. In these situations, make-up work should be requested in advance of the absence and any tests, projects, or in-class assignments will be made up at the direction of the teacher.

College Visits/Career Day/ASVAB Testing

Juniors and seniors will be allowed **excused** (up to 3) college visits following arrangements made with the Attendance Office. Students participating in a Career Day with parents (usually held in April), or a college visit must pick up and fill out a form

from the Attendance Office prior to attending the event. Failure to do this will result in an unverified absence.

Unexcused Absences

Absence for reasons other than the categories of excusable reasons, or that does not have the proper documentation for an excused absence as determined by the principal, will be considered unexcused. Excessive, unexcused absences will result in written notice from the principal to the parents/guardians. The principal may request a parent/guardian conference to discuss attendance concerns and a collaborative plan may be developed to remove barriers to attendance. When attendance remains problematic, the school may contact the appropriate agencies and/or authorities for assistance.

Late Arrival/Tardiness

A late arrival or tardy occurs when a student arrives after the expected class period has begun, as determined by the District. Tardies will accumulate on a quarterly basis and discipline will be assigned as follows. Tardies are collected in total across all classes per quarter, and discipline will be assigned accordingly. Tardy collection will reset on a quarter basis.

Tardies 6-7	Warning
Tardies 8-9	Detention
Tardy 10	One Day ISS
Tardies 11+	Additional days of ISS and/or additional consequences

A one-minute warning bell MAY sound as a courtesy, however students are expected to be in class by the time the bell sounds, regardless of whether a courtesy bell has sounded or not.

- Students who arrive after 7:35 a.m. must report to the attendance office for an admit slip.
- If a student is detained, in the office or by a teacher, the student must obtain a pass from the person who detained them. All tardies will be considered unexcused unless the student has written verification from a staff member.
- Students having tardies will be assigned discipline according to SIS.

Truancy

Truancy is when the student is absent from school without permission of the parents/guardians or school official. Truancy includes, but is not limited to, skipped classes, falsely informing the school about the reason(s) for the absence, or absences that have not been pre-arranged and pre-approved as excused. The District may assign disciplinary measures for truancy. Families are entitled to appeal assigned consequences to the Superintendent or designee.

Absent Work

Students have one (1) day for each day absent to make up work at 100% credit. This applies to work that is assigned on the day of absence, and not to work that was previously assigned. If a student is absent on the due date of an assignment/test, it shall be due/completed when the student returns to school.

Attendance and Credit

Three (3) Days Absence Reporting

When the student's absences from any one (1) class reach three (3) days per semester, the school will send a letter via email to the parents, regardless of prior notification by phone or conference.

Seven (7) Days Absence Reporting

When the student's absences reach seven (7) days from any one (1) class, the school will send a letter via email to the parents, regardless of prior notification by phone or conference.

Below 90% Attendance/Failure to Earn Credit/Other Steps

If a student falls below 90% attendance for the semester he/she may receive zero credit for the semester. 90% attendance will be calculated on an adjusted percentage taking into account verified and approved absences to include doctors notes, etc. Credit may be recovered by a student achieving greater than 90% attendance the following semester. Other steps that may be taken include referral to the juvenile office (when age appropriate), hotline of the family, local city warning and/charges for Parental Responsibility Concerning Minors, and/or referred to the Lafayette County Prosecuting Attorney.

In accordance with Board policy and state law, if credit is denied, the student will be afforded an appropriate due process hearing. Notification will be sent to the parents and he/she will be given an opportunity to appeal to the Board of Education. A request to appeal must be submitted in writing to the superintendent. The Board will decide whether the student has earned credit for the course but will not reduce or change the grade. **Any Absences or Days Taken for Vacation are Non-Waivable for Credit Restoration.**

It is the legal duty of the parent/guardian to see to it that the child attends school regularly. Missouri statutes make it a misdemeanor punishable by up to 15 days in jail and a fine of up to \$300 for knowingly failing to see that the child attends school. Attendance accounting is required by law, the State Department of Education, and by the local Board of Education. All regulations listed are for the purpose of meeting those policies and at the same time helping a student secure the finest education possible.

ATTENDANCE INCENTIVES

A student with perfect attendance during a school semester will be rewarded for their attendance the following semester.

Dress Code S-180-S

The purpose of a dress code is to contribute to a safe, healthy environment that protects students and maintains a focus on learning. The dress code included in this handbook provides guidance to students and parents as to what constitutes appropriate attire for school and school activities. District administrators have the discretion to determine whether a garment or manner of dress not specifically described below is appropriate attire for school and school activities and/or causes a disruption to the educational environment. Administrators have the authority to take action to address dress code matters as they arise. The following District guidelines should be observed:

This application may be accessed in your parent portal.

<https://odessamo.infinitecampus.org/campus/portal/parents/odessa.jsp>

Adult Visitors for Lunch

Adult visitors are not allowed to eat lunch with students except for special events permitted by Administration.

Allergy Prevention and Response S-145-S

The District is required to ensure students with allergies are safe at school through planned prevention and response to a student's allergic reaction. For purposes of District policy and related procedures, an allergic reaction occurs when the immune system overreacts to a typically harmless substance and may be mild to life-threatening. Allergy prevention and response protocols apply to all school locations, including non academic , school-sponsored activities and transportation provided by the District. The Board authorizes the Superintendent or designee to develop and implement procedures to protect the health and well-being of students with significant allergies.

Building-Wide and Classroom Approaches

Parents/guardians should provide, at the time of enrollment, information on any allergies the student may have. The school nurse may request written permission from the parents/guardians to communicate with a student's health care provider as needed. Staff members are trained annually on risk reduction strategies,

symptom recognition, and response procedures. The school nurse has an emergency kit available and accessible in all school buildings containing prefilled auto syringes of epinephrine and asthma-related medications as allowed by District rules. If you do not want these medications administered to your student in an emergency, please notify the school nurse in writing.

The District will provide age-appropriate education for students, consistent with state learning standards, including potential causes of allergic reactions, information on avoiding allergens, symptoms of allergic reactions, and simple steps a student can take to keep classmates safe.

All processed foods, including food sold in vending machines, are labeled with a complete list of ingredients on each individual package. Ingredient lists will be created for all food provided through the District's nutrition program, including before- and after-school programs, which are available upon request. This also applies to items sold as part of concessions, fundraisers, and classroom activities.

Individual Approaches

The District will evaluate and determine whether a student's allergies rise to the level of a disability that requires accommodation through the provisions of an Individual Education Plan (IEP) or Section 504 Plan (504). For those students who have allergies that do not rise to the level of disability, a designated team may develop an Individual Health Plan (IHP) and/or Emergency Action Plan (EAP). Staff who have a need to know about a student's allergies and plan will be informed and trained, and all staff members will follow any IEP, 504 Plan, IHP, and/or EAP.

A student's health information and individualized plan will be kept confidential and not shared with those who do not have a need to know unless authorized by the parent/guardian or as allowed by the Family Educational Rights and Privacy Act (FERPA). The District will communicate and collaborate at least annually with parents/guardians regarding the student's allergies, medications, restrictions/precautions, emergency contacts and any other relevant information to keep the student safe.

Health Services S-215-S

Health services are provided under the direction of a school nurse. The school nurse for your student's building may provide services in other buildings as well. Although the nurse may not be physically present at all times in a specific building, the nurse is always on call and there are trained employees in the building to provide first aid, dispense medication, and support the needs presented in the health office.

Illnesses/Injuries

The following criteria will be used to exclude students from class for health reasons:

1. A fever that is 100.4 F or higher
2. Vomiting or diarrhea confirmed by an adult
3. Live lice
4. Suspected conjunctivitis (pink eye)
5. Questionable skin conditions

The following guidelines need to be adhered to if your student is sent home sick from school.

1. When Health Services calls, students must be picked up within 1 hour by a parent or persons listed on the student information sheet. Please make arrangements to be here in a timely manner. This helps reduce the risk of spreading infections.
2. Students must be fever free without the aid of medication for **24 hours** before returning to school.
3. Students must be free of vomiting or diarrhea for **24 hours** before returning to school.
4. If a student sees a physician and is given antibiotic therapy, they must be on those antibiotics for **24 hours** before returning to school.
5. Students that have rashes or lesions of any kind must be seen by health services staff for determination if a student needs to see a physician. Infectious lesions will remain covered with bandages, or scabbed over without drainage while at school. Acne is considered a lesion and we don't require it to be covered

Health Screenings

Head Lice Policy

Students that have live lice will need to go home. Parents/Guardians will be notified to pick up the student. Students will need to be shampooed with head lice shampoo and combed with a nit comb. Hair must be free of all live lice to return to school. Students must be brought back into the health room by parent/guardian the next morning to be cleared to return to class. Students will not be allowed to ride the bus home or be picked up by the bus until cleared by Health Services.

If a student has nits only, the student will be allowed to stay in the classroom for the day and allowed to ride the bus home. Nits are not transferable from student to student, they are stuck on the hair shaft like glue. Student parents/guardians will be called and notified to shampoo and comb student's hair until free of nits. Parents/Guardians need to bring the student in the next day to be cleared by Health Services.

Health Office

If you have any questions, please contact District Nurse Allison Steelman, 816-633-5533 ext. 5197, asteelman@odessar7.net.

Administration of Medication S-135-S

All medication is kept in the health office and no medication will be dispensed without written parental permission, including over-the-counter medication. Many medications can be given at home before or after school. When this is not possible, medication should be brought directly to the health office and must be accompanied by the following information:

Prescription Medication - All students taking prescription medication during school hours must have a completed "Parent Authorization for Medication Administration" form signed by parent/guardian. Forms are available in the office and the health rooms. All medications must be delivered to the health room or school principal in the original current prescribed bottle and prescribed to that student. Parents/Guardians must bring in the medications. Students are not to bring prescribed medications into the schools.

Over the counter medications - The health room keeps some over-the-counter medications stocked. The complete list is found on the over the counter consent form. This consent form is in your student's enrollment packet and must be completed yearly. No child will be given any of these medications without signed consent. Students are not allowed to carry any type of over the counter medication.

The district may administer additional over the counter medication supplied by the parent/guardian. The medication must be in the original container and not expired. Parent/Guardian must complete the "Parent Authorization for Medication Administration" consent form located in the office or health room. These medications must be delivered to the health room or school principal in the manufacturer's original packaging and will only be administered in accordance with the manufacturer's label. Parents/Guardians must bring in the over the counter medications.

When a student has a health condition which needs accommodation or may necessitate emergency care, it is important that the school nurse be informed. Examples of a health condition that would need to be shared with the school nurse include severe allergies, asthma, diabetes, hearing loss, seizure disorder, etc. This would include situations when a physician recommends a student assume responsibility for self-medication. An authorized prescriber may recommend that an individual student with a chronic health condition be allowed to be in possession of his or her medication on district property for the purposes of self-administration. The district will allow possession of medications for the treatment of a chronic health condition including, but not limited to diabetes, asthma, or anaphylaxis. Parents/guardians must complete and submit all required authorization forms. The nurse may request a release of information from the student's health care provider and the information may be shared with necessary District staff members on a need-to-know basis. Please contact Allison Steelman, 816-633-5533 ext. 5197, asteelman@odessar7.net.

Emergency Medications

All student occupied buildings in this district are equipped with prefilled epinephrine auto syringes, asthma-related rescue medications and naloxone nasal spray. The school nurse or another employee trained and supervised by the school nurse may administer these medications when they believe, based on training, that a student is having a life-threatening emergency that would warrant one of these medications. If administration of one of these medications is required, calls will be made to both 911 and parents. If an injury or illness requires immediate attention and the school is unable to locate the parent/guardian, emergency care will be provided by school/emergency medical personnel and the student may be taken to a hospital emergency room. The school district is not responsible for the subsequent treatment or medical expenses incurred after administration of first aid. A prescription or written permission, from a parent/guardian is not necessary to administer this medication in an emergency situation. Epinephrine, asthma-related rescue medications and naloxone will only be administered in accordance with written protocols provided by an authorized prescriber. If you DO NOT want your child to receive these medications in a life-threatening emergency please contact your student's health room or the district nurse.

Communicable Diseases F-245-S

Parents/guardians must notify the District if their student has a communicable disease. Parents/guardians will be required to provide written approval from the student's treating physician in order for their student to attend school. The District reserves the right to prevent student attendance until clarification or implementation of precautionary measures are in place. Parents/guardians are required to notify the District if they are enrolling or have a student attending school who is HIV positive.

Medical information of students is highly confidential, and the District will take necessary steps to protect the medical information of students and ensure that such information is released only to those with a need-to-know and/or individuals and entities who are required by law to be notified of certain health and medical information.

Students with a communicable disease who exhibit behaviors that increase the chances of their condition being spread to other individuals, may be subject to discipline and/or remedial action in accordance with the discipline code, and state and federal law.

