Attendance and Absence Procedures S-115-S

Expectations for Attendance

Attendance is essential for learning. By law, all children must attend school from the age of 7 until the age of 17. Parents/guardians are accountable for the attendance of their child. The District will inform parents/guardians of their student's absence and support families when attendance becomes a concern. It is the responsibility of the student to make up work due to an absence. Students who wish to participate in school-sponsored activities must attend school for at least half (50% of in-session minutes) of the school day on which the activity occurs, unless the student has an appointment or event that is unavoidable or the building principal has pre-approved the absence based upon special circumstances. A student must be in attendance for at least half (50% of in-session minutes) of the school day preceding the activity on a non-school day. For example, a student must attend half a school day on Friday to participate in an activity on Monday. **In order to receive credit for courses at Sturgeon High School, a student may not miss more than 8 days of school per semester in any class period.**

Procedures for Reporting an Absence

When absence is unavoidable, the parents/guardians of the student should call the office at 573-687-4005 between 7:15 a.m. and 4:15 p.m. on the day of the absence. The school will contact parents who do not report a student's absence by the designated time. When a student is released early from school to a parent or guardian, it constitutes an absence. In general, prior notification is required when a student is dismissed early and the student must be checked out through the office.

No student will be allowed to leave school property during the instructional day without either parent or administrative consent. A student leaving school during the day must sign out in the office. The student must have his/her parents call or write a note indicating permission to sign out. Prior to departure, the student will obtain a permit to leave the building from the office. Students returning on the same day need to check back in at the office before returning to class. Students who return on a different day will need to obtain an admit slip before returning to class.

Allowable Days

The terms "excused" and "unexcused" are not used for attendance policy purposes. All absences will be counted towards the 8 allowable days, regardless of their nature. Parent-verified absences, doctor excuses, funerals, driver's license exams, court appearances, and truancy will all be counted the same towards the 8 days. However, absences excused or allowed by law will not ultimately be counted against the 8 days. Documentation of doctors' office visits, funerals, and court appearances will still be collected and added to a student's file for the purpose of collecting information for the appeals committee.

Students arriving 25 minutes late to class will be considered absent. Days served in ACP will not be counted toward the total number of days missed.

© Copyright 2020 EdCounsel, LLC

The administration may request documentation to determine whether an absence is counted toward the 8 allowable days. It will not count against the 8 allowable days if it is due to:

- Illness of the student (doctor's notes with specific dates for absences)
- Medical appointments that cannot be scheduled outside the school day (doctor's notes with specific dates for absences)
- Serious illness or death of a family member (funeral program handed out at the funeral)
- Religious observances (list of observances provided ahead of time)
- School-sponsored activities (e.g., field trips, athletics, competitions, etc.)
- Court appearances or other legal situations beyond the control of the family (court orders or subpoenas requiring attendance of student with dates and times)
- Emergency situations as approved by the principal
- Visits from a parent or guardian on active military duty who is on leave from, will be immediately deployed, or immediately returned with notification and approval of the principal (letters)
- An absence which has been requested and approved in advance by the principal due to exceptional circumstances. In these situations, make-up work should be requested in advance of the absence and any tests, projects, or in-class assignments will be made up at the direction of the teacher.

If a student goes beyond the 8 allowable absences in a semester, he or she will be subject to loss of credit in any class period that violates the attendance policy. When this occurs, students can appeal to the attendance committee to have his or her credits issued. The attendance committee will be made up of the building principal, the counselor, and three teachers. The committee will meet at the end of each semester to allow any student due process in the attendance policy process. After the student has had the opportunity to state his or her appeal, the committee will vote to decide to issue the credits being appealed, to issue the credits with a committee recommended make-up plan, or to uphold the decision that the student is unable to earn credit.

Late Arrival/Tardiness

A late arrival or tardy occurs when a student arrives after the expected class period has begun, as determined by the District. The District will count tardiness as an absence after 25 minutes. Extensive tardies will be handled in the following manner (per semester):

- 3rd tardy – An effort will be made by the administration to communicate with the student and his/her parents after the third tardy. This is a courtesy to the student to warn them that the 4th tardy will be a principal's detention.
- 4th tardy – A principal's detention
- 5th and subsequent tardies – One day of ACP

Truancy

© Copyright 2020 EdCounsel, LLC

Truancy is when the student is absent from school without permission of the parents/guardians or school official. Truancy includes, but is not limited to, skipped classes, falsely informing the school about the reason(s) for the absence, or absences that have not been pre-arranged and pre-approved. The District may assign disciplinary measures for truancy. Students who are truant are encouraged to make-up the work to aid learning. The timelines for turning in make-up work and any impact on grading will be according to the guidelines of the building and at the direction of the teacher.

If students have the opportunity to make up their time,time should be made up during Learning Recovery. Sturgeon uses minutes to count attendance, any amount of time not made up after the allowable 8 days (3,648 minutes, 456 minutes a day) will count against their semester grade using the following formula.
1 minute is equal to 0.01% grade to be deducted from final semester grade.

Ex: If a Student misses 9 days (4,104 minutes) without making up time. They will be 456 minutes over the allowable. 456 x 0.01 is 4.56. 4.56% will be deducted at semester.

Student grades cannot fall below 60% due to attendance deduction.

If a student misses more than 8 days per semester they will be put on probation and will not be allowed to attend extra-curricular activities, until time is made up. This will carry over to subsequent semesters.

The decisions of the attendance policy committee may be appealed to the superintendent of Sturgeon R-V Schools.

Attendance concern emails will be sent after the following number of absences/tardies: 3 (95%) days, 6 (90%) days, and 8(85%) days. Excessive absences can result in notification to law enforce and Child Protective Services. Per DESE guidelines, students who miss 15 consecutive school days without contact will be unenrolled as well as reported to DFS.

Learning Recovery Options
Based on the recommendations of the attendance committee, students may have the following attendance recovery options.

- Students have the option to attend attendance recovery after school or on Mondays/Saturdays.
- Students are expected to follow the expectation set forth by attendance recovery monitors.
- Recovery hours may not be done in advance or carried over to another semester.

Test, Make-up Homework, and Late Work Policy

© Copyright 2020 EdCounsel, LLC

A student will be given one day to complete make-up work for each day absent. For example, if a student is gone two days, the assignment from the first absence will be due on the day after returning and the second assignment from the second day will be due two days after returning. All assignments must be turned in by 7:45 am upon return.

Long term projects may be exceptions to this rule with the due date being determined by the teacher. The student is responsible for communicating with teachers in regard to these due dates. Should an extenuating circumstance arise, special provisions may be considered by the principal/teacher. When missing school for a school-sponsored activity, students are responsible for getting assignments ahead of time and have work completed when they return to class. Students are responsible for all missed assignments due to absence. At a parent's request, homework will be gathered. Please allow sufficient time to gather a student's homework.

Late Work Policy (based on grade earned) Assignments to be turned in by 7:45 am to be counted.

1 day late - 90% maximum	2 days late - 80% maximum	3 Days late - 70% maximum	4 days late - no credit

Dress Code S-180-S

The purpose of a dress code is to contribute to a safe, healthy environment that protects students and maintains a focus on learning. The dress code included in this handbook provides guidance to students and parents as to what constitutes appropriate attire for school and school activities. District administrators have the discretion to determine whether a garment or manner of dress not specifically described below is appropriate attire for school and school activities and/or causes a disruption to the educational environment. Administrators have the authority to take action to address dress code matters as they arise. The following District guidelines should be observed:

Dress Code Expectations and Prohibitions

Shirts and shoes must be worn. Clothing should be properly fitted (not overly restrictive or loose). Coverage of the body is expected. Therefore, the following garments are not permitted:

1. House shoes or slippers;
2. See-through garments;
3. Tops that are backless, strapless, low-cut, bare-midriff, have overly-large arm openings; or spaghetti straps;
4. Clothing that does not cover undergarments when a student is sitting or standing;
5. Undergarments worn as outer wear;
6. Clothing with profane, obscene, or otherwise inappropriate language;
7. Clothing with words, symbols or images that promote illegal, sexual, or violent behavior;

© Copyright 2020 EdCounsel, LLC

8. Clothing with advertisements or promotion of alcohol, tobacco, or drugs;
9. Language or symbols that promote gangs;
10. Hats and hoods (hooded sweatshirts worn up);
11. Sunglasses;
12. Face paint;
13. Overly-dramatic make-up;
14. Other wear that restricts the line of sight of a student's face and/or facial recognition may not be worn (although exceptions will be made by the principal for head coverings that have religious significance, are worn for medical reasons, or are for a specific, school-sponsored event);
15. Blankets carried or worn as coats or wraps while in the building;
16. Heavy or loose chains, or straps that create a safety risk;
17. Articles of clothing that cause excessive maintenance problems (such as cleats or boots, shoes that scratch floors, and trousers with metal rivets that scratch furniture) are unacceptable.

Additional Dress Code Information
Courses and/or class activities that require observance of specific safety requirements may require adjustments of a student's clothing, accessories, or hair style for the duration of the class (e.g., hair pulled back and/or hair nets for culinary classes or other safety wear, etc.). Other dress code requirements may be articulated for students participating in certain extracurricular activities.

Violations of the District dress code will be addressed with remedial actions and/or consequences.

If a student is required to change the outfit they have on they may either have their parents bring in a change of clothes or wear clothes that the office will supply for them to borrow for the day. If the slogan on a shirt is not school appropriate a student may be asked to wear the shirt reversed (inside out).

Anyone who violates any of these rules could be asked to leave school and not return until he/she can meet the standards set forth.

Food Service Program F-285-S
Balanced and nutritious meals are available to every student in the Sturgeon R-V School District. Meals are served twice during the school day.

Breakfast
Breakfast is available to high school students at 7:15 a.m.

Lunch

© Copyright 2020 EdCounsel, LLC

Lunch is served each day according to a published schedule for elementary, middle and high school students respectively.

Menus are posted one month in advance. Menus are available in the main office and can be viewed on the Sturgeon web page.

School lunch prices are as follows:
Breakfast Lunch
1. K-8 $1.75 $2.70
2. 9-12 $1.80 $3.00
3. Adult $2.35 $4.20
4. Extra Milk $0.45 $0.45
5. Snack Bar (High School) N/A TBA

School policy states that lunches must be paid for in advance. It is preferred that lunches be paid for in weekly, biweekly or monthly installments. If students intend to pay for their lunches in cash, they should deliver exact change. If a student's lunch account balances fall behind $25.00 or more and the student wishes to eat a lunch provided by the school, the student will be served an alternative meal, and not charged, until the account balance has been paid. Statements are sent to all students on the 1st and 15th of each month. The Principal will send letters and/or call the parents regarding the debt and to work on a plan moving forward.

Free and Reduced Lunch Application
Lunches are available on a free or reduced price basis for students of families who qualify. To secure the proper paperwork, please see the administrative assistant to the appropriate grade-level principal. If a student does not qualify for free or reduced lunch prices and his/her family's financial status changes during the school year, the family can reapply or apply for the first time at any time throughout the school year.

Adult Visitors for Lunch
Sturgeon is a closed campus. Students are expected to remain in the commons during the assigned lunch period. Students are not permitted to sign out for lunch. Due to potential disruption to the educational environment, there will be no guests allowed during the lunch break. Parents/guardians who call ahead of time may be granted an exception to this rule.

No student will be allowed to purchase a carbonated or caffeinated beverage at the school at any time during the school day.

By using a check for payment of lunch, you agree to the following terms: In the event that your check is dishonored or returned for any reason, you authorize us to electronically (or by paper draft) re-present the check to your bank account for collection of the amount of the check, plus any applicable fees as permitted by state law.

