# SSI vs SSDI

## SSI
- Paid on the 1st
- Amount maximum is $794 or $1,191 (2021)
- Medicaid
- Check is reduced depending on income
- Check is impacted by most income
- Resource limit is $2,000/$3,000
- Income is counted when it is received

## SSDI
- Paid on the 3rd (usually)
- Benefit amount depends on previous earnings
- Medicare
- Check is “all or nothing”; depending on **earned** income
- Check is impacted only by beneficiary’s wages
- Has no resource limit (SSA)
- Income is counted when it is **earned**