Immunizations and Vaccinations

It is unlawful for any student to attend school unless the student has been immunized according to Missouri School Immunization Law or unless a signed statement of medical or religious exemption is on file at the school, which is described in all enrollment information. Parents/guardians should bring immunization records at the time of enrollment and obtain additional immunizations as required by state law.

Asbestos F-215-S

The U.S. EPA Asbestos Hazard Emergency Response Act (AHERA) under the Federal Code of Regulations 40 CFR 763.93g(4) requires that building occupants be notified

annually of the presence of asbestos in the building and the availability of the Asbestos Management Plan.

We have had our facilities inspected by Axiom Service Professionals, Inc. who are certified asbestos inspectors as required by the AHERA law. The inspectors located, sampled and rated the condition and potential hazard of all building materials in our facilities suspected of containing asbestos. The inspection and laboratory analysis records were then incorporated into a management plan by the consultant. The management plan contains among other things; this notification letter, the location of all asbestos containing building materials within each school building, education and training requirements for employees, a set of plans and procedures designed to minimize the disturbance of asbestos containing materials and plans for regular surveillance of the asbestos containing materials. A copy of the Management Plan and inspection reports are available for review at the Administration Offices during regular office hours located at 701 South Third Street, Odessa, Missouri 64076 as well as each school office. Questions regarding asbestos or the management plan may be directed to Dr. Roger Feagan, Assistant Superintendent at 816-633-5316.

Foreign Exchange Students

This past year the District had multiple requests for enrollment of Foreign Exchange students, even after the school year had started. In an effort to be equitable to all Foreign Exchange students and organizations, the administration will be implementing the following procedure and application for all Foreign Exchange students to be considered for enrollment at Odessa High School.

Foreign exchange students living within the boundaries of the District who have obtained a J-1 visa and are sponsored by an organization listed on the Council on Standards for International Educational Travel (CSIET) Advisory List will be allowed to enroll in the District without paying tuition. Compliance with district policies and procedures is required before the District will enroll a foreign exchange student.

A foreign exchange student is defined as a foreign national having a residence in a foreign country who has been granted a J-1 visa for temporary admission to the United States for the purpose of participating in an educational exchange program.

District Requirements for Foreign Exchange Student Consideration and Filing an Application

- The District will accept foreign exchange students from sponsoring agencies approved and published by CSIET. The District will only enroll foreign exchange students with a J-1 visa.
- Foreign exchange students must be proficient in both written and oral English. The District may deny enrollment to a foreign exchange student if it appears that the student will have significant communication problems. It is the responsibility of the sponsoring agency to verify the English proficiency of foreign exchange students in their program, and proof of English proficiency must be submitted to the district.

- Foreign exchange students must be between the ages of 15 and 18 at the time of enrollment.
- Foreign exchange students must live with a host family residing within the boundaries of the District.
- The District may accept up to five foreign exchange students per year. The high school principal, in consultation with the Superintendent or designee, has the discretion to accept less than five foreign exchange students each year.
 - Foreign exchange students must file their registration at the high school principal's office. Applications will be accepted between December 1st and June 10th for the upcoming school year. Applications will be reviewed in the order they are received.
 - No more than one student will be approved per agency prior to March 1st. No more than two students will be accepted per agency per school year. In order to promote a diverse foreign exchange student population, no more than two students will be accepted per home country.
 - In the event that student requests exceed available slots, students will be placed on a waitlist in the order received. Students must have applied by the June 10th deadline in order to be placed on the waitlist.
- The exchange student or the sponsoring agency must supply the District with the following registration information:
 - A completed enrollment form.
 - A complete academic history of the student, including a completed academic transcript, translated into English if necessary; the number of years of school completed prior to enrollment; the number of years required in the student's home country for the completion of secondary school; and proof of English proficiency.
 - A signed medical release and proof of health insurance.
 - The host family's name, address and telephone number.
 - The placement representative's name, address and telephone number.
 - The confirmation of the visa status of the student.
 - Foreign exchange student applicants may be asked to participate in a video interview as part of the application review process.
- Foreign exchange students must also provide proof of immunization and meet other enrollment requirements as set forth in state law and Board policy.
- The Superintendent or designee will make the decision to admit or deny enrollment to any foreign exchange student. Enrollment may still be denied even if all of the above information has been provided to the District.
- The District will not approve a slot for a host family pending their selection of a student. Only fully completed applications that include required student information will be considered.

General Rules

- All foreign exchange students will take a full academic course load.

- The District will assign foreign exchange students to grades and classes based upon the student's transcript information. The District may reassign students if it later determines reassignment to be in the student's best interest.
- Unless otherwise required by law, the sponsoring agency, not the District, will provide additional services that the exchange student may require (e.g., tutors, special reading programs, etc.).
- All foreign exchange students shall be subject to all rules, regulations and policies of the District. In addition to normal disciplinary sanctions, violations of these rules may result in removal or expulsion of the foreign exchange student from the high school, as well as referral to the sponsoring agency.
- The District may grant the foreign exchange student a diploma if it determines that the student has met all the necessary requirements set forth by the Board of Education or if the student would have met all necessary requirements for graduation set forth in his or her home country. However, the foreign exchange student is not guaranteed the right to graduate from the District or to receive a diploma. If the foreign exchange student has met graduation requirements and received a diploma in his or her home country prior to attending classes in the District, the student may be allowed to participate in the graduation ceremony, but a diploma will not be issued.

District Requirements of Sponsoring Agencies and Parents of Foreign Exchange Students

- The sponsoring agency is responsible for obtaining all necessary records and information regarding the foreign exchange student and for submitting those records to the high school principal in accordance with District deadlines.
- The sponsoring agency is responsible for the placement of students with appropriate families and for dealing with any of the personal problems affecting the exchange students in relationship to their families and their residential assignments.
- The sponsoring agency is responsible for reporting to the high school principal any change in the placement of the foreign exchange students.
- The sponsoring agency and the parents of the foreign exchange student are jointly responsible for obtaining and maintaining all required legal documentation.
- The sponsoring agency and the parents of the foreign exchange student are jointly responsible for determining what, if any, credit is granted by any other school for academic work in the District.
- The sponsoring agency will be available to school personnel for consultation and advice on any matters and problems relative to their program and to those students who are enrolled in the District.

Student Insurance S-140-S

The District recommends student accident insurance for the protection of a student and parents/guardians. It is the responsibility of the parents/guardians to arrange insurance coverage as the District does not assume financial responsibility for student injuries.

Students participating in interscholastic athletics are required to have insurance coverage. This may be in the form of either family coverage or the coverage offered through the District. Missouri State High School Activities Association (MSHSAA), requires that a student be covered through insurance before being allowed to practice or compete for a school team. The student will not be allowed to participate in interscholastic practices or competitions until proof of insurance is provided.

The District also provides information about MO HealthNet for Kids (MHK), Missouri's Medicaid program, to qualifying families who enroll students in the District. Parents who complete an application for free and reduced-priced meals (FRL), and who indicate on the application form a child does not have insurance, will be notified by the District that the MHK program is available. Forms for MHK may be accessed at:

Student Records S-125-S

Access to and Release of Student Information

All parents/guardians may inspect and review their student's education records, seek amendments, consent to disclosures except to the extent the law authorizes disclosure without consent, and file complaints regarding the records as allowed by law. Requests to inspect or review education records may be directed to the District's building principal. Requests to amend education records may be directed to the District's building principal to obtain the proper form. If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

The parents'/guardians' rights relating to the education records transfer to the student once the student becomes an eligible student; however, parents/guardians maintain some rights to inspect student records even after a student turns 18. The District allows access to records to either parent, regardless of divorce, custody or visitation rights, unless the District is provided with legal documents that the parent's rights to inspect records have been modified.

Directory Information

Directory information is information about a student that generally is not considered harmful or an invasion of privacy if disclosed without the consent of a parent or eligible student. The District will designate the types of information included in directory information and may release this information without obtaining consent from a parent or eligible student unless a parent or eligible student notifies the District in writing.

Parents and eligible students will be notified annually of the information the District has designated as directory information and the process for notifying the District if they do not want the information released. Even if parents or eligible students notify the District in writing that they do not want directory information disclosed, the District may still disclose the information if required or allowed by law. For example, the District may require students to disclose their names, District email addresses in classes in which they are enrolled, or students may be required to wear or display a student identification card that exhibits information designated as directory information. If you do not want the District to disclose any or all of the types of information designated below as directory information from your child's education records without your prior written consent (with exception of disclosures required by law), you must notify the District in writing by September 1st of each school year.

The District designates the following items as directory information:

General Directory Information: The following personally identifiable information about a student may be disclosed by the District without first obtaining written consent from a parent or eligible student: Student's name; date and place of birth; parents' names; grade level; enrollment status (e.g., full-time or part-time); participation in District-sponsored or District-recognized activities and sports; weight and height of members of athletic teams; athletic performance data; dates of attendance; degrees, honors and awards received; artwork or course work displayed by the District; schools or school Districts previously attended; and photographs, videotapes, digital images and recorded sound unless such records would be considered harmful or an invasion of privacy.

Limited Directory Information: In addition to general directory information, a student's address, telephone number and email address; and the parents' addresses, telephone numbers and email addresses may be disclosed to: school officials with a legitimate educational interest; parent groups or booster clubs that are recognized by the Board and are created solely to work with the District, its staff, students and parents and to raise funds for District activities; parents of other students enrolled in the same school as the student whose information is released; students enrolled in the same school as the student whose information is released; governmental entities including, but not limited to, law enforcement, the juvenile office and the Children's Division (CD) of the Department of Social Services.

School Officials with a Legitimate Educational Interest

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests.

A school official includes a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and

law enforcement unit personnel) or a Board Member. A school official also may include a volunteer, contractor, or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks.

A school official typically has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Release of Records to Other Agencies or Institutions

The District forwards education records to officials of another school, school system, or institution of postsecondary education where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer, subject to the requirements under the law.

Military and Higher Education Access

The District will disclose the names, addresses and telephone numbers of secondary school students to military recruiters or institutions of higher education as required by law. However, if a parent or a secondary school student who is at least 18 submits a written request, the District will not release the information without first obtaining written consent from the parent of the student/eligible student.

Release

Parents or guardians may designate additional adult(s) to have access to their student's records by requesting a Family Educational Rights and Privacy Act (FERPA) release form from the front office.

Notice

Parents/Guardians and/or eligible students have the right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

Visitor Procedures C-155-S

For student purposes, all visitors MUST use the main entrance, report to the office, and sign in and out upon arrival and departure. No one will be allowed to enter the hallways or classrooms without permission from the office and without a visitor's pass. If you need to pick up your child before the end of the school day, come to the office and your child will be called to the office.

Since classroom observations and visits can be disruptive, the District does not permit parents/guardians or other family members to visit classrooms during instructional time for the purpose of observing students.

Students from other schools are not allowed to visit without prior approval from the office. These will be limited to special programs/activities.

Visitor Management System Screening

Odessa R-VII School District is pleased to announce that we will use the Visitor Management System in all of our schools to strengthen our program of district safety for students and faculty. Part of keeping students and faculty safe is knowing who is in our buildings at all times, and the Visitor Management System will allow us to do that. The Visitor Management System will better allow us to screen visitors, contractors, and volunteers in our schools and provide us with a safer environment for our students and staff.

Upon entering a District building, visitors will be asked to present an ID such as a Driver's License, which can either be scanned or manually entered into the system. If a parent or guardian for any reason does not have a US government-issued ID, the school staff member can use any form of identification and manually enter the person's name into the Visitor Management System. The Visitor Management System will check to ensure that registered sexual offenders are not entering our school campuses without our knowledge. The Visitor Management System checks the visitor's name and date of birth for comparison with a national database of registered sex offenders. The registered sex offender database is the only official database checked by the Visitor Management System. No other data from the ID is gathered or recorded and the information is not shared with any outside agency.

Once entry is approved, Visitor Management System will issue a badge that identifies the visitor, the date, and the purpose of his/her visit. A visitor's badge will not be necessary for those who visit our schools simply to drop off an item in the office or when picking up a student.

The safety of our students is our highest priority and the Visitor Management System allows us to quickly identify those that may present a danger to our students.

Transportation Services F-260-S

Ecco Ride

Bus service is provided by the school district for the students who live one mile or more from school. Students riding on Odessa buses can expect to arrive at school at 7:15 am giving them sufficient time to go to their lockers and report to class on time. If a bus arrives late, students are given excused passes to 1st hour. Students will be assigned a bus to ride to and from school. Any exceptions to this transportation regulation must be cleared through the transportation office.