© Copyright 2020 EdCounsel, LLC

Food and beverage machines may be used before and after school. All food and beverages are to be kept in the commons area (with the exception of water). Glass bottles, cups, open food items, and snacks are not allowed in classrooms, halls, or lockers. Students who bring their lunch to school are to leave it in their locker until lunch period.

Allergy Prevention and Response S-145-S

The District is required to ensure students with allergies are safe at school through planned prevention and response to a student's allergic reaction. For purposes of District policy and related procedures, an allergic reaction occurs when the immune system overreacts to a typically harmless substance and may be mild to life-threatening. Allergy prevention and response protocols apply to all school locations, including nonacademic, school-sponsored activities and transportation provided by the District. The Board authorizes the Superintendent or designee to develop and implement procedures to protect the health and well-being of students with significant allergies.

Building-Wide and Classroom Approaches

Any food brought for class parties must be store bought and in the original packaging.

Parents/guardians should provide, at the time of enrollment, information on any allergies the student may have. The school nurse may request written permission from the parents/guardians to communicate with a student's health care provider as needed. Staff members are trained annually on risk reduction strategies, symptom recognition, and response procedures. The school nurse has an emergency kit available and accessible in all school buildings containing prefilled auto syringes of epinephrine, Narcan, and asthma-related medications as allowed by District rules. If you do not want these medications administered to your student in an emergency, please notify the school nurse in writing.

If your child has experienced an allergic reaction to a food, insect bite or sting, etc. and has required epinephrine, or has an epi-pen at home, please provide an epi-pen for the school should an emergency occur.

The nurse will need an Allergy Action Plan on file for all students with severe allergies. This plan is your doctor's orders for your child should he or she experience symptoms. You will be asked to discuss the plan with the nurse and sign it, thus providing the school with permission to follow the orders given by the physician. The plan should be signed by both the parent and the school nurse. Allergy action Plans are available in the nurse's office and will be sent to your child's physician once you contact the nurse. The Allergy Action Plan must be updated each school year. Each student with ANY ALLERGY will need to provide documentation from their doctor to the school. FOOD ALLERGIES will need to be turned in for documentation and protection of the student.

© Copyright 2020 EdCounsel, LLC

Inhalers are the only medication that may be carried by students and we encourage any student that requires an inhaler to carry it once the proper documentation has been received. An Asthma Action Plan includes the documentation that is required by the State of Missouri. We also encourage you to bring a backup inhaler to be kept in the health room should your child misplace an inhaler and need it.

The nurse will need an Asthma Action Plan on file for all students with asthma. This plan is your doctor's orders for your child should he or she experience symptoms. You will be asked to discuss the plan with the nurse and sign it, thus providing the school with permission to follow the orders given by the physician. The plan should be signed by both the parent and the school nurse. Asthma Action Plans are available in the nurse's office and will be sent to your child's physician once you contact the nurse. The Asthma Action Plan must be updated each school year.

The District will provide age-appropriate education for students, consistent with state learning standards, including potential causes of allergic reactions, information on avoiding allergens, symptoms of allergic reactions, and simple steps a student can take to keep classmates safe.

All processed foods, including food sold in vending machines, are labeled with a complete list of ingredients on each individual package. Ingredient lists will be created for all food provided through the District's nutrition program, including before- and after-school programs, which are available upon request. This also applies to items sold as part of concessions, fundraisers, and classroom activities.

Individual Approaches
The District will evaluate and determine whether a student's allergies rise to the level of a disability that requires accommodations through the provisions of an Individual Education Plan (IEP) or Section 504 Plan (504). For those students who have allergies that do not rise to the level of disability, a designated team may develop an Individual Health Plan (IHP) and/or Emergency Action Plan (EAP). Staff who have a need to know about a student's allergies and plan will be informed and trained, and all staff members will follow any IEP, 504 Plan, IHP, and/or EAP.

A student's health information and individualized plan will be kept confidential and not shared with those who do not have a need to know unless authorized by the parent/guardian or as allowed by the Family Educational Rights and Privacy Act (FERPA). The District will communicate and collaborate at least annually with parents/guardians regarding the student's allergies, medications,

© Copyright 2020 EdCounsel, LLC

restrictions/precautions, emergency contacts and any other relevant information to keep the student safe.

Health Services S-215-S
Health services are provided under the direction of a school nurse and a full-time nurse's aide. The school nurse for your student's building may provide services in other buildings as well. Although the nurse may be not physically present at all times in a specific building, the nurse is always on call and there are trained employees in the building to provide first aid, dispense medication, and support the needs presented in the health office. Both schools are equipped with AED equipment (defibrillators).

Surgery - A post surgical plan will be presented per parents to the school after a student has surgery. This includes Dental, general and orthopedic procedures. The plan must be from a doctor and include dietary needs, toileting and activity level plans for the student affected. If lifting and transferring of the student is required, a plan from a Physical Therapist (PT) or doctor is required. If the use of transfer or toileting assistive devices will be needed the parents will provide these items with the parents also setting up an appointment and speaking with the school Nurse, Principal and teacher of the student prior to the students return to school. If any of these parts are NOT provided and the parents DO NOT meet with the staff the student WILL NOT return until all the above requirements are met.

If there is any change in the activity level of your student a NEW plan of care from the physician or surgeon is required. The note must contain activity level or limitations your student may still have. Also, assistive devices that will still need to be used. The school wants what is best for your student to remain safe and to have a collaboration with the Physician working with your child. Optimum health for a successful and fun school year is what we hope to achieve in this process by keeping your student safe and on the right path for healing.

Dental - If your student has dental surgery, a plan of care must be presented to the Nurse regarding the post surgical care. Will they be required to perform routine dental care? Are they only allowed certain foods or consistencies of these foods? Do they need to be soft, pureed or on a liquid diet? If so, the school needs to know so the kitchen staff may be alerted. Also are they on a medication regime and if so, what is the Name, dose and frequency to take the medication and the last time the student had pain medication or antibiotics? Again, the Name, dosage and frequency will need to be included per a doctor's order. The medication label on the pill bottle will qualify as a prescription from the doctor.

Illnesses/Injuries
Students will be sent home with a temperature of 100.4 degrees or higher. Students may return to school after being fever free for 24 hours without medication, vomiting, or diarrhea.

If a student has a suspected or known injury, parents are contacted.

© Copyright 2020 EdCounsel, LLC

Please be sure to remember that our General Information Sheets are used to contact you in an emergency and should be updated if your address, telephone numbers or employment changes during the year.

Head Lice
Head lice are also considered to be a communicable disease. Head lice are transmitted from person to person through direct contact with the hair, coats, bedding clothing, furniture and car seats. They do not jump or fly. Please encourage your child not to share brushes, combs, hair accessories and hats. Students are checked for head lice if the student is suspected of having head lice or may have been exposed to head lice at school. We encourage you to check your child weekly, especially during the winter months when coats and hats are worn regularly.

Information about head lice and their treatment can be requested from our school nurse. Should you experience difficulty after treating your family, consultation is available from local health departments. Please let the school nurse know if recurrence is a problem so we can work together to resolve the problem.

If your student has been diagnosed with Head Lice as long as they are treated they may return to school IF the amount of Lice or Nits is less than before the treatment was administered. If your student has nits they are allowed to attend school and if found on them at school they will not be sent home.

Students found with live lice will be sent home until there are no live lice present. If your student(s) are found to have nits they will be allowed to stay but the next day will be checked and if the hair contains live lice or the same or an increase in the amount of nits. The student affected will be sent home again.

It is important for you to know that should your child be continuously infested with head lice during the year, it is school policy to notify the Division of Family Services.

Health Screenings
The District may conduct health screenings throughout the year. Additional information will be distributed later in the year.

If you have any questions, please contact the High School by calling (573) 687-4005

<u>Administration of Medication S-135-S</u>
All medication is kept in the health office and no medication will be dispensed without written parental permission, including over-the-counter medication. Many medications can be given at home before or after school. When this is not possible, medication

© Copyright 2020 EdCounsel, LLC

should be brought directly to the health office and must be accompanied by the following information:

Non-Prescription Medication – A written note from the parent/guardian with the student's name, reason for the medication, the time the medication is to be given, the dosage prescribed, and the number of days the medication is to be administered at school. These medications include, but are not limited to, allergy medication, decongestants, cough syrup, ibuprofen (Advil), acetaminophen (Tylenol), cough drops, or others. If the parent/guardian is providing the over-the-counter medication, it must be delivered to the school nurse or designee in the manufacturer-labeled container. If the medication is not in the manufacturer-labeled container, it will not be administered to the student. Over-the-counter medications will only be administered in accordance with the manufacturer's label. Parents will be notified when their student comes to the Health Office more than 5 times in a month for non-prescription medication.

Self Administration: Students may bring TWO (2) doses of non-prescription medication with them in the High School if the student is allowed to self-carry and self-administer.

Prescription Medication – Prescription medication must be sent to school in the original prescription container.
Before being administered, a parent/guardian must provide the nurse with the following:

1. The medication in its original, pharmacy-labeled container. The label must contain the student's name, name of the medication, dosage, frequency of administration, route of administration, diagnosis, and the prescriber's name. Send the medication bottle with the ***most current*** pharmacy label. This is important since orders may change and without the most recent label, the medication could be administered incorrectly. ***Always send the newest bottle***.
2. ***Written request from the student's authorized prescriber*** that the student be given the medication during school hours. The request must state the student's name, name of the medication, dosage, frequency of administration, route of administration, the diagnosis/indication for use, and the prescriber's name. When possible, the prescriber should state adverse effects and applicable emergency instructions. ***Written request from the parent/guardian*** that the District comply with the prescriber's order to give the medication.

If the doctor has given samples of medication, then a written note from the physician is necessary and should include the name of the student, the medication, and the dosage prescribed. The nurse may need to clarify prescription orders with the provider.

© Copyright 2020 EdCounsel, LLC

When your student is low on daily medication, you will be notified. Please help us keep track of the number of doses needed and bring additional medication as needed.

Any and all medications must be hand-delivered by a parent or guardian to the school nurse.

When a student has a health condition which needs accommodation or may necessitate emergency care, it is important that the school nurse be informed. Examples of a health condition that would need to be shared with the school nurse include severe allergies, asthma, diabetes, hearing loss, seizure disorder, etc. This would include situations when a physician recommends a student assume responsibility for self-medication. The nurse may request a release of information from the student's health care provider and the information may be shared with necessary District staff members on a need-to-know basis. Please contact the school nurse.

Communicable Diseases F-245-S

Parents/guardians must notify the District if their student has a communicable disease. Parents/guardians will be required to provide written approval from the student's treating physician in order for their student to attend school. The District reserves the right to prevent student attendance until clarification or implementation of precautionary measures are in place. Parents/guardians are required to notify the District if they are enrolling or have a student attending school who is HIV positive.

Medical information of students is highly confidential, and the District will take necessary steps to protect the medical information of students and ensure that such information is released only to those with a need-to-know and/or individuals and entities who are required by law to be notified of certain health and medical information.

Students with a communicable disease who exhibit behaviors that increase the chances of their condition being spread to other individuals, may be subject to discipline/ remedial action in accordance with the discipline code, and state and federal law.

Immunizations and Vaccinations

It is unlawful for any student to attend school unless the student has been immunized according to Missouri School Immunization Law or unless a signed statement of medical or religious exemption is on file at the school, which is described in all enrollment information. Parents/guardians should bring immunization records at the time of enrollment and obtain additional immunizations as required by state law.

Student Insurance S-140-S

The District recommends student accident insurance for the protection of a student and parents/guardians. It is the responsibility of the parents/guardians to arrange insurance coverage as the District does not assume financial responsibility for student injuries.

© Copyright 2020 EdCounsel, LLC

Students participating in interscholastic athletics are required to have insurance coverage. This may be in the form of either family coverage or the coverage offered through the District. Missouri State High School Activities Association (MSHSAA), requires that a student be covered through insurance before being allowed to practice or compete for a school team. The student will not be allowed to participate in interscholastic practices or competitions until proof of insurance is provided.

