## Around the World Adventure for Ages 3 – 7 Years

This summer, children will travel across the globe without ever leaving campus.

At Montessori School of Miami Shores, our young explorers will discover new cultures each week through hands-on activities, creative expression, movement, science experiments, cooking, and outdoor play.

Rooted in Montessori principles, our summer camp encourages curiosity, independence, and joyful learning. Each week brings a new destination and a new opportunity for children to explore the world around them.

## What Makes Our Summer Camp Special

Each week brings exciting opportunities for children to explore, create, and discover.

Camp experiences include:

- Hands-on cultural activities inspired by different regions of the world
- Creative art projects and crafts
- Cooking experiences and themed snacks
- Music, dance, and movement activities
- Outdoor exploration and gardening
- Science experiments and discovery projects
- Water play days filled with summer fun

## Why Families Choose Our Summer Camp

Families love our summer program because it combines joyful summer experiences in a Montessori environment.

Children develop:

- Confidence and independence
- Curiosity about the world
- Practical life skills through cooking and hands-on activities
- Creativity through art, music, and movement
- A sense of community and collaboration

# A Summer Filled with Discovery!

## Montessori-Inspired Learning Meets Summer Adventure

Our summer camp offers children a joyful balance of creativity, exploration, and play. Through hands-on projects, cultural experiences, movement, and outdoor activities, children are encouraged to follow their curiosity while building confidence and independence.

Each day brings new opportunities for children to collaborate, create, and discover the world in meaningful ways within the supportive Montessori environment they know and love.