It is expected that senior high students riding school buses will be aware of proper conduct to ensure safety for all persons. Students who do not observe the rules and /or who do not obey the driver are subject to disciplinary action. Cameras have been placed on all school buses to help ensure the security and safety of all bus riders.

A. Prior to Loading

1. Pupils must be on time! The bus cannot wait beyond its regular schedule for those who are tardy.
2. Bus riders should conduct themselves in a safe manner while waiting for the bus.
3. Bus riders should wait until the bus comes to a complete stop before attempting to board the bus. Riders should never stand in the roadway.
4. Pupils waiting for the bus on the opposite side of the road should not cross the road to board the bus until the bus comes to a complete stop and the bus driver motions to the students to cross the road.

B. After Leaving the Bus

1. After getting off the bus, students should cross the road, when necessary, at least 10 feet in front of the bus. Students should look to be sure that no traffic is approaching from either direction. Students should also wait for a signal from the bus driver before crossing. Students should never cross behind the bus.
2. Students should not run beside the bus or hang on to it in any way. CLEAR the bus path as soon as possible.

C. While on the Bus

1. The bus driver is in charge of pupils and the bus. Pupils must obey the driver promptly.
2. Unnecessary conversation with the driver is prohibited.
3. Classroom conduct is to be observed by the students while riding the bus.
4. Pupils should remain seated until the bus has fully stopped at its destination.

5. Pupils must not at any time extend arms or head out of the bus.
6. The use of tobacco, food or drink on the bus is prohibited. Animals and oversize objects, as well as **glass containers and balloons** are not permitted.

9. Students will be assigned seats by the driver.

Bus assignments are made by the bus company. Only emergency situations will be accommodated in switching a bus. Dismissal procedures for students need to stay consistent. If you require a bus switch because of an emergency call 633-5533 and speak to the assistant principal. Only the building administrator can grant an emergency privilege.

Bus transportation is provided by the District to qualifying students. Students who do not obey the rules and/or do not obey the bus driver are subject to disciplinary action. Classroom behavior is expected on the school bus. Any offense committed by a student on transportation provided by the District may be subject to discipline in the same manner as if the offense had been committed at the student's assigned school.

The following infractions would result in immediate suspension from the school bus:

1. Fighting or assault.
2. Use, possession, distribution or sale of tobacco and/or tobacco products or of an item represented to be tobacco or a tobacco product.
3. Possession, sale, distribution, use or under the influence of alcohol or a controlled substance or an item represented to be a controlled substance.
4. Possession of a weapon or fireworks.
5. Any other student behavior deemed to necessitate suspension from the bus.

Disciplinary action will be decided by the school administration on a case by case basis. Investigation into any misconduct and the resulting consequences will be handled by the school administration. All infractions will accumulate for the entire year. Consequences may include: Conferences with the student, phone call to the parents, restitution to wronged parties, detentions, bus suspensions, ISS, OSS, expulsion and referral to the proper legal authorities in addition to those consequences listed above for serious and/or consistent misbehavior. Frequent and consistent misbehavior on school buses may lead to more serious consequences. Students with disabilities will be disciplined in accordance with their Individualized Education Program (IEP) or applicable law.

Bus suspensions will not start until an administrator has contacted a parent by either telephone or written notice. However, a student whose conduct may endanger the safety of himself/herself or others on the school bus will not be allowed back on a school bus until a conference with parents has been held, with the following exception, if contact with a parent cannot be made, safety will take precedence.

After a student has accumulated more than 10 days of bus suspensions during a school year, the student will be recommended for a bus suspension for the balance of the semester/school year. Parents may appeal this decision to the Assistant Superintendent of Schools.

Please be aware that a person commits the crime of trespassing a school bus if he knowingly and unlawfully enters any part of or unlawfully operates any school bus. (569.155, RSMo)

Depending on the infraction, administrators may impose consequences more severe than those listed above. Frequent and consistent misbehavior on school buses may lead to more serious consequences. Consequences may also include detentions, in-school suspension, out-of-school suspension or expulsion from school. Referral to the proper legal authorities may also be required in addition to those consequences listed above for serious and/or consistent misbehavior.

Bus suspensions will not start until an administrator has contacted a parent either by telephone or written notice with the following exception; an attempt will be made to contact parents in a timely manner. However, a student whose conduct may endanger the safety of himself/herself or others on the school bus will not be allowed back on a school bus until a conference with parents has been held. If contact with a parent cannot be made, safety will take precedence.

OTHER TRANSPORTATION POLICIES

1. The District will abide by all State rules and regulations regarding bus transportation.
2. No student will be able to ride a different bus than the one he or she has been assigned. The only exception will be in an emergency, and it must be approved through the school office.

3. Students who ride a bus that goes by a babysitter's house may make arrangements to be dropped off at the babysitter, but it MUST be daily and MUST be approved by the school office.
4. Ecco Ride has a policy, which indicates they will not go farther on the road than the last child's house that is to be picked up. If driveways are not suitable to turn the bus around, the child must catch the bus at the location where the bus can turn around. Buses will be required to come to a complete stop at their pick-up points, and do their utmost to be within 5 minutes of their pick-up time. Students will be picked up at a designated bus stop and dropped off at the same. There will not be undesignated stops.
5. If your child has not boarded the bus three days in a row, you will need to contact Ecco Ride to resume transportation services.
6. Please provide Ecco Ride with current telephone numbers to enable us to reach you or a child care provider.
7. Kindergarten and young students only: If your child is not to get off the bus unless someone is available to receive him/her, Ecco Ride must have this information on file. If no one is at home to meet your child, telephone calls will be made to try and reach someone, or your child will be brought back to the school.
8. Early Childhood: District requires that someone bring Early Childhood students to the bus stop and meet students returning from school at the bus stop.
9. Please go over bus rules with your child. We want to make sure each child has a safe ride, and we need your support to help us do this.
10. School bus routes will be communicated to families prior to the start of the school year and are subject to change.

Student Discipline S-170-S

Student Code of Conduct

The District believes students deserve the right to participate and learn in a safe environment which allows teachers to focus on instruction that accelerates achievement. To ensure that school is a quality atmosphere for all students at all times, the code of conduct and discipline policies outline consequences for misconduct that occurs at school, during a school activity whether on- or off-campus, on District transportation, or misconduct that involves the use of District technology. All District personnel are responsible to supervise and hold students accountable for violations of discipline rules.

Failure to obey standards of conduct may result in, yet is not limited to, verbal warning, community service, confiscation of property, principal/student conference, parent contact, loss of credit, grade reduction, course failure, removal from extracurricular activities, revocation of privileges including transportation, parking and technology privileges, detention, in- or out-of-school suspension, expulsion, and report to law enforcement. For offenses involving academic integrity, the student may also be subject to a loss of credit for work, a grade reduction, and/or course failure. The Board authorizes the immediate removal of a student who poses a threat to self or others as determined by the principal, Superintendent, or the Board.

Any student who is suspended for any serious violation of the District's Student Discipline policy shall not be allowed while suspended to be within 1,000 feet of any school property or any activity of the District, regardless of where the activity takes place, unless:

1. Such student is under the direct supervision of the student's parent, legal guardian, or custodian and the Superintendent or the Superintendent's designee has authorized the student to be on school property;
2. Such student is under the direct supervision of another adult designated by the student's parent, legal guardian, or custodian, in advance, in writing, to the principal of the school which suspended the student and the Superintendent or the Superintendent's designee has authorized the student to be on school property;
3. Such student is enrolled in and attending an alternative school that is located within one thousand feet of a public school in the District where such student attended school; or
4. Such student resides within one thousand feet of any public school in the District where such student attended school in which case such student may be on the property of his or her residence without direct adult supervision.

If a student engages in an act of violence, a school administrator will report the information to teachers and other District employees who are responsible for the student's education or otherwise interact with the student on a professional basis while acting within the scope of their assigned duties. Additionally, school administrators will report to the appropriate law enforcement agencies any crimes as required by law.

Corporal punishment is strictly prohibited as a method of discipline. Reasonable force may be used, when necessary, for the protection of a student or others and property. The District limits the use of seclusion or restraint to situations or conditions in which there is imminent danger of physical harm to self or others.

Students with disabilities will be disciplined in compliance with state and federal laws per the Individuals with Disabilities Act (IDEA), Section 504 of the Rehabilitation Plan, and any regulations and state and local compliance plans, which includes due process rights as afforded to all students. Additionally, a student's Individual Education Plan (IEP), including any portion that is related to past or potentially future violent behavior, will be provided to appropriate staff members with a need to know.

Information regarding a student's misconduct and discipline is confidential and only shared with those who have a need to know. Teachers and other authorized District personnel shall not be civilly liable when acting in conformity with District policies, including the discipline policy, or when reporting acts of school violence to a supervisor or other person as mandated by law.

The District discipline policy and procedures will be provided to every student at the beginning of each year, be published on the District website, and made available in the office of the Superintendent during normal business hours.

This code applies to all misbehavior committed by a student on District property, at any school-sponsored activity or event whether on- or off-campus, and District transportation. Additionally, the District may use its authority to address behavior that occurs off-campus if it interferes with the operation of the school or endangers the safety of students or staff.

Standards of Conduct and Consequences

No document can identify every possible offense that could potentially result in disciplinary action. This code identifies most offenses constituting a failure to obey the standards of conduct set by the Board. However, when circumstances warrant, the principal, Superintendent, and/or Board may impose consequences for misconduct not specifically outlined in this document.

Any individual making a verbal report of bullying will be asked to submit a written complaint to the anti-bullying coordinator. If the person refuses or is unable to submit a

written complaint, the anti-bullying coordinator will summarize the verbal complaint in writing.

When an anti-bullying coordinator is informed about a possible bullying or cyberbullying incident, verbal, written, or otherwise, the District will conduct a prompt, impartial, and thorough investigation to determine whether misconduct, including unlawful conduct, occurred. The District will implement interim measures as necessary. When it is determined that bullying or cyberbullying occurred, the District will take appropriate action for violations of District expectations and rules.

Investigation

Within two (2) school days of receipt of a report of bullying or cyberbullying, the anti-bullying coordinator or designee will initiate an investigation of the incident. The school principal may appoint other school staff to assist with the investigation. The investigation will be completed within ten (10) school days from the date of the written report unless good cause exists to extend the investigation. A copy of the written report of the investigation and results will be sent to the District anti-bullying coordinator and included in the files of the victim and the alleged or actual perpetrator of bullying or cyberbullying. All reports are confidential in accordance with law and District rules.

Retaliation

The District prohibits reprisal or retaliation against any person who reports an act of bullying or cyberbullying, testifies, or participates in any manner with an investigation proceeding, or hearing. The District will take appropriate remedial action for any student, teacher, administrator, or other school personnel who retaliates.

Consequences of Bullying, Cyberbullying, or Retaliation

When the District receives a report of bullying, cyberbullying, or retaliation, interim measures to protect the victim(s) will be taken. If an investigation determines that bullying, cyberbullying, or retaliation occurred, the District will act to end the bullying, cyberbullying or retaliation.

Students who are determined to have participated in bullying, cyberbullying, or retaliation will be disciplined in accordance with the District discipline policy. Consequences may include, but are not limited to, loss of privileges, detention, in- or out-of-school suspension, expulsion, and referral to law enforcement. Any determination of consequences will consider factors such as the age of the student(s), developmental level of the student(s), degree of harm, severity of behavior, disciplinary history, and other educationally relevant factors.

District employees and substitutes who violate this policy will be disciplined, up to and including termination. Volunteers, visitors, patrons, or others who violate this policy may be prohibited from District property or activities, or other remedial action.

Public Notice

The District will:

1. Provide information and appropriate training to District staff who have significant contact with students regarding the policy.
2. Provide education and information to students regarding bullying, including information regarding the District policy prohibiting bullying, the harmful effects of bullying, and applicable initiatives to address bullying, including student peer-to-peer initiatives to provide accountability and policy enforcement for those found to have engaged in bullying, cyberbullying, and/or retaliation against any person who reports an act of bullying.
3. Instruct school counselors, school and licensed social workers, mental health professionals, and school psychologists to educate students who are victims of bullying on techniques for overcoming bullying's negative effects. Techniques will include, but are not limited to, cultivating the student's self-worth and self-esteem; teaching the student to defend himself/herself assertively and effectively; helping the student develop social skills; and/or encouraging the student to develop an internal locus of control.
4. Implement programs and other initiatives to address and respond to bullying in a manner that does not stigmatize the victim and makes resources or referrals available to victims of bullying.

Complaints alleging unlawful discrimination, harassment, or retaliation in violation of District policy will be referred for investigation to the District Compliance Officer.

Report Form

This form can be found at the end of this handbook.