The District also provides information about MO HealthNet for Kids (MHK), Missouri's Medicaid program, to qualifying families who enroll students in the District. Parents who complete an application for free and reduced-priced meals (FRL), and who indicate on the application form a child does not have insurance, will be notified by the District that the MHK program is available. Forms for MHK may be accessed at: https://dssmanuals.mo.gov/wp-content/uploads/2020/09/IM-1SSL-Fillable-Secured-6-24-21.pdf.

Student Records S-125-S

Access to and Release of Student Information

All parents/guardians may inspect and review their student's education records, seek amendments, consent to disclosures except to the extent the law authorizes disclosure without consent, and file complaints regarding the records as allowed by law. Requests to inspect or review education records may be directed to the District's Custodian of Records. Requests to amend education records may be directed to the District's Custodian of Records to obtain the proper form. If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

The parents'/guardians' rights relating to the education records transfer to the student once the student becomes an eligible student; however, parents/guardians maintain some rights to inspect student records even after a student turns 18. The District allows access to records to either parent, regardless of divorce, custody or visitation rights, unless the District is provided with legal documents that the parent's rights to inspect records have been modified.

Directory Information

Directory information is information about a student that generally is not considered harmful or an invasion of privacy if disclosed without the consent of a parent or eligible student. The District will designate the types of information included in directory information and may release this information without obtaining consent from a parent or eligible student unless a parent or eligible student notifies the District in writing. Parents and eligible students will be notified annually of the information the District has designated as directory information and the process for notifying the District if they do not want the information released. Even if parents or eligible students notify the District in writing that they do not want directory information disclosed, the District may still

© Copyright 2020 EdCounsel, LLC

disclose the information if required or allowed by law. For example, the District may require students to disclose their names, District email addresses in classes in which they are enrolled, or students may be required to wear or display a student identification card that exhibits information designated as directory information. If you do not want the District to disclose any or all of the types of information designated below as directory information from your child's education records without your prior written consent (with exception of disclosures required by law), you must notify the District in writing by September 1st of each school year or within 10 days of enrollment for new students.

The District designates the following items as directory information:

> *General Directory Information*: The following personally identifiable information about a student may be disclosed by the District without first obtaining written consent from a parent or eligible student: Student's name; ; date and place of birth; parents' names; grade level; enrollment status (e.g., full-time or part-time); participation in District-sponsored or District-recognized activities and sports; weight and height of members of athletic teams; athletic performance data; dates of attendance; major field of study; degrees, honors and awards received; artwork or course work displayed by the District; schools or school Districts previously attended; and photographs, videotapes, digital images and recorded sound unless such records would be considered harmful or an invasion of privacy.
>
> *Limited Directory Information*: In addition to general directory information, a student's address, telephone number and email address; and the parents' addresses, telephone numbers and email addresses may be disclosed to: school officials with a legitimate educational interest; parent groups or booster clubs that are recognized by the Board and are created solely to work with the District, its staff, students and parents and to raise funds for District activities; parents of other students enrolled in the same school as the student whose information is released; students enrolled in the same school as the student whose information is released; governmental entities including, but not limited to, law enforcement, the juvenile office and the Children's Division (CD) of the Department of Social Services.

School Officials with a Legitimate Educational Interest
One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests.

A school official includes a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a Board Member. A school official also may include a volunteer, contractor, or consultant who, while not employed by the school, performs

an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks.

A school official typically has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Release of Records to Other Agencies or Institutions
The District forwards education records to officials of another school, school system, or institution of postsecondary education where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer, subject to the requirements under the law.

Military and Higher Education Access
The District will disclose the names, addresses and telephone numbers of secondary school students to military recruiters or institutions of higher education as required by law. However, if a parent or a secondary school student who is at least 18 submits a written request, the District will not release the information without first obtaining written consent from the parent of the student/eligible student.

Release
Parents or guardians may designate additional adult(s) to have access to their student's records by requesting a Family Educational Rights and Privacy Act (FERPA) release form from the front office.

Notice
Parents/Guardians and/or eligible students have the right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education

Visitor Procedures C-155-S

Visitors to the school, including parents of attending students, need to report to the appropriate grade-level principal's office upon their arrival. No one will be allowed to enter the hallways or classrooms without permission from the office. If you need to pick up your child before the end of the school day, come to the office and your child will be called to the office. Please keep in mind that each teacher maintains a conference period during the course of his or her day. If any visitor wishes to talk with a teacher, pre-arrangements should be made so as not to interrupt the ongoing instructional process and to ensure the teacher is available for conferencing. The Board of Education and administration will not tolerate any person whose presence disturbs classes or school activities or hinders the instructional process. If such persons will not leave the school premises upon request, the building principal or designee may refer charges to the proper legal authorities.

Since classroom observations and visits can be disruptive, the District does not permit parents/guardians or other family members to visit classrooms during instructional time for the purpose of observing students unless the principal has pre-approved the visit.

Transportation Services F-260-S

The Sturgeon R-V School District provides transportation to and from school for all qualified students. A qualified student is one who lives more than one-mile away from the school building. The District also provides transportation to and from any school-sponsored activity.

Students who are not Safe, Respectful, and Responsible will lose their right to ride the bus. To this end, conduct on a school bus should mirror that of the classroom. (Please refer to Bus Misconduct in the section addressing Student Discipline.) In addition, each school bus is equipped with video recording devices that may be used to monitor students' behavior at any time during the school year.

Bus assignments are made according to where in the three county district the student lives. At the time of student registration, a bus number and approximate pick-up time will be given. The Sturgeon R-V School District will provide shuttle transportation between the K-8 and High School buildings daily.

© Copyright 2020 EdCounsel, LLC

Due to safety concerns and numbers of riders on the buses, students may not ride another bus to a location that is not assigned to them. Please keep this in mind when planning after school parties/get-togethers. In the event a change in bus transportation is necessary, the office will issue a "Bus Pass" for the student. Only students with a bus pass will be allowed to vary from their normal bus transportation routines.

Currently, the Director of Operations is Mr. Jeff Carr. Any questions or concerns involving transportation issues should be addressed through the Elementary/Middle School office: (573) 687-3519 or (573) 687-2155.

Parents needing to change after school transportation arrangements for their students need to contact the office no later than 1:00 p.m. to change them.

© Copyright 2020 EdCounsel, LLC

Accumulation of 12 points will result in a 10 – 20 day loss of riding privileges.
Accumulation of 16 points will result in a minimum 30 day loss of riding privileges.
Accumulation of 20 points will result in a loss of riding privileges for the remaining school year.

Students will be able to delete 1 point for each 30 days of good behavior without bus conduct reports of any kind starting from the date of the most recent infraction. The baseline of the point system is zero. For better communication, minor violations may receive a "Warning Notice" with no point assessment.
Any infraction of district policies may result in disciplinary action. Any action determined to be life threatening or putting lives in danger, will be automatically considered serious, and immediate consideration of a 5 to 180 day suspension will occur.

<u>Student Discipline S-170-S</u>
Student Code of Conduct
The District believes students deserve the right to participate and learn in a safe environment which allows teachers to focus on instruction that accelerates achievement. To ensure that school is a quality atmosphere for all students at all times, the code of conduct and discipline policies outline consequences for misconduct that occurs at

school, during a school activity whether on- or off-campus, on District transportation, or misconduct that involves the use of District technology. All District personnel are responsible to supervise and hold students accountable for violations of discipline rules.

Failure to obey standards of conduct may result in, yet is not limited to, verbal warning, community service, confiscation of property, principal/student conference, parent contact, loss of credit, grade reduction, course failure, removal from extracurricular activities, revocation of privileges including transportation, parking and technology privileges, detention, in- or out-of-school suspension, expulsion, and report to law enforcement. For offenses involving academic integrity, the student may also be subject to a loss of credit for work, a grade reduction, and/or course failure. The Board authorizes the immediate removal of a student who poses a threat to self or others as determined by the principal, Superintendent, or the Board.

Any student who is suspended for any serious violation of the District's Student Discipline policy shall not be allowed while suspended to be within 1,000 feet of any school property or any activity of the District, regardless of where the activity takes place, unless:

1. Such student is under the direct supervision of the student's parent, legal guardian, or custodian and the Superintendent or the Superintendent's designee has authorized the student to be on school property;
2. Such student is under the direct supervision of another adult designated by the student's parent, legal guardian, or custodian, in advance, in writing, to the principal of the school which suspended the student and the Superintendent or the Superintendent's designee has authorized the student to be on school property;
3. Such student is enrolled in and attending an alternative school that is located within one thousand feet of a public school in the District where such student attended school; or
4. Such student resides within one thousand feet of any public school in the District where such student attended school in which case such student may be on the property of his or her residence without direct adult supervision.

If a student engages in an act of violence, a school administrator will report the information to teachers and other District employees who are responsible for the student's education or otherwise interact with the student on a professional basis while acting within the scope of their assigned duties. Additionally, school administrators will report to the appropriate law enforcement agencies any crimes as required by law.

Corporal punishment shall only be used as a method of discipline with the notification to and written permission of a parent/guardian, when other disciplinary methods have failed to improve student behavior and self-control, and when the District administration believes it will assist in maintaining an atmosphere where orderly learning is possible and encouraged. Corporal punishment shall only be administered by

a building administrator and only in the presence of at least one other adult employed by the District.

Reasonable force may be used, when necessary, for the protection of a student or others and property. The District limits the use of seclusion or restraint to situations or conditions in which there is imminent danger of physical harm to self or others.

Students with disabilities will be disciplined in compliance with state and federal laws per the Individuals with Disabilities Act (IDEA), Section 504 of the Rehabilitation Plan, and any regulations and state and local compliance plans, which includes due process rights as afforded to all students. Additionally, a student's Individual Education Plan (IEP), including any portion that is related to past or potentially future violent behavior, will be provided to appropriate staff members with a need to know.

Information regarding a student's misconduct and discipline is confidential and only shared with those who have a need to know. Teachers and other authorized District personnel shall not be civilly liable when acting in conformity with District policies, including the discipline policy, or when reporting acts of school violence to a supervisor or other person as mandated by law.

The District discipline policy and procedures will be provided to every student at the beginning of each year, be published on the District website, and made available in the office of the Superintendent during normal business hours.

This code applies to all misbehavior committed by a student on District property, at any school-sponsored activity or event whether on- or off-campus, and District transportation. Additionally, the District may use its authority to address behavior that occurs off-campus if it interferes with the operation of the school or endangers the safety of students or staff.

Standards of Conduct and Consequences
No document can identify every possible offense that could potentially result in disciplinary action. This code identifies most offenses constituting a failure to obey the standards of conduct set by the Board. However, when circumstances warrant, the principal, Superintendent, and/or Board may impose consequences for misconduct not specifically outlined in this document.

Complaints or Concerns C-120-S
Effective communication helps avoid and resolve many complaints, concerns, misunderstandings and disagreements. Individuals who have a complaint or concern should discuss their concerns with the school personnel involved in the issue at hand in an effort to resolve problems. This step will usually involve communicating directly with the person or persons with whom the complainant has a concern. This step may be skipped when the complainant in good faith believes that speaking directly to the person would subject the complainant to discrimination, harassment or retaliation.

This step may also be skipped if the complainant in good faith believes that any law or a District policy or written rule has been violated. The District has adopted specific procedures for investigation and resolution for complaints or concerns as required by specific and varying laws that are applicable to the District. The District's Compliance Officer should be contacted with any complaints or concerns that any law or District written rule has been violated, including but not limited to, laws relating to: civil rights, including discrimination, harassment, and retaliation; special education matters including the IEP and 504 processes and services; federal programs and related services; bullying; and The Family Educational Rights and Privacy Act, including student records and confidentiality.

