

As we are preparing for this Saturday, October 17, we want to share some important updates and reminders to help everyone come prepared and ready to serve.

PROJECT DETAILS

Date: Saturday, October 17, 2026

Time: 8:00 AM–12:00 PM

Check-In Location: Krone Company
9515 Old Virginia Road (Corner of Seneca)

IMPORTANT: ALL VOLUNTEERS MUST REPORT TO OUR BASE LOCATION FIRST TO CHECK IN BEFORE GOING TO ANY WORK SITE.

At check-in, you will receive instructions, complete and sign the required liability waiver, receive safety information, and be assigned to your designated work location.

Every volunteer will be required to fill out and sign a liability waiver before participating. Waiver forms will be available at our base location during check-in. Please allow a few extra minutes to complete this process.

Please do not go directly to any of the affected properties.

PROJECT UPDATE

We are excited to share that we will have six dumpsters placed at different locations to help with the removal and disposal of burned vegetation and debris.

Our teams will be working at designated properties to help clear burned bushes, branches, and other vegetation, and move the debris into the dumpsters.

WHAT TO WEAR

For everyone's safety, we strongly encourage all volunteers to come prepared with:

- Sturdy work boots (if possible)
- Long pants (strongly recommended)
- Comfortable, durable clothing appropriate for outdoor work

We will provide:

- Work gloves
- Safety glasses
- N95 masks

- Other available safety supplies

TOOLS & EQUIPMENT NEEDED

If you have any of the following items, please bring them with you:

- Shovels
- Rakes
- Wheelbarrows
- Chainsaws (experienced operators only)
- Trucks
- Trailers

Chainsaw Safety: If you own a chainsaw and have experience operating it safely, we would appreciate you bringing it. However, chainsaw use must be approved by the project leaders and limited to designated safe work areas. Cutting down standing fire-damaged trees or performing hazardous tree removal must be left to qualified professionals.

Your tools and equipment will make a tremendous difference in helping us accomplish as much as possible during our time together.

SAFETY FIRST

Because we will be working on fire-affected properties, everyone's safety is extremely important.

Please follow all instructions from your team leaders, remain in your assigned work areas, and do not attempt any task that you feel is unsafe.

MORE THAN JUST A CLEANUP PROJECT

Friends, this Saturday is about so much more than removing burned trees, bushes, and debris.

It's about bringing hope to families who have experienced tremendous loss.

Some of these families have lost so much and are facing the difficult reality of rebuilding without insurance assistance.

We may not be able to restore everything they have lost, but we can remind them that they are not forgotten, that they are loved, and that they do not have to walk through this difficult season alone.

This is our opportunity to come together as One Church, serving One City, and demonstrate the love and compassion of Jesus in a practical and meaningful way.

Thank you again for being part of this incredible effort. We are looking forward to serving alongside you this Saturday!

One Church. One City. Serving Together!

PS. if you have any further questions, please reach out to us by text/call - 775 830 0653 or by email: angelo.outlookreno@gmail.com.