Complaints or Concerns C-120-S

Effective communication helps avoid and resolve many complaints, concerns, misunderstandings and disagreements. Individuals who have a complaint or concern should discuss their concerns with the school personnel involved in the issue at hand in an effort to resolve problems. This step will usually involve communicating directly with the person or persons with whom the complainant has a concern. This step may be skipped when the complainant in good faith believes that speaking directly to the person would subject the complainant to discrimination, harassment or retaliation.

This step may also be skipped if the complainant in good faith believes that any law or a District policy or written rule has been violated. The District has adopted specific procedures for investigation and resolution for complaints or concerns as required by specific and varying laws that are applicable to the District. The District's Compliance Officer should be contacted with any complaints or concerns that any law or District

written rule has been violated, including but not limited to, laws relating to: civil rights, including discrimination, harassment, and retaliation; special education matters including the IEP and 504 processes and services; federal programs and related services; bullying; and The Family Educational Rights and Privacy Act, including student records and confidentiality.

When communicating directly with the school personnel involved in the issue does not resolve matters satisfactorily, or if it is appropriate to skip the first step as described above, a complainant should consult with the District's Compliance Officer who will direct the complainant to the appropriate process for resolution of the complaint. The District designates the following individual to act as the District's Compliance Officer:

Name: Assistant Superintendent
 Phone #: 816-633-5316
 Email Address: rfeagan@odessar7.net

In the event the District's Compliance Officer is unavailable or is the subject of a report that would otherwise be made to the Compliance Officer, reports should instead be directed to the alternative Compliance Officer:

Name: Superintendent
 Phone #: 816-633-5316
 Email Address: joetinger@odessar7.net

All complaints of violation of any law or a District policy or written rule will be promptly investigated by the District, and appropriate action will be taken. Complainants are strongly encouraged to provide their concerns in writing.

Student property may be searched based upon reasonable suspicion of a violation of school rules or law and an examination of facts, credible information, or reasonable inferences based upon the facts and circumstances. Searches will be conducted in the presence of an adult witness.

Students are allowed the privilege of parking on school premises. The District has the authority to monitor vehicles and the parking lots of its campuses. The interior of a student's vehicle may be searched if the administration has reasonable suspicion that the search will reveal evidence that the student has or is violating school rules and/or the law.

Law enforcement will be contacted if a search produces a controlled substance, drug paraphernalia, weapons, stolen goods, or evidence of a crime.

The District may use drug dogs. Drug dogs will not come into direct contact with students.

Security Cameras

For the protection and safety of students, faculty and staff, Odessa High School uses security cameras in non-academic areas in and around the building. The viewing of any video from District or Bus security cameras, that includes the photographic image of a student, will be in accordance with the Family Educational Rights and Privacy Act (FERPA) and will not be considered “Directional Information.”

Student Alcohol/Drug Abuse S-195-S

The District takes measures to foster a safe and drug-free learning environment that supports student engagement and development. Therefore, educational programs are provided to help students cultivate healthy lifestyles and age-appropriate drug awareness. All use, sale, transfer, distribution, possession, or being under the influence of unauthorized prescription drugs, alcohol, narcotic substances, unauthorized inhalants, controlled substances, illegal drugs, or counterfeit substances on any District property, vehicles, or at District-sponsored events is strictly prohibited. Suspected or known violations of the District policy should be immediately reported to school authorities. Any incidents that violate this policy are subject to disciplinary action and notification to law enforcement. Any confiscated substances will be turned over to law enforcement.

In cases where it is necessary for a student to take prescription or over-the-counter medications during the school day, the medication must be documented by the nurse’s office in accordance with written label directions and parental permission in compliance with District rules. (See the Handbook’s section on Administration of Medication for more information.)

Any drug/alcohol offense may result in one or more of the following:

Administrator/Student conference, detention, in-school suspension, 1-180 days out-of-school suspension or expulsion, restitution if appropriate, loss of privileges including, but not limited to: confiscation of the contraband item, loss of parking privileges, loss of technology privileges, and referral to law enforcement. (See the Handbook’s section on Student Discipline for more information.)

The possession or use of medical marijuana at school is prohibited. Students under the influence of medical marijuana may result in discipline. If you have questions or want to discuss the use of medical marijuana, please contact Central Office.

Student Alcohol and Drug Testing S-196-S

The use of illegal drugs by students is a major problem facing the nation, and the District. The administration has noted and documented, both formally and informally, an increase in the use of drugs by students, including those students participating in extracurricular and co-curricular activities.

Random Drug Testing

Students who represent the District in extracurricular and co-curricular activities and/or performances are leaders in the school environment. Participation in these extracurricular and co-curricular activities/performances as well as parking on District property is a privilege, not a right, and it is essential that these student leaders uphold the highest possible standards of conduct as role models for the rest of the student body and as representatives of their school and community. It is also paramount that students participating in these activities or parking on District property are able to do so safely and in a manner that will not endanger themselves or others. A properly administered random drug testing program for all students who represent the District in extracurricular and co-curricular activities and/or performances will promote these goals and objectives.

To assist students in making healthy and safe choices, the District will conduct random drug testing of students in grades 7-12 as a condition of participation in covered activities. Covered activities are activities regulated by the Missouri State High School Activities Association (MSHSAA) and any Odessa High School and Odessa Middle School extracurricular and co-curricular activity. Additionally, any students who park on campus will be subjected to random testing. District employees shall not have the authority to waive the testing of any student selected using the random selection process.

Notification and Consent

An orientation session shall be held before the commencement of random drug testing to inform students and parents/guardians of the sample collection process, privacy arrangements, and the drug testing procedures that will be used.

All 7-12 students must annually submit the "Drug Testing Consent" form to the school offices by the deadline set for the school year before the student will be allowed to continue or begin practice or participation in any extracurricular and/or co-curricular MSHSAA activities, as well as any Odessa High School and Odessa Middle School extracurricular and co-curricular activity. Additionally, eligible students obtaining a student parking pass must annually submit the form by the deadline to be able to park on campus. If the student is 18 years of age and living with a parent/guardian, he or she still must have both student and parent/guardian signatures. If the student is 18 years of age and has established a residence on his or her own, the student's signature is all that is required.

Any student who does not turn in the required forms by the established deadline will not be eligible to participate in any extracurricular and/or co-curricular MSHSAA activities and/or obtain a student parking pass during the remainder of the school year.

Students transferring into the Odessa R-VII School District will be placed in the testing pool after the enrollment process is complete and upon receiving a signed consent form in the office if the transfer student(s) intend on participating in extracurricular and/or co-curricular MSHSAA activities and/or parking on campus.

Students to be drug tested are those in any extracurricular and/or co-curricular MSHSAA activity and any Odessa High School (OHS) and Odessa Middle School (OMS) extracurricular and co-curricular activity. Additionally at Odessa High School if a student obtains a parking pass. All 7-12 students who will participate in extracurricular and/or co-curricular MSHSAA activities during the school year and/or will obtain a parking pass and who complete and return the consent forms within the deadlines set by the superintendent or designee will be included in the testing pool and may be selected for testing as soon as the student is officially enrolled in the drug testing programs even if the extracurricular and/or co-curricular activity has not yet begun.

This program does not affect other policies and practices of the Odessa R-VII School District in dealing with drugs or alcohol use or possession in which reasonable suspicion is obtained by means other than the mandatory and random sampling discussed here.

Withdrawal from the Pool

Once a student enters the pool, he or she must remain in the pool for the remainder of that school year to be eligible to participate in extracurricular and/or co-curricular activities and/or continue to secure a parking pass. Withdrawal from the program will result in ineligibility from extracurricular and/or co-curricular activities for 365 days from the withdrawal date as well as loss of parking privileges for the same duration. Students who wish to drop out of the drug pool must have their parent/guardian come to the school and meet with the athletic director or building administrator. The student and the parent/guardian must sign a release form stating they no longer wish to participate in the random drug testing pool. If the student is 18 years of age and living on his or her own, he or she still needs to come in and meet with the athletic director or building administrator to drop out of the testing pool.

Verification of Sample

If the initial drug test is non-negative, the initial test result will then be subject to confirmation by a second and different test of the same specimen. In order to keep the results of the initial testing confidential, the District may also choose a certain number of samples for a confirmation test.

The second test will use gas chromatography/mass spectrometry technique. A specimen shall not be reported positive unless the second test utilizing the gas chromatography/mass spectrometry procedures is positive for the presence of a drug or the metabolites thereof.

All results will be recorded by the technician on a form acceptable to the District. A Custody and Control Form (CCF) will be used: 1) If the initial screening test indicates a non-negative result; 2) if the collection technician is conducting an internal self-audit of a testing device; or 3) the District requires a CCF for all tests completed. If a CCF is

used, the specimen collected will be poured into the specimen vials that came in the collection cup. This will be performed in the presence of the student. The collection technician will complete a CCF with the appropriate copy being sent (along with the specimen) to a health and senior services - certified laboratory for a second screening test.

If the second screening test is also non-negative, the laboratory will conduct a more in-depth test by means of a gas chromatography/mass spectrometry (GC/MS) analysis. In some cases, the second screening test may be eliminated and the specimen sent directly for GC/MS.

If the GC/MS test is non-negative, the results will be forwarded directly to the Medical Review Officer (MRO). The MRO will contact the Designated School Official (DSO) to inform him/her of the non-negative result. At this point, the MRO will request that the student's parent/legal guardian contact the MRO directly to determine if there is a medical explanation for the non-negative results.

The DSO will then contact the student's parent/legal guardian, inform him/her of the non-negative result, provide the information necessary to contact the MRO (phone number, student ID number & MRO codeword "Indy500"). When the parent/legal guardian makes contact with the MRO and verifies their identity, they will discuss medications the student is taking. If any of the student's medications could explain the non-negative result, the MRO will verify the legitimacy of the prescription with the pharmacy who filled it and/or the prescribing physician. Once all pertinent information has been obtained, the MRO will make a final determination of the test result. Those results will be forwarded to Tomo Drug Testing who will then forward to the DSO.

The MRO will reach out to the DSO on three separate occasions, over the course of three separate days (excluding weekends and holidays) to request a student's parent/legal guardian call them to discuss the student's non-negative result. If the parent/legal guardian does not make contact with the MRO during that time frame, the MRO will release the result as a "non-contact positive". A parent/legal guardian can make contact with the MRO after the result has been released.

If the District requires a split-specimen collection for a confirmation test, then the parent/legal guardian may contest the MRO's decision and request, within 72 hours of the decision, to have the split specimen sent to the same or a different laboratory for a second-opinion analysis. The cost of the split specimen test will be at the parent/legal guardian's expense and payment may be required prior to the test being conducted.

Violations and Consequences

Any student who tests positive in a drug use test under the procedures shall be subject to the following restrictions:

1. For the first offense, the student shall be suspended from student parking privileges on school property as well as participation in all in-season or off-season extracurricular and/or co-curricular activities, offered by OHS and OMS, for 30 calendar days. This suspension can be reduced to 15 if the parent/guardian

obtains, at the parent/guardian's expense, a substance abuse evaluation and educational counseling (certified by the Missouri Department Mental Health, Division of Alcohol and Drug Abuse) for the student deemed appropriate by the evaluation. If the student is 18 years of age and has established a residence on his or her own, the student's signature is all that is required.

Students enrolled in a class that involves co-curricular activities will remain in the class during the suspension period and participate in classroom activities. If the student/parent seeks to reduce this consequence by scheduling a substance abuse evaluation, the appointment must be confirmed before the student will be allowed to participate or park. Further, the student must attend the evaluation session within seven business days of the confirmed test result.

The student may be required to submit to drug tests every time the district conducts random drug testing on other students for the rest of the school year.

2. For the second offense, the student shall be suspended from student parking privileges on school property as well as participation in all in-season or off-season extracurricular and/or co-curricular activities, offered by OHS and OMS, for 90 calendar days. The stipulations for the first offense shall continue to apply. This suspension can be reduced to 45 calendar days if the parent/guardian obtains, at the parent/guardian's expense, a substance abuse evaluation and the education/counseling (certified by the Missouri Department of Mental Health, Division of Alcohol and Drug Abuse) for the student deemed appropriate by the evaluation.
3. For the third offense, the student shall be suspended from student parking privileges on school property as well as participation in all in-season or off-season extracurricular and/or co-curricular activities, offered by OHS and OMS, for 365 calendar days. The stipulations of the first offense shall continue to apply. No reduction shall be allowed for this suspension.
4. For the fourth offense, excluded from all covered activities and parking on campus for the rest of the student's enrollment in the District.

Refusal to Submit or Falsifying Results

A student refuses to submit for drug testing when he or she fails to provide adequate urine for testing when notified. The District can utilize additional testing methods if there is not a sufficient urine specimen within 60 minutes. A participating student who refuses to submit to drug testing or who takes deliberate action to falsify results will be suspended from all covered activities for one calendar year and will forfeit eligibility for all awards and honors given for covered activities from which the student was suspended.