When communicating directly with the school personnel involved in the issue does not resolve matters satisfactorily, or if it is appropriate to skip the first step as described above, a complainant should consult with the District's Compliance Officer who will direct the complainant to the appropriate process for resolution of the complaint. The District designates the following individual to act as the District's Compliance Officer:

Email Address: jcarr@sturgeon.k12.mo.us

All complaints of violation of any law or a District policy or written rule will be promptly investigated by the District, and appropriate action will be taken. Complainants are strongly encouraged to provide their concerns in writing.

The actions of this policy relate solely to limiting the opportunity of any student in violation of this policy to participate in extracurricular or co-curricular activities. There will be no suspension from school for violation of this policy, except when the district's discipline policy is also violated. Students will be subject to the penalties of the discipline policy and this policy as appropriate.

2. DEFINITIONS

A. "Activities" include any school sponsored activity in the following three categories: Missouri State High School Association (MSHSAA) sanctioned activities, competitive activities, and non-competitive activities. The activities, by categories, are as follows:

B. MSHSAA Activities: athletics, band, choir, speech and debate, cheerleading, dance, and academic competition.

C. Co-curricular activities: Activities that students participate in outside of the classroom as a result of being enrolled in a school offered class.

D. Extracurricular activities: Activities that take place outside the regular course of study in school.

E. "Participant" is any student in grades 6-12 who is involved in extracurricular or co-curricular activities as enumerated in Section 2.C and 2.D of this policy and is thereby eligible to be randomly selected for drug testing.

F. "Drug Test" means a scientifically substantiated method of test for the presence of illegal drugs as determined by a urine test.

G. "Illegal Drugs" mean any substance which a student may not sell, possess, use, distribute, or purchase under either federal or Missouri law, all prescription drugs obtained without authorization and all prescribed drugs or over-the-counter drugs being used in dosages, frequency or ways other than directed.

H. "Screening Test" is the initial urine test which will not be considered a basis as the final positive result.

I. "Non-negative" is a positive result to the initial screening test prior to confirmation by gas chromatography/mass spectrometry test.

J. "Positive" means a gas chromatography/mass spectrometry test result which is considered to demonstrate the presence of an illegal drug using the following minimum standards:

Amphetamine / Methamphetamine:	1000ng/ml
Cocaine:	300ng/ml
Opiates:	2000ng/ml
THC (marijuana):	15ng/ml

K. "Off-Season Participants" refers to those students who participated the previous year or current year in any activity but are not presently active in an activity.

L. "Adulterant/Adulteration" means any attempt to alter the outcome of a urine drug test by adding a substance to the sample, attempting to switch, or otherwise interfere with the detection of illicit or banned substance in the urine, or purposefully over hydrating oneself in an attempt to dilute the urine to decrease possible detection of illicit or banned substances.

3. PROCEDURES

Each participant in activities will receive copies of the Student Activities Drug-testing Policy and Student Activities Drug-testing Consent Form, which shall be read, signed, and dated by the student and parent(s)/guardian(s). Participants that are in grades 6-12 must submit the signed Student Activities Drug-testing Consent Form to the high school office prior to 3:00PM on the first Friday school is in session for the school year before the student will be allowed to continue or begin practice or participation in any extracurricular activity during the remainder of the school year.

Students in extracurricular groups to be tested include, but are not limited to the following: MSHSAA Activities, FBLA, Student Council, NAHS, NHS, and Drama Club.

Once a student has submitted a Student Activities Drug-testing Consent Form, the student's status in the program will continue until a new form is submitted requesting removal from the program. Each school year, students will be required to sign and submit the Student Activities Drug-testing Consent Form.

Any student removing his/her name from the drug-testing pool will be ineligible for activities for three hundred sixty five (365) Calendar days.

A. Participants will be assigned a number for identification. The drug testing company will randomly select students from grades 6-12 for testing. The principal will match the selected numbers to the master list of participants. Participants will be called for testing in the order listed until five have been identified as available for testing.

B. Participants will be required to provide urine samples as follows:

1. In-season and/or off season participants from grades 6-12 will be randomly selected to provide a urine sample.
2. Testing will occur during the school year only.
3. Any participant who is selected to provide a urine specimen and is unable to produce a sample within three (3) hours will be interpreted as producing a positive test.

© Copyright 2020 EdCounsel, LLC

C. Any drug test required by the District under the terms of this policy will be administered by or at the direction of a drug-testing company chosen by the District using scientifically validated toxicological methods. The drug-testing company will be required to provide the District detailed written specifications to assure chain of custody of the specimens, proper laboratory control and scientific testing.

D. Prior to being called by the test administrator, the student will be given an identification number by a school official. When called by the test administrator, the student will proceed to the testing site. The student will present the identification number to the test administrator, who will record that number on the test recording form. The test administrator will then ask the student to remove hats and outer garments (if any) and place the contents of the pocket on the testing table. The student will be allowed to return any non-containers to their person. The student will then be asked to select a collection cup and instructed to open the cup and dump the contents on the table. The test administrator will accompany the student to the restroom, where the student will be instructed to place the collection cup on the ledge or counter and then wash their hand. The test administrator will have placed blue dye into each toilet in the restroom and have taped off all but one sink, prior to the student testing or as the student is washing. When the student finishes drying their hands, the test administrator will then step out of restroom, or behind the restroom outer wall (if there are no outer doors to the restroom), until the student completes the void and comes out of the stall, and places the collection cup on a prearrange flat surface.

When the test administrator re-enters the restroom, he will take the collection cup and determine if there is sufficient specimen to test, that the specimen has an appropriate temperature, and that there is no foreign color or odor to the specimen (if any of the above take place, the test administrator will reject the specimen and collect a second specimen). If the specimen is acceptable for testing, the student will be asked again to wash their hands and then stand by the entrance of the restroom (keeping the specimen in their sight). The test administrator will then open a screening test device and place it in the specimen. When the test administrator completes the screening process, the student will be permitted to leave that area, unless the initial screen indicates the presence of a drug included on the school's testing agenda.

If the screening test indicates a non-negative screen the verification process will be implemented.

© Copyright 2020 EdCounsel, LLC

E. If a specimen is non-negative, then the test administrator will pour the specimen given by the student into a specimen vial(s). The test administrator will pour a minimum of 30 ml. into the first vial. If there is a sufficient amount of specimen, a second vial of at least 15 ml. will be poured up. The remaining specimen, if any, will be discarded and the test administrator will complete the chain of custody according to proper collection procedures. The specimen will then be shipped to a SAMSHA-certified laboratory for a second screening. If the second screening is non-negative, then a conformation analysis will be conducted using a gas chromatography/mass spectrometry (GC/MS). The results of the confirmation test will be released to the designated school official, who will then contact the parent(s)/ legal guardian(s) of the student, and the student, to arrange a meeting to review and discuss the test results. The parent/guardian will be asked to bring any medications the student is currently taking in order to determine if there is a legitimate medical reason to explain the presence of the non-negative drug in the student's specimen. On occasion, a negative sample will be sent to the lab for a spot check.

F. Each sample will be tested for adulterants. If an adulteration substance is found, the test will be considered positive.

G. Upon confirmation by a SAMSHA-certified laboratory of a non-negative specimen, the parents of the student will be asked to bring any prescription medications the student is currently taking to a meeting with a designated school official. The official will then verify with either the school nurse or the test administrator (or the administrators company representative) as to the validity of the medication producing the non-negative result. If the medication produces a legitimate medical reason for the presence of drugs, the results will be deemed as negative. If there is no legitimate or acceptable medical explanation, the non-negative result will remain. Proof of medication can be given through the presentation of a prescription bottle or through doctor verification.

H. The District will rely on the opinion of the medical review officer in determining whether the test result is positive.

I. Once a positive result is determined, the medical review officer will inform the principal of the positive result. The principal will inform the Athletic Director, the head coach/or sponsor, and the participant/parents.

J. Upon the suspension from activities based upon a positive drug test, the participant may appeal the medical review officer's decision to the principal. The principal will review evidence and provide their written decision to the participant and parent(s)/ guardian(s) within five (5) working days of the appeal.

© Copyright 2020 EdCounsel, LLC

K. The principal's decision may be appealed in writing to the Superintendent of Schools within five (5) working days. Within five working days of the receipt of the appeal, the superintendent will provide a written response to the appeal

L. Parent(s)/guardian(s) of students who tested negative in the initial screening will be contacted by personnel of the District within five (5) working days after testing.

2. VIOLATIONS

Any student who tests positive in a drug test under this policy shall be subject to the following restrictions:

For the first violation the student will receive a suspension of 30 calendar days from all extra-curricular activities, including performances, activities, and competitions held during this period. Student will also be drug tested monthly for the rest of the school year, or for a period of 6 school months, whichever is longer. This penalty will be reduced to 10 calendar days if the student successfully completes a school approved chemical awareness program, however, the monthly testing requirement will remain effective.

In-season Athlete/participant: Suspension will begin immediately for all offenses. If an activity ends prior to the completion of the 30 calendar days, the remaining days will be served during the student's next applicable activity, even if the remaining required days fall in a different school year.

Out-of-season Athlete/participant: Suspension will begin the first day of practice/meeting of the student's next applicable activity, even if the required days fall in a different school year.

Any participant who tested positive will be required to provide a negative drug test, within five school days, at the end of the initial suspension. The participant's inability to do so will be considered a second violation. Subsequent positive tests will be considered a second violation and a third violation.

A. For the second offense, a student will face a suspension of 365 calendar days, including suspension from all performance, activities or competitions and other extra-curricular activities during this period. To be allowed to participate again in any activities, the student must successfully complete a school approved alcohol and other drug abuse assessment and follow all recommendations from that assessment. The participant must provide a negative drug test at participant cost before regaining eligibility.

© Copyright 2020 EdCounsel, LLC

B. For the third offense, the participant will be permanently suspended from participation in all in-season or off season activities for the remainder of their school career.

These violations are cumulative in grades 6th-8th then reset at grade 9 and are cumulative for grades 9th-12th. These violations do not reset each school year.

3. REFUSAL TO SUBMIT TO DRUG ABUSE TEST

If a participant refuses to submit to a drug test authorized under this policy the participant will be considered to have had a positive test and will receive restrictions according to the offense. Any student who has a positive test and refuses to complete the required paperwork for the confirmation test will be treated as a refusal to submit to testing.

4. STUDENT DISCIPLINE POLICY

This student Activities Drug-testing Policy does not limit or otherwise affect Board policy, regulation or procedure regarding discipline for the sale, possession, use, distribution or purchase of drugs or alcohol when reasonable suspicion of such conduct arises out of circumstances other than the random testing conducted pursuant to the policy.

5. REASONABLE SUSPICION

An observation made by a school staff member concerning the appearance, actions or speech of a student shall constitute reasonable suspicion.

Any student wishing to participate in athletics or any other extra-curricular/co-curricular activities, or park on campus at Sturgeon High School will be subject to random drug testing. Parent consent forms must be signed and returned to the office within 10 days of the beginning of the school year.

If a student chooses not to turn in a signed drug consent form within 10 days, they will be ineligible for any athletics, field trips, or other extra-curricular/co-curricular activities. Please refer to the Sturgeon R-V Athletic/Extra-Curricular Handbook for details on the district's drug testing policy. (Extra-curricular activities include all school sponsored dances.)

<u>Weapons in School S-200-S</u>

The District strictly prohibits unauthorized possession or use of weapons on District property, at District-sponsored activities, either on- or off-campus, and District transportation. Weapons will be confiscated and reported to law enforcement authorities.

Examples of prohibited weapons may include, but are not limited to, blackjack, concealable firearm, explosive weapon, firearm, firearm silencer, gas gun, knife, machine gun, knuckles, projectile weapon, rifle, shotgun, spring gun, switchblade or any

knife, mace spray, or any other items customarily used, or which can be used, to inflict injury upon another person or property.

By law, a student who brings a weapon prohibited by law on school property will be expelled or suspended from school for not less than one calendar year and referred to law enforcement. The expulsion or suspension may be modified on a case-by-case basis upon the recommendation of the Superintendent to the Board. Other provisions of the discipline code related to the offense may be applied in addition to the consequences required by law. Students with disabilities who violate this policy will be reviewed under the provisions of the Individuals with Disabilities Act (IDEA) and/or Section 504 of the Rehabilitation Act.

Instruction

A+ Program S-130-S

A+ Program Description

The District is a proud participant of the Missouri A+ Program. As a designated school, the District graduates are eligible for the A+ designation, which qualifies them to receive A+ monies from the state to be used for tuition to any public community college or public vocational technical school in Missouri. Several four-year colleges and universities accept A+ credentials and funding as well. Some private, career/technical schools are also A+ eligible. In addition, more four- year institutions are offering incentives for students who meet the A+ criteria.

A+ Program Requirements

To participate in the A+ program, a student must meet all requirements. The student must be a U.S. citizen or permanent resident and have attended an A+ designated high school for two (2) consecutive years prior to graduation. The student must graduate with a non-weighted GPA of at least 2.5 on a 4.0 scale and have maintained at least a 95% attendance record in grades 9-12. In addition, the student must have performed 50 hours of unpaid mentoring and/or tutoring at a District school under District supervision coordinated through the A+ office. Up to 25% (12.5 hours) may include job shadowing prior to graduation. Good citizenship and the avoidance of unlawful use of alcohol and drugs is required. A score of proficient or advanced on the Algebra I end of course exam or a higher level DESE approved end-of-course mathematics exam must be achieved. Finally, the student must apply for non-payback scholarships by completing a FAFSA (free application for federal student aid) form.

More information about the A+ program may be accessed through the high school counselor, and/or the District A+ Coordinator, Lisa Gramke.

Assessment Program I-195-S

All students will participate in the required, statewide screening and assessment program or an alternative assessment as determined by a student's Individual Education Plan (IEP). The District will comply with all assessment requirements for students with disabilities. The District has a written assessment plan, which is updated and posted

annually on the District's website. The assessment plan is as follows: [*Will be inserted once Board-approved.*]

Teaching About Human Sexuality I-120-S
Students will be provided instruction regarding human sexuality that is appropriate for students' age and gender. Students in 6th grade through 12th grade will be provided training regarding sexual abuse that is trauma-informed and developmentally appropriate. District Policy provides information about the requirements related to content. Parents/guardians have the right to remove their student from any part of human sexuality instruction or sexual abuse training. All curriculum materials used in the District's human sexuality instruction and sexual abuse training are available for review prior to its use in instruction.

Teaching About Computer Science I-123-S
For students electing to use a computer science course for a math unit, please be aware some institutions of higher education may require four units of academic credit in math for college admission. If a student chooses to take a computer science course to fulfill a unit of academic credit in math, the parent/guardian who signs the Acknowledgement Form for this Student Parent Handbook acknowledges taking a computer science course to fulfill a unit of academic credit in math may have an adverse effect on college admission decisions for their student.

Students who transfer from another state or country or unaccredited private, public or home school and who are placed in the ninth grade will be required to meet all established graduation requirements. If a student is placed in the tenth grade or higher, the District will work with the student and the parents to develop a program of study that if successfully completed will result in graduation.

Alternate Methods of Securing High School Credit

1. The Sturgeon R-V School District recognizes units of credit obtained through accredited schools, including credits earned through correspondence courses or courses delivered primarily through electronic media, such as satellite video, cable video or computer-driven or online courses. For the purposes of this policy, an "accredited school" is a Missouri Course Access and Virtual School Program (MOCAP) provider; a private agency where students with disabilities are placed by a public school; or any school accredited by the Missouri Department of Elementary and Secondary Education (DESE), the North Central Association of Colleges and Schools (NCA), the Independent Schools Association of the Central States (ISACS) or the University of Missouri Committee on Accredited Schools Non-Public (CAS). If a school is located in another state or country, that school must be accredited by that state's or country's department of education, NCA, ISACS or the equivalent agencies.
2. Credit may be earned and counted toward meeting graduation requirements through college courses taken from accredited college programs based on college campuses. Credit will be granted as follows:
    - Three- of four-hour college course = ½ high school credit
    - Five-hour college course = 1 high school credit
3. Other off-campus programs could be considered on an individual basis determined by the Board of Education. The following criteria could be used to determine credit granted:
    - Number of program hours in direct instruction; 60 hours = ½ credit; 120 hours = 1 credit.
    - Was the student in attendance those hours?
    - Did he/she complete the program successfully?
    - Written recommendation from the instructor.
    - A journal documented in detail.
4. The district will waive one (1) unit of academic credit in communication arts, math, science or social studies, whichever is most appropriate, for students who successfully complete an eligible three-unit career/technical program.
5. Credits earned through homebound instruction may be counted toward graduation requirements.
6. Credit may be earned and counted toward meeting graduation requirements through summer school courses from accredited secondary school programs.
7. Students may earn credit for a subject that has been embedded into another subject-area course in accordance with guidelines established by DESE.

Students Eligible for Services under the IDEA

Students eligible for services under the Individuals with Disabilities Education Act (IDEA) who will have completed four years of high school at the end of a school year may participate in the graduation ceremony and all related activities of the student's graduating class if:

1. The student's Individualized Education Program (IEP) prescribes special education, transition planning, transition services or related services beyond the student's four years of high school, and

© Copyright 2020 EdCounsel, LLC

2. The student's IEP team determines the student is making progress toward the completion of the IEP and that participation in the graduation ceremony is appropriate.

The student and the student's parent/guardian will be provided written notice of this policy at the annual IEP meeting prior to or during the student's fourth year of high school.

The District assures that personally identifiable information collected, used, or maintained by the District for the purposes of identification, evaluation, placement or provision of FAPE of children with disabilities may be inspected and/or reviewed by their parents/guardians. Parents/guardians may request amendment to the educational record if the parent/guardian believes the record is inaccurate, misleading, or violates the privacy or other rights of their child. Parents have the right to file complaints with the U.S. Department of Education or the Missouri Department of Elementary and Secondary Education concerning alleged failures by the District to meet the requirements of the Family Educational Rights and Privacy Act (FERPA).

The District has developed a Local Compliance Plan for the implementation of State Regulations for the Individuals with Disabilities Education Act (IDEA). This plan contains the agency's policies and procedures regarding storage, disclosure to third parties, retention and destruction of personally identifiable information and the agency's assurances that services are provided in compliance with the General Education Provision Act (GEPA).

Alternative Methods of Instruction (AMI)

Alternative Methods of Instruction (AMI) may be utilized in circumstances of emergency or extended closure for the purpose of review and reinforcement of previously taught skills and/or the introduction of new concepts.

On days where AMI is assigned, families will be notified through the regular communication channels (phone call, text, email, social media) utilized by the District and their child's school. Electronic and/or web-based assignments and materials will be utilized for AMI and students will have access to District-provided devices and hotspots. When possible, hard copy assignments will be provided as requested.

Student attendance will be recorded on days when AMI is assigned and will be documented by the completion of assignments and/or online participation in activities and assignments. Educators will be available electronically during AMI days for guidance with instruction.

Vocational School

Sturgeon R-V School District has a partnership with Moberly Area Technical Center. Students wishing to enroll in vocational classes will attend MATC. If a student would like to attend another area vocational center, they will need to seek approval from administration of both Sturgeon High School and the vocational center they would like to attend. Tuition costs will be covered by the student. If possible, the district will provide transportation. If not possible, arrangements will be made with the student and their family to provide transportation to and from the vocational center. Based on scheduling and graduation requirements, requests to attend vocational centers other than MATC will be granted on a case by case basis.

Vocational/Technical Student Transportation

Students are expected to ride the bus to and from MATC. Students are not permitted to drive to the vocational school for any reason. Students are not able to transport other students to vocational school for any reason.

Moberly Area Technical Center

Students attending MATC must be enrolled in courses at Sturgeon High School 1st through 3rd hours. Exceptions may be made for students enrolled in morning college classes, students working morning hours (approved through part-time status requests) or for students enrolled in full day MATC programs. Students who fail classes at Sturgeon High School will not be allowed to attend MATC classes the following school year. Students who fail classes at MATC may not be allowed to attend MATC classes the following semester. Students attending MATC will be expected to attend on Mondays.

Embedded Credit at Moberly Area Technical Center

A student attending MATC may earn an embedded math or communication arts credit while attending MATC. The math credit earned can be used as one of the three required to graduate from SHS. The communication arts credit can be used as one of the four required to graduate from SHS, although it may not take the place of ELA I, II, or III. Students can earn either a full credit or partial credit as it is earned.

Alternative Center for Education Success (Alternative School in the Moberly School District)

Alternative Center for Education Success, an alternative school, is part of the Moberly School District. ACES allows students from area school districts to attend school in this alternative setting. Each year the Sturgeon School District reserves slots at ACES for Sturgeon High School students. The number of slots reserved depends on funding available and the tuition price set by the Moberly School District. Sturgeon students who are chosen to attend ACES have their tuition paid by the Sturgeon School District.

Students are chosen to attend ACES based on the following:

1. attendance – the student must attend school regularly – at least 90% attendance rate
2. credit standing – a student who is deficient in credits and has fallen a grade level or more behind
3. persistence towards graduation – the student must exhibit a desire to put forth the effort and work required to receive a high school diploma

Other factors may contribute to a student's placement at ACES, depending on each student's unique situation.

Staff members and parents may suggest that a student be considered for placement at ACES. The final decision to place a student at ACES is made by the high school principal and the guidance counselor.

Transportation is provided for Sturgeon students to and from ACES. Students graduating from ACES will receive a diploma from this school, not Sturgeon High School. An ACES diploma is a high school diploma.

General Guidelines for Students Attending ACES

Graduation

A student from Sturgeon High School who attends ACES will be able to participate in graduation activities at Sturgeon High School or at Moberly. ACES has a graduation ceremony. Students may go through graduation ceremonies at Sturgeon and/or at Moberly. Sturgeon students attending ACES who choose to graduate with Sturgeon High School students will be given a ACES diploma during the ceremony. ACES students are not eligible to receive a Sturgeon High School diploma.

- student must have an average semester attendance of 90%
- student must complete 3 units of credit during that semester

Students who do not meet both of these requirements may lose the privilege of attending ACES the following semester.

Technology F-265-S
Policy on Student Use of Electronic Personal Communications Devices

Technology Devices and Acceptable Use Policy
The District maintains an environment that promotes ethical and responsible conduct in all online network activities by employees and students. All authorized users are expected to acknowledge and comply with the rules and policies of technology usage and the District network.

Technology Devices
Chromebook Usage\Expectations
The focus of learning with the Chromebook or other device is to prepare students for their future, a world of digital technology and information. As we enter the twenty-first century, excellence in education requires that technology is seamlessly integrated throughout the educational program. Increasing access to technology is essential for the future, and the learning tool of these twenty-first century students at Sturgeon R-V is the Chromebook computer.

The procedures and information within this document apply to all Electronic Devices used in the Sturgeon R-V District, including any other device considered by the District to come under this policy. Teachers may set additional requirements for computer use in their classroom.

Receiving Your Device
Elementary Students: Chromebooks are contained within the classrooms and are distributed to the students when they are needed for classroom assignments. In most case the student will use the same Chromebook everyday.
Middle School Students: Middle School students will pick up their Chromebook at the beginning of the school day. The student will be responsible for the care of the device

© Copyright 2020 EdCounsel, LLC

throughout the whole school day. The Chromebook will then be returned at the end of the school day.