Any student who has a positive initial test and refuses to complete the required paperwork for a confirmation test will be treated as a refusal.

Drugs the District May Test For

Samples may be tested for THC/marijuana, benzodiazepines, cocaine/benzoyllecgonine, amphetamines, barbiturates, phencyclidine, methamphetamine, opiates/morphine, fentanyl. In addition, the District may test for alcohol and performance-enhancing drugs, including anabolic steroids or any additional drugs that could impact a student's well-being. Samples will not be screened for the existence of any physical conditions other than prohibited drug and alcohol use. The school district will pay for all random drug screenings and follow-up screenings required for participation.

Suspicion-Based Drug Testing

Suspicion-based drug testing, unlike random drug testing, may only be used when there is reasonable suspicion that the student is under the influence of or has recently consumed alcohol or any drug prohibited by district policy. Students testing positive will be disciplined in accordance with the District's discipline policy and may also be excluded from extracurricular activities as determined by the district. A student who refuses to submit to testing may still be disciplined under the district's discipline code for being under the influence of alcohol or drugs.

Drug Counseling and Assistance

Upon request, the district's counselors will provide information on treatment programs and other resources available in the community. All substance abuse evaluation and counseling must be done by a licensed substance abuse counselor.

Weapons in School S-200-S

The District strictly prohibits unauthorized possession or use of weapons on District property, at District-sponsored activities, either on- or off-campus, and District transportation. Weapons will be confiscated and reported to law enforcement authorities.

Examples of prohibited weapons may include, but are not limited to, blackjack, concealable firearm, explosive weapon, firearm, firearm silencer, gas gun, knife, machine gun, knuckles, projectile weapon, rifle, shotgun, spring gun, switchblade or any knife, mace spray, or any other items customarily used, or which can be used, to inflict injury upon another person or property.

By law, a student who brings a weapon prohibited by law on school property will be expelled or suspended from school for not less than one calendar year and referred to law enforcement. The expulsion or suspension may be modified on a case-by-case basis upon the recommendation of the Superintendent to the Board. Other provisions of the discipline code related to the offense may be applied in addition to the consequences required by law. Students with disabilities who violate this policy will be reviewed under the provisions of the Individuals with Disabilities Act (IDEA) and/or Section 504 of the Rehabilitation Act.

Instruction

Homework Policy

Homework is an important part of a student's learning experience. It provides opportunities for students to practice skills and deepen their understanding. It also provides additional time for students to complete work, conduct follow-up studies, and develop good study habits.

Objectives

- Provide independent practice of learned concepts and /or skills.
- Assist students in developing good independent work/study habits.
- Promote student responsibility, time management, and self-discipline.
- Support our community's high expectations.

The following guidelines have been developed to assist each party who shares responsibility for a student's success:

Student Responsibilities

- Complete and return assigned work on time.
- Assume responsibilities for completing work when absent from school in a timely manner.
- Strive to complete work to the best of his/her ability.
- Take advantage of study aids and before/after school programs available.

Teacher Responsibilities

- Provide meaningful tasks that support work introduced during class time.
- Acknowledge the activities and responsibilities of students outside of school and accept that extenuating circumstances could arise that prevent students from completing work.
- Communicate with parents if concerns arise.
- Monitor homework assignments, provide feedback to students.

Parent Responsibilities

- Make homework a top priority.
- Provide necessary supplies and a quiet homework environment.

LATE HOMEWORK

Absences:

- After any absence, no matter the reason for the absence, the student must make arrangements with the teacher the first day that the student returns.

Regarding late work

- Late work will be accepted during the current unit. Work turned in past the due date will be subject to a reduction in points. Any work submitted after the close of the unit will remain a zero.

Regarding tests:

- Students should have two opportunities to complete the missed test and these arrangements should be made on the first day the student is back in the building. Students can make arrangements on two separate occasions and after the second no-show, the test score becomes a permanent zero.

Off-Campus Enrollment Options

1. Juniors and seniors may be selected to attend Lex La-Ray Area Vocational/ Technical Center (AVTC) for part of the day. (Transportation provided.) Students selected may only receive a maximum of 6 credits a year.

The assessment plan is posted on the website.

District Testing Schedules

ACT - The ACT exam is an important step in deciding on a student's post-secondary plan. The ACT exam is open to students in grades 9-12 and is used to determine admission and scholarship eligibility for many higher education institutions. National test dates and registration information can be found by visiting this link: [ACT Test Information](#).

PSAT (PRELIMINARY SCHOLASTIC APTITUDE TEST) - The PSAT exam is open to any 11th grade student. Juniors who take the test are entered into the National Merit Scholarship Qualifying Competition. (10th Grade students may register to test, but will not enter the National Merit Scholarship Qualifying competition.) Interested students must sign up in the Counseling Office.

ASVAB (ARMED SERVICES VOCATIONAL APTITUDE BATTERY) - This career exploration exam is administered to all juniors as a part of the District's Comprehensive Testing Plan. Students in grades 10 and 12 may sign up to test if they are interested in military service.

scheduled using the fall and spring testing windows and include the following exams: Algebra I, Algebra II, English II, Biology, and Government. Additional exams may be added as determined by the district administration or the state.

Library Use Policy

The Library Media Center is open for students each school day from 7:10am to 3:00pm. Students may use the LMC when sent from a class with a written pass from their teacher. It is the student's responsibility to be sure his/her pass is signed by the librarian when returning to class. Books, magazines, and vertical file materials are available for check out. If materials are returned late, the student owes a fine of 5¢ per day. The library has computers available for students to use for Internet access, database searching, word processing, and printing of assignments. The computers are available any time the library is open for student use (unless reserved for a specific class use). District Internet policy is strictly enforced in the library.

Teaching About Computer Science I-123-S

For students electing to use a computer science course for a math unit, please be aware some institutions of higher education may require four units of academic credit in math for college admission. If a student chooses to take a computer science course to fulfill a unit of academic credit in math, the parent/guardian who signs the Acknowledgement Form for this Student Parent Handbook acknowledges taking a computer science course to fulfill a unit of academic credit in math may have an adverse effect on college admission decisions for their student.

BULLDOG BLOCK

Advisement, accountability, and academic support are cornerstones of academic success at OHS. Bulldog Block is held every Monday-Friday 11:11 - 11:37 am and provides faculty advisors and students the opportunity to make optimal use of the many choices at Odessa High School and its affiliate off-campus vocational/educational partner institutions. Our advisors provide assistance in selecting learning programs, assessing needs, setting long-range goals, and communicating the needs of each individual to the school as a whole. Another key component of Bulldog Block is academic support through assistance and intervention opportunities available to students. This structure provides additional time and support to students to enhance the learning environment, and support student achievement. Additionally, various tiered interventions can and may take place during Bulldog Block to adequately facilitate struggling students.

An OHS faculty advisor will guide 18-20 students through their four years of high school. This service includes conducting weekly grade checks with each student regarding all coursework. Enhanced accountability for students and advisors is the result of this effort, as Bulldog Block provides the opportunity to frequently assess each individual student's progress, to identify potential challenges, and to employ early interventions, if necessary, to better ensure success in each of his or her courses.

Another integral service from which students will benefit during Bulldog Block is the academic and vocational advisement provided by our counseling and administrative teams. Each grade level will meet periodically to cover topics of interest and importance to students. A comprehensive explanation of grade point average (GPA), identification and description of the required and elective courses available at OHS, discussion of specific high school and post-secondary educational and vocational planning programs available at OHS, and recognition of student achievement are but a few examples of the several valuable topics addressed.

WELCOME TO THE R-7 ACTIVITY AND ATHLETIC PROGRAMS

Welcome to the Bulldog Activity/Athletic Program! We are excited that you have chosen to participate in one of our fine co-curricular and extracurricular activities. Statistics show that involvement in school programs increases a student's chances of academic success and social adjustment. Since research indicates a student involved in co-curricular activities has a greater chance of success during adulthood, these programs have been established. Many of the character traits required to be successful participants are exactly those that will promote a successful life after high school. We hope the information provided within this handbook makes both your student's and your experience with the Bulldog Activity/Athletic Programs less stressful and more enjoyable.

Your decision to take advantage of this portion of our program will be educational, rewarding, and challenging. The Odessa R-7 School District encourages you to take advantage of as many opportunities as your time and talent will permit. We do not encourage specialization in one sport or activity; rather, we would encourage you to experience a variety of sports as well as other school activities. Naturally, due to conflicts in seasons, practice times, schedules, etc., some choices will have to be made by you. We support you as you strive to grow emotionally, mentally, socially, and physically through our activities and athletics.

ACTIVITY/ATHLETIC MISSION STATEMENT

The mission of the Bulldog Activity/Athletic Program is to provide the student the opportunity to develop the personal characteristics necessary to become a productive and valuable citizen to your community. Because you are in the public eye, your personal conduct must always be of a quality manner. You have an obligation to create a favorable image and gain the respect of your teammates, the R-7 student body, and the Odessa community.

The possession or use of alcohol, tobacco, or non-prescriptive drugs is known to be detrimental to the individual as well as the team he/she represents; therefore, disciplinary action will be taken.

ATTENDANCE

In order to participate in any activity, a student must attend all day on the day of participation; or day prior to the activity, if the event is a non-school day or Saturday event. (Administration will approve doctor/pre-approved absences and or emergency circumstances approved by administration.) Any student that has been suspended from school may not attend or participate in any school function while under suspension.

With regard to athletics- all athletes will maintain a 90% attendance rate to be eligible for participation in sports. This includes attendance prior to, during, and following the sport(s) of their choice to maintain current eligibility during the current school year. When an athlete's attendance falls below 90%, the activity director/principal will recommend the athlete be placed on probation and monitored for ineligibility and/or suspension from the sport.

With regard to activities– ineligibility for participation due to less than 90% attendance shall not apply to activities where a course grade is based upon participation.

ACADEMICS

In order to be eligible to compete in any extracurricular activity the student must earn 3 credits (6 classes per semester) from the previous semester. Beginning the fourth week of each semester, students in all activities, clubs, and sports will be subject to bi-weekly grade checks and will be allowed full participation by not having any failing grades. Students with failing grades on two consecutive bi-weekly grade checks will be required to attend mandatory tutoring sessions and placed on a probationary eligibility status. The following will need to be followed to remain eligible in their extracurricular activity, club, or organization:

The student will be on probationary eligibility and will be required to attend mandatory tutoring. The student may participate in competitions and exhibitions as long as they meet these criteria:

Students attend the mandatory tutoring each day until the next 2 week grade check.

Tutoring days are Tuesday, Wednesday, and Thursday either before or after school.

Students will be required to show proof of attendance at these sessions.

Failure to attend will result in the student being ineligible, see below.

Students will remain eligible on a probationary status during their 1st tutoring session.

After their 1st 2-week tutoring session, the student will become ineligible if they have 2 or more failing grades, see below.

Students will remain eligible on a probationary status if they only have 1 failing grade and will stay in the tutoring session.

Students will become ineligible for any competition or exhibition if any of the following occur:

After being in tutoring for 2 weeks and having more than 1 failing grade.

Students who do not attend the mandatory tutoring.

Students will be released from mandatory tutoring as soon as they show all grades are raised to a passing level. Any student can voluntarily attend tutoring sessions at any time of the year.

PRACTICE SESSIONS

Participation in activities is a choice and a privilege. Practices will maximize your skills as well as create a proper team environment.

All practice sessions are required except those excused by the head coach or teacher sponsor of the activity.

If school is dismissed or not in session due to weather conditions, a voluntary practice may be called by the head coach or teacher sponsor with the consent of the School Administration.

Consequences for unexcused absences shall be at the discretion of the head coach and will be given in writing at the beginning of the season

TARDIES: Practice times are indicated by a practice schedule, with the participant being prepared to participate at the specified time. After-school detentions are to be served when assigned, and the student will be counted tardy on those days. Consequences for being tardy to practice shall be at the discretion of the head coach.

ATTITUDE

A student whose attitude is damaging to themselves and the team will be dealt with in the following manner.

The head coach or teacher sponsor will inform and counsel the student.

If the attitude warrants a possible suspension, the head coach or sponsor is required to talk with the parents of the student.

If the condition does not improve, the coaching staff of the sport or teacher sponsor of the activity will have the right to suspend the student from practice and participation in the sport or activity.

If after the suspension the student's attitude remains harmful to the team, they may be suspended for the remainder of that season.

CITIZENSHIP EXPECTATIONS

Students who represent a school in interscholastic activities must be creditable citizens. Those students whose character or conduct is such as to reflect discredit upon themselves or their school are not considered "creditible citizens." Conduct shall be satisfactory in accordance with the standards of good discipline (MSHSAA By-Law 2.2.2, Citizenship Requirements).