High School Students: High School students will be assigned a Chromebook and a charger at the beginning of the school year. The student will be responsible for the care of the Chromebook throughout the entire school year. The Chromebook will be returned at the end of the school year.
Taking Care Of Your Device
Students are responsible for the general care of the device they have been issued by the school district. Devices that are broken or fail to work properly should be taken to the correct area based on grade\building.
Elementary - Elem\MS Library
Middle School - Elem\MS Library
High School - HS Library

General Precautions:

- No food or drink is allowed next to your device while it is in use.
- Cords, cables, and removable storage devices must be inserted carefully into the Chromebook or other device.
- Device lids should be closed when not in use to conserve battery life.
- No stickers or other decorations or colorations of the device are allowed. This will be a fine charged to the student.
- Devices must never be left in a car or any unsupervised area.
- Students are responsible for keeping the device's battery charged for school each day.
- Devices should always be at room temperature before booting. If they are cold, condensation may form and destroy it.
- Do not stick any objects into the USB port.

Screen Care:
The device's screen can be damaged if subjected to rough treatment. The screens are particularly sensitive to damage from excessive pressure on the screen.

- Do not lean on the top of the device when it is closed.
- Do not place anything near the device that could put pressure on the screen.
- Do not poke the screen.
- Do not place anything between the screen and the keyboard when closing. (pens, pencils, or disks)
- Clean the screen with a soft, dry cloth or anti-static cloth. Do NOT spray any liquid directly on the screen. We have cleaning supplies in the tech room if you need them.

Using Your Device At School

© Copyright 2020 EdCounsel, LLC

Your device is intended for use at school each day. In addition to teacher expectations for device use, textbooks, announcements, calendars, school messages, and schedules will be accessed using the Chromebook or other device. Students must be responsible to bring their devices and power adapters to all classes, unless specifically advised not to do so by their teachers.

Ensuring that the Chromebook is charged and ready to be used at the beginning of the school day is expected. There may be disciplinary action taken for students who enter the classroom with a device that is unusable due to lack of charging or care for the device.

Loaner devices will not be issued to students that have simply not charged their device.

Devices Left At Home
If a student leaves their device or charger at home , they may be able to use a loaner device or charger provided by the technology department. Loaner devices and chargers must be returned at the end of that school day. This will not be allowed for consecutive days of failing to produce or return the school issued equipment.

Devices Undergoing Repair
Loaner devices will be issued to students when their assigned device has been taken for repair. The loaner device must be returned at the end of the school day unless their assigned device is still being repaired.

Storing The Device
The device should be powered off to reduce the risk of the battery being completely discharged. This can damage the battery and results in reduced battery life. Nothing should be placed on top of the device. They should not be stored in a vehicle or outside exposed to the elements.

Devices Left Unsupervised
Under no circumstances should devices be left in unsupervised areas. Unsupervised areas include the school grounds and campus, the cafeteria, locker rooms, library, unlocked classrooms, bathrooms, and hallways. Any computers left in these areas are in danger of being stolen or broken.
Unsupervised devices will be confiscated by staff and taken to the Office. Disciplinary action may be taken for leaving your device in an unsupervised location.

Repairing or Replacing Device
Almost all of the districts' Chromebooks are repaired on-site to decrease the time it takes to re-enter that device back into circulation. If the repair falls under the manufacturer's warranty the device will most likely be sent back to the manufacturer for repair.

© Copyright 2020 EdCounsel, LLC

If the damage is malicious in nature the repair will not be covered by the manufacturer's warranty. These repairs will be charged to the parents\guardians and the student will not receive another device until that charge has been paid.

Technology Fee
The District will charge a technology fee of $20 per family (Not per child or student). This will cover basic repair costs such as missing key caps, damaged touch pads and other easily replaceable parts.

However this fee will not cover damages such as a broken screen, cracked case or shell or the total replacement of the chromebook.

Typical Repair Costs
Broken Screen - $30
Broken Touch Pad & Keyboard - $45
Total Replacement Cost of Device (Depreciated Scale)
1 year or less old - Replacement Cost - $285
1 year to 2 years old - Replacement Cost - $228
2 years to 3 years old - Replacement Cost - $171
3 years to 4 years old - Replacement Cost - $114
4 years to 5 years old - Replacement Cost - $57

Acceptable Use
All use of District devices and Internet usage must support educational purposes consistent with the District mission. Network accounts must be accessed only by the authorized user of the assigned account without an expectation of privacy from the District. Employee and student subscriptions to mailing lists and bulletin boards require prior approval by the system administrator. All online activity will be respectful and align with the code of conduct, discipline, and other related policies of the District. All technology of students will be monitored in compliance with the Children's Internet Protection Act (CIPA).

Unacceptable Use
Any use of the network for commercial, for-profit, political purposes or advertisement is prohibited. Excessive use of the network for personal business may be cause for disciplinary action. No use of the network may be used to disrupt the use of the network by others or to destroy, modify, or abuse the system in any manner. District resources may not be used to download software or other files unrelated to its mission. Use of the network to access or process pornographic, dangerous, or inappropriate files as determined by the administrator is prohibited. The network may not be used to download, duplicate, or distribute copyrighted materials. The network shall not be used for any unlawful purposes. Use of profanity, harassing, or other offensive or discriminatory language is prohibited.

User Agreements
Parents and, when age-appropriate, students are required to review and sign User Agreements in order to access District technology. (*See* User Agreement form in this handbook.)

Safety and Cybersecurity
The District monitors the online activities of students and operates a technology protection measure ("filtering/blocking device") on the network and/or all computers with Internet access, as required by law. The filtering/blocking device will attempt to protect against access to visual depictions that are obscene or harmful to minors or are child pornography, as required by law. Filters/blocking devices are not foolproof, and the District cannot guarantee that users will never be able to access offensive materials using District equipment. Evading or disabling, or attempting to evade or disable, a filtering/blocking device installed by the District is prohibited.

Building Information

Admissions
All students requesting admission to the Sturgeon R-V School District must complete a new student registration folder. The administrative assistant to the principal maintains these documents. Minimally, new students must verify proof of residency, must demonstrate satisfactory compliance with local health regulations, and must be of proper school age to attend. Each parent or guardian of newly enrolling students must have completed all the required paperwork in the registration folder before the student can begin attending classes.

Should any of the information recorded as part of the new student application change during the course of the student's attendance at the Sturgeon R-V Schools, the parent or guardian is responsible for notifying the administrative assistant to the principal as soon as possible following the change.

Adding/Dropping Classes
Our goal is to have students in the classes they need/want on the first day of each semester. In order to do this students will be required to make first semester course changes (adding and dropping) during a time set prior to school starting. Sturgeon HS will notify students and parents of the dates and times for schedule changes prior to school starting. Students will be allowed to change their schedule for second semester during times set up prior to first semester concluding. Specific information about schedule changes is located in the Career Planning and Educational Guide (CPEG). Students wishing to enroll in virtual classes must do so during the schedule change request period.

Note: Schedule change requests made after the deadline must have administrator approval.

Seminar
Sturgeon utilizes one class period a day for RTI. There are three tiers to the seminar. Students are organized into these three tiers on a monthly basis.

Blue - Student has above 90% attendance, all A's, and no referrals.
Silver - Student has below 90% attendance, and/or referrals, and/or grades.
White - Student has D or F in a class. Students will be assigned to a teacher in which they have the highest D or F.

Students must get a day pass from the office before the start of second hour to switch classes.

College Visits/Job Shadowing
A senior may miss three (3) days during his/her senior year and a junior may miss two (2) days during his/her junior year for the purpose of visiting a college or job shadowing. Applications must be approved by the principal two days prior to the visit or job shadowing experience. Students must return a signed confirmation of the visit by an official of the college or job shadowing site. Approved college visits/job shadowing experiences will not count against the student's attendance record. Students are responsible for any work missed during the visit.

Course Work
Each student is expected to carry an array of course work. For example, no student should expect to enroll in more than one physical education course per semester. A student may not repeat the same course twice at any time throughout his / her high school career, unless the course was failed by the student the first time or approved by Administration. If study hall is offered, no student will be placed in more than one study hall per semester.

Dual Credit Course Work
Sturgeon High School will offer a variety of dual credit courses through Moberly Area Community College (MACC). Dual credit courses allow juniors and seniors to earn high school and college credit at the same time. These courses may be taught by qualified Sturgeon High School staff or completed through online courses. In order to take a dual credit class, students must meet specific criteria related to GPA and ACT or Accuplacer test scores. Specific information about dual credit requirements and cost is located in the Career Planning and Educational Guide (CPEG). Online dual credit courses are available to sophomores, juniors, and seniors, and in-seat dual credit courses are available to juniors and seniors.

Grading and Reporting System
Academic Reporting Periods

© Copyright 2020 EdCounsel, LLC

Grade cards are issued on a quarterly basis, every nine weeks, and the grade report will be emailed or mailed to the parent/guardian. Parents are encouraged to inquire about student grades if no grade reports are seen in conjunction with the Calendar Dates.

Grading Scale
Sturgeon High School uses a 4.0 grading scale to calculate grade point averages (GPA). Student class ranks are calculated by cumulative GPA after each semester.

Letter Grade	% Grade	4.0 Scale
A	95 – 100	4.0
A-	90 – 94	3.67
B+	87 – 89	3.33
B	83 – 86	3.0
B-	80 – 82	2.67
C+	77 – 79	2.33
C	73 – 76	2.0
C-	70 – 72	1.67
D+	67 – 69	1.33
D	63 – 66	1.0
D-	60 – 62	0.67
F	0 – 59	0.0

To calculate one's GPA, translate the grade assigned into its numeric equivalent. After summing all the numerals, divide the number of grades assigned. This number is the GPA.

Final Grade Calculation
Teachers are responsible for communicating student progress in academics and work habits through updating course grades bi-monthly. The semester grades are calculated with the following formula:

Quarter 1 (45%) + Quarter 2 (45%) + Final exam (10%) = 1st Semester grade
Quarter 3 (45%) + Quarter 4 (45%) + Final exam (10%) = 2nd Semester grade

Teachers will use their discretion to apply individual grading policies to their courses; the policy will be clearly stated in the course syllabus provided to students at the beginning of each school year or semester. This policy will be followed consistently throughout the course.

Lumen Grading Portal
The Lumen Grading Portal will give you access to information about the many services and programs provided by our district. You are able to view your student's grades, course schedule, lunch balance, attendance and a variety of other school related information. You can access Lumen by going to the school home page at www.sturgeon.k12.mo.us and clicking on the link. Log-in information is available from the school office.

Academic Honesty
The integrity of the academic program and the graded evaluation of each student's achievement are of primary concern to all. Cheating on any graded educational exercise reflects dishonesty and will not be tolerated. Examples of academic dishonesty include:

- Talking during a testing period.
- Exchanging answers or questions by any method including technology before, during, or after an exam.
- Using pre-written answer sheets or notes without the teacher's consent.
- Plagiarizing or copying another person's work and turning it in for a grade (including published work from the Internet or other sources).
- Allowing work to be copied.

Students who fail to comply with the understood need for academic integrity will be subject to disciplinary action as described in the section governing student conduct

Academic Probation (AP)
Every student enrolled at Sturgeon High School will receive progress reports approximately every four weeks. Any student receiving one "F's" or a combination of three "D's" or "F's" will be placed on academic probation for seven calendar days. If placed on AP, the student cannot attend or participate in any school-sponsored extra-curricular or co-curricular activity. School-sponsored extra-curricular activities are activities offered before, after, or during school hours that are not directly tied to a student's grade in a class. If the activity is tied to a student's grade, an alternative assignment will be given or the student must receive prior administrative approval to attend the co-curricular event. Approval must be obtained at least 2 days in advance of the activity.

After seven calendar days, it is the responsibility of the student to contact the teacher(s) in which the inadequate grade(s) was issued. Students are to obtain a grade check sheet from the office and take it to the teacher for a grade update and signature. If the student is no longer earning any "F's" or a combination of three "D's" or "F's", the student then takes the grade sheet to the high school principal for reinstatement. If the student is still earning any "F's" or a combination of three "D's" or "F's", they will remain on academic probation.

Final Exams / End of Course Exams
All courses will have a final exam at the end of 1st semester and a final exam at the end of 2nd semester. The 2nd semester final exam may be comprehensive (teacher's discretion). Each final exam or EOC may be worth up to 10% of the final semester grade.
DESE requires an End of Course exam (EOC) in the following courses: Algebra I, American Government, English II, and Biology. Sturgeon HS may also give the EOC to students taking Algebra II and Geometry. This end of course exam may serve as the 2nd semester comprehensive final exam for these classes and again can be worth up to 10% of the student's final semester grade.

Class Determination
In order to progress to the next grade level, a student must earn the required amount of credits. Listed below are the credits required for each class.

Total credits needed at the end of the year

Any student wishing to enroll at Sturgeon High School from a home school setting may be tested by the school district. The results of the testing must conclude that the student's knowledge is on grade level in all subject areas (math, science, social studies and communication arts).

Sturgeon Middle/High School Athletic & Activities Handbook
The purpose of this handbook is to help you better understand the objectives of our athletic and other activities program. The ultimate objective is to provide educational and recreational experiences, which will help to make a better person of each student participant.

We believe that the experience of good athletic training will aid in developing into more well rounded individuals. For students and participants to develop to their fullest potential, training rules must be followed. This handbook outlines the rules for the Sturgeon R-V athletics and activities and are subject to these rules and to the disciplinary action outlined in this handbook.

Interscholastic Opportunities

Interscholastic Athletics /Activities is recognized as an integral part of the secondary school's total educational program. The responsibility for the control and regulation of the school's athletic /activities program rests with the Board of Education. The responsibility for administering the athletic/activity program of the school, however, is delegated to the Activity Director and the school Principal. Sturgeon R-V is committed to the belief that participation in interscholastic sports is a privilege, not a right, and requires individual responsibility by the team, school and community. Sturgeon High School is a member of the MSHSAA and shall be regulated by the code of this association, which has been established by a vote of all member schools. Sturgeon R-V is a member of the Central Activities Conference (CAC) and as a member, will adhere to the rules and regulations of the conference.

All standards, rules, off-season issues, and policies apply year round to student athletes. Students are subject to the Sturgeon R-V School District discipline policy as outlined in the student handbook, as well as the specific rules in the athletic/activities handbook, and the MSHSAA Official Handbook. Copies of these policies and rules are available in the office or from the Activity Director.

Student Participant Standards

This section of the athletic/activities handbook explains some of the responsibilities associated with interscholastic programs at Sturgeon. It is intended to serve as a source of information and as a guide for students and their parents.

1. **Attendance at school and practices:** All student participants are expected to attend all practices in order to participate in interscholastic contests/competitions. The sponsor may excuse students from practice for legitimate reasons or absences. An unexcused absence from practice will result in disciplinary action by the sponsor. Unexcused absences the day before the contest or on the day of the contest will result in the student NOT being allowed to participate in interscholastic sports/activities on that day (ACP/ISS is considered an unexcused absence). **Students must attend a minimum of 4 hrs of the school on the day of a contest/activity.**

2. **Athletic/Activity Equipment:** All student participants are responsible for the preservation of the school equipment. Equipment issued to students must be returned to the coach/sponsor at the end of the season. Students will be held financially responsible for any lost or misplaced items. Deliberate mutilation of school property or equipment will be charged to the student. Equipment

© Copyright 2020 EdCounsel, LLC

includes any uniforms or clothing, which is issued by the sponsor for the purpose of participation in a particular activity. Students, who do not return school issued equipment or who do not pay for lost or damaged equipment, will not be allowed to participate in any further interscholastic competition until the issue is resolved.

3. **Transportation:** Bus service is provided to all students for all away games, events, and meets. Students are expected to ride to and from athletic/activity contests on transportation provided by the school. A student will be released to a parent or guardian with the approval of the coach or sponsor. Parents are to sign out their student on the form in the coach or sponsor's possession. MSHSAA consequences will be enforced for violation of this regulation. Students who violate this policy and drive themselves to an activity will not be allowed to participate in that activity. Extenuating circumstances should be brought to the attention of the principal at any time.

4. **Medical Examination:** No student is to participate in a practice or game until he/she has been examined by a doctor, and the Activity Director or sponsor has received the physical examination form. See MSHSAA Bylaw 3.8.1

5. **Insurance:** Students participating in interscholastic sports must be covered by some type of insurance. Insurance information must be submitted to the sponsor or Activity Director along with a current physical form before the student is allowed to participate/compete. MSHSAA Bylaw 3.8.2

6. **Athletic Injuries and Care:** All injuries must be reported to the supervising sponsor immediately. In case of an emergency, students will be sent to the nearest medical facility, unless the parent/guardian specifies elsewhere. Parents will be contacted immediately, if medical care is needed. Should an injury be discovered after the student has returned home, the sponsor should be contacted at once. Before returning to action the sponsor will talk to the parent or guardian.

7. **Conditioning:** Usually, the physical condition of a student affects the outcome of athletic/activities competition. A student must be in good condition to perform at his/her maximum potential. Proper diet and rest are essentials in the conditioning of a student. Missing practice for excused or unexcused reasons results in missing conditioning time. Missing practice will require the student to make up the lost day of conditioning when the student returns. The makeup conditioning will be determined at the sponsor's discretion. Practice missed due to an injury with a doctor's note will not be required to make up the conditioning.

8. **Defacing or Destroying Property:** Any student who defaces or destroys property of the Sturgeon R-V School District, staff members or the school district,

© Copyright 2020 EdCounsel, LLC

or of any other districts at away games and events will be subject to parent notification, any assessed damages, and suspension or discipline by sponsors and/or principal.

9. **Unsportsmanlike Conduct:** Such acts, which are malicious in nature during a contest and resulting in ejection, shall cause the student to be ineligible to represent the school for at least the next contest. A student who commits such an act, but is not ejected, may also be subject to at least a one game restriction from representing the school. Each case of this type is to be reviewed by the Head Coach, Activity Director, and Principal before a final decision is made.

10. **Academic Guidelines:** The guidelines for academic standards/eligibility are found in the *Extracurricular Participation Policy,* which follows.

11. **Citizenship Guidelines:** The guidelines for citizenship follow in the *Extracurricular Participation Policy,* which follows.

12. **Alcohol/Drug/Tobacco Use:** The guidelines for alcohol/drug/tobacco use by student athletes also follow in the *Extracurricular Participation Policy - Drug and Substance Abuse,* which follows.

13. **Due Process Rights:** All due process rights are outlined in the *Extracurricular Participation Policy,* which follows.

Parent - Coach/Sponsor Communication

Parent Coach/Sponsor Relationships

Both parenting and coaching are extremely challenging jobs. By establishing an understanding of each other's position, we are better able to provide greater benefits to the young people under our care. As parents, when your children become involved in one of our programs, you have a right to understand what expectations are placed on your child. This begins with clear communication from the coach/sponsor of your child's program.

Communication you should expect from your child's coach/sponsor

1. Philosophy of the school district athletic/activities programs
2. Expectations the sponsor has for your child and all the students on the squad.
3. Locations and times of all practices and contests.
4. Team requirements; i.e. practices, special equipment, out of season conditioning.
5. Procedure to follow should your child be injured during participation.
6. Discipline that may result in the denial of your child's participation.

© Copyright 2020 EdCounsel, LLC

Communication sponsors expect from parents

1. Concerns expressed directly to the coach/sponsor.
2. Notification of schedule conflicts well in advance.
3. Specific concerns with regards to District's philosophy and/or expectations.
4. Specific individual issues about the child, the coach/sponsor should know in order for their child to safely participate.

As your children become involved in the programs at Sturgeon R-V Schools, they will experience some of the most rewarding moments of their lives. It is important to understand that there also may be times when things do not go the way that your child wishes. At these times, discussion with the sponsor is encouraged.

It is sometimes very difficult to accept when your child is not playing as much as you may like. Sponsors understand this also; however, they must make judgment decisions based on what they believe to be the best for all students involved. As you can see from the list following, certain topics are appropriate to discuss with the sponsor while others must be left to the discretion of the sponsor.

Appropriate concerns to discuss with sponsors

1. The treatment of your child, mentally and physically.
2. Ways to help your child improve.
3. Concerns about your child's behavior.

Issues that are NOT appropriate to discuss with sponsors

1. Playing time.
2. Team strategy.
3. Play calling.
4. Other student athletes.

Procedures for Solving Conflicts

There are situations that may require a conference between the sponsor, students and sometimes a parent. These conferences are encouraged. It is important that clear lines of communication are kept open between all involved parties to ensure a positive participation experience for all. When these conferences are necessary, certain procedures should be followed to help promote a resolution to the issue or concern.

We encourage the young people in our programs to consult with their sponsor/sponsor first before parents may need to become involved. This helps students develop problem solving skills and helps build positive relationships between the student and sponsor. However, if you have a concern that needs to be discussed with the sponsor, please follow the procedures below:

© Copyright 2020 EdCounsel, LLC

1. **Please do not confront the coach/sponsor before or after a contest or practice. In order to avoid tense situations, we have implemented a 24 hr. rule. Please do not approach/confront the coach/sponsor until 24 hrs. after the contest has occurred.**
2. Call/email to set up an appointment during normal school hours. Please do not call coaches or sponsors outside of school hours.
3. If the meeting with the sponsor does not provide a satisfactory resolution, an appointment may be made with the activity director/principal to discuss the situation.
4. The athlete must be present at any parent meeting.

Extracurricular Participation Policy

Based on recent legislation passed (§ 167.790, RSMo) and starting with the fall activity season, homeschool students, full-time equivalent virtual students, and family paced education school students can participate, contingent upon the successful completion of a tryout if applicable, in any event or activity offered by the District, as defined by law, in which the student resides. This includes athletics and fine arts activities, or other activities related to these. The District may require participation in components of instruction required for participation in certain activities. The District's disciplinary policies and Student Code of Conduct will apply to all students in these activities and all students must meet the same academic, physical, random drug testing, and financial requirements. Due to the timing of this legislation passing and printing of this material, there may be additional MSHSAA requirements in place the District must comply with as well.

Extracurricular Activities

The privilege to participate in extracurricular activities will be granted to those students meeting grade and behavior standards set by the school:

A. Academic Standards

Students who participate in extracurricular activities shall:

a. Students must be currently enrolled in courses offering 3 units of credit and have passed six subjects the preceding semester. Credit earned during summer school may count for determining eligibility. Up to one credit may be earned in summer school and be applied to the previous semester credits. However, not all classes count. Check with the activity director for more information. A repeated class already passed or an audited class does not count toward the 3.0 units of credit.

b. Grade Checks/Academic Probation: Grade checks are completed at mid quarter (see link, school events page) and at the end of each quarter (see/attach link). Any student placed on Academic Probation (see below)

© Copyright 2020 EdCounsel, LLC

will be found ineligible for (practice/contest) for a minimum of seven calendar days. The student is responsible for getting the AP form signed off on by the teacher, and delivering to the Principal/AD once the seven days have passed and the grade meets eligibility standards as set for by the Sturgeon R-V District.

i. Non Eligible: (1) F, or (3) D's

B. Citizenship Standards

a. Meet guidelines established in the extracurricular policy as set forth by the Board of Education.
b. Follow other standards and policies as set forth by the sponsors and organizations.
c. Maintain high levels of respect for staff, school, others and self during the school year (see below).