Creditible citizens are:

Students who adhere to the R-7 chemical use and possession policy (see page 14).

Students who are in good standing with the judicial and/or legal system.

Students who are not under school suspension as a result of disciplinary consequences.

Each individual school has the authority to set more restrictive citizenship standards and shall have the authority to judge its students under those standards (MSHSAA By-law 2.2.2, Citizenship Requirements).

CITIZENSHIP REQUIREMENTS

Students who represent a school in interscholastic activities must be creditable citizens and judged so by the proper school authority certifying a list of students for competition. Those students whose character or conduct is such as to reflect discredit upon themselves or their school are not considered "creditible citizens." Conduct shall be satisfactory in accordance with the standards of good discipline.

Law Enforcement: A student who commits an act for which charges may be or have been filed by law enforcement authorities under any municipal ordinance, misdemeanor or felony statute shall not be eligible until all proceedings with the legal system have been concluded and any penalty (i.e. restitution, community service, counseling, etc.) has been satisfied. If law enforcement authorities determine that charges will not be filed, eligibility will be contingent upon local school policies. Moving traffic offenses shall not affect eligibility, unless they involve drugs, alcohol, or injuries to others. After a student has completed all court appearances and penalties, and has satisfied all special conditions of probation and remains under general probation only, local school authorities shall determine eligibility.

Local School:

A student who violates a local school policy is ineligible until completion of the prescribed school penalties.

The eligibility of a student who is serving detention or in-school suspension shall be determined by local school authorities.

A student shall not be considered eligible while serving an out-of-school suspension.

A student who is expelled or who withdraws from school because of disciplinary measures shall not be considered eligible for 365 days from the date of expulsion or withdrawal.

If a student misses class(es) without being excused by the principal, the student shall not be considered eligible on that date. Further, the student cannot be certified eligible to participate on any subsequent date until the student attends a full day of classes.

Each individual school has the authority to set more restrictive citizenship standards and shall have the authority and responsibility to judge its students under those standards.

Each school shall diligently and completely investigate any issue that could affect student eligibility.

Student Responsibility: Each student is responsible to notify the school of any and all situations that would affect his/her eligibility under the above standards. If the student does not notify the school of the situation prior to the school's discovery, then the student shall be ineligible for up to 365 days from discovery, pending review by the Board of Directors.

ODESSA SCHOOL DISCIPLINE

OUT OF SCHOOL SUSPENSION (OSS) AND IN-SCHOOL SUSPENSION (ISS)

Any student who is assigned out of school suspension (OSS) or in-school suspension (ISS) will NOT be eligible for extracurricular or co-curricular activities or sports beginning with the day that they begin their OSS or ISS and ending on the day following completion of their OSS/ISS term/assignment. OSS/ISS will result in no practice, contest, or competition during the period of suspension.

STUDENT ACCOUNTABILITY FOR EQUIPMENT

CARE OF EQUIPMENT

In order to give the student a sense of responsibility and appreciation for their equipment, each student will be held accountable for the abuse or loss of it. The student in whose name it was issued must pay for any equipment damaged, lost or stolen.

Following these guidelines, hopefully, will reduce the chances for damaged, lost or stolen equipment:

Students should not exchange or loan any of the equipment checked out to them. If an exchange with another student is warranted, it must be changed on the checkout sheet by having the coach/teacher make the adjustment.

Keep lockers closed and locked at all times.

Any loss of equipment should be reported immediately to the head coach or teacher sponsor.

Any protective equipment that does not fit properly or that has any defective parts should be reported to the coach or teacher sponsor immediately.

NO equipment may be checked out to a student in any activity if the student has any outstanding fees, fines, or obligations.

ALL STUDENTS MUST HAVE ALL EQUIPMENT CHECKED IN PRIOR TO BEGINNING PRACTICE FOR THE NEXT SEASON'S ACTIVITY.

LOCKER ROOMS

The Varsity locker rooms (Girls and Boys) will be open before and after school, but will be closed and inaccessible during school hours. Students should plan accordingly.

Boys and girls PE and the multipurpose locker room will be open for classes.

SPORTSMANSHIP

As a student representing Odessa R-7, it is a student's responsibility to exhibit good sportsmanship at all times. The moment a student puts on a school uniform, they become a representative of the student body, the school, and the community. Each participant will derive the ingredients of good sportsmanship through the instruction, coaching, and by example of the coaching staff and teachers. Students should exhibit what they learn. A very important lesson learned through athletics and contests is that by hard work and education, students improve. If each student is willing to recognize the ability he/she possesses, along with hard work, his/her success can be achieved in athletics and many activities.

A good attitude is one of the principal requisites in becoming a champion in any sport or activity. Attitude is best defined by how a person thinks, feels, and acts. The desire to excel, to win, and to accept defeat gracefully are all positive points and attributes of a winning philosophy.

A winning philosophy is important, but students must also realize the importance of how the game or activity is played, as well as viewed. Simple acts or gestures of respect such as: displaying good conduct, cooperating with officials, shaking hands with an opponent before and after the game, showing self-control at all times, accepting decisions and abiding by them, accepting both victory and defeat with pride and compassion, and never being boastful or bitter, will aid each student and their team in exhibiting the standards of good sportsmanship expected of students at Odessa R-7.

There are, and will be, disappointments in athletics and activities. It is how a student reacts to these disappointments that will measure what values have been learned at the activity, on the athletic fields, courts, and mats during his/her school years.

Interscholastic Behavior Guidelines

All players, coaches/sponsors, parents and other fans attending any interscholastic contest are expected to:

Maintain pride for self and school.

Strive to keep high standards of conduct.

Refrain from using profanity or implied profanity.

Not engage in disrespectful chants, including personal remarks directed at players and officials.

Not single out players by number or name.

Not display disrespectful behaviors to other fans, players, or cheerleaders.

CHEER FOR YOUR OWN TEAM AND YOUR OWN KIDS—NOT AGAINST THE OTHER TEAM OR OFFICIALS!

Be a creditable citizen at all times.

Abide by the Odessa R-7 Board Policy by only using tobacco products in assigned areas

If sportsmanship is not followed, the following steps will be taken as recommended by MSHSAA Board Policy (43, p. 110):

PLAYERS—When a player is assessed a penalty by a game official for unsportsmanlike conduct, the coach should remove the player from the game. If there are extenuating circumstances making the athlete's conduct more serious, the penalty imposed by the school shall be more severe.

STUDENT/FANS—Action regarding the misconduct of a student or fan shall range from a warning to being required to appear before the Board of Education to show reason why that person should not be prohibited from attending future games. Violent acts shall result in charges being brought against the individual or information being provided to the prosecuting attorney, who may bring charges under Missouri law.

Action regarding all other acts of poor sportsmanship or misconduct should be appropriate to the offense committed.

ODESSA R-7 POLICIES

ACTIVITY CONFLICT PRIORITY LIST

In an effort to allow our students the opportunity to make the most of their high school experience, we encourage them to participate in multiple activities. Students should make reasonable choices when participating in activities to not create conflicts between activities. This involves good decision-making skills, prioritizing, and long-range goals and aspirations; however, when a conflict arises between two school-sponsored activities, administrative priority will follow this order of precedence.

National events

State events

District events

Conference events

Interscholastic events

School performances

Required practices (dress rehearsal)

Regular practices

Proper communication between the student, parent, and coach or sponsor will help to alleviate any conflicts that may arise.

Excused absences even for school activities may still require conditioning to make up for the natural conditioning associated in a practice session.

STUDENT HAZING

Student hazing is expressly prohibited by Board of Education policy. For purposes of this policy, hazing is defined as willful conduct directed at another student, whether occurring on or off school property, for purposes of initiation or admission to any school-related activity or athletic team. Conduct prohibited by this policy includes but is not limited to exposure or contact of genitals, buttocks, or breasts (female students), directly or indirectly through contact with undergarments, threats of physical harm, infliction of physical or mental harm or humiliation.

Students found to have violated this policy will be subject to suspension/expulsion from school and suspension and exclusion from activities/athletic participation depending on the severity of the misconduct. Non-students who participate in or enable the hazing of students may be excluded from attendance at school activities and school athletic events.

RANDOM DRUG TESTING

The Board recognizes the importance of protecting the health and safety of students from the use of illegal drugs, performance-enhancing drugs and alcohol. The purpose of this policy is to help prevent substance abuse among students, to encourage treatment for students with substance abuse problems and to ensure that students have the opportunity to attend school and participate in activities in a fair, safe and healthy environment.

Random Drug Testing

Participation in extracurricular activities, co-curricular activities and parking on campus are privileges and carry with it the responsibility to adhere to high standards of conduct, including refraining from the use of illegal drugs, performance-enhancing drugs and alcohol. To assist students in making healthy and safe choices, the district will conduct random drug testing of students in grades 7-12 as a condition of participation in covered activities. Covered activities are activities regulated by the Missouri State High School Activities Association(MSHSAA) and any Odessa High School and Odessa Middle School extracurricular and co-curricular activity. Additionally, any students who park on campus will be subjected to random testing. District employees shall not have the authority to waive the testing of any student selected using the random selection process.

CHEMICAL USE/POSSESSION POLICY

Philosophy

The Odessa R-7 School District recognizes the use and/or possession of tobacco, mood-altering chemicals and performance-enhancing chemicals as a significant health problem for adolescents, resulting in negative effects on behavior, learning, and the total development of each individual. The possession or use of tobacco, performance-enhancing chemicals and of mood-altering chemicals, such as alcohol, drugs, marijuana, etc., by adolescents affects extracurricular participation and the development of related skills.

Statement of Purpose

To recognize and elevate the physical and emotional potential of students in a positive manner, and encourage the growth of these students in an atmosphere of responsible citizenship.

To emphasize the school's concern for maintaining and improving the health and safety of students while participating in activities.

To promote his/her awareness of the long-term physical and emotional effects of chemical use on health.

To promote equity and sense of order and discipline among students.

To confirm and support existing state laws that restrict the use of chemicals.

To establish and promote high standards of conduct for those students who are leaders and standard-bearers among their peers.

To assist students who desire to resist peer pressure that directs them toward the use of chemicals.

To provide prevention guidelines for chemical abuse in the activity programs for students and staff advisors of R-7 School District.

Objectives

To establish a prevention program that includes penalty guidelines, as well as assurance that fair treatment is received for the action. The three major components of fair treatment are:

Certainty — enforcement of consequences will follow the violation.

Severity — fair penalty for the act.

Promptness — promptness of the process; must be immediate.

CONSEQUENCES FOR CHEMICAL ABUSE

Regardless of quantity, a student shall not use or possess tobacco; have in possession or use a beverage containing alcohol; use or consume, have in possession, buy, sell, or give away illegal drugs or chemicals, or any substance defined by law as a drug specifically prescribed for the student's own use by his/her doctor; or use or be in possession of drug paraphernalia. The use of prescribed or non-prescribed performance-enhancing products is strictly prohibited by the Odessa R-7 School District.

The use of each type of chemical can adversely affect the student on a short- or long-term basis. Chemical substances are defined as tobacco, alcohol, performance-enhancing, mood-altering chemicals, and drug paraphernalia.

The following are minimum guidelines that shall be applied for the violation of the chemical abuse rules. Each coach/sponsor shall have the option of assigning additional penalties for any violation.

First Violation:

For the first offense, the student shall be suspended from student parking privileges on school property as well as participation in all in-season or off-season extracurricular and/or co-curricular activities, offered by OHS and OMS, for 30 days. This suspension can be reduced to 15 if the parent/guardian obtains, at the parent/guardian's expense, a substance abuse evaluation and educational counseling (certified by the Missouri Department Mental Health, Division of Alcohol and Drug Abuse) for the student

deemed appropriate by the evaluation. If the student is 18 years of age and has established a residence on his or her own, the student's signature is all that is required.

Students enrolled in a class that involves co-curricular activities will remain in the class during the suspension period and participate in classroom activities. If the student/parent seeks to reduce this consequence by scheduling a substance abuse evaluation, the appointment must be confirmed before the student will be allowed to participate or park. Further, the student must attend the evaluation session within seven business days of the confirmed test result.

The student will be required to submit to drug tests every time the district conducts random drug testing on other students for the rest of the school year.

Second Violation:

For the second offense, the student shall be suspended from student parking privileges on school property as well as participation in all in-season or off-season extracurricular and/or co-curricular activities, offered by OHS and OMS, for 90 days. The stipulations for the first offense shall continue to apply. This suspension can be reduced to 45 days if the parent/guardian obtains, at the parent/guardian's expense, a substance abuse

evaluation and the education/counseling (certified by the Missouri Department of Mental Health, Division of Alcohol and Drug Abuse) for the student deemed appropriate by the evaluation.

Third Violation:

For the third offense, the student shall be suspended from student parking privileges on school property as well as participation in all in-season or off-season extracurricular and/or co-curricular activities, offered by OHS and OMS, for 365 days. The stipulations of the first offense shall continue to apply. No reduction shall be allowed for this suspension.

Fourth Violation:

For the fourth offense, the student will be excluded from all covered activities and parking on campus for the rest of the student's enrollment in the district.

Self-Report Honesty Provision for possession

In order to encourage students to come forward for help when needed and to encourage students to be honest and truthful citizens, we have added a "one-time" opportunity Honesty Provision. In regards to chemical substances, a student who self-reports a violation to their coach or sponsor or school authority on their own volition prior to school knowledge, may have consequences reduced based on the above reduction criteria.

Commitment Form

The Odessa R-7 District Activity Commitment Form must be completed and turned in prior to the start of the student-athlete's respected season. Parents and participants should read completely the policies and information in the activity/athletic handbook.

Parents and students must both sign off on the commitment form. The signed form is a contractual understanding between students/parents/coaches/sponsors of the following requirements for participation.

MSHSAA physical and personal medical insurance is provided.

Participation in athletics and activities is voluntary and a privilege.

The handbook has been read, discussed, and questions answered in regard to the document.

Participants will follow the school district policies and comply with the requirements listed in the handbook.

Parents will support the high school in its efforts to promote good citizenship and the requirements listed in the handbook.

The commitment form must be completed for each school year. Only one commitment form needs to be on file per student.

Summer participation is encouraged, but voluntary.

DUE PROCESS FOR ATHLETES/ACTIVITIES

The student, along with their parents and/or guardians, will be informed that they have been accused of violating the *TOBACCO PRODUCTS, ALCOHOL, ILLEGAL DRUG or LOSS OF SCHOOL TIME* portion of the Code of Conduct.

A hearing before a panel of five (5) persons will be scheduled for the next school day. The panel will consist of the principal, activity director, a teacher, an assistant coach, and the head coach, or sponsor of the sport/activity in season. The principal or the activity director will select the panel.

The student and the parents will be informed of the accusations. Any eyewitnesses will be asked for information regarding the accusation.

The panel will determine the guilt or innocence based on the information given at the hearing. The minutes of the Due Process will be held in closed records.

PROTECT YOUR ELIGIBILITY

In order to be eligible for the athletic program at Odessa R-7, a student must meet the eligibility requirements of the Missouri State High School Activities Association, as well as those of Odessa R-7. Students should always check with the coach or the activities

director when they have any questions concerning eligibility. Here are some basic guidelines.

A student shall not have reached the age of 19 prior to July 1

A student must be a good school citizen and judged so by the administration.

Students in the 9th-12th grades will need to pass 3.0 units of credit or 80% of the maximum-allowable credits which may be earned, whichever is greater, to maintain eligibility for the next semester.

A student may not receive coaching instructions from anyone other than the coaching staff employed by the Odessa R-7 School District in the sport in which they participate during the duration of that season. Parental help is legal and acceptable.

A student must not be in attendance at any high school for more than eight consecutive semesters.

A student shall enter school within 11 days of the beginning of the semester.

A student must turn in a completed physical examination form, which includes medical clearance, parental permission, proof of insurance, and concussion clearance signature before they will be allowed to participate in the first day of practice.

A student must turn in the commitment form which accompanies the handbook, signed by the student and his/her parent or guardian.

A student must not have received cash, merchandise, and/or gift certificates for participating in an athletic contest. Awards that are symbolic in nature, such as medals, trophies, ribbons, plaques, etc., for participating in a school athletic program are permissible. However, these awards may be received only from the student's school, from a school hosting an event, or from the MSHSAA.

A student may not participate in any organized, non-school athletic competition, and a school team in the same sport during the same season.

Summer school courses may count toward maintaining academic eligibility provided the following requirements are met.

Credit earned for the summer school course is placed on the student's school transcript

The course(s) must be a core course and must be a requirement toward meeting graduation/promotion requirements (math, science, language arts, practical arts, etc).

No electives may be counted toward this requirement

Correspondence courses may not count as summer school credit

No more than one credit earned in summer school shall count toward maintaining academic eligibility

MSHSAA Protect Your Eligibility handout: See Appendix 4

ANY QUESTIONS CONCERNING ELIGIBILITY THAT HAVE NOT BEEN ANSWERED HERE SHOULD BE DIRECTED TO THE COACH, ACTIVITIES DIRECTOR OR PRINCIPAL.

Final Forms , PHYSICAL EXAMINATIONS AND INSURANCE REQUIREMENTS

Athletic By-Law 1.7 (a) in the MSHSAA Handbook states: The school shall require each student participating in athletics to provide a physician's certificate stating that they are physically able to participate in athletic contests of their school. The medical certificate is valid for 2 years (730 days). Additionally, a Pre-Participation packet (insurance, concussion information, emergency contacts) is also required annually.

All physicals must be uploaded into each student Final Forms account. Instructions on how to set up a student's Final Forms account can be found by clicking here: [Final Forms registration](#)

Athletic By-Law 1.7 (b) in the MSHSAA Handbook states: A student shall not be permitted to practice or compete for a school until it has verification that they have basic athletic insurance coverage.

MAKE SURE THAT ALL REQUIRED SIGNATURES HAVE BEEN OBTAINED TO AVOID DELAY IN YOUR ATHLETIC PARTICIPATION

ATHLETIC INJURIES

Athletic injuries will occur no matter how much effort is made to prevent them. For that reason, the following must be observed:

Participants must have insurance that will cover injuries sustained through athletic participation.

All injuries must be reported to the head coach immediately.

Incident forms must be filled out and turned into the office immediately.

In case of emergencies, the student will be taken to the nearest hospital or doctor unless parents indicate otherwise.

Participants shall notify the coach of any special medical problems.

If an injury is discovered after the student has gone home, they shall notify the coach immediately

MEDICAL RELEASE AND ATHLETIC PARTICIPATION

If an athlete's injury requires the attention of a physician or emergency room personnel, Odessa R-7 athletics/activities are bound by liability and policy to have a written doctor's release for a student-athlete to return to practice or play.

We appreciate parents making decisions as to the health of your children and whether or not they need to be seen by a doctor. This is your parental right. Legally, we cannot allow a student-athlete back into our athletic programs once a doctor has seen him/her until the athlete has been given a written release by his/her doctor for a return to normal activities.

With the high cost of medical care, upon any visit to an emergency room or doctor to whom you take your student-athlete, PLEASE REQUEST THAT THE MEDICAL PERSONNEL PROVIDE WRITTEN ORDERS WHEN IT IS APPROPRIATE FOR YOUR STUDENT-ATHLETE TO RETURN TO NORMAL ACTIVITIES.

PARENT INFORMATION

RELATIONSHIP EXPECTATIONS

Student/Coach/Sponsor relationship

The student/coach/sponsor relationship is the most important relationship of all due to the significant amount of time spent working together to obtain the goals of the student. Coaches and Sponsors are expected to guide and influence students to achieve the highest success for the student in their particular activity. Each student has their own unique personalities, as do the coaches and sponsors. We expect our coaches/sponsors to reach the student in the best way possible. To further the overall development of the student, they are encouraged to communicate with their coach/sponsor if an issue arises throughout the season.

Parent/Coach relationship

Both parenting and coaching are extremely difficult vocations. By establishing an understanding of each position, everyone is better able to accept the actions of the other and provide greater benefit to the students. As parents, when your student becomes involved in a program, you have the right to understand what expectations are placed on your student. This begins with clear communication from the coach of your student's program. Coaches and parents are expected to encourage and praise students in their attempt to improve themselves as students, athletes, and citizens. Parents can facilitate this by gaining understanding and appreciation of all aspects of the sport/activity and the expectations placed on your student.

Communications That Coaches/Sponsors Expect from Parents:

Concerns should be expressed directly to the head coach/sponsor.

Notification of any schedule conflicts should be shared well in advance.

An appointment should be scheduled to discuss any specific concern in regard to a coach's/sponsor's philosophy and/or expectations if there is ever a question. Parents and coaches should help their students learn that success is achieved in the development of a skill and should make student-athletes feel good about themselves, regardless of the

outcome of any contest. As your students become involved in the programs in Odessa, they will experience some of the most rewarding moments of their lives. It is important to understand that there also may be times when things do not go the way you or your students wish. If you, as a parent, have a concern, encourage your student to speak with the coach. If that doesn't satisfy your concern, then take time to talk with coaches in an appropriate manner, including proper time and place, being sure to follow the proper chain of command (page 21).

Communications You Should Expect From Your Student's Coach/Sponsor:

Philosophy of the coach/sponsor.

Expectations the coach/sponsor has for your student as well as for all the students involved in the activity.

Location and times of all practices and contests.

Team requirements (fees, special equipment, off-season conditioning).

Procedure should your student be injured during participation.

Discipline that results in the denial of your student's participation.

Requirements to earn a school letter for that activity.

Appropriate Concerns to Discuss With Coaches/Sponsors:

The treatment of your student mentally and physically.

Ways to help your student improve.

Concerns about your student's behavior.

Sometimes it is very difficult to accept your student not playing as much as you may hope. Coaches/Sponsors are professionals. They make judgment decisions based on what they believe to be best for all students involved. As you have seen from the list above, certain things can be and should be discussed with your student's coach/sponsor. Other things, such as those listed next, must be left to the discretion of the coach/sponsor.

Issues Not Appropriate to Discuss with Coaches/Sponsors:

Playing time

Team Strategy

Play calling

Other Student-athletes/participants

There are situations that may require a conference between the coach/sponsor, student and parent. These are encouraged. It is important that both parties involved have a clear

understanding of the other's position. Everyone involved is expected to be respectful, to recognize and show appreciation for the other's role, and to reinforce the school's policies and procedures as outlined in this handbook. When these conferences are necessary, the following procedures should be followed to help promote a resolution to the issue of concern.

PROCEDURE FOR CONFLICT RESOLUTION

The student must have brought the issue up with the coach prior to a parent meeting with the coach. To help with the comfort of the student, they may ask a teammate to accompany them in the meeting with the coach.

The Parent should call to set up a meeting with the coach. The coach has the right to invite an assistant coach to this meeting. Additionally, the student must be present in the meeting.

Please do not attempt to confront a coach/sponsor before, during, or after a contest or practice. These can be emotional times for both the parent and the coach/sponsor. Meetings of this nature usually do not promote resolution.

WHAT TO DO IF THE MEETING DOES NOT PROVIDE A SATISFACTORY RESOLUTION

Call to set up a meeting with the Athletic Director, Coach, Assistant Coach, Parent, and Student.

At this meeting, the appropriate next step can be determined. This may include additional administration if necessary.

COMPETITIVE PROGRAM SELECTION

Coaches/sponsors are hired by the school district to be responsible for establishing criteria for selection with input from their staff. This may be a highly subjective process. Selection and decisions regarding game/performance situations are the sole responsibility of this staff.

At times, there are limited opportunities for students due to the competitive nature of high school athletics/activities. While this is not our desire, it is a reality. It is extremely difficult for coaches/sponsors to tell young people they will not be placed on the team/performance group for which they want to participate, or that they have not made any team/performance group at all. All students, regardless of their grade in school, should understand that these are real possibilities.

If selected, a student should be prepared to accept placement at any level and complete the season in good standing. Parents should also prepare themselves for this and accept the coach's/sponsor's decisions.

Coaches/sponsors are expected to assemble the most competitive team possible, by selecting individuals, filling positions according to need and appropriately placing students on the proper team/performance group, then defining each individual's role, based on certain criteria, including but not limited to, citizenship, sport/activity specific ability, sport/activity specific skills, ability to work together, and willingness to learn.

All students have an equal opportunity to make a varsity team/performance group. Seniors must be willing to accept and fulfill a role the team/performance group needs. Being a senior does not give the student the right to be on a team/performance group.

There are many non-school teams/performance groups sponsored by different organizations through which students can gain valuable experiences by participating on these teams/performance groups. However, it is very important that students and parents understand that participation on a non-school team/performance group does not guarantee any player a place on the high school team/performance group.

The main goal of any level of competitive athletics/activities is to put the most talented members of any team/performance group in competition to win the contests. Starting positions and playing time are not guaranteed to anyone. Each member of a team/performance group is valuable to the team's/performance group's overall progress. Some members may play a great deal of the time in a contest while others may not play what a parent would consider "significant playing time." Regardless of time spent in actual competition, simply by being part of a team/performance group, a student can learn many valuable lessons such as: sportsmanship, working together to meet team/performance group goals, commitment, placing team/performance group above self, learning to accept instruction and criticism, respect for others, winning and losing with dignity, and being responsible for one's own actions.