Citizenship Guidelines

Participation in school extracurricular activities is a privilege.. not an inherent right.. granted if a student meets the eligibility standards as set forth by the MSHSAA and the Sturgeon R-V District. According to the district and MSHSAA eligibility standards, students who participate in extracurricular activities must be good citizens in their school and community. More specifically, any student who represents his/her school in interscholastic activities must be a creditable citizen and be judged so by the proper school authority certifying the list of students for competition. A student whose character or conduct is such that it reflects discredit upon himself/herself or his/her school is not considered a creditable citizen. His/her conduct shall be satisfactory in accord with the standards of good discipline. Classroom disruptions or disrespect shown towards staff members or other students are a vital part of the citizenship guidelines.

MSHSAA Citizenship Requirements - Bylaw 2.2

2.2.1 Citizenship: Students who represent a school in interscholastic activities must be creditable citizens and judged so by the proper authority. Those students whose character or conduct is such as to reflect discredit upon themselves or their schools are not considered "creditable citizens." Conduct shall be satisfactory in accord with the standards of good discipline.

2.2.2 Law Enforcement:

a. A student who commits an act for which charges may be or have been filed by law enforcement authorities under any municipal ordinance, misdemeanor or felony statute shall not be eligible until all proceedings with the legal system have been concluded and any penalty (i.e. jail time, fine, court costs, etc.) or special condition of probation (i.e. restitution, community service, counseling, etc.) has

been satisfied. If law enforcement authorities determine that charges will not be filed, eligibility will be contingent upon local school policies.

b. After a student has completed all court appearances and penalties, and has satisfied all special conditions of probation and remains under general probation only, local school authorities shall determine eligibility.
c. Moving traffic offenses shall not affect eligibility, unless they involve drugs, alcohol, or injuries to others.

Students are allowed to practice but may not attend or participate in a contest or game.

2.2.3 Local School:

a. A student who violates a local school policy is ineligible until completion of the prescribed school penalties.
b. The eligibility of a student who is serving detention or in-school suspension (ACP) shall not be considered eligible until all aspects of the suspension are completed.
c. A student shall not be considered eligible while serving an out-of-school suspension.
d. If a student misses class(es) without being excused by the principal, the student shall not be considered eligible on that date. Further, the student cannot be certified eligible to participate on any subsequent date until the student attends a full day of classes.
e. Each individual school has the authority to set more restrictive citizenship standards and shall have the authority and responsibility to judge its students under those standards.
f. Each school shall diligently and completely investigate any issue that could affect student eligibility

2.2.5 Student Responsibility: Each student is responsible to notify the school of any and all situations that would affect his/her eligibility under the above standards. If the student does not notify the school of the situation prior to the school's discovery, then the student shall be ineligible for up to 365 days from discovery, pending review by the Board of Directors.

Participant Code of Conduct

The following violations and consequences are **minimum** guidelines only; all coaches/sponsors have the right to impose additional consequences within their respective programs as they see fit.

Incidents that may occur, which are not covered by these guidelines, will be reviewed on an individual basis and decisions related to penalties will be made jointly by the school administration, Activities Director, and Sponsor. Final decisions of all incidents will be at the discretion of the administration.

The loss of a student's privilege to participate carries over to the next season in which a student participates if the suspension cannot be completed by the end of the current season. A season is defined as fall, winter, or spring. Violations will not accumulate for a student's high school career; however suspensions may carry over from one school year to another. If a student's participant is in violation of this code regularly, participation privileges can be revoked indefinitely.

Hearsay and/or anonymous sources will not be used to substantiate violations of this code. A violation of this policy can be sustained either verbally and/or in writing by:

- A law enforcement official
- A medical official
- A faculty member/school administrator
- A school administrator
- The parent of that student participant
- The confession of that student participant

Drug and Substance Abuse

A student participating in the athletic or an activities program in the Sturgeon R-V School District will be subject to disciplinary action if he or she violates the Athletic/Activity and Extra-Curricular Code of Conduct. While the Athletic Department promotes healthy and physically fit bodies to be able to absorb the physical demands of sport competition, the use of performance enhancing drugs is strictly prohibited. First of all, they are illegal, but secondly, and very important for young people, is that problems associated with the use of these drugs are numerous and very harmful to the chemical balance of the human body.

- **First Violation:**

Alcohol, Tobacco, Tobacco products (vaping), and other drug violations:
For the first violation the student will receive a suspension of up to 30 calendar days from all extra-curricular activities, including performances, activities, and competitions held during this period. This penalty will be reduced by a maximum of 10 calendar days (reduction could be less) if the student successfully completes a school approved chemical awareness program.

- **Second Violation:**

Alcohol, Tobacco, Tobacco products (vaping), and other drug violations: A suspension of up to 365 calendar days, including suspension from all performance, activities or competitions and other extra-curricular activities or practices during this period. To be allowed to participate again in any activities, the student must successfully complete a school approved alcohol and other drug abuse assessment and follow all recommendations from that assessment.

- **Third Violation:**

© Copyright 2020 EdCounsel, LLC

Alcohol, Tobacco, Tobacco products (vaping), and other drug violations: Up to permanently suspended from participation in all in-season or off season activities for the remainder of their school career.

Any student accused of violating these policies is entitled to the due process procedures alluded to in this handbook.

These violations are cumulative in grades 6th-8th then reset at grade 9 and are cumulative for grades 9th-12th. These violations do not reset each school year.

Due Process

Student participants who are disciplined for violating any of these standards will be afforded due process. The student will be allowed to explain their position to the Coach/Sponsor and or Activities Director before any penalties are invoked. If the disciplinary action results in the suspension of a participant in an extracurricular or co-curricular program for more than one week, the student participant may appeal in writing within 10 days of the infraction to the Activities Director, Principal, Superintendent/Board of Education, according to their policies and procedures.

Lettering Regulations

Each designated varsity sponsor has/will implement their lettering guidelines and communicate that to the students/parents during the first parent meeting for their particular sport/activity.

Game attendance as a spectator (parent/student)

Parents and students are encouraged to attend any and all activities they wish. Spectators are expected to follow all school rules (home/away) and exhibit strong sportsmanship behavior. Those found not to exhibit good sportsmanship at any contests/activities are subject to loss of attendance privileges set forth by the Sturgeon R-V School District. First offense will result in a warning, second offense will result in a 2 week suspension from any contest/activities. A third offense will result in a suspension for the rest of the season for that particular sport/activity.

The Sturgeon R-V High School employs a full-time, certified Activities Director. The Activities Director is responsible for setting the schedule of competitions and ensuring compliance with all the regulations of the Missouri State High School Activities Association (MSHSAA). Any questions or comments about the athletic program should be directed through the Activities Director.

The Sturgeon R-V High School provides the opportunity for both varsity and junior varsity interscholastic competition as well as music competition in band and chorus. Both men's and women's along with co-ed activities and athletic competition is available and all interested students are encouraged to participate.

The fall sports/activities include men's baseball, women's softball and women's golf. The winter sports/activities include men's and women's basketball, quiz bowl and cheerleading. The spring sports/activities include men's baseball, men's golf, and men and women's track. Year-round competition is available with band and chorus.

Each participating student must meet eligibility requirements of (MSHSAA). These requirements include medical, academic, and citizenship standards. Each student must provide evidence of a physical examination from a licensed physician prior to beginning practices. Each student must have successfully completed **3.0 units** of credit in the previous semester of coursework. In other words, academic eligibility for any given semester is determined by the previous semester's cumulative grade report. The only students who are inherently eligible are first-semester ninth grade students. Each student must demonstrate good citizenship by adhering to the rules and regulations of the school district. Disciplinary action leveraged against a student can include suspensions from competition and expulsion from the team. If the student does not meet this minimum academic requirement, they can be subject to a long-term suspension from competition, or even expulsion from the team. For more information about each season's competition schedule, please contact the Activities Director. Please refer to the Athletic/Activities Handbook for more information. The Activities Director at Sturgeon R-V is Brad Page.

District Sponsored Extra-Curricular Activities and Clubs I-210-S
The District offers: Band, Choir, Baseball, Basketball, Softball, Cross Country, Scholar Bowl, Track

Extracurricular activities sponsored by the District are part of the educational experience and opportunities for students. Clubs, sports, and other groups seek a diverse range of students and provide fair access under the law. Students are encouraged to identify activities matched to their interests and ability levels and participate in those activities. Participation in extracurricular activities is voluntary and a privilege. Therefore, students must meet certain academic standards, demonstrate acceptable citizenship and behavior, and maintain appropriate attendance in order to be eligible to participate. Unless special arrangements have been made with the principal, a student is required to attend school on the day of an activity in order to participate. All extracurricular activities are supervised by District employees and the expected code of conduct for students remains the same as during the standard school day. Additional guidelines for specific groups, including activities sanctioned by the Missouri State High School Activities Association (MSHSAA), may be outlined at the beginning of the year and/or season. Competitive, interscholastic activities may have evaluation procedures that eliminate some students from participation. When students are not selected for participation, communication will occur in a personal and respectful way.

Based on Missouri Statute (§ 167.790, RSMo), homeschool students, full-time equivalent virtual students, and family paced education school students can participate, contingent upon the successful completion of a tryout if applicable, in any event or

activity offered by the District, as defined by law, in which the student resides. This includes athletics and fine arts activities, or other activities related to these.
The District may require participation in components of instruction required for participation in certain activities. The District's disciplinary policies and Student Code of Conduct will apply to all students in these activities and all students must meet the same academic, physical, and financial requirements.

School Cancellations and/or Early Dismissal
School will be closed when weather conditions are such that buses are unable to run safely. Announcements will be made on the Apptegy notification system, the District website and Facebook, and ABC: KMIZ (Columbia channel 17), CBS: KRCG (Columbia channel 13), NBC: KOMU (Columbia channel 8). Please do not call the administration or radio/TV stations for this information.

At times, school may dismiss early during the day. In the event such a closing should occur, a broadcast will be made and media notified. Information should be given to your child as to what s/he should do if this situation arises. Please keep a watch on the weather, especially in the winter months. If the school needs to send your student to another destination or phone someone to pick her/him, please have this information on file in the office. Time is short in emergency situations and every effort will be made to keep students safe.

There should not be anything pasted or stuck to the lockers (pictures, decals, or signs) that cannot be easily removed. Cutting, carving, stamping, or staining of the lockers is not allowed. Any damage to the lock or lockers will be assessed to the student, and s/he will be held responsible for paying for repairs or replacements.

Students with permission will be escorted to their car by administrative staff. If a student participates in the A+ program, a signed permission form/note must be obtained from the parent/guardian allowing the student to drive to and from the K-8 building and the High School, with no side trips. Students are not allowed to transport other students for any reason.

Late Enrollment
After fourteen days of a semester have passed, a student may not enroll at Sturgeon High School and earn credit for that semester, unless that student is transferring from another district. Every effort will be made to enroll a transferring student from another district into classes so that minimal credit will be lost, but due to scheduling conflicts, it is possible that credit may be lost in the transfer process.

Trauma-Informed Schools Initiative
The Missouri Department of Elementary and Secondary Education (DESE) has established the "Trauma-Informed Schools Initiative" and created a website with more information about this initiative. Safety F-225-S
Each building is inspected for its safety and adherence to state required regulations as directed by the Department of Elementary and Secondary Education. Further information on this topic is available through the Office of the Superintendent. The high school building is equipped with video cameras which may be used to record activity during the school day.

classroom. These protocols include the evacuation routes (both primary and secondary) that should be used.

In an actual emergency and during drills, it is of absolute importance that students follow strict instructions. No deviation from the standard will be accepted or tolerated.

It is important for every student to know that lighted exit signs are in place at all exits and that adequate safety equipment is available and in good working condition.