ACTIVITY AND ATHLETIC AWARDS

Students must meet and abide by MSHSAA rules and regulations for eligibility and standards established by Odessa High School. The following lettering system was established at the beginning of the 1982-83 school year.

Varsity Letter Requirements:

To earn a varsity letter, the student must participate in a game/match for the set amount of time determined by the head coach. This requirement will be distributed in writing to each participant prior to the start of the season. The head coach may award a varsity letter to a student who does not meet the requirement of time if the coach feels the student has made a significant impact to the varsity team. The following is how the varsity letter is distributed and displayed.

The award for first year participation on a VARSITY team shall be an 8-inch red letter O, an emblem of the sport and a bar which signifies one year of participation.

A varsity letter winner will receive an 8-inch white letter O if their team wins an MRVC conference championship.

Awards for second year participation on a Varsity team, and each year thereafter, shall be a bar. Bars are reserved for the Varsity letter.

An athlete who meets the criteria for receiving a Varsity letter in a second or third sport shall be awarded that sport emblem.

A senior athlete who participated as a junior in a particular sport, but did not letter and is in good standing in that sport as a senior, will receive a Varsity letter.

Other awards that an athlete may receive as a team and/or individual, such as All-Conference, All-District, and All-State will be purchased by the athlete (this includes patches).

4-year Varsity letter winners will be recognized by having their name added to an award plaque established by the school and displayed in the athletic trophy case.

Medals may be worn on letter jackets, but only athletic insignia and metal bars awarded by Odessa High School may be worn on a school athletic letter.

Managers may be awarded letters with the appropriate emblem MGR at the discretion of the coach.

Sub-Varsity Lettering guidelines:

The award for participation on a FRESHMAN team shall be a 4-inch letter O and the emblem of that sport. Only one 4-inch letter O will be issued. Sport emblems will NOT be awarded for each 9th grade sport in which a freshman athlete earns a freshman letter. NO bars will be awarded or worn on a freshman letter.

The award for participation on a JUNIOR VARSITY team shall be a 4-inch letter O and the emblem of that sport. Only one 4-inch letter O will be issued. Sports emblems will NOT be awarded for each JV sport in which an athlete earns a JV letter. NO bars will be awarded or worn on a JV letter.

An athlete that meets the criteria to letter in more than one level of competition of the same sport will be given only the award of the highest level of competition. For example, an athlete who meets the criteria to letter on the freshman, Junior Varsity, and Varsity levels of one sport will receive only the Varsity letter.

MRVC West Academic All Conference:

COLLEGE-BOUND ATHLETES

The Activity Director and Guidance Office have material published by the MSHSAA, which establishes guidelines that must be adhered to by both the athlete and the colleges involved in recruitment of athletes. All senior athletes should secure this information and adhere to the guidelines to protect eligibility in college athletics.

ACT

All college bound athletes need to take their ACT test by the end of their junior season. This gives them the knowledge of where they fall on the NCAA Clearinghouse sliding scale.

NCAA AND NAIA ELIGIBILITY CENTER

In order to participate in NCAA Division 1, 2, or 3 or NAIA athletics, all students must complete the online eligibility requirements. The athletic director will be happy to help anyone in fulfilling these requirements.

ATHLETIC ACTIVITIES <i>*Indicates both male & female programs offered</i>			
Baseball	Cross Country *	Softball	Volleyball
Basketball *	Football	Tennis *	Wrestling *
Cheerleading	Golf *	Track *	Soccer *

Extracurricular activities sponsored by the District are part of the educational experience and opportunities for students. Clubs, sports, and other groups seek a diverse range of students and provide fair access under the law. Students are encouraged to identify activities matched to their interests and ability levels and participate in those activities. Participation in extracurricular activities is voluntary and a privilege. Therefore, students must meet certain academic standards, demonstrate acceptable citizenship and behavior, and maintain appropriate attendance in order to be eligible to participate. Unless special arrangements have been made with the principal, a student is required to attend school on the day of an activity in order to participate. All extracurricular activities are supervised by District employees and the expected code of conduct for students remains the same as during the standard school day. Additional guidelines for specific groups, including activities sanctioned by the Missouri State High School Activities Association (MSHSAA), may be outlined at the beginning of the year and/or season. Competitive, interscholastic activities may have evaluation procedures that eliminate some students from participation. When students are not selected for participation, communication will occur in a personal and respectful way.

Transportation to Events

When school activities are away from home, ALL students are required to ride the bus, or other transportation furnished by the school, both to and from the activity. The only exception to this regulation is made when the supervising sponsor releases the student directly to his/her parents after the parents check out the student.

A student's high school experience can be enriched through his/her participation in student activities. Odessa High School offers extensive opportunities to become involved as follows:

Activity Participation

Students who choose to participate in extracurricular activities and school-sponsored dances, including prom, must meet the **90% attendance policy**. For dances, students may submit an attendance appeal to administration if below 90% attendance. These appeals will be reviewed on a case by case basis.

In order to participate in any activity, a student must attend all day on the day of participation; or day prior to the activity, if the event is a non-school day or Saturday event. (Administration will approve doctor/pre-approved absences and or emergency circumstances approved by administration).

Any student that has been suspended from school cannot attend or participate in any school function under suspension.

OHS students who wish to bring a guest to a school dance must complete a Guest Permission Form. Guests must be in good standing and no younger than freshman grade level or older than age 20. Once students leave a school dance or activity, they may not return.

Student Council

The purpose of OHS Student Council will be to promote the general welfare of the school; to facilitate a harmonious relationship between students and faculty; to improve the school environment by increasing school spirit and scholarship; and to give all students a voice through their representatives in the student council meetings. Membership shall be composed of six representatives from each class grades 9 through 11 and eight representatives for grade 12. Representatives shall serve for the entire school year.

Each member must meet the following requirements:

1. Have a good conduct record.
2. 90% attendance minimum (verified extended illness, hospitalization, or injuries are the only exceptions).
3. A minimum cumulative GPA of 2.5 for members and 3.0 for officers.

In addition, the following officers shall be elected to the Student Council: President, Vice President, Corresponding Secretary, Recording Secretary, Reporter and Treasurer. Members of the Student Council may serve as many terms as they are duly elected. Class presidents (grades 9-12) shall serve as student council members at large. The Principal

and Assistant Principal shall be honorary members and shall select a faculty sponsor to work with the group.

Reference: Current Student Council Constitution & By-Laws.

Based on Missouri Statute (§ 167.790, RSMo), homeschool students, full-time equivalent virtual students, and family paced education school students can participate, contingent upon the successful completion of a tryout if applicable, in any event or activity offered by the District, as defined by law, in which the student resides. This includes athletics and fine arts activities, or other activities related to these. The District may require participation in components of instruction required for participation in certain activities. The District's disciplinary policies and Student Code of Conduct will apply to all students in these activities and all students must meet the same academic, physical, and financial requirements. Due to the timing of this legislation passing and printing of this material, there may be additional MSHSAA requirements in place the District must comply with as well.

School Cancellations and/or Early Dismissal

School will be closed when weather conditions are such that buses are unable to run safely. A broadcast will be made utilizing the school messaging system, local media, and social media to notify students and parents/guardians. Please do not call the administration or radio/TV stations for this information.

At times, school may dismiss early during the day. In the event such a closing should occur, a broadcast will be made and media notified. Information should be given to your child as to what s/he should do if this situation arises. Please keep a watch on the weather, especially in the winter months. If the school needs to send your student to another destination or phone someone to pick her/him, please have this information on file in the office. Time is short in emergency situations and every effort will be made to keep students safe.

CLASS CHANGES

A master schedule of classes offered and teacher assignments are developed based on student pre-enrollment. No class changes will be made after the first three (3) days of each semester.

CLASSIFICATION OF STUDENTS

The following will be established to guide students in understanding their grade classification for the high school years. It will be the goal of each student entering OHS to earn the required number of credits set forth by the State of Missouri and/or the Odessa Board of Education to receive a high school diploma within a four-year period. Upon entering OHS each student will be classified as a freshman and advance with their grade successively. Students transferring to OHS will be appointed to the class level that they had achieved from their previous school. Once achieving senior class classification, students remain at this level until graduation.

HALL PASSES

When it is necessary for a student to be in the hallway during class time, a student will be required to submit a digital pass through E-Hall pass assigned by the appropriate teacher, administrator and/or office staff.

Telephone Messages and Deliveries

Classes will not be interrupted for delivery of phone messages or for student phone calls. If a student needs to be contacted, they will be notified and may pick up their message or make phone calls between classes. However, in the event of an emergency and it is necessary to speak to a student immediately, the parent/guardian should inform the office personnel.

The delivery of flowers, balloons, and various other special gifts will be accepted at the office. Arrangements have been made with the local vendors on the process of delivery, student notification, and pick-up.

Lockers

Lockers are available per request through OHS administration and may be used by students as long as this privilege is not abused and the following guidelines are followed:

1. No more than two students are assigned to a locker. **DO NOT GIVE THE COMBINATION TO OTHER STUDENTS!**
2. Lockers are to remain neat. You are responsible for the upkeep of both the inside and outside of your Locker.
3. Students may use their lockers during passing periods and not as an excuse for being late to class.
4. Locker doors should be closed appropriately, not slammed. To ensure proper security, spin the knob on your combination lock.
5. Your locker may be inspected at any time without notification.
6. Students are not allowed to change lockers with another student without the permission of an Administrator.
7. Protect your property since the school is not responsible for valuables or money taken without permission.

Supply Lists

Students attending classes at Odessa R-VII are not charged for textbooks. Students are expected to provide materials as may be required by their teachers, such as pencils, pens, paper, spiral and three-ring binders for class notes, and special supplies for art, vocational technology, vocational agriculture, and family consumer science classes.

Other expectations for the student include (in no particular order):

1. Bring necessary materials.
2. Be an attentive participant.
3. Be respectful and courteous.
4. Take responsibility for school property.
5. Use appropriate classroom language and conversation.
6. Follow school dress guidelines.
7. Students attending field trips or school activities that require absence from class are responsible for turning in work or obtaining assignments prior to the absence.

When damage to school property occurs, all possible means will be made to identify the student(s) responsible and to deal with them accordingly. They will be responsible for paying for the damage. If textbooks given to the students by the school are damaged or lost, the student must cover the cost of a replacement. If a student handbook is lost, replacements must be purchased in the office.

Student Debts – Fees, Fines, Dues

1. OHS Student Fees are as follows
 - OHS Student Class Fees will be \$20/year
 - Student Technology Usage Fee will be \$20/year to cover 1:1 Chromebook Policy
2. Textbooks are provided free of charge (excluding dual credit courses). However, students are responsible for taking care of their textbooks and turning them in at the appropriate time. Students must pay for lost and/or damaged textbooks or equipment.
3. Library materials should be cared for and returned at the appropriate time. Students must pay for lost or damaged books and library fines.
4. Students in certain classes who wish to make projects for their own use will be expected to furnish materials for those projects. In addition, fees may be charged for some classes that have consumable projects; students will be notified of any fee in advance.

Students, including withdrawal students, ACE or drop students, will be notified of outstanding fees/fines. These must be paid before attending dances, prom, etc.

Student Parking

Students driving to school and wishing to park on school premises must register their motor vehicles in the office, park correctly, and abide by safe driving rules. Students are permitted to park on school premises as a matter of privilege, and student-parking privileges can be revoked and/or incur the cost of towing due to a violation.

Parking regulations on school premises are as follows:

1. The student must have and display a parking permit to park on a school parking lot during the school day.
2. Parking permits will be available on a first come, first served basis to students during registration for school. Permits will only be available for the number of student parking spaces on school premises.

Chaperone Policy

The Odessa R-VII School District recognizes the importance of employee and parental chaperones who accompany District students to events off of District property and who help supervise and oversee events on District property. These adults perform a vital service for the District and help to ensure the safety, security, and enjoyment of the students participating in a chaperoned event.

All Chaperones, whether employee, parent or other adult, must conduct themselves in a manner that effectively promotes the safety, security, and enjoyment of the students participating in the chaperoned event. All chaperones ~~must complete and submit an application and~~ will be required to complete a background check before they are allowed to attend an activity as a chaperone. To this end, no chaperone shall engage in any

conduct which is or which could be perceived as detrimental to the chaperone's function of ensuring the safety, security, and enjoyment of the students under the chaperone's care. A chaperone shall not possess, use or consume alcoholic beverages and/or illegal drugs or other illegal substances during any District activity, whether school-sponsored or student-sponsored, or at any other time while serving as a chaperone.

Any employee who violates this Policy may be subject to disciplinary action up to and including termination of employment. Any parent or other adult who violates this Policy will lose chaperoning privileges for the remainder of the school year and for such time thereafter as the District administration determines to be appropriate. The District will report any apparent violation of federal or state bylaws by a chaperone to the proper law enforcement agency.
